S.F. No. 4038 – Data classification for forest industry held by the Department

Author: Senator Grant Hauschild

Prepared by: Priyanka Premo, Senate Counsel (651/296-3914)

Date: March 8, 2024

S.F. 4038 classifies the following data, collected through voluntary responses to questionnaires or surveys by forest industry businesses, as private data (for data on individuals) and nonpublic data (for data not on individuals): timber resource consumption, origin of timber resources, cost of delivered timber, forest industry product output, and production costs.
