

H.O.P.E. - Helping Our People Evolve - are our restorative programs, which are designed to meet people where they are on their journey to restoration and help them along the way.

Youth diversion program in partnership with Hennepin County Juvenile Division. This program is designed to give male youth ages 12 to 17 who have committed acts of domestic abuse against a family member positive, life-affirming alternatives to some of the choices they make by intervening to break the cycle of violence and delinquency often resulting in complications in juvenile justice system. Youth meet weekly and engage in group intervention activities based on positive enforcement. In addition, the program also offers the flexibility to provide anger management solutions. Our referrals come directly to us from Headway Emotional Health Services and Hennepin County Juvenile Division.
