

S.F. No. 2653 – Solar programs

Author: Senator Robert J. Kupec

Prepared by: Laura Paynter, Legislative Analyst, (laura.paynter@mnsenate.gov)

Date: April 15, 2025

Section 1 [168.1289] establishes a special license plate for the solar pollinator program. An applicant who contributes at least \$60 per year to the Board of Water and Soil Resources (BWSR) pollinator account may receive the special license plate. The commissioner of the Minnesota Department of Public Safety must adopt a plate design in consultation with BWSR and other interested parties.

Section 2 (216B.1642) adds a subdivision to the section relating to solar site management describing agrivoltaics and requires a site owner who claims that the site provides benefits to report site management practices to BWSR.
