S.F. 2221 makes modifications to the liquor licenses held by the Board of Regents of the University of Minnesota.

Section 1 allows the commissioner of public safety to issue an on-sale intoxicating liquor license to an entity holding a concessions contract with the Board of Regents. The limitation of seven locations is removed, and there is a requirement that the locations be described within the license applications.

Licenses may be issued for a space that is not compact and contiguous, provided that the space is described in the license application.

Section 2 removes the prohibition against issuing a license to sell intoxicating liquor on the campus of the College of Agriculture of the University of Minnesota.
