Senator Latz
Chair, Senate Judiciary Committee
3105 Minnesota Senate Bldg.
St. Paul, MN 55155

Dear Chair Latz and Members of the Senate Judiciary Committee:

The Minnesota Advanced Practice Registered Nurses (APRN) Coalition and the Minnesota Nurse Practitioners (MNNP) organization heartily endorse **SF1743/HF1324**, which will provide a Certified Midwife scope of practice, practice authority, licensure, and regulation by the Minnesota Board of Nursing.

The Minnesota APRN Coalition is an organization that represents approximately 12,000 Minnesota Advanced Practice Registered Nurses, including Certified Nurse Midwives, Certified Nurse Practitioners, Certified Registered Nurse Anesthetists, and Clinical Nurse Specialists. The Minnesota APRN Coalition is dedicated to improving patient access to, and choice of, safe, cost-effective healthcare providers by removing statutory, regulatory, and institutional barriers that prevent APRNs from practicing at the highest level of their education.

The Minnesota Certified Midwife Practice Act will:

- Expand patient access to high-quality, cost-effective care that is associated with positive outcomes for mothers and infants,
- Grow the diversity of Minnesota's maternity workforce, and address the aging workforce,
- Alleviate the strain on RN educational programs by providing a pathway to midwifery for those with a bachelor's degree outside of nursing, thus reducing the cost and time to become a midwife, and
- Allow Minnesota to keep pace with the 11 other states and the District of Columbia that already license Certified Midwives.

Thank you for your leadership and work on moving maternity care forward in Minnesota. We appreciate your leadership in this important public health effort.

Sincerely,

A handwritten signature in cursive script that reads "Julie Sabo".

Julie Sabo PhD, RN, APRN, CNS, FCNS
President
Minnesota APRN Coalition
