SF No. 4272 expands references to search warrants in Minnesota’s DWI laws to include those from adjacent states that conform to Minnesota law.

Sections 3 and 10 define “search warrant” for the purposes of the DWI laws addressing revocation of a person’s driver’s license based on a chemical test obtained via a search warrant to include search warrants obtained from adjacent states whose search warrant statutes conform to Minnesota’s.

Sections 1, 2, and 4 to 9 make conforming changes to references to search warrants in the DWI laws consistent with **sections 3 and 10**.
