

Dear Chair Carlson & Members of the Committee,

As a Minnesotan, I strongly urge you to support Marty's SF567. A revolving door between legislators and lobbyists is abhorrent and can only lead to people's voices being drowned out. It puts our legislature in the hands of lobbyists and well-heeled people who lobby what corporate desires are.

Please support Senator Marty's SF567 so our voices are heard.

Sue Isaacman
Minneapolis
