Bill Description

This bill modifies certain provisions of the medical cannabis program including allowing distribution of medical cannabis products to participants in Tribal medical cannabis programs.

Assumptions

The modifications proposed do not have a fiscal impact for the operations of the Office of Cannabis Management and therefore would not have a cost.

Bill Description

This Bill modifies medical cannabis provisions to include Tribal medical cannabis boards and respective medical cannabis programs. Also modifies the medical cannabis provisions to ensure individuals utilizing the programs have access to housing and education without retaliation.

Assumptions

Programs are being maintained by Tribal Nations for Tribal medical programs and boards, and the Office of Cannabis Management (OCM) for the state's medical cannabis program. The Minnesota Department of Health would not experience fiscal impacts as the medical cannabis program has moved to OCM.

Any changes to messaging or education for affected parties can be absorbed by current program staff at MDH.

Bill Description

Medical Cannabis Modifications; Tribal Medical Cannabis Boards

Assumptions

Licenseses of the Board are not subject to civil penalties or disciplinary action by the Board solely for participating in the medical cannabis registry program or in a Tribal medical cannabis registry program, provided the licensee is: (1) a member of the Office of Cannabis Management, (2) a member of the Cannabis Advisory Council, (3) an employee, agent or contractor of the Office of Cannabis Management, (4) a member, staff, agent, or contractor of a Tribal medical cannabis board, or (5) a participant in the registry program either in a professional capacity or as a patient.

Licenseses of the Board who are enrolled in a medical cannabis registry program are not subject to disciplinary action or civil penalties solely because of their enrollment in the registry program or because they have a positive test for cannabis components or metabolites.

Licenseses of the Board who violate the law are not protected from civil penalties or disciplinary action by this bill.

The Board will review complaints involving medical cannabis registry program participants and, assuming no other violation of the law, impose no civil penalty or disciplinary action against individuals who meet the criteria set forth above. The costs associated with the Board's complaint review process can be absorbed into its current operating budget for processing complaints.

Bill Description

The bill amends Minnesota Statutes Chapter 342 Cannabis to establish the ability of federally recognized Tribal governments for the creation of a governing body for oversight and compliance programs for Tribal medical cannabis programs.

Assumptions

The Board of Pharmacy licenses pharmacist as part of its normal duties. Chapter 342, currently authorizes medical cannabis retailers to utilize licensed pharmacists and other individuals specified to authorize final approval for distribution of medical cannabis to patients. The bill if enacted, would allow the same constructs for Tribal governments. While these individuals must be licensed under Chapter 151, the board does not have any involvement with Chapter 342 and would expect board involvement to be minimal and with no significant fiscal impacts.
