

Dear Chair Carlson & Members of the Committee,

My name is Jaxon I'm a 20 year old and I'm writing to you today to express my full support for Senator Marty's proposed bill SF567.

I support this bill because it slows down the revolving door of politics and lobbying, by delaying legislators from becoming lobbyists for 7 years. I support this and many people in my life support this because people my age feel disillusioned by lobbying as a practice with it feeling like we constituents have little power compared to lobbying organizations that fund reelection campaigns, and that leads to them growing apathetic about our country and our fine state of Minnesota.

If this reform goes through however I know myself and many of my fellow voters would feel empowered again, would feel like our votes matter.

So in closing I implore you support SF567 for the sake of many young voters in Minnesota as a whole.

Thank you all for your time.
