Sec. 48. Minnesota Statutes 2024, section 144.562, subdivision 2, is amended to read:

31.6

Subd. 2. **Eligibility for license condition.** (a) A hospital is not eligible to receive a

31.7

license condition for swing beds unless (1) it either has a licensed bed capacity of less than

31.8

50 beds defined in the federal Medicare regulations, Code of Federal Regulations, title 42,

31.9

section 482.66, or it has a licensed bed capacity of 50 beds or more and has swing beds that

31.10

were approved for Medicare reimbursement before May 1, 1985, or it has a licensed bed

31.11

capacity of less than 65 beds and the available nursing homes within 50 miles have had, in

31.12

the aggregate, an average occupancy rate of 96 percent or higher in the most recent two

31.13

years as documented on the statistical reports to the Department of Health; and (2) it is

31.14

located in a rural area as defined in the federal Medicare regulations, Code of Federal

31.15

Regulations, title 42, section 482.66.

31.16

(b) Except for those critical access hospitals established under section 144.1483, clause

31.17

(9), and section 1820 of the federal Social Security Act, United States Code, title 42, section

31.18

1395i-4, that have an attached nursing home or that owned a nursing home located in the

31.19

same municipality as of May 1, 2005, eligible hospitals are allowed a total number of days

31.20

of swing bed use per year as provided in paragraph (c). Critical access hospitals that have

31.21

an attached nursing home or that owned a nursing home located in the same municipality

31.22

as of May 1, 2005, are allowed swing bed use as provided in federal law. A critical access

31.23

hospital described in section 144.5621 is allowed an unlimited number of days of swing

31.24

bed use per year.

31.25

(c) An eligible hospital is allowed a total of 3,000 days of swing bed use in calendar

31.26

year 2020. Beginning in calendar year 2021, and for each subsequent calendar year until

31.27

calendar year 2027, the total number of days of swing bed use per year is increased by 200

31.28

swing bed use days. Beginning in calendar year 2028, an eligible hospital is allowed a total

31.29

of 4,500 days of swing bed use per year.

31.30

(d) Days of swing bed use for medical care that an eligible hospital has determined are

31.31

charity care shall not count toward the applicable limit in paragraph (b) or (c). For purposes

31.32

of this paragraph, "charity care" means care that an eligible hospital provided for free or at

31.33

a discount to persons who cannot afford to pay and for which the eligible hospital did not

31.34

expect payment.

(e) Days of swing bed use for care of a person who has been denied admission to every Medicare-certified skilled nursing facility within 25 miles of the eligible hospital shall not count toward the applicable limit in paragraphs (b) and (c). Eligible hospitals must maintain documentation that they have contacted each skilled nursing facility within 25 miles to determine if any skilled nursing facility beds are available and if the skilled nursing facilities are willing to admit the patient. Skilled nursing facilities that are contacted must admit the patient or deny admission within 24 hours of being contacted by the eligible hospital. Failure to respond within 24 hours is deemed a denial of admission.

~~(f) Except for critical access hospitals that have an attached nursing home or that owned a nursing home located in the same municipality as of May 1, 2005, the commissioner of health may approve swing bed use beyond 2,000 days as long as there are no Medicare certified skilled nursing facility beds available within 25 miles of that hospital that are willing to admit the patient and the patient agrees to the referral being sent to the skilled nursing facility. Critical access hospitals exceeding 2,000 swing bed days must maintain documentation that they have contacted skilled nursing facilities within 25 miles to determine if any skilled nursing facility beds are available that are willing to admit the patient and the patient agrees to the referral being sent to the skilled nursing facility. This paragraph expires January 1, 2020.~~

~~(g) After reaching 2,000 days of swing bed use in a year, an eligible hospital to which this limit applies may admit six additional patients to swing beds each year without seeking approval from the commissioner or being in violation of this subdivision. These six swing bed admissions are exempt from the limit of 2,000 annual swing bed days for hospitals subject to this limit. This paragraph expires January 1, 2020.~~

~~(h) A health care system that is in full compliance with this subdivision may allocate its total limit of swing bed days among the hospitals within the system, provided that no hospital in the system without an attached nursing home may exceed 2,000 swing bed days per year. This paragraph expires January 1, 2020.~~

EFFECTIVE DATE. This section is effective January 1, 2026, or upon federal approval, whichever is later. The commissioners of health and human services shall inform the revisor of statutes when federal approval is obtained.

33.2 (c) The hospital must be in compliance with the Medicare conditions of participation
33.3 for swing beds under Code of Federal Regulations, title 42, section 482.66.

33.5 the length of stay of a patient receiving services in a swing bed to not more than 40 days,
33.6 or the duration of Medicare eligibility, unless the commissioner of health approves a greater
33.7 length of stay in an emergency situation. To determine whether an emergency situation
33.8 exists, the commissioner shall require the hospital to provide documentation that continued
33.9 services in the swing bed are required by the patient; that no skilled nursing facility beds
33.10 are available within 25 miles from the patient's home, or in some more remote facility of
33.11 the resident's choice, that can provide the appropriate level of services required by the
33.12 patient; and that other alternative services are not available to meet the needs of the patient.
33.13 If the commissioner approves a greater length of stay, the hospital shall develop a plan
33.14 providing for the discharge of the patient upon the availability of a nursing home bed or
33.15 other services that meet the needs of the patient. Permission to extend a patient's length of
33.16 stay must be requested by the hospital at least ten days prior to the end of the maximum
33.17 length of stay.

33.18 (e) Except as provided in section 144.5621, the hospital must agree, in writing, to limit
33.19 admission to a swing bed only to (1) patients who have been hospitalized and not yet
33.20 discharged from the facility, or (2) patients who are transferred directly from an acute care
33.21 hospital.

33.22 (f) The hospital must agree, in writing, to report to the commissioner of health by
33.23 December 1, 1985, and annually thereafter, in a manner required by the commissioner (1)

33.25 from the facility, (2) the hospital's charges for care in a swing bed during the reporting
33.26 period with a description of the care provided for the rate charged, and (3) the number of
33.27 beds used by the hospital for transitional care and similar subacute inpatient care.

33.28 (g) The hospital must agree, in writing, to report statistical data on the utilization of the
33.29 swing beds on forms supplied by the commissioner. The data must include the number of
33.30 swing beds, the number of admissions to and discharges from swing beds, Medicare
33.31 reimbursed patient days, total patient days, and other information required by the
33.32 commissioner to assess the utilization of swing beds.

EFFECTIVE DATE. This section is effective January 1, 2026, or upon federal approval, whichever is later. The commissioners of health and human services shall inform the revisor of statutes when federal approval is obtained.

Permission to extend a patient's length of stay may be granted by the commissioner if requested by the physician at least ten days prior to the end of the maximum length of stay.

EFFECTIVE DATE. This section is effective January 1, 2026, or upon federal approval, whichever is later. The commissioners of health and human services shall inform the revisor of statutes when federal approval is obtained.

The letters of recommendation must attest to the applicant's good medical standing. The board may accept alternative forms of proof that demonstrate good medical standing where there are extenuating circumstances that prevent an applicant from providing letters.

(b) For purposes of this subdivision, a person has satisfied the requirements of subdivision 1, paragraph (e), if the person has passed steps or levels one and two of the USMLE or the COMLEX-USA with passing scores as recommended by the USMLE program or National Board of Osteopathic Medical Examiners within three attempts.

The employer must carry medical malpractice insurance covering a limited license holder for the duration of the employment. The commissioner of health may issue a correction order under section 144.99, subdivision 3, requiring an employer to comply with this paragraph. An employer must not retaliate against or discipline an employee for raising a complaint or pursuing enforcement relating to this paragraph.

(e) The board may issue a full and unrestricted license to practice medicine to a person who holds a limited license issued pursuant to paragraph (a) and who has:

90.4 practice. The board may suspend or revoke a limited license if a majority of the board
90.5 determines that the licensee is no longer employed as a physician in Minnesota by an
90.6 employer. The licensee must be granted an opportunity to be heard prior to the board's
90.7 determination. Upon request by the limited license holder, the limited license holder may
90.8 have 90 days to regain employment. A licensee may change employers during the duration

90.14 temporarily suspend the license of a limited license holder if the board finds that the limited
90.15 license holder has violated a statute or rule that the board is empowered to enforce and
90.16 continued practice by the limited license holder would create a serious risk of harm to the
90.17 public. The suspension shall take effect upon written notice to the limited license holder
90.18 specifying the statute or rule violated. The suspension shall remain in effect until the board
90.19 issues a final order in the matter after a hearing. At the time it issues the suspension notice,
90.20 the board shall schedule a disciplinary hearing to be held pursuant to the Administrative
90.21 Procedure Act. The limited license holder shall be provided with at least 20 days' notice of

90.29 providing care to patients with the same or similar medical conditions. Under the
90.30 collaborative agreement, the limited license holder must shadow the collaborating physician
90.31 for four weeks, after which time the limited license holder must staff all patient encounters
90.32 with the collaborating physician for an additional four weeks. After that time, the
90.33 collaborating physician has discretion to allow the limited license holder to see patients
90.34 independently and will require the limited license holder to present patients at their discretion.
90.35 However, the limited license holder must be supervised by the collaborating physician for

91.1 a minimum of two hours per week. A limited license holder may practice medicine without
91.2 a collaborating physician physically present, but the limited license holder and collaborating

91.4 telecommunication device while the limited license holder practices medicine. The limited
91.5 license holder must have one-on-one practice reviews with each collaborating physician,
91.6 provided in person or through eye-to-eye electronic media while maintaining visual contact,
91.7 for at least two hours per week.

91.8 (i) At least one collaborating physician must submit a letter to the board, after the limited
91.9 license holder has practiced under the license for 12 months, attesting that:

91.10 (1) the limited license holder has a basic understanding of federal and state laws regarding
91.11 the provision of health care, including but not limited to:

91.26 (vi) giving a patient handover to transition care responsibly;

91.27 (vii) recognizing a patient requiring urgent care and initiating an evaluation; and

91.28 (viii) obtaining informed consent for tests, procedures, and treatments; and

91.29 (6) the limited license holder is providing appropriate medical care.

92.1 (j) The board must not grant a license under this section unless the applicant possesses

92.18 (6) submits any other information the board deems necessary to evaluate the applicant's
92.19 qualifications; and

92.20 (7) has been approved by the board.

92.21 (b) All persons registered as physician assistants as of June 30, 1995, are eligible for

92.31 licensed under chapter 147 or licensed in another state or United States territory, that

designates the scope of ~~services that can be provided~~ collaboration necessary to manage the care of patients. The physician assistant and one of the collaborative physicians must have experience in providing care to patients with the same or similar medical conditions. 134.5 Subdivision 1. **Licensure.** (a) No person shall practice as a certified midwife or serve
134.6 as the faculty of record for clinical instruction in a midwifery distance learning program
134.7 unless the person is licensed by the board under this chapter.

134.8 (b) An applicant for a license to practice as a certified midwife must apply to the board
134.9 in a format prescribed by the board and pay a fee in an amount determined under section
134.10 148G.11.

134.31 action as set forth in section 148G.13, the board has found after an investigation that sufficient
134.32 remediation was made.

135.1 Subd. 2. **Clinical practice component.** If more than five years have elapsed since the
135.2 applicant has practiced in the certified midwife role, the applicant must complete a
135.3 reorientation plan as a certified midwife. The plan must include supervision during the
135.4 clinical component by a licensed practitioner with experience in providing care to patients
135.5 with the same or similar health care needs. The applicant must submit the plan and the name
135.6 of the practitioner to the board. The plan must include a minimum of 500 hours of supervised
135.7 certified midwifery practice. The certified midwife must submit verification of completion
135.8 of the clinical reorientation to the board when the reorientation is complete.

135.9 Sec. 90. **[148G.05] LICENSURE RENEWAL; RELICENSURE.**

135.10 Subdivision 1. **Renewal; current applicants.** (a) A certified midwife must apply for
135.11 renewal of the certified midwife's license before the certified midwife's licensure period
135.12 ends. To be considered timely, the board must receive the certified midwife's application
135.13 on or before the last day of the certified midwife's licensure period. A certified midwife's
135.14 license lapses if the certified midwife's application is untimely.

135.15 (b) An applicant for license renewal must provide the board evidence of current
135.16 certification or recertification as a certified midwife by the American Midwifery Certification
135.17 Board or any successor organization.

135.19 148G.11, subdivision 2.

135.20 Subd. 2. **Clinical practice component.** If more than five years have elapsed since the
135.21 applicant has practiced as a certified midwife, the applicant must complete a reorientation
135.22 plan as a certified midwife. The plan must include supervision during the clinical component
135.23 by a licensed practitioner with experience in providing care to patients with the same or
135.24 similar health care needs. The licensee must submit the plan and the name of the practitioner
135.25 to the board. The plan must include a minimum of 500 hours of supervised certified
135.26 midwifery practice. The certified midwife must submit verification of completion of the
135.27 clinical reorientation to the board when the reorientation is complete.

135.28 Subd. 3. **Relicensure; lapsed applicants.** A person whose license has lapsed who desires
135.29 to resume practice as a certified midwife must apply for relicensure, submit to the board
135.30 satisfactory evidence of compliance with the procedures and requirements established by
135.31 the board, and pay the board the relicensure fee under section 148G.11, subdivision 4, for
135.32 the current licensure period. A penalty fee under section 148G.11, subdivision 4, is required
135.33 from a person who practiced certified midwifery without current licensure. The board must
135.34 relicense a person who meets the requirements of this subdivision.

136.1 Sec. 91. **[148G.06] FAILURE OR REFUSAL TO PROVIDE INFORMATION.**

136.2 Subdivision 1. Notification requirement. An individual licensed as a certified midwife
136.3 must notify the board when the individual renews their certification. If a licensee fails to
136.4 provide notification, the licensee is prohibited from practicing as a certified midwife.

136.5 Subd. 2. Denial of license. Refusal of an applicant to supply information necessary to
136.6 determine the applicant's qualifications, failure to demonstrate qualifications, or failure to
136.7 satisfy the requirements for a license contained in this chapter or rules of the board may
136.8 result in denial of a license. The burden of proof is upon the applicant to demonstrate the
136.9 qualifications and satisfaction of the requirements.

136.10 Sec. 92. **[148G.07] NAME CHANGE AND CHANGE OF ADDRESS.**

136.11 A certified midwife must maintain a current name and address with the board and must
136.12 notify the board in writing within 30 days of any change in name or address. All notices or
136.13 other correspondence mailed to or served upon a certified midwife by the board at the
136.14 licensee's address on file with the board are considered received by the licensee.

136.15 Sec. 93. **[148G.08] IDENTIFICATION OF CERTIFIED MIDWIVES.**

136.16 Only those persons who hold a current license to practice certified midwifery in
136.17 Minnesota may use the title of certified midwife. A certified midwife licensed by the board
136.18 must use the designation of "CM" for professional identification and in documentation of
136.19 services provided.

136.20 Sec. 94. **[148G.09] PRESCRIBING DRUGS AND THERAPEUTIC DEVICES.**

136.21 Subdivision 1. Diagnosing, prescribing, and ordering. Certified midwives, within the
136.22 scope of certified midwifery practice, are authorized to:

136.24 and providers;

136.25 (2) prescribe, procure, sign for, record, administer, and dispense over-the-counter, legend,
136.26 and controlled substances, including sample drugs; and

136.27 (3) plan and initiate a therapeutic regimen that includes ordering and prescribing durable
136.28 medical devices and equipment, nutrition, diagnostic services, and supportive services,
136.29 including but not limited to home health care, physical therapy, and occupational therapy.

136.30 Subd. 2. Drug Enforcement Administration requirements. (a) Certified midwives
136.31 must:

137.1 (1) comply with federal Drug Enforcement Administration (DEA) requirements related
137.2 to controlled substances; and

137.3 (2) file the certified midwife's DEA registrations and numbers, if any, with the board.

137.4 (b) The board must maintain current records of all certified midwives with a DEA
137.5 registration and number.

137.6 **Sec. 95. [148G.10] FEES.**

137.7 The fees specified in section 148G.11 are nonrefundable and must be deposited in the
137.8 state government special revenue fund.

137.9 **Sec. 96. [148G.11] FEE AMOUNTS.**

137.10 Subdivision 1. **Licensure.** The fee for licensure is \$105.

137.11 Subd. 2. **Renewal.** The fee for licensure renewal is \$85.

137.12 Subd. 3. **Practicing without current certification.** The penalty fee for a person who
137.13 practices certified midwifery without a current certification or recertification, or who practices
137.14 certified midwifery without current certification or recertification on file with the board, is
137.15 \$200 for the first month or part of a month and an additional \$100 for each subsequent
137.16 month or parts of months of practice. The penalty fee must be calculated from the first day
137.17 the certified midwife practiced without a current certification to the last day of practice
137.18 without a current certification, or from the first day the certified midwife practiced without
137.19 a current certification or recertification on file with the board until the day the current
137.20 certification or recertification is filed with the board.

137.21 Subd. 4. **Relicensure.** The fee for relicensure is \$105. The fee for practicing without
137.22 current licensure is two times the amount of the current renewal fee for any part of the first
137.23 calendar month, plus the current renewal fee for any part of each subsequent month up to
137.24 24 months.

137.25 Subd. 5. **Dishonored check fee.** The service fee for a dishonored check is as provided
137.26 in section 604.113.

137.27 **Sec. 97. [148G.12] APPROVED MIDWIFERY EDUCATION PROGRAM.**

137.28 Subdivision 1. **Initial approval.** A university or college desiring to conduct a certified
137.29 midwifery education program must submit evidence to the board that the university or
137.30 college is prepared to:

138.1 (1) provide a program of theory and practice in certified midwifery leading to eligibility
138.2 for certification in midwifery;

138.3 (2) achieve preaccreditation and eventual full accreditation by the American Commission
138.4 for Midwifery Education or any successor organization recognized by the United States
138.5 Department of Education or the Council for Higher Education Accreditation. Instruction
138.6 and required experience may be obtained in one or more institutions or agencies outside
138.7 the applying university or college if the program retains accountability for all clinical and
138.8 nonclinical teaching; and

138.9 (3) meet other standards established by law and by the board.

138.10 Subd. 2. **Continuing approval.** The board must, through the board's representative,
138.11 annually survey all midwifery education programs in Minnesota for current accreditation
138.12 status by the American Commission for Midwifery Education or any successor organization
138.13 recognized by the United States Department of Education or the Council for Higher Education
138.14 Accreditation. If the results of the survey show that a certified midwifery education program
138.15 meets all standards for continuing accreditation, the board must continue approval of the
138.16 certified midwifery education program.

138.17 Subd. 3. **Loss of approval.** If the board determines that an accredited certified midwifery
138.18 education program is not maintaining the standards required by the American Commission
138.19 on Midwifery Education or any successor organization, the board must obtain the defect in
138.20 writing from the accrediting body. If a program fails to correct the defect to the satisfaction
138.21 of the accrediting body and the accrediting body revokes the program's accreditation, the
138.22 board must remove the program from the list of approved certified midwifery education
138.23 programs.

138.24 Subd. 4. **Reinstatement of approval.** The board must reinstate approval of a certified
138.25 midwifery education program upon submission of satisfactory evidence that the certified
138.26 midwifery education program of theory and practice meets the standards required by the
138.27 accrediting body.

138.28 Sec. 98. **[148G.13] GROUNDS FOR DISCIPLINARY ACTION.**

138.29 Subdivision 1. **Grounds listed.** The board may deny, revoke, suspend, limit, or condition
138.30 the license of any person to practice certified midwifery under this chapter or otherwise
138.31 discipline a licensee or applicant as described in section 148G.14. The following are grounds
138.32 for disciplinary action:

139.1 (1) failure to demonstrate the qualifications or satisfy the requirements for a license
139.2 contained in this chapter or rules of the board. In the case of an applicant for licensure, the
139.3 burden of proof is upon the applicant to demonstrate the qualifications or satisfaction of the
139.4 requirements;

139.5 (2) employing fraud or deceit in procuring or attempting to procure a license to practice
139.6 certified midwifery;

139.7 (3) conviction of a felony or gross misdemeanor reasonably related to the practice of
139.8 certified midwifery. Conviction, as used in this subdivision, includes a conviction of an
139.9 offense that if committed in this state would be considered a felony or gross misdemeanor
139.10 without regard to its designation elsewhere, or a criminal proceeding where a finding or
139.11 verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not
139.12 entered;

139.13 (4) revocation, suspension, limitation, conditioning, or other disciplinary action against
139.14 the person's certified midwife credential in another state, territory, or country; failure to

139.16 certification, or other credential are pending in another state, territory, or country; or failure

139.18 territory, or country;

139.19 (5) failure or inability to practice as a certified midwife with reasonable skill and safety,
139.20 or departure from or failure to conform to standards of acceptable and prevailing certified
139.21 midwifery practice, including failure of a certified midwife to adequately supervise or
139.22 monitor the performance of acts by any person working at the certified midwife's direction;

139.23 (6) engaging in unprofessional conduct, including but not limited to a departure from
139.24 or failure to conform to statutes relating to certified midwifery practice or to the minimal
139.25 standards of acceptable and prevailing certified midwifery practice, or engaging in any
139.26 certified midwifery practice that may create unnecessary danger to a patient's life, health,
139.27 or safety. Actual injury to a patient need not be established under this clause;

139.28 (7) supervision or accepting the supervision of a midwifery function or a prescribed
139.29 health care function when the acceptance could reasonably be expected to result in unsafe
139.30 or ineffective patient care;

139.31 (8) actual or potential inability to practice certified midwifery with reasonable skill and
139.32 safety to patients by reason of illness; by the reason of use of alcohol, drugs, chemicals, or
139.33 any other material; or as a result of any mental or physical condition;

140.1 (9) adjudication as mentally incompetent, mentally ill, a chemically dependent person,
140.2 or a person dangerous to the public by a court of competent jurisdiction, within or outside
140.3 of Minnesota;

140.4 (10) engaging in any unethical conduct, including but not limited to conduct likely to
140.5 deceive, defraud, or harm the public, or demonstrating a willful or careless disregard for
140.6 the health, welfare, or safety of a patient. Actual injury need not be established under this
140.7 clause;

140.8 (11) engaging in conduct with a patient that is sexual or may reasonably be interpreted
140.9 by the patient as sexual, in any verbal behavior that is seductive or sexually demeaning to
140.10 a patient, or in sexual exploitation of a patient or former patient;

140.11 (12) obtaining money, property, or services from a patient, other than reasonable fees
140.12 for services provided to the patient, through the use of undue influence, harassment, duress,
140.13 deception, or fraud;

140.14 (13) revealing a privileged communication from or relating to a patient except when
140.15 otherwise required or permitted by law;

140.16 (14) engaging in abusive or fraudulent billing practices, including violations of federal
140.17 Medicare and Medicaid laws or state medical assistance laws;

140.18 (15) improper management of patient records, including failure to maintain adequate
140.19 patient records, to comply with a patient's request made pursuant to sections 144.291 to
140.20 144.298, or to furnish a patient record or report required by law;

140.21 (16) knowingly aiding, assisting, advising, or allowing an unlicensed person to engage
140.22 in the unlawful practice of certified midwifery;

140.23 (17) violating a rule adopted by the board, an order of the board, a state or federal law
140.24 relating to the practice of certified midwifery, or a state or federal narcotics or controlled
140.25 substance law;

140.26 (18) knowingly providing false or misleading information to a patient that is directly
140.27 related to the care of that patient unless done for an accepted therapeutic purpose such as
140.28 the administration of a placebo;

140.29 (19) aiding suicide or aiding attempted suicide in violation of section 609.215 as
140.30 established by any of the following:

140.31 (i) a copy of the record of criminal conviction or plea of guilty for a felony in violation
140.32 of section 609.215, subdivision 1 or 2;

141.1 (ii) a copy of the record of a judgment of contempt of court for violating an injunction
141.2 issued under section 609.215, subdivision 4;

141.3 (iii) a copy of the record of a judgment assessing damages under section 609.215,
141.4 subdivision 5; or

141.5 (iv) a finding by the board that the person violated section 609.215, subdivision 1 or 2.
141.6 The board must investigate any complaint of a violation of section 609.215, subdivision 1
141.7 or 2;

141.8 (20) practicing outside the scope of certified midwifery practice as defined under section
141.9 148G.03, subdivision 5;

141.10 (21) making a false statement or knowingly providing false information to the board,

141.15 a certified midwife;

141.16 (24) engaging in certified midwifery practice without a license and current certification
141.17 or recertification by the American Midwifery Certification Board or any successor
141.18 organization; or

141.19 (25) failure to maintain appropriate professional boundaries with a patient. A certified
141.20 midwife must not engage in practices that create an unacceptable risk of patient harm or of
141.21 the impairment of a certified midwife's objectivity or professional judgment. A certified
141.22 midwife must not act or fail to act in a way that, as judged by a reasonable and prudent
141.23 certified midwife, inappropriately encourages the patient to relate to the certified midwife
141.24 outside of the boundaries of the professional relationship or in a way that interferes with
141.25 the patient's ability to benefit from certified midwife services. A certified midwife must not
141.26 use the professional relationship with a patient, student, supervisee, or intern to further the
141.27 certified midwife's personal, emotional, financial, sexual, religious, political, or business
141.28 benefit or interests.

141.29 Subd. 2. **Conviction of a felony-level criminal sexual offense.** (a) Except as provided
141.30 in paragraph (e), the board must not grant or renew a license to practice certified midwifery

142.2 similar statute in another jurisdiction.

142.3 (b) A license to practice certified midwifery is automatically revoked if the licensee is
142.4 convicted of an offense listed in paragraph (a).

142.5 (c) A license to practice certified midwifery that has been denied or revoked under this
142.6 subdivision is not subject to chapter 364.

142.7 (d) For purposes of this subdivision, "conviction" means a plea of guilty, a verdict of
142.8 guilty by a jury, or a finding of guilty by the court, unless the court stays imposition or
142.9 execution of the sentence and final disposition of the case is accomplished at a nonfelony
142.10 level.

142.11 (e) The board may establish criteria whereby an individual convicted of an offense listed
142.12 in paragraph (a) may become licensed if the criteria:

142.13 (1) utilize a rebuttable presumption that the applicant is not suitable for licensing;

142.14 (2) provide a standard for overcoming the presumption; and

142.15 (3) require that a minimum of ten years has elapsed since the applicant's sentence was
142.16 discharged.

142.17 (f) The board must not consider an application under paragraph (e) if the board determines
142.18 that the victim involved in the offense was a patient or a client of the applicant at the time
142.19 of the offense.

142.20 Subd. 3. **Evidence.** In disciplinary actions alleging a violation of subdivision 1, clause
142.21 (3) or (4), or 2, a copy of the judgment or proceeding under the seal of the court administrator
142.22 or of the administrative agency that entered the same is admissible into evidence without
142.23 further authentication and constitutes prima facie evidence of the violation concerned.

142.24 Subd. 4. **Examination; access to medical data.** (a) If the board has probable cause to
142.25 believe that grounds for disciplinary action exist under subdivision 1, clause (8) or (9), it
142.26 may direct the applicant or certified midwife to submit to a mental or physical examination
142.27 or chemical dependency evaluation. For the purpose of this subdivision, when a certified
142.28 midwife licensed under this chapter is directed in writing by the board to submit to a mental
142.29 or physical examination or chemical dependency evaluation, that person is considered to
142.30 have consented and to have waived all objections to admissibility on the grounds of privilege.
142.31 Failure of the applicant or certified midwife to submit to an examination when directed
142.32 constitutes an admission of the allegations against the applicant or certified midwife, unless
142.33 the failure was due to circumstances beyond the person's control, and the board may enter

143.1 a default and final order without taking testimony or allowing evidence to be presented. A
143.2 certified midwife affected under this paragraph must, at reasonable intervals, be given an
143.3 opportunity to demonstrate that the competent practice of certified midwifery can be resumed
143.4 with reasonable skill and safety to patients. Neither the record of proceedings nor the orders
143.5 entered by the board in a proceeding under this paragraph may be used against a certified
143.6 midwife in any other proceeding.

143.7 (b) Notwithstanding sections 13.384, 144.651, and 595.02, or any other law limiting
143.8 access to medical or other health data, the board may obtain medical data and health records
143.9 relating to a certified midwife or applicant for a license without that person's consent if the
143.10 board has probable cause to believe that grounds for disciplinary action exist under
143.11 subdivision 1, clause (8) or (9). The medical data may be requested from a provider, as
143.12 defined in section 144.291, subdivision 2; an insurance company; or a government agency,
143.13 including the Department of Human Services or Direct Care and Treatment. A provider,
143.14 insurance company, or government agency must comply with any written request of the
143.15 board under this subdivision and is not liable in any action for damages for releasing the
143.16 data requested by the board if the data are released pursuant to a written request under this
143.17 subdivision, unless the information is false and the provider giving the information knew
143.18 or had reason to believe the information was false. Information obtained under this
143.19 subdivision is classified as private data on individuals as defined in section 13.02.

143.20 Sec. 99. **[148G.14] FORMS OF DISCIPLINARY ACTION; AUTOMATIC**
143.21 **SUSPENSION; TEMPORARY SUSPENSION; REISSUANCE.**

143.22 Subdivision 1. **Forms of disciplinary action.** If the board finds that grounds for
143.23 disciplinary action exist under section 148G.13, it may take one or more of the following
143.24 actions:

143.25 (1) deny the license application or application for license renewal;

143.26 (2) revoke the license;

143.27 (3) suspend the license;

143.28 (4) impose limitations on the certified midwife's practice of certified midwifery, including
143.29 but not limited to limitation of scope of practice or the requirement of practice under
143.30 supervision;

143.31 (5) impose conditions on the retention of the license, including but not limited to the
143.32 imposition of retraining or rehabilitation requirements or the conditioning of continued

144.1 practice on demonstration of knowledge or skills by appropriate examination, monitoring,
144.2 or other review;

144.3 (6) impose a civil penalty not exceeding \$10,000 for each separate violation. The amount
144.4 of the civil penalty must be fixed so as to deprive the certified midwife of any economic
144.5 advantage gained by reason of the violation charged; to reimburse the board for the cost of
144.6 counsel, investigation, and proceeding; and to discourage repeated violations;

144.7 (7) order the certified midwife to provide unremunerated service;

144.8 (8) censure or reprimand the certified midwife; or

144.9 (9) any other action justified by the facts in the case.

144.10 Subd. 2. **Automatic suspension of license.** (a) Unless the board orders otherwise, a
144.11 license to practice certified midwifery is automatically suspended if:

144.12 (1) a guardian of a certified midwife is appointed by order of a court under sections
144.13 524.5-101 to 524.5-502;

144.14 (2) the certified midwife is committed by order of a court under chapter 253B; or

144.15 (3) the certified midwife is determined to be mentally incompetent, mentally ill,
144.16 chemically dependent, or a person dangerous to the public by a court of competent
144.17 jurisdiction within or outside of Minnesota.

144.18 (b) The license remains suspended until the certified midwife is restored to capacity by
144.19 a court and, upon petition by the certified midwife, the suspension is terminated by the
144.20 board after a hearing or upon agreement between the board and the certified midwife.

144.21 Subd. 3. **Temporary suspension of license.** In addition to any other remedy provided
144.22 by law, the board may, through its designated board member under section 214.10,
144.23 subdivision 2, temporarily suspend the license of a certified midwife without a hearing if
144.24 the board finds that there is probable cause to believe the certified midwife has violated a
144.25 statute or rule the board is empowered to enforce and continued practice by the certified
144.26 midwife would create a serious risk of harm to others. The suspension takes effect upon
144.27 written notice to the certified midwife, served by first-class mail, specifying the statute or
144.28 rule violated. The suspension must remain in effect until the board issues a temporary stay
144.29 of suspension or a final order in the matter after a hearing or upon agreement between the
144.30 board and the certified midwife. At the time it issues the suspension notice, the board must
144.31 schedule a disciplinary hearing to be held under the Administrative Procedure Act. The
144.32 board must provide the certified midwife at least 20 days' notice of any hearing held under

145.1 this subdivision. The board must schedule the hearing to begin no later than 30 days after
145.2 the issuance of the suspension order.

145.3 Subd. 4. **Reissuance.** The board may reinstate and reissue a license to practice certified
145.4 midwifery, but as a condition may impose any disciplinary or corrective measure that it
145.5 might originally have imposed. Any person whose license has been revoked, suspended, or
145.6 limited may have the license reinstated and a new license issued when, at the discretion of
145.7 the board, the action is warranted, provided that the board must require the person to pay
145.8 the costs of the proceedings resulting in the revocation, suspension, or limitation of the
145.9 license; the relicensure fee; and the fee for the current licensure period. The cost of
145.10 proceedings includes but is not limited to the cost paid by the board to the Office of
145.11 Administrative Hearings and the Office of the Attorney General for legal and investigative
145.12 services; the costs of a court reporter and witnesses, reproduction of records, board staff
145.13 time, travel, and expenses; and the costs of board members' per diem reimbursements, travel
145.14 costs, and expenses.

145.15 Sec. 100. **[148G.15] REPORTING OBLIGATIONS.**

145.16 Subdivision 1. **Permission to report.** A person who has knowledge of any conduct
145.17 constituting grounds for discipline under section 148G.13 may report the alleged violation
145.18 to the board.

145.19 Subd. 2. **Institutions.** The chief nursing executive or chief administrative officer of any
145.20 hospital, clinic, prepaid medical plan, or other health care institution or organization located
145.21 in Minnesota must report to the board any action taken by the institution or organization or
145.22 any of its administrators or committees to revoke, suspend, limit, or condition a certified
145.23 midwife's privilege to practice in the institution or as part of the organization, any denial of
145.24 privileges, any dismissal from employment, or any other disciplinary action. The institution
145.25 or organization must also report the resignation of any certified midwife before the conclusion
145.26 of any disciplinary proceeding or before commencement of formal charges, but after the
145.27 certified midwife had knowledge that formal charges were contemplated or in preparation.
145.28 The reporting described by this subdivision is required only if the action pertains to grounds
145.29 for disciplinary action under section 148G.13.

145.30 Subd. 3. **Licensed professionals.** A person licensed by a health-related licensing board
145.31 as defined in section 214.01, subdivision 2, must report to the board personal knowledge
145.32 of any conduct the person reasonably believes constitutes grounds for disciplinary action
145.33 under section 148G.13 by any certified midwife, including conduct indicating that the
145.34 certified midwife may be incompetent, may have engaged in unprofessional or unethical

146.1 conduct, or may be mentally or physically unable to engage safely in the practice of certified
146.2 midwifery.

146.3 Subd. 4. **Insurers.** (a) By the first day of February, May, August, and November each
146.4 year, each insurer authorized to sell insurance described in section 60A.06, subdivision 1,
146.5 clause (13), and providing professional liability insurance to certified midwives must submit
146.6 to the board a report concerning any certified midwife against whom a malpractice award
146.7 has been made or who has been a party to a settlement. The report must contain at least the
146.8 following information:

146.9 (1) the total number of settlements or awards;

146.10 (2) the date a settlement or award was made;

146.11 (3) the allegations contained in the claim or complaint leading to the settlement or award;

146.12 (4) the dollar amount of each malpractice settlement or award and whether that amount
146.13 was paid as a result of a settlement or of an award; and

146.14 (5) the name and address of the practice of the certified midwife against whom an award
146.15 was made or with whom a settlement was made.

146.16 (b) An insurer must also report to the board any information it possesses that tends to
146.17 substantiate a charge that a certified midwife may have engaged in conduct in violation of
146.18 this chapter.

146.19 Subd. 5. **Courts.** The court administrator of district court or another court of competent
146.20 jurisdiction must report to the board any judgment or other determination of the court that
146.21 adjudges or includes a finding that a certified midwife is a person who is mentally ill,
146.22 mentally incompetent, chemically dependent, dangerous to the public, guilty of a felony or
146.23 gross misdemeanor, guilty of a violation of federal or state narcotics laws or controlled
146.24 substances act, guilty of operating a motor vehicle while under the influence of alcohol or
146.25 a controlled substance, or guilty of an abuse or fraud under Medicare or Medicaid; or if the
146.26 court appoints a guardian of the certified midwife under sections 524.5-101 to 524.5-502
146.27 or commits a certified midwife under chapter 253B.

146.28 Subd. 6. **Deadlines; forms.** Reports required by subdivisions 2, 3, and 5 must be
146.29 submitted no later than 30 days after the occurrence of the reportable event or transaction.
146.30 The board may provide forms for the submission of reports required under this section, may
146.31 require that the reports be submitted on the forms provided, and may adopt rules necessary
146.32 to ensure prompt and accurate reporting. The board must review all reports, including those
146.33 submitted after the deadline.

147.1 Subd. 7. **Failure to report.** Any person, institution, insurer, or organization that fails to
147.2 report as required under subdivisions 2 to 6 is subject to civil penalties for failing to report
147.3 as required by law.

147.4 Sec. 101. **[148G.16] IMMUNITY.**

147.5 Subdivision 1. **Reporting.** Any person, health care facility, business, or organization is
147.6 immune from civil liability and criminal prosecution for submitting in good faith a report
147.7 to the board under section 148G.15 or for otherwise reporting in good faith to the board
147.8 violations or alleged violations of this chapter. All such reports are investigative data as
147.9 defined in chapter 13.

147.10 Subd. 2. **Investigation.** (a) Members of the board, persons employed by the board or
147.11 engaged in the investigation of violations and in the preparation and management of charges
147.12 of violations of this chapter on behalf of the board, or persons participating in the
147.13 investigation or testifying regarding charges of violations are immune from civil liability
147.14 and criminal prosecution for any actions, transactions, or publications in the execution of,
147.15 or relating to, their duties under this chapter.

147.16 (b) Members of the board and persons employed by the board or engaged in maintaining
147.17 records and making reports regarding adverse health care events are immune from civil
147.18 liability and criminal prosecution for any actions, transactions, or publications in the
147.19 execution of, or relating to, their duties under this chapter.

147.20 Sec. 102. **[148G.17] CERTIFIED MIDWIFE COOPERATION.**

147.21 A certified midwife who is the subject of an investigation by or on behalf of the board
147.22 must cooperate fully with the investigation. Cooperation includes responding fully and
147.23 promptly to any question raised by or on behalf of the board relating to the subject of the
147.24 investigation and providing copies of patient or other records in the certified midwife's
147.25 possession, as reasonably requested by the board, to assist the board in its investigation and
147.26 to appear at conferences and hearings scheduled by the board. The board must pay for copies
147.27 requested. If the board does not have written consent from a patient permitting access to
147.28 the patient's records, the certified midwife must delete any data in the record that identify
147.29 the patient before providing it to the board. The board must maintain any records obtained
147.30 pursuant to this section as investigative data under chapter 13. The certified midwife must
147.31 not be excused from giving testimony or producing any documents, books, records, or
147.32 correspondence on the grounds of self-incrimination, but the testimony or evidence must
147.33 not be used against the certified midwife in any criminal case.

148.1 Sec. 103. **[148G.18] DISCIPLINARY RECORD ON JUDICIAL REVIEW.**

148.2 Upon judicial review of any board disciplinary action taken under this chapter, the
148.3 reviewing court must seal the administrative record, except for the board's final decision,
148.4 and must not make the administrative record available to the public.

148.5 Sec. 104. **[148G.19] EXEMPTIONS.**

148.6 The provisions of this chapter do not prohibit:

148.7 (1) the furnishing of certified midwifery assistance in an emergency;

148.8 (2) the practice of certified midwifery by any legally qualified certified midwife of
148.9 another state who is employed by the United States government or any bureau, division, or

148.28 Subdivision 1. **Violations described.** It is unlawful for any person, corporation, firm,
148.29 or association to:

149.24 penalties in section 148G.11.

149.25 Sec. 106. **[148G.21] UNAUTHORIZED PRACTICE OF MIDWIFERY.**

149.26 The practice of certified midwifery by any person who is not licensed to practice certified
149.27 midwifery under this chapter, whose license has been suspended or revoked, or whose
149.28 national certification credential has expired is inimical to the public health and welfare and
149.29 constitutes a public nuisance. Upon a complaint being made by the board or any prosecuting
149.30 officer and upon a proper showing of the facts, the district court of the county where the
149.31 practice occurred may enjoin such acts and practice. The injunction proceeding is in addition
149.32 to, and not in lieu of, all other penalties and remedies provided by law.

(i) Notwithstanding a removal of a drug from the drug formulary under subdivision 13d, except as provided in paragraphs (j) and (k), medical assistance covers a drug, with respect to an enrollee who was previously prescribed the drug during the calendar year when the drug was on the formulary, at the same level until January 1 of the calendar year following the year in which the commissioner removed the drug from the formulary.

(j) Paragraph (i) does not apply if the commissioner changes the drug formulary:

(1) for a drug that has been deemed unsafe by the United States Food and Drug Administration (FDA);

(2) for a drug that has been withdrawn by the FDA or the drug manufacturer; or

(3) when an independent source of research, clinical guidelines, or evidence-based standards has issued drug-specific warnings or recommended changes with respect to a drug's use for reasons related to previously unknown and imminent patient harm.

(k) Paragraph (i) does not apply if the commissioner removes a brand name drug from the formulary if the commissioner:

Sec. 3. Minnesota Statutes 2024, section 256B.0625, subdivision 13c, is amended to read:

Subd. 13c. **Formulary Committee.** The commissioner, after receiving recommendations from professional medical associations and professional pharmacy associations, and consumer groups shall designate a Formulary Committee to carry out duties as described in subdivisions 13 to 13g. The Formulary Committee shall be comprised of at least five licensed physicians actively engaged in the practice of medicine in Minnesota, one of whom is an actively practicing psychiatrist, one of whom specializes in the diagnosis and treatment of rare diseases, one of whom specializes in pediatrics, and one of whom actively treats persons with disabilities; at least three licensed pharmacists actively engaged in the practice of pharmacy in Minnesota, one of whom practices outside the metropolitan counties listed in

181.1 section 473.121, subdivision 4, one of whom practices in the metropolitan counties listed
181.2 in section 473.121, subdivision 4, and one of whom is a practicing hospital pharmacist; at
181.3 least two consumer representatives, all of whom must have a personal or professional
181.4 connection to medical assistance; and one representative designated by the Minnesota Rare
181.5 Disease Advisory Council established under section 256.4835; the remainder to be made
181.6 up of health care professionals who are licensed in their field and have recognized knowledge
181.7 in the clinically appropriate prescribing, dispensing, and monitoring of covered outpatient
181.8 drugs. Members of the Formulary Committee shall not be employed by the Department of
181.9 Human Services or have a personal interest in a pharmaceutical company, pharmacy benefits
181.10 manager, health plan company, or their affiliate organizations, but the committee shall be
181.11 staffed by an employee of the department who shall serve as an ex officio, nonvoting member

181.16 from the entity. A committee member must notify the committee of any potential conflict
181.17 of interest and recuse themselves from any communications, discussion, or vote on any
181.18 matter where a conflict of interest exists. A conflict of interest alone, without a personal
181.19 interest, does not preclude an applicant from serving as a member of the Formulary
181.20 Committee. Members may be removed from the committee for cause after a recommendation
181.21 for removal by a majority of the committee membership. For the purposes of this subdivision,
181.22 "cause" does not include offering a differing or dissenting clinical opinion on a drug or drug
181.23 class. The department's medical director shall also serve as an ex officio, nonvoting member
181.24 for the committee. Committee members shall serve three-year terms and may be reappointed
181.25 twice by the commissioner. The committee members shall vote on a chair and vice chair
181.26 from among their membership. The chair shall preside over all committee meetings, and
181.27 the vice chair shall preside over the meetings if the chair is not present. The Formulary
181.28 Committee shall meet at least three times per year. The commissioner may require more
181.29 frequent Formulary Committee meetings as needed. An honorarium of \$100 per meeting
181.30 and reimbursement for mileage shall be paid to each committee member in attendance. The
181.31 Formulary Committee expires June 30, ~~2027~~ 2029. The Formulary Committee is subject to
181.32 the Open Meeting Law under chapter 13D. For purposes of establishing a quorum to transact
181.33 business, vacant committee member positions do not count in the calculation as long as at
181.34 least 60 percent of the committee member positions are filled.

181.35 **EFFECTIVE DATE.** This section is effective the day following final enactment.

182.1 Sec. 4. Minnesota Statutes 2024, section 256B.0625, subdivision 13d, is amended to read:

182.19 (c) If a single-source drug used by at least two percent of the fee-for-service medical
182.20 assistance recipients is removed from the formulary due to the failure of the manufacturer
182.21 to sign a rebate agreement with the Department of Health and Human Services, the
182.22 commissioner shall notify prescribing practitioners within 30 days of receiving notification
182.23 from the Centers for Medicare and Medicaid Services (CMS) that a rebate agreement was
182.24 not signed.

183.5 for each reason;
183.6 (3) the drugs that were removed from the formulary;
183.7 (4) for each drug that was removed from the formulary, the number of enrollees who
183.8 were prescribed that drug when it was removed;
183.9 (5) for each drug that was removed from the formulary, whether a therapeutically
183.10 equivalent drug was added;
183.11 (6) the drugs that were added to the formulary;
183.12 (7) the fiscal impacts to the Department of Human Services resulting from the changes
183.13 to the formulary; and
183.14 (8) enrollee populations or medical conditions disproportionately affected by the
183.15 formulary changes.

183.24 in which an individual pays a recurring monthly access fee for unlimited access to a defined
183.25 list of drugs for which the pharmacy does not bill the member or a payer on a
183.26 per-standard-transaction basis. The amount of payment basis must be reduced to reflect all
183.27 discount amounts applied to the charge by any third-party provider/insurer agreement or
183.28 contract for submitted charges to medical assistance programs. The net submitted charge
183.29 may not be greater than the patient liability for the service. The professional dispensing fee
183.30 shall be \$11.55 for prescriptions filled with legend drugs meeting the definition of "covered
183.31 outpatient drugs" according to United States Code, title 42, section 1396r-8(k)(2). The
183.32 dispensing fee for intravenous solutions that must be compounded by the pharmacist shall

184.1 be \$11.55 per claim. The professional dispensing fee for prescriptions filled with
184.2 over-the-counter drugs meeting the definition of covered outpatient drugs shall be \$11.55
184.3 for dispensed quantities equal to or greater than the number of units contained in the
184.4 manufacturer's original package. The professional dispensing fee shall be prorated based
184.5 on the percentage of the package dispensed when the pharmacy dispenses a quantity less
184.6 than the number of units contained in the manufacturer's original package. The pharmacy
184.7 dispensing fee for prescribed over-the-counter drugs not meeting the definition of covered
184.8 outpatient drugs shall be \$3.65 for quantities equal to or greater than the number of units
184.9 contained in the manufacturer's original package and shall be prorated based on the
184.10 percentage of the package dispensed when the pharmacy dispenses a quantity less than the
184.11 number of units contained in the manufacturer's original package. The ingredient cost for
184.12 a drug is the lower of the National Average Drug Acquisition Cost (NADAC) shall be used
184.13 to determine the ingredient cost of a drug, the Minnesota actual acquisition cost (MNAAC)
184.14 as defined in paragraph (i), or the maximum allowable cost. For drugs for which a NADAC,
184.15 a MNAAC, or a maximum allowable cost is not reported, the commissioner shall estimate
184.16 the ingredient cost at the wholesale acquisition cost minus two percent. The ingredient cost
184.17 of a drug for a provider participating in the federal 340B Drug Pricing Program shall be
184.18 ~~either~~ the 340B Drug Pricing Program ceiling price established by the Health Resources
184.19 and Services Administration ~~or~~, the NADAC, the MNAAC, or the maximum allowable
184.20 cost, whichever is lower. Wholesale acquisition cost is defined as the manufacturer's list
184.21 price for a drug or biological to wholesalers or direct purchasers in the United States, not
184.22 including prompt pay or other discounts, rebates, or reductions in price, for the most recent
184.23 month for which information is available, as reported in wholesale price guides or other
184.24 publications of drug or biological pricing data. The maximum allowable cost of a ~~multisource~~
184.25 drug may be set by the commissioner and it shall be comparable to the actual acquisition
184.26 cost of the drug product and no higher than the NADAC of the generic product. Establishment
184.27 of the amount of payment for drugs shall not be subject to the requirements of the
184.28 Administrative Procedure Act.

184.29 (b) Pharmacies dispensing prescriptions to residents of long-term care facilities using
184.30 an automated drug distribution system meeting the requirements of section 151.58, or a
184.31 packaging system meeting the packaging standards set forth in Minnesota Rules, part
184.32 6800.2700, that govern the return of unused drugs to the pharmacy for reuse, may employ
184.33 retrospective billing for prescription drugs dispensed to long-term care facility residents. A
184.34 retrospectively billing pharmacy must submit a claim only for the quantity of medication
184.35 used by the enrolled recipient during the defined billing period. A retrospectively billing
184.36 pharmacy must use a billing period not less than one calendar month or 30 days.

(c) A pharmacy provider using packaging that meets the standards set forth in Minnesota Rules, part 6800.2700, is required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse, unless the pharmacy is using retrospective billing. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply.

(d) If a pharmacy dispenses a multisource drug, the ingredient cost shall be the lesser of the NADAC of the generic product, the MNAAC of the generic product, or the maximum allowable cost of the generic product established by the commissioner unless prior authorization for the brand name product has been granted according to the criteria established by the Drug Formulary Committee as required by subdivision 13f, paragraph (a), and the prescriber has indicated "dispense as written" on the prescription in a manner consistent with section 151.21, subdivision 2. If prior authorization is granted, the ingredient cost shall be the lesser of the NADAC of the brand name product, the MNAAC of the brand name product, or the maximum allowable cost of the brand name product. A generic product includes a generic drug, an authorized generic drug, and a biosimilar biological product as defined in Code of Federal Regulations, title 42, section 423.4. A brand name product includes a brand name drug, a brand name biological product, and an unbranded biological product as defined in Code of Federal Regulations, title 42, section 423.4.

(e) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider, 106 percent of the average sales price as determined by the United States Department of Health and Human Services pursuant to title XVIII, section 1847a of the federal Social Security Act, ~~the specialty pharmacy rate~~ MNAAC, or the maximum allowable cost set by the commissioner. If the average sales price is, the MNAAC, and the maximum allowable cost are unavailable, the amount of payment must be lower of the usual and customary cost submitted by the provider, or the wholesale acquisition cost, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner. The commissioner shall discount the payment rate for drugs obtained through the federal 340B Drug Pricing Program by 28.6 percent. The payment for drugs administered in an outpatient setting shall be made to the administering facility or practitioner. A retail or specialty pharmacy dispensing a drug for administration in an outpatient setting is not eligible for direct reimbursement.

~~(f) The commissioner may establish maximum allowable cost rates for specialty pharmacy products that are lower than the ingredient cost formulas specified in paragraph (a). The commissioner may require individuals enrolled in the health care programs administered by the department to obtain specialty pharmacy products from providers with whom the~~

186.1 ~~commissioner has negotiated lower reimbursement rates. Specialty pharmacy products are~~
186.2 ~~defined as those used by a small number of recipients or recipients with complex and chronic~~
186.3 ~~diseases that require expensive and challenging drug regimens. Examples of these conditions~~
186.4 ~~include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis C,~~
186.5 ~~growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms of~~
186.6 ~~cancer. Specialty pharmaceutical products include injectable and infusion therapies,~~
186.7 ~~biotechnology drugs, antihemophilic factor products, high-cost therapies, and therapies that~~
186.8 ~~require complex care. The commissioner shall consult with the Formulary Committee to~~
186.9 ~~develop a list of specialty pharmacy products subject to maximum allowable cost~~
186.10 ~~reimbursement. In consulting with the Formulary Committee in developing this list, the~~
186.11 ~~commissioner shall take into consideration the population served by specialty pharmacy~~
186.12 ~~products, the current delivery system and standard of care in the state, and access to care~~
186.13 ~~issues. The commissioner shall have the discretion to adjust the maximum allowable cost~~
186.14 ~~to prevent access to care issues.~~

186.15 ~~(g)~~ (f) Home infusion therapy services provided by home infusion therapy pharmacies
186.16 must be paid at rates according to subdivision 8d.

186.17 ~~(h)~~ (g) The commissioner shall contract with a vendor to conduct a cost of dispensing
186.18 survey for all pharmacies that are physically located in the state of Minnesota that dispense
186.19 outpatient drugs under medical assistance. The commissioner shall ensure that the vendor
186.20 has prior experience in conducting cost of dispensing surveys. Each pharmacy enrolled with
186.21 the department to dispense outpatient prescription drugs to fee-for-service members must
186.22 respond to the cost of dispensing survey. The commissioner may sanction a pharmacy under
186.23 section 256B.064 for failure to respond. The commissioner shall require the vendor to
186.24 measure a single statewide cost of dispensing for specialty prescription drugs and a single
186.25 statewide cost of dispensing for nonspecialty prescription drugs for all responding pharmacies
186.26 to measure the mean, mean weighted by total prescription volume, mean weighted by
186.27 medical assistance prescription volume, median, median weighted by total prescription
186.28 volume, and median weighted by total medical assistance prescription volume. The
186.29 commissioner shall post a copy of the final cost of dispensing survey report on the
186.30 department's website. The initial survey must be completed no later than January 1, 2021,
186.31 and repeated every ~~three~~ two years. The commissioner shall provide a summary of the
186.32 results of each cost of dispensing survey and provide recommendations for any changes to
186.33 the dispensing fee to the chairs and ranking minority members of the legislative committees
186.34 with jurisdiction over medical assistance pharmacy reimbursement. Notwithstanding section
186.35 256.01, subdivision 42, this paragraph does not expire.

187.1 ~~(f)~~ (h) The commissioner shall increase the ingredient cost reimbursement calculated in
187.2 paragraphs (a) and ~~(f)~~ (e) by ~~1.8 percent~~ the amount of the wholesale drug distributor tax
187.3 for prescription and nonprescription drugs subject to the wholesale drug distributor tax
187.4 under section 295.52.

187.5 (i) The commissioner shall contract with a vendor to create MNAAC through a periodic
187.6 survey of enrolled pharmacy providers. Each pharmacy enrolled with the department to
187.7 dispense outpatient prescription drugs must respond to the periodic surveys. The
187.8 commissioner may sanction a pharmacy under section 256B.064 for failure to respond. The
187.9 current MNAAC rates must be publicly available on the department's or vendor's website.
187.10 The commissioner must require that the MNAAC is measured and calculated at least
187.11 quarterly, but the MNAAC can be measured and calculated more frequently. The
187.12 commissioner must ensure that the vendor has an appeal process available to providers for
187.13 the time between the measurement and calculation of the periodically updated MNAAC
187.14 rates if price fluctuations result in a MNAAC that is lower than the price at which enrolled
187.15 providers can purchase a drug. Establishment of the MNAAC and survey reporting
187.16 requirements shall not be subject to the requirements of the Administrative Procedure Act.
187.17 Data provided by pharmacies for the measurement and calculation of the MNAAC are
187.18 nonpublic data as defined in section 13.02, subdivision 9.

187.19 **EFFECTIVE DATE.** This section is effective January 1, 2027, or upon federal approval,
187.20 whichever is later. The commissioner of human services must notify the revisor of statutes
187.21 when federal approval is obtained.

187.22 Sec. 6. Minnesota Statutes 2024, section 256B.064, subdivision 1a, is amended to read:

187.23 Subd. 1a. **Grounds for sanctions.** (a) The commissioner may impose sanctions against
187.24 any individual or entity that receives payments from medical assistance or provides goods
187.25 or services for which payment is made from medical assistance for any of the following:
187.26 (1) fraud, theft, or abuse in connection with the provision of goods and services to recipients
187.27 of public assistance for which payment is made from medical assistance; (2) a pattern of
187.28 presentment of false or duplicate claims or claims for services not medically necessary; (3)
187.29 a pattern of making false statements of material facts for the purpose of obtaining greater
187.30 compensation than that to which the individual or entity is legally entitled; (4) suspension
187.31 or termination as a Medicare vendor; (5) refusal to grant the state agency access during
187.32 regular business hours to examine all records necessary to disclose the extent of services
187.33 provided to program recipients and appropriateness of claims for payment; (6) failure to
187.34 repay an overpayment or a fine finally established under this section; (7) failure to correct

188.1 errors in the maintenance of health service or financial records for which a fine was imposed
188.2 or after issuance of a warning by the commissioner; and (8) any reason for which an
188.3 individual or entity could be excluded from participation in the Medicare program under
188.4 section 1128, 1128A, or 1866(b)(2) of the Social Security Act. For the purposes of this
188.5 section, goods or services for which payment is made from medical assistance includes but
188.6 is not limited to care and services identified in section 256B.0625 or provided pursuant to
188.7 any federally approved waiver.

188.8 (b) The commissioner may impose sanctions against a pharmacy provider for failure to
188.9 respond to a cost of dispensing survey under section 256B.0625, subdivision 13e, paragraph
188.10 ~~(h)~~ (g).

188.11 (c) The commissioner may impose sanctions against a pharmacy provider for failure to
188.12 respond to a Minnesota drug acquisition cost survey under section 256B.0625, subdivision
188.13 13e, paragraph (i).

188.14 EFFECTIVE DATE. This section is effective January 1, 2027, or upon federal approval,
188.15 whichever is later. The commissioner of human services must notify the revisor of statutes
188.16 when federal approval is obtained.

188.17 Sec. 7. Minnesota Statutes 2024, section 256B.69, subdivision 6d, is amended to read:

188.18 Subd. 6d. **Prescription drugs.** (a) The commissioner may exclude or modify coverage
188.19 for prescription drugs from the prepaid managed care contracts entered into under this
188.20 section in order to increase savings to the state by collecting additional prescription drug
188.21 rebates.

188.22 (b) The contracts must maintain incentives for the managed care plan to manage drug
188.23 costs and utilization and may require that the managed care plans maintain an open drug
188.24 formulary. In order to manage drug costs and utilization, the contracts may authorize the
188.25 managed care plans to use preferred drug lists and prior authorization. The contracts must
188.26 require that the managed care plans enter into contracts with the state's selected pharmacy
188.27 benefit manager vendor to administer the pharmacy benefit.

188.28 (c) This subdivision is contingent on federal approval of the managed care contract
188.29 changes and the collection of additional prescription drug rebates.

Sec. 8. Minnesota Statutes 2024, section 256B.69, is amended by adding a subdivision to read:

Subd. 6i. **Directed pharmacy dispensing payment.** (a) The commissioner shall provide a directed pharmacy dispensing payment of \$4.50 per filled prescription to eligible outpatient retail pharmacies in Minnesota to improve and maintain access to pharmaceutical services in rural and underserved areas of Minnesota. Managed care and county-based purchasing plans delivering services under section 256B.69 or 256B.692, and any pharmacy benefit managers under contract with these entities, must pay the directed pharmacy dispensing payment to eligible outpatient retail pharmacies for drugs dispensed to medical assistance enrollees. The directed pharmacy dispensing payment is in addition to, and must not supplant or reduce, any other dispensing fee paid by these entities to the pharmacy. Entities paying the directed pharmacy dispensing payment must not reduce other payments to the pharmacy as a result of payment of the directed pharmacy dispensing payment.

(b) For purposes of this subdivision, "eligible outpatient retail pharmacy" means an outpatient retail pharmacy licensed under chapter 151 that is not owned, either directly or indirectly or through an affiliate or subsidiary, by a pharmacy benefit manager licensed under chapter 62W or a health carrier, as defined in section 62A.011, subdivision 2, and that:

(1) is located in a medically underserved area or primarily serves a medically underserved population, as defined by the United States Department of Health and Human Services Health Resources and Services Administration under United States Code, title 42, section 254; or

(2) shares common ownership with 12 or fewer Minnesota pharmacies.

(c) In order to receive the directed pharmacy dispensing payment, a pharmacy must submit to the commissioner a form, developed by the commissioner, attesting that the pharmacy meets the requirements of paragraph (b).

(d) Managed care and county-based purchasing plans, and any pharmacy benefit managers under contract with these entities, shall pay the directed pharmacy dispensing payment to eligible outpatient retail pharmacies. The commissioner shall monitor the effect of this requirement on access to pharmaceutical services in rural and underserved areas of Minnesota. If, for any contract year, federal approval is not received for this subdivision, the commissioner must adjust the capitation rates paid to managed care plans and county-based purchasing plans for that contract year to reflect removal of this subdivision. Contracts between managed care plans and county-based purchasing plans, and any pharmacy

190.1 benefit managers under contract with these entities, and providers to whom this subdivision
190.2 applies, must allow recovery of payments from those providers if capitation rates are adjusted
190.3 in accordance with this paragraph. Payment recoveries must not exceed the amount equal
190.4 to any increase in rates that results from this subdivision. This subdivision expires if federal
190.5 approval is not received for this subdivision at any time.

190.6 (e) This subdivision expires on December 31, 2026.

190.7 **EFFECTIVE DATE.** This section is effective July 1, 2025, or upon federal approval,
190.8 whichever is later. The commissioner of human services shall notify the revisor of statutes
190.9 when federal approval is obtained.

190.10 Sec. 9. **[256B.696] PRESCRIPTION DRUGS; STATE PHARMACY BENEFIT**

190.13 the meanings given.

190.16 care delivery system.

190.24 benefit manager selected under this subdivision must be a prepaid ambulatory health plan,

190.26 (b) When selecting the single pharmacy benefit manager, the commissioner must:

190.29 (2) establish eligibility criteria an entity must meet in order to become the single pharmacy
190.30 benefit manager; and

190.31 (3) enter into a master contract with a single pharmacy benefit manager.

191.17 component of pharmacist services, including a prescription drug, less than the lesser of
191.18 national average drug acquisition cost; the Minnesota actual acquisition cost (MNAAC) as
191.19 defined in section 256B.0625, subdivision 13e, paragraph (i); or the maximum allowable
191.20 cost as defined in section 62W.08 of that pharmacy service or prescription drug, or, if the
191.21 national average drug acquisition cost is unavailable, the wholesale acquisition cost minus
191.22 two percent at the time the drug is administered or dispensed, plus a professional dispensing
191.23 fee equal to the amount of the dispensing fee if it were determined pursuant to section
191.24 256B.0625, subdivision 13e; and

191.25 (6) denying a pharmacy or pharmacist the right to participate as a contract provider under
191.26 the health plan if the pharmacy or pharmacist agrees to provide pharmacy services, including
191.27 but not limited to prescription drugs that meet the terms and requirements set forth by the
191.28 health plan and agrees to the terms of reimbursement set forth by the health plan company.

191.29 (d) Applicants for the single pharmacy benefit manager must disclose to the commissioner
191.30 the following during the procurement process:

191.31 (1) any activity, policy, practice, contract, or arrangement of the single pharmacy benefit
191.32 manager that may directly or indirectly present any conflict of interest with the pharmacy

192.1 benefit manager's relationship with or obligation to the Department of Human Services, a
192.2 health plan company, or a county-based purchasing organization;

192.3 (2) all common ownership, members of a board of directors, managers, or other control
192.4 of the pharmacy benefit manager or any of the pharmacy benefit manager's affiliated

192.21 prescription drug manufacturer or labeler, including formulary management, drug substitution
192.22 programs, educational support claims processing, or data sales fees.

192.23 Subd. 3. **Drug coverage.** (a) The commissioner may require the state pharmacy benefit
192.24 manager to modify utilization review limitations, requirements, and strategies imposed by
192.25 managed care plans on prescription drug coverage.

192.26 (b) The state pharmacy benefit manager is responsible for processing all point of sale
192.27 outpatient pharmacy claims under the managed care delivery system. Managed care plans
192.28 must use the state pharmacy benefit manager pursuant to the terms of the master contract
192.29 required under subdivision 2, paragraph (b), clause (3). The pharmacy benefit manager
192.30 selected is the exclusive pharmacy benefit manager used by health plan companies and
192.31 county-based purchasing organizations when providing coverage to enrollees. The

193.1 commissioner may require the managed care plans and state pharmacy benefit manager to
193.2 directly exchange data and files for members enrolled with managed care plans.

193.3 (c) All payment arrangements between the Department of Human Services, managed
193.4 care plans, and the state pharmacy benefit manager must comply with state and federal
193.5 statutes, regulations adopted by the Centers for Medicare and Medicaid Services, and any

193.7 The commissioner may change a payment arrangement to comply with this paragraph.

193.8 (d) The commissioner must administer and oversee this section to:

193.9 (1) ensure proper administration of prescription drug benefits for managed care enrollees;
193.10 and

193.11 (2) increase the transparency of prescription drug prices and other information for the
193.12 benefit of pharmacies.

193.13 Subd. 4. **Prescription drug disclosures.** (a) The state pharmacy benefit manager must,
193.14 on request from the commissioner, disclose to the commissioner all sources of payment the
193.15 pharmacy benefit manager receives for prescribed drugs, including drug rebates, discounts,
193.16 credits, clawbacks, fees, grants, chargebacks, reimbursements, or other financial benefits
193.17 or payments related to services provided for a managed care plan.

193.18 (b) Each managed care plan must disclose to the commissioner, in the format specified
193.19 by the commissioner, the entity's administrative costs associated with providing pharmacy
193.20 services under the managed care delivery system.

193.21 (c) The state pharmacy benefit manager must provide a written quarterly report to the
193.22 commissioner containing the following information from the immediately preceding quarter:

193.24 the managed care delivery system. The prices must include any rebates the state pharmacy
193.25 benefit manager received from the drug manufacturer;

194.2 from the state pharmacy benefit manager.

194.3 (e) At the time of contract execution, renewal, or modification, the commissioner must
194.4 modify the reporting requirements under its managed care contracts as necessary to meet
194.5 the requirements of this subdivision.

194.6 Subd. 5. **Program authority.** (a) To accomplish the requirements of subdivision 3,
194.7 paragraph (d), the commissioner, in consultation with the Formulary Committee established
194.8 under section 256B.0625, subdivision 13c, has the authority to:

194.9 (1) adopt or develop a preferred drug list for managed care plans;

194.10 (2) at the commissioner's discretion, engage in price negotiations with prescription drug
194.11 manufacturers, wholesalers, or group purchasing organizations in place of the state pharmacy
194.12 benefit manager to obtain price discounts and rebates for prescription drugs for managed
194.13 care enrollees; and

194.14 (3) develop and manage a drug formulary for managed care plans.

194.15 (b) The commissioner may contract with one or more entities to perform any of the
194.16 functions described in paragraph (a).

194.17 Subd. 6. **Pharmacies.** The commissioner may review contracts between the state
194.18 pharmacy benefit manager and pharmacies for compliance with this section and the master
194.19 contract required under subdivision 2, paragraph (b), clause (3). The commissioner may
194.20 amend any term or condition of a contract that does not comply with this section or the
194.21 master contract.

194.22 Subd. 7. **Federal approval.** The commissioner must seek any necessary federal approvals
194.23 to implement this section.

194.24 **EFFECTIVE DATE.** This section is effective January 1, 2027, or upon federal approval,
194.25 whichever is later, except that subdivision 7 is effective the day following final enactment.
194.26 The commissioner of human services shall notify the revisor of statutes when federal approval
194.27 is obtained.

196.4 disorder treatment services and mental health care services delivered through telehealth by
196.5 means of audio-only communication, the communication was initiated by the enrollee while
196.6 in an emergency or crisis situation and a scheduled appointment was not possible due to
196.7 the need of an immediate response. Telehealth does not include communication between
196.8 health care providers that consists solely of a telephone conversation, email, or facsimile

196.11 include telemonitoring services as defined in paragraph (i).

196.12 (i) "Telemonitoring services" means the remote monitoring of clinical data related to
196.13 the enrollee's vital signs or biometric data by a monitoring device or equipment that transmits
196.14 the data electronically to a health care provider for analysis. Telemonitoring is intended to

196.16 in assessing and monitoring the enrollee's medical condition or status.

196.17 **EFFECTIVE DATE.** This section is effective July 1, 2025.

196.18 Sec. 2. Minnesota Statutes 2024, section 62M.17, subdivision 2, is amended to read:

196.19 Subd. 2. **Effect of change in prior authorization clinical criteria.** (a) If, during a plan
196.20 year, or a calendar year for fee-for-service providers under chapters 256B and 256L, a
196.21 utilization review organization changes coverage terms for a health care service or the
196.22 clinical criteria used to conduct prior authorizations for a health care service, the change in
196.23 coverage terms or change in clinical criteria shall not apply until the next plan year, or the
196.24 next calendar year for fee-for-service providers under chapters 256B and 256L, for any
196.25 enrollee who received prior authorization for a health care service using the coverage terms
196.26 or clinical criteria in effect before the effective date of the change.

196.27 (b) Paragraph (a) does not apply if a utilization review organization changes coverage
196.28 terms for a drug or device that has been deemed unsafe by the United States Food and Drug
196.29 Administration (FDA); that has been withdrawn by either the FDA or the product
196.30 manufacturer; or when an independent source of research, clinical guidelines, or
196.31 evidence-based standards has issued drug- or device-specific warnings or recommended
196.32 changes in drug or device usage.

196.33 (c) Paragraph (a) does not apply if a utilization review organization changes coverage
196.34 terms for a service or the clinical criteria used to conduct prior authorizations for a service

when an independent source of research, clinical guidelines, or evidence-based standards has recommended changes in usage of the service for reasons related to patient harm. This paragraph expires December 31, 2025, for health benefit plans offered, sold, issued, or renewed on or after that date.

(d) Effective January 1, 2026, and applicable to health benefit plans offered, sold, issued, or renewed on or after that date, paragraph (a) does not apply if a utilization review organization changes coverage terms for a service or the clinical criteria used to conduct prior authorizations for a service when an independent source of research, clinical guidelines, or evidence-based standards has recommended changes in usage of the service for reasons related to previously unknown and imminent patient harm.

(e) Paragraph (a) does not apply if a utilization review organization removes a brand name drug from its formulary or places a brand name drug in a benefit category that increases the enrollee's cost, provided the utilization review organization (1) adds to its formulary a generic or multisource brand name drug rated as therapeutically equivalent according to the FDA Orange Book, or a biologic drug rated as interchangeable according to the FDA Purple Book, at a lower cost to the enrollee, and (2) provides at least a 60-day notice to prescribers, pharmacists, and affected enrollees.

Sec. 3. Minnesota Statutes 2024, section 256.9657, is amended by adding a subdivision to read:

Subd. 2b. **Hospital assessment.** (a) For purposes of this subdivision, the following terms have the meanings given:

(1) "eligible hospital" means a hospital licensed under section 144.50 and located in Minnesota;

(2) "net outpatient revenue" means the value reflecting total outpatient revenue less Medicare revenue as calculated from Worksheet G of the hospital's most recent Medicare cost report filed and showing in the Healthcare Cost Report Information System (HCRIS) as of August 1 of each year; and

(3) "total patient days" means the value reflecting total hospital inpatient days as reported on Worksheet S-3 of the hospital's most recent Medicare cost report filed and showing in HCRIS as of August 1 of each year.

(b) Subject to paragraphs (k) to (n), each eligible hospital must pay to the hospital directed payment program account assessments in an aggregate annual amount equal to the sum of the following:

198.1 (1) \$120.22 multiplied by total patient days; and

198.2 (2) 5.96 percent of the hospital's net outpatient revenue.

198.3 (c) The assessment amount for calendar years 2026 and 2027 must be based on the total
198.4 patient days and net outpatient revenue in 2021 for each eligible hospital.

198.5 (d) The commissioner may, after consultation with the Minnesota Hospital Association,
198.6 modify the rates of assessment in paragraph (b) as necessary to comply with federal law,
198.7 obtain or maintain a waiver under Code of Federal Regulations, title 42, section 433.72, or
198.8 to otherwise maximize under this section federal financial participation for medical assistance.
198.9 Notwithstanding the foregoing authorization to maximize federal financial participation for
198.10 medical assistance, the commissioner must reduce the rates of assessment in paragraph (b)
198.11 as necessary to ensure:

198.12 (1) the state's aggregated health care-related taxes on inpatient hospital services do not
198.13 exceed five percent of the net patient revenue attributable to those services; and

198.14 (2) the state's aggregated health care-related taxes on outpatient hospital services do not
198.15 exceed five percent of the net patient revenue attributable to those services.

198.16 (e) Eligible hospitals must pay the annual assessment amount under paragraph (b) to the
198.17 commissioner by paying four equal quarterly assessments. Eligible hospitals must pay the
198.18 quarterly assessments by January 1, April 1, July 1, and October 1 each year. Eligible
198.19 hospitals must pay the assessments in the form and manner specified by the commissioner.
198.20 An eligible hospital is prohibited from paying a quarterly assessment until the eligible
198.21 hospital has received the applicable invoice under paragraph (f). The commissioner may
198.22 make the assessment retroactive to the first quarter for which federal approval is effective.

198.23 (f) The commissioner must provide eligible hospitals with an invoice by December 1
198.24 for the assessment due January 1, March 1 for the assessment due April 1, June 1 for the
198.25 assessment due July 1, and September 1 for the assessment due October 1 each year.

198.26 (g) The commissioner must notify each eligible hospital of its estimated annual assessment
198.27 amount for the subsequent calendar year by October 15 each year.

198.28 (h) If any of the dates for assessments or invoices in paragraphs (e) to (g) fall on a
198.29 holiday, the applicable date is the next business day.

198.30 (i) A hospital is not required to pay an assessment under this subdivision until the start
198.31 of the first full fiscal year the hospital is an eligible hospital. A hospital that has merged
198.32 with another hospital must have the hospital's assessment revised at the start of the first full

199.1 fiscal year after the merger is complete. A closed hospital is retroactively responsible for
199.2 assessments owed for services provided through the final date of operations.

199.3 (j) If the commissioner determines that a hospital has underpaid or overpaid an
199.4 assessment, the commissioner must notify the hospital of the unpaid assessment or of any
199.5 refund due.

199.6 (k) Revenue from an assessment under this subdivision must only be used by the
199.7 commissioner to pay the nonfederal share of the directed payment program under section
199.8 256B.1974.

199.9 (l) The commissioner is prohibited from collecting any assessment under this subdivision
199.10 during any period of time when:

199.11 (1) federal financial participation is unavailable, disallowed, or reduced by at least 15
199.12 percent relative to the state's share of medical assistance as of April 1, 2025; or

199.13 (2) a directed payment under section 256B.1974 is not approved by the Centers for
199.14 Medicare and Medicaid Services.

199.15 (m) The commissioner must make the following discounts from the inpatient portion of
199.16 the assessment under paragraph (b), clause (1), in the stated amount or as necessary to
199.17 achieve federal approval of the assessment in this section:

199.18 (1) for Hennepin Healthcare, a discount of 25 percent off the inpatient portion of the
199.19 assessment rate;

199.20 (2) for Mayo Rochester, a discount of ten percent off the inpatient portion of the
199.21 assessment rate; and

199.22 (3) for Gillette Children's Hospital, a discount of 90 percent off the inpatient portion of
199.23 the assessment rate.

199.24 (n) The commissioner must make the following discounts from the outpatient portion
199.25 of the assessment under paragraph (b), clause (2), in the stated amount or as necessary to
199.26 achieve federal approval of the assessment in this section:

199.27 (1) for each critical access hospital or independent hospital located outside a city of the
199.28 first class and paid under the Medicare prospective payment system, a discount of 40 percent
199.29 off the outpatient portion of the assessment rate;

199.30 (2) for Gillette Children's Hospital, a discount of 90 percent off the outpatient portion
199.31 of the assessment rate;

200.1 (3) for Hennepin Healthcare, a discount of 60 percent off the outpatient portion of the
200.2 assessment rate; and

200.3 (4) for Mayo Rochester, a discount of 20 percent off the outpatient portion of the
200.4 assessment rate.

200.5 (o) The commissioner must fully exempt the following from the assessment in this
200.6 section:

200.7 (1) federal Indian Health Service facilities;

200.8 (2) state-owned or state-operated regional treatment centers and all state-operated services;

200.9 (3) federal Veterans Administration Medical Centers; and

200.10 (4) long-term acute care hospitals.

200.11 (p) If the federal share of the hospital directed payment program under section 256B.1974
200.12 is increased as the result of an increase to the federal medical assistance percentage, then
200.13 the commissioner must reduce the assessment on a uniform percentage basis across eligible
200.14 hospitals on which the assessment is imposed, such that the aggregate amount collected
200.15 from hospitals under this subdivision does not exceed the total amount needed to maintain
200.16 the same aggregate state and federal funding level for the directed payments authorized by
200.17 section 256B.1974.

200.18 (q) Hospitals subject to the assessment under this subdivision must submit to the
200.19 commissioner on an annual basis, in the form and manner specified by the commissioner
200.20 in consultation with the Minnesota Hospital Association, all documentation necessary to
200.21 determine the assessment amounts under this subdivision.

200.22 (r) Any disproportionate share hospital payments that are supplanted due to the
200.23 implementation of the hospital directed payment program under section 256B.1974 must
200.24 be redirected into the hospital directed payment program as an offset to the assessment
200.25 under this section owed by all medical assistance disproportionate share hospitals as defined
200.26 in section 256.969, subdivision 9, and reduce their assessments on a uniform basis.

200.27 (s) Any future state funding sources identified and used toward the hospital directed
200.28 payment program under section 256B.1974 may be used to offset the assessment under this
200.29 section.

200.30 **EFFECTIVE DATE.** (a) This section is effective the later of January 1, 2026, or federal
200.31 approval of all of the following:

200.32 (1) this section; and

201.1 (2) the amendments in this act to Minnesota Statutes, sections 256B.1973 and 256B.1974.

201.2 (b) The commissioner of human services shall notify the revisor of statutes when federal
201.3 approval for all amendments set forth in paragraph (a) is obtained.

201.4 Sec. 4. Minnesota Statutes 2024, section 256.969, subdivision 2b, is amended to read:

201.5 Subd. 2b. **Hospital payment rates.** (a) For discharges occurring on or after November
201.6 1, 2014, hospital inpatient services for hospitals located in Minnesota shall be paid according
201.7 to the following:

201.8 (1) critical access hospitals as defined by Medicare shall be paid using a cost-based
201.9 methodology;

201.10 (2) long-term hospitals as defined by Medicare shall be paid on a per diem methodology
201.11 under subdivision 25;

201.12 (3) rehabilitation hospitals or units of hospitals that are recognized as rehabilitation
201.13 distinct parts as defined by Medicare shall be paid according to the methodology under
201.14 subdivision 12; and

201.15 (4) all other hospitals shall be paid on a diagnosis-related group (DRG) methodology.

201.16 (b) For the period beginning January 1, 2011, through October 31, 2014, rates shall not
201.17 be rebased, except that a Minnesota long-term hospital shall be rebased effective January
201.18 1, 2011, based on its most recent Medicare cost report ending on or before September 1,
201.19 2008, with the provisions under subdivisions 9 and 23, based on the rates in effect on
201.20 December 31, 2010. For rate setting periods after November 1, 2014, in which the base
201.21 years are updated, a Minnesota long-term hospital's base year shall remain within the same
201.22 period as other hospitals.

201.23 (c) Effective for discharges occurring on and after November 1, 2014, payment rates
201.24 for hospital inpatient services provided by hospitals located in Minnesota or the local trade
201.25 area, except for the hospitals paid under the methodologies described in paragraph (a),
201.26 clauses (2) and (3), shall be rebased, incorporating cost and payment methodologies in a
201.27 manner similar to Medicare. The base year or years for the rates effective November 1,
201.28 2014, shall be calendar year 2012. The rebasing under this paragraph shall be budget neutral,
201.29 ensuring that the total aggregate payments under the rebased system are equal to the total
201.30 aggregate payments that were made for the same number and types of services in the base
201.31 year. Separate budget neutrality calculations shall be determined for payments made to
201.32 critical access hospitals and payments made to hospitals paid under the DRG system. Only
201.33 the rate increases or decreases under subdivision 3a or 3c that applied to the hospitals being

202.1 rebased during the entire base period shall be incorporated into the budget neutrality
202.2 calculation.

202.3 (d) For discharges occurring on or after November 1, 2014, through the next rebasing
202.4 that occurs, the rebased rates under paragraph (c) that apply to hospitals under paragraph
202.5 (a), clause (4), shall include adjustments to the projected rates that result in no greater than
202.6 a five percent increase or decrease from the base year payments for any hospital. Any
202.7 adjustments to the rates made by the commissioner under this paragraph and paragraph (e)
202.8 shall maintain budget neutrality as described in paragraph (c).

202.9 (e) For discharges occurring on or after November 1, 2014, the commissioner may make
202.10 additional adjustments to the rebased rates, and when evaluating whether additional
202.11 adjustments should be made, the commissioner shall consider the impact of the rates on the
202.12 following:

202.13 (1) pediatric services;

202.14 (2) behavioral health services;

202.15 (3) trauma services as defined by the National Uniform Billing Committee;

202.16 (4) transplant services;

202.17 (5) obstetric services, newborn services, and behavioral health services provided by
202.18 hospitals outside the seven-county metropolitan area;

202.19 (6) outlier admissions;

202.20 (7) low-volume providers; and

202.21 (8) services provided by small rural hospitals that are not critical access hospitals.

202.22 (f) Hospital payment rates established under paragraph (c) must incorporate the following:

202.23 (1) for hospitals paid under the DRG methodology, the base year payment rate per
202.24 admission is standardized by the applicable Medicare wage index and adjusted by the
202.25 hospital's disproportionate population adjustment;

202.26 (2) for critical access hospitals, payment rates for discharges between November 1, 2014,
202.27 and June 30, 2015, shall be set to the same rate of payment that applied for discharges on
202.28 October 31, 2014;

202.29 (3) the cost and charge data used to establish hospital payment rates must only reflect
202.30 inpatient services covered by medical assistance; and

(4) in determining hospital payment rates for discharges occurring on or after the rate year beginning January 1, 2011, through December 31, 2012, the hospital payment rate per discharge shall be based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year or years. In determining hospital payment rates for discharges in subsequent base years, the per discharge rates shall be based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year or years.

(g) The commissioner shall validate the rates effective November 1, 2014, by applying the rates established under paragraph (c), and any adjustments made to the rates under paragraph (d) or (e), to hospital claims paid in calendar year 2013 to determine whether the total aggregate payments for the same number and types of services under the rebased rates are equal to the total aggregate payments made during calendar year 2013.

(h) Effective for discharges occurring on or after July 1, 2017, and every two years thereafter, payment rates under this section shall be rebased to reflect only those changes in hospital costs between the existing base year or years and the next base year or years. In any year that inpatient claims volume falls below the threshold required to ensure a statistically valid sample of claims, the commissioner may combine claims data from two consecutive years to serve as the base year. Years in which inpatient claims volume is reduced or altered due to a pandemic or other public health emergency shall not be used as a base year or part of a base year if the base year includes more than one year. Changes in costs between base years shall be measured using the lower of the hospital cost index defined in subdivision 1, paragraph (a), or the percentage change in the case mix adjusted cost per claim. The commissioner shall establish the base year for each rebasing period considering the most recent year or years for which filed Medicare cost reports are available, except that the base years for the rebasing effective July 1, 2023, are calendar years 2018 and 2019. The estimated change in the average payment per hospital discharge resulting from a scheduled rebasing must be calculated and made available to the legislature by January 15 of each year in which rebasing is scheduled to occur, and must include by hospital the differential in payment rates compared to the individual hospital's costs.

(i) Effective for discharges occurring on or after July 1, 2015, inpatient payment rates for critical access hospitals located in Minnesota or the local trade area shall be determined using a new cost-based methodology. The commissioner shall establish within the methodology tiers of payment designed to promote efficiency and cost-effectiveness. Payment rates for hospitals under this paragraph shall be set at a level that does not exceed the total cost for critical access hospitals as reflected in base year cost reports. Until the

204.1 next rebasing that occurs, the new methodology shall result in no greater than a five percent
204.2 decrease from the base year payments for any hospital, except a hospital that had payments
204.3 that were greater than 100 percent of the hospital's costs in the base year shall have their
204.4 rate set equal to 100 percent of costs in the base year. The rates paid for discharges on and
204.5 after July 1, 2016, covered under this paragraph shall be increased by the inflation factor
204.6 in subdivision 1, paragraph (a). The new cost-based rate shall be the final rate and shall not
204.7 be settled to actual incurred costs. Hospitals shall be assigned a payment tier based on the
204.8 following criteria:

204.9 (1) hospitals that had payments at or below 80 percent of their costs in the base year
204.10 shall have a rate set that equals 85 percent of their base year costs;

204.11 (2) hospitals that had payments that were above 80 percent, up to and including 90
204.12 percent of their costs in the base year shall have a rate set that equals 95 percent of their
204.13 base year costs; and

204.14 (3) hospitals that had payments that were above 90 percent of their costs in the base year
204.15 shall have a rate set that equals 100 percent of their base year costs.

204.16 (j) The commissioner may refine the payment tiers and criteria for critical access hospitals
204.17 to coincide with the next rebasing under paragraph (h). The factors used to develop the new
204.18 methodology may include, but are not limited to:

204.19 (1) the ratio between the hospital's costs for treating medical assistance patients and the
204.20 hospital's charges to the medical assistance program;

204.21 (2) the ratio between the hospital's costs for treating medical assistance patients and the
204.22 hospital's payments received from the medical assistance program for the care of medical
204.23 assistance patients;

204.24 (3) the ratio between the hospital's charges to the medical assistance program and the
204.25 hospital's payments received from the medical assistance program for the care of medical
204.26 assistance patients;

204.27 (4) the statewide average increases in the ratios identified in clauses (1), (2), and (3);

204.28 (5) the proportion of that hospital's costs that are administrative and trends in
204.29 administrative costs; and

204.30 (6) geographic location.

204.31 (k) Subject to subdivision 2g, effective for discharges occurring on or after January 1,
204.32 2024, the rates paid to hospitals described in paragraph (a), clauses (2) to (4), must include

a rate factor specific to each hospital that qualifies for a medical education and research cost distribution under section 62J.692, subdivision 4, paragraph (a).

(1) Effective for discharges occurring on or after January 1, 2028, or on or after the date of federal approval, whichever is later, the commissioner must increase:

(1) payments for inpatient behavioral health services provided by hospitals paid under the DRG methodology by increasing the adjustment for behavioral health services under section 256.969, subdivision 2b, paragraph (e); and

(2) capitation payments made to managed care plans and county-based purchasing plans to reflect the rate increase provided under this paragraph. Managed care and county-based purchasing plans must use the capitation rate increase provided under this clause to increase payment rates for inpatient behavioral health services provided by hospitals paid under the DRG methodology. The commissioner must monitor the effect of this rate increase on enrollee access to behavioral health services. If for any contract year federal approval is not received for this clause, the commissioner must adjust the capitation rates paid to managed care plans and county-based purchasing plans for that contract year to reflect the removal of this clause. Contracts between managed care plans and county-based purchasing plans and providers to whom this paragraph applies must allow recovery of payments from those providers if capitation rates are adjusted in accordance with this clause. Payment recoveries must not exceed the amount equal to any increase in rates that results from this paragraph.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2024, section 256B.0625, subdivision 3b, is amended to read:

Subd. 3b. **Telehealth services.** (a) Medical assistance covers medically necessary services and consultations delivered by a health care provider through telehealth in the same manner as if the service or consultation was delivered through in-person contact. Services or consultations delivered through telehealth shall be paid at the full allowable rate.

(b) The commissioner may establish criteria that a health care provider must attest to in order to demonstrate the safety or efficacy of delivering a particular service through telehealth. The attestation may include that the health care provider:

(1) has identified the categories or types of services the health care provider will provide through telehealth;

(2) has written policies and procedures specific to services delivered through telehealth that are regularly reviewed and updated;

206.1 (3) has policies and procedures that adequately address patient safety before, during,
206.2 and after the service is delivered through telehealth;

215.2 FQHC or rural health clinic;

215.3 (10) for FQHCs and rural health clinics seeking a change in scope with the commissioner

215.15 under clause (3) or encounters result in an increase or decrease of 2.5 percent or higher in
215.16 the medical or dental organization encounter rate, and if this is the case, the commissioner
215.17 shall revise the rate accordingly and shall adjust payments retrospectively to the effective

215.20 Administration approval, the FQHC and rural health clinic shall submit the request to the
215.21 commissioner before implementing the change, and the effective date of the change is the

215.32 area. If this information is not available, the commissioner may use Medicare cost reports
215.33 or audited financial statements to establish base rates;

216.1 (13) the commissioner, when establishing organization encounter rates under this section
216.2 for FQHCs and rural health clinics resulting from a merger of existing clinics or the
216.3 acquisition of an existing clinic by another existing clinic, must use the combined costs and
216.4 caseloads from the clinics participating in the merger or acquisition to set the encounter rate
216.5 for the new clinic organization resulting from the merger or acquisition. The scope of services
216.6 for the newly formed clinic must be inclusive of the scope of services of the clinics
216.7 participating in the merger or acquisition;

216.8 ~~(13)~~ (14) the commissioner shall establish a quality measures workgroup that includes

216.16 center operating under a 638 contract or compact may elect to also enroll as a Tribal FQHC.
216.17 Requirements that otherwise apply to an FQHC covered in this subdivision do not apply to
216.18 a Tribal FQHC enrolled under this paragraph, except that any requirements necessary to
216.19 comply with federal regulations do apply to a Tribal FQHC. The commissioner shall establish
216.20 an alternative payment method for a Tribal FQHC enrolled under this paragraph that uses
216.21 the same method and rates applicable to a Tribal facility or health center that does not enroll
216.22 as a Tribal FQHC.

216.23 (n) FQHC reimbursement for mental health targeted case management services is limited
216.24 to:

216.25 (1) only those services described under section 256B.0625, subdivision 20, and provided
216.26 in accordance with contracts executed with counties authorized to subcontract for mental
216.27 health targeted case management services; and

216.28 (2) an FQHC's actual incurred costs as separately reported on the cost report submitted
216.29 to the Centers for Medicare and Medicaid Services and further identified in reports submitted
216.30 to the commissioner.

216.31 (o) Counties contracting with FQHCs for mental health targeted case management remain
216.32 responsible for the nonfederal share of the cost of the provided mental health targeted case
216.33 management services. The commissioner must bill each county for the nonfederal share of
216.34 the mental health targeted case management costs as reported by the FQHC.

217.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

217.2 Sec. 9. Minnesota Statutes 2024, section 256B.0625, subdivision 54, is amended to read:

217.3 Subd. 54. **Services provided in birth centers.** (a) Medical assistance covers services

217.22 shall be paid at the lower of billed charges or 100 percent of the rate paid to a physician
217.23 performing the same services. If a recipient is transported from a birth center to a hospital
217.24 prior to the delivery, a licensed traditional midwife who does not perform the delivery may
217.25 not bill for any delivery services. Services are not covered if provided by an unlicensed
217.26 traditional midwife.

217.27 (e) Licensed health professionals working in licensed birth centers shall be reimbursed
217.28 for the full range of maternity care and newborn care services within their scope of practice,
217.29 regardless of place of service. The commissioner shall review current birth center

217.31 revisions to current payment practices in order to ensure reimbursement for the full range
217.32 of maternity care and newborn care services, including but not limited to:

218.1 (1) professional services for intrapartum care when a recipient is transferred from a birth
218.2 center to a hospital prior to delivery;

218.3 (2) professional services billed with a home place of service code by a licensed health
218.4 professional within their scope of practice;

218.5 (3) professional services when a licensed health professional provides any Minnesota

218.14 maternity care services within their scope of practice, regardless of place of service, as
218.15 determined in paragraph (e) at no less than the medical assistance fee for service fee schedule
218.16 for the year in which the service is provided.

218.17 ~~(e)~~ (g) The commissioner shall apply for any necessary waivers from the Centers for
218.18 Medicare and Medicaid Services to allow birth centers and birth center providers to be
218.19 reimbursed.

218.20 Sec. 10. Minnesota Statutes 2024, section 256B.0625, is amended by adding a subdivision
218.21 to read:

218.22 Subd. 54a. **Home birth.** (a) For purposes of this subdivision, the following terms have
218.23 the meanings given:

218.24 (1) "birth services" means prenatal, labor, birth, and postpartum services;

218.25 (2) "eligible provider" means a licensed or certified health care professional eligible for
218.26 reimbursement under the medical assistance program; and

218.27 (3) "low-risk patient for birth services" means a person undergoing a normal,
218.28 uncomplicated prenatal course as determined by documentation of adequate prenatal care
218.29 who anticipates a normal, uncomplicated labor and birth, as defined by reasonable and
218.30 generally accepted criteria adopted by professional groups for maternal, fetal, and neonatal
218.31 health care.

219.1 (b) Medical assistance covers birth services provided at home when the following
219.2 conditions are met:

219.3 (1) the birth services are provided by an eligible provider whose scope of practice and
219.4 experience includes home birth;

219.5 (2) the recipient is a low-risk patient for birth services; and

219.6 (3) the recipient has a plan of care that includes:

219.7 (i) a consent form detailing the risks and benefits of home birth signed by the recipient;

219.8 (ii) sufficient visits, test results, and follow-up consultations as needed to establish that
219.9 the recipient is a low-risk patient for birth services; and

219.10 (iii) a plan for transfer to a hospital as needed.

219.11 (c) Services provided under this subdivision by an eligible provider must be paid at a
219.12 rate at least equal to 100 percent of the rate paid to a physician performing the same services.
219.13 An eligible provider who does not perform the delivery must not bill for any delivery
219.14 services.

219.15 (d) Supplies used for birth services under this subdivision must be paid at 70 percent of
219.16 the statewide average for a facility payment rate made to a hospital for an uncomplicated
219.17 vaginal delivery as determined using the most recent calendar year for which complete
219.18 claims data are available. If a recipient is transported from a home to a hospital prior to the
219.19 delivery, the payment for the supplies used for birth services under this subdivision must
219.20 be the lower of billed charges or 15 percent of the statewide average for a facility payment
219.21 rate made to a hospital for the services provided for an uncomplicated vaginal delivery as
219.22 determined using the most recent calendar year for which complete claims data are available.

219.23 **EFFECTIVE DATE.** This section is effective January 1, 2026, or upon federal approval,
219.24 whichever is later. The commissioner of human services shall notify the revisor of statutes
219.25 when federal approval is obtained.

219.26 Sec. 11. Minnesota Statutes 2024, section 256B.0757, subdivision 5, is amended to read:

219.27 Subd. 5. **Payments.** (a) The commissioner shall make payments to each designated
219.28 provider for the provision of health home services described in subdivision 3 to each eligible
219.29 individual under subdivision 2 that selects the health home as a provider. This paragraph
219.30 expires on the date that paragraph (b) becomes effective.

219.31 (b) Effective January 1, 2028, or upon federal approval, whichever is later, the
219.32 commissioner shall make payments to each designated provider for the provision of health

220.1 home services described in subdivision 3, except for behavioral health services, to each
220.2 eligible individual under subdivision 2 who selects the health home as a provider.

220.3 Sec. 12. Minnesota Statutes 2024, section 256B.0757, is amended by adding a subdivision
220.4 to read:

220.5 Subd. 5a. **Payments for behavioral health home services.** (a) Notwithstanding
220.6 subdivision 5, the commissioner must implement a single statewide reimbursement rate for
220.7 behavioral health home services under this section. The rate must be no less than \$425 per
220.8 member per month. The commissioner must adjust the reimbursement rate for behavioral
220.9 health home services annually according to the change from the midpoint of the previous
220.10 rate year to the midpoint of the rate year for which the rate is being determined using the
220.11 Centers for Medicare and Medicaid Services Medicare Economic Index as forecasted in
220.12 the fourth quarter of the calendar year before the rate year.

220.13 (b) The commissioner must review and update the behavioral health home services rate
220.14 under paragraph (a) at least every four years. The updated rate must account for the average
220.15 hours required for behavioral health home team members spent providing services and the
220.16 Department of Labor prevailing wage for required behavioral health home team members.
220.17 The updated rate must ensure that behavioral health home services rates are sufficient to
220.18 allow providers to meet required certifications, training, and practice transformation
220.19 standards; staff qualification requirements; and service delivery standards.

220.20 (c) Managed care plans and county-based purchasing plans must reimburse providers
220.21 at an amount that is at least equal to the fee-for-service rate for services under this
220.22 subdivision. The commissioner must monitor the effect of this rate increase on enrollee
220.23 access to services under this subdivision. If for any contract year federal approval is not
220.24 received for this paragraph, the commissioner must adjust the capitation rates paid to managed
220.25 care plans and county-based purchasing plans for that contract year to reflect the removal
220.26 of this paragraph. Contracts between managed care plans and county-based purchasing
220.27 plans and providers to whom this paragraph applies must allow recovery of payments from
220.28 those providers if capitation rates are adjusted in accordance with this paragraph. Payment
220.29 recoveries must not exceed the amount equal to any increase in rates that results from this
220.30 paragraph.

220.31 (d) This subdivision is effective January 1, 2028, or upon federal approval, whichever
220.32 is later.

221.1 Sec. 13. Minnesota Statutes 2024, section 256B.1973, is amended by adding a subdivision
221.2 to read:

221.3 Subd. 9. **Interaction with other directed payments.** An eligible provider under
221.4 subdivision 3 may participate in the hospital directed payment program under section
221.5 256B.1974 for inpatient hospital services, outpatient hospital services, or both. A provider
221.6 participating in the hospital directed payment program must not receive a directed payment
221.7 under this section for any provider classes paid via the hospital directed payment program.
221.8 A hospital subject to this section must notify the commissioner in writing no later than 30
221.9 days after enactment of this subdivision of its intention to participate in the hospital directed
221.10 payment program under section 256B.1974 for inpatient hospital services, outpatient hospital
221.11 services, or both. The election under this subdivision is a onetime election, except that if
221.12 an eligible provider elects to participate in the hospital directed payment program, and the
221.13 hospital directed payment program expires, then the eligible provider may thereafter elect
221.14 to participate in the directed payment program under this section.

221.15 **EFFECTIVE DATE.** (a) This section is effective on the later of January 1, 2026, or
221.16 federal approval of all of the following:

221.17 (1) this section;

221.18 (2) the amendments in this act to add Minnesota Statutes, section 256.9657, subdivision
221.19 2b; and

221.20 (3) the amendments in this act to Minnesota Statutes, section 256B.1974.

221.21 (b) The commissioner of human services shall notify the revisor of statutes when federal
221.22 approval for all amendments set forth in paragraph (a) is obtained.

221.23 Sec. 14. **[256B.1974] HOSPITAL DIRECTED PAYMENT PROGRAM.**

221.24 Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have
221.25 the meanings given.

221.26 (b) "Health plan" means a managed care plan or county-based purchasing plan that is
221.27 under contract with the commissioner to deliver services to medical assistance enrollees
221.28 under section 256B.69.

221.29 (c) "Hospital" means a hospital licensed under section 144.50.

221.30 Subd. 2. **Required conditions for program.** The hospital directed payment program is
221.31 contingent on the satisfaction of all requirements necessary for the collection of an assessment

222.1 under section 256.9657, and must conform with the requirements for permissible directed
222.2 managed care organization expenditures under section 256B.6928, subdivision 5.

222.3 Subd. 3. **Commissioner's duties; state-directed fee schedule requirement.** (a) For
222.4 each federally approved directed payment program that is a state-directed fee schedule
222.5 requirement that includes a quarterly payment amount to be submitted by each health plan
222.6 to each hospital, the commissioner must determine the quarterly payment amount using the
222.7 average commercial payer rate, or using another method acceptable to the Centers for
222.8 Medicare and Medicaid Services if the average commercial payer rate is not approved. The
222.9 commissioner must ensure that the application of the quarterly payment amounts maximizes
222.10 the amount generated by the hospital assessment in section 256.9657, subdivision 2b, for
222.11 allowable directed payments and does not result in payments exceeding federal limits.

222.12 (b) The commissioner must use an annual settle-up process that occurs within the time
222.13 period allowed for medical assistance managed care claims adjustments.

222.14 (c) On and after January 1, 2028, if the federal regulations set forth in Code of Federal
222.15 Regulations, title 42, parts 430, 438, and 457, remain effective, the hospital directed payment
222.16 program must be specific to each health plan and prospectively incorporated into capitation
222.17 payments for that plan.

222.18 (d) For each federally approved directed payment program that is a state-directed fee
222.19 schedule requirement, the commissioner must develop a plan for the initial implementation
222.20 of the state-directed fee schedule requirement to ensure that hospitals receive the entire
222.21 permissible value of the federally approved directed payment. If federal approval of a
222.22 directed payment under this subdivision is retroactive, the commissioner must make a
222.23 onetime pro rata increase to the quarterly payment amount and the initial payments to include
222.24 claims submitted between the retroactive federal approval date and the period captured by
222.25 the initial payments.

222.26 (e) Directed payments under this section must only be used to supplement, and not
222.27 supplant, medical assistance reimbursement to hospitals. The directed payment program
222.28 must not modify, reduce, or offset the medical assistance payment rates determined for each
222.29 hospital as required by section 256.969.

222.30 (f) The commissioner must require health plans to make quarterly directed payments
222.31 according to this section.

222.32 (g) Health plans must make quarterly directed payments using electronic funds transfers,
222.33 if the hospital provides the information necessary to process such transfers, and in accordance

223.1 with directions provided by the commissioner. Health plans must make quarterly directed
223.2 payments:

223.3 (1) for the first two quarters for which such payments are due, within 30 calendar days
223.4 of the date the commissioner issued sufficient payments to the health plan to make the
223.5 directed payments according to this section; and

223.6 (2) for all subsequent quarters, within ten calendar days of the date the commissioner
223.7 issued sufficient payments to the health plan to make the directed payments according to
223.8 this section.

223.9 (h) The commissioner must publish on the Department of Human Services' website, on
223.10 a quarterly basis, the dates that the health plans completed their required quarterly payments
223.11 under this section.

223.12 (i) Payments to health plans that would be paid consistent with actuarial certification
223.13 and enrollment in the absence of the increased capitation payments under this section must
223.14 not be reduced as a result of this section.

223.15 (j) The commissioner must publish all directed payments owed to each hospital from
223.16 each health plan on the department's website for at least two years. All calculations and
223.17 reports must be posted no later than the first day of the quarter for which the payments are
223.18 to be issued.

223.19 (k) By December 1 each year, the commissioner must notify each hospital of any changes
223.20 to the payment methodologies in this section, including but not limited to changes in the
223.21 directed payment rates, the aggregate directed payment amount for all hospitals, and the
223.22 hospital's directed payment amount for the upcoming calendar year.

223.23 (l) The commissioner must distribute payments required under this section for each
223.24 hospital within 30 days of a quarterly assessment under section 256.9657, subdivision 2b,
223.25 being received. The commissioner must pay the directed payments to health plans under
223.26 contract no later than January 1, April 1, July 1, and October 1 each year.

223.27 (m) A hospital is not entitled to payments under this section until the start of the first
223.28 full fiscal year it is an eligible hospital. A hospital that has merged with another hospital
223.29 must have its payments under this section revised at the start of the first full fiscal year after
223.30 the merger is complete. A closed hospital is entitled to the payments under this section for
223.31 services provided through the final date of operations.

223.32 Subd. 4. **Health plan duties; submission of claims.** Each health plan must submit to
223.33 the commissioner, in accordance with its contract with the commissioner to serve as a

224.1 managed care organization in medical assistance, payment information for each claim paid
224.2 to a hospital for services provided to a medical assistance enrollee. Health plans must allow
224.3 each hospital to review the health plan's own paid claims detail to enable proper validation
224.4 that the medical assistance managed care claims volume and content is consistent with the
224.5 hospital's internal records. To support the validation process for the directed payment
224.6 program, health plans must permit the commissioner to share inpatient and outpatient
224.7 claims-level details with hospitals identifying only those claims where the prepaid medical
224.8 assistance program under section 256B.69 is the payer source. Hospitals must provide notice
224.9 of discrepancies in claims paid to the commissioner in a form determined by the
224.10 commissioner. The commissioner is authorized to determine the final disposition of the
224.11 validation process for disputed claims.

224.12 Subd. 5. **Health plan duties; directed payment add-on.** (a) Each health plan must
224.13 make, in accordance with its contract with the commissioner to serve as a managed care
224.14 organization in medical assistance, a directed payment to each hospital. The amount of the
224.15 directed payment to the hospital must be equal to the payment amounts the plan received
224.16 from the commissioner for the hospital.

224.17 (b) Health plans are prohibited from:

224.18 (1) setting, establishing, or negotiating reimbursement rates with a hospital in a manner
224.19 that directly or indirectly takes into account a directed payment that a hospital receives
224.20 under this section;

224.21 (2) unnecessarily delaying a directed payment to a hospital; or

224.22 (3) recouping or offsetting a directed payment for any reason, except as expressly
224.23 authorized by the commissioner.

224.24 Subd. 6. **Hospital duties; quarterly supplemental directed payment add-on.** (a) A
224.25 hospital receiving a directed payment under this section is prohibited from:

224.26 (1) setting, establishing, or negotiating reimbursement rates with a managed care
224.27 organization in a manner that directly or indirectly takes into account a directed payment
224.28 that a hospital receives under this section; or

224.29 (2) directly passing on the cost of an assessment to patients or nonmedical assistance
224.30 payers, including as a fee or rate increase.

224.31 (b) A hospital that violates this subdivision is prohibited from receiving a directed
224.32 payment under this section for the remainder of the rate year. This subdivision does not
224.33 prohibit a hospital from negotiating with a payer for a rate increase.

225.1 (c) Any hospital receiving a directed payment under this section must meet the
225.2 commissioner's standards for directed payments as described in subdivision 7.

225.3 Subd. 7. **State minimum policy goals established.** (a) The effect of the directed
225.4 payments under this section must align with the state's policy goals for medical assistance
225.5 enrollees. The directed payments must be used to maintain quality and access to a full range
225.6 of health care delivery mechanisms for medical assistance enrollees, and specifically provide
225.7 improvement for one of the following quality measures:

225.8 (1) overall well child visit rates;

225.9 (2) maternal depression screening rates; or

225.10 (3) colon cancer screening rates.

225.11 (b) The commissioner, in consultation with the Minnesota Hospital Association, must
225.12 submit to the Centers for Medicare and Medicaid Services quality measures performance
225.13 evaluation criteria and a methodology to regularly measure access to care and the
225.14 achievement of state policy goals described in this subdivision.

225.15 (c) The quality measures evaluation data, as determined by paragraph (b), must be
225.16 reported to the Centers for Medicare and Medicaid Services after at least 12 months of
225.17 directed payments to hospitals.

225.18 Subd. 8. **Administrative review.** Before making the payments required under this
225.19 section, and on at least an annual basis, the commissioner must consult with and provide
225.20 for review of the payment amounts by a permanent select committee established by the
225.21 Minnesota Hospital Association. Any data or information reviewed by members of the
225.22 committee are data not on individuals, as defined in section 13.02. The committee's members
225.23 must not include any current employee or paid consultant of any hospital.

225.24 **EFFECTIVE DATE.** (a) This section is effective the later of January 1, 2026, or federal
225.25 approval for all of the following:

225.26 (1) the amendments in this act to add Minnesota Statutes, section 256.9657, subdivision
225.27 2b; and

225.28 (2) the amendments in this act to this section.

225.29 (b) The commissioner of human services shall notify the revisor of statutes when federal
225.30 approval for all amendments set forth in paragraph (a) is obtained.

226.1 Sec. 15. [256B.1975] HOSPITAL DIRECTED PAYMENT PROGRAM ACCOUNT.

226.2 Subdivision 1. Account established; appropriation. (a) The hospital directed payment
226.3 program account is created in the special revenue fund in the state treasury.

226.4 (b) Money in the account, including interest earned, is annually appropriated to the
226.5 commissioner for the purposes specified in section 256B.1974.

226.6 (c) Transfers from this account to another fund are prohibited, except as necessary to
226.7 make the payments required under section 256B.1974.

226.8 Subd. 2. Reports to the legislature. By January 15, 2027, and each January 15 thereafter,
226.9 the commissioner must submit a report to the chairs and ranking minority members of the
226.10 legislative committees with jurisdiction over health and human services policy and finance
226.11 that details the activities and uses of money in the hospital directed payment program
226.12 account, including the metrics and outcomes of the policy goals established by section
226.13 256B.1974, subdivision 7.

226.14 EFFECTIVE DATE. This section is effective on the later of January 1, 2026, or federal
226.15 approval of the amendments in this act to add Minnesota Statutes, section 256.9657,
226.16 subdivision 2b. The commissioner of human services shall notify the revisor of statutes
226.17 when federal approval is obtained.

226.18 Sec. 16. Minnesota Statutes 2024, section 256B.76, subdivision 1, is amended to read:

236.8 be paid according to this ~~paragraph~~ subdivision. If sufficient data exists for a product or
236.9 supply, payment must be based upon the 50th percentile of the usual and customary charges
236.10 per product code submitted to the commissioner, using only charges submitted per unit.
236.11 Increases in rates resulting from the 50th percentile payment method must not exceed 150
236.12 percent of the previous fiscal year's rate per code and product combination. Data are sufficient
236.13 if: (1) the commissioner has at least 100 paid claim lines by at least ten different providers
236.14 for a given product or supply; or (2) in the absence of the data in clause (1), the commissioner
236.15 has at least 20 claim lines by at least five different providers for a product or supply that
236.16 does not meet the requirements of clause (1). If sufficient data are not available to calculate
236.17 the 50th percentile for enteral products or supplies, the payment rate must be the payment
236.18 rate in effect on June 30, 2023.

236.19 (b) This subdivision expires June 30, 2025.

236.20 Subd. 14. Rates for enteral nutrition and supplies. ~~(n)~~ For dates of service on or after

236.22 subdivision and updated annually each January 1. If sufficient data exists for a product or
236.23 supply, payment must be based upon the 50th percentile of the usual and customary charges
236.24 per product code submitted to the commissioner for the previous calendar year, using only
236.25 charges submitted per unit. Increases in rates resulting from the 50th percentile payment
236.26 method must not exceed 150 percent of the previous year's rate per code and product
236.27 combination. Data are sufficient if: (1) the commissioner has at least 100 paid claim lines
236.28 by at least ten different providers for a given product or supply; or (2) in the absence of the
236.29 data in clause (1), the commissioner has at least 20 claim lines by at least five different
236.30 providers for a product or supply that does not meet the requirements of clause (1). If
236.31 sufficient data are not available to calculate the 50th percentile for enteral products or
236.32 supplies, the payment must be the manufacturer's suggested retail price of that product or
236.33 supply minus 20 percent. If the manufacturer's suggested retail price is not available, payment
236.34 must be the actual acquisition cost of that product or supply plus 20 percent.

Subd. 15. **Rates for phototherapy services.** For dates of service on or after July 1, 2025, the payment rate for phototherapy services provided in the home setting must include a service fee in the amount of \$520 per patient episode, in addition to the daily rental rate for the medical equipment in subdivision 12. 241.1 (b) The amount assessed for medical assistance enrollees is equal to the sum of the

241.16 gross revenue.

241.17 (e) The commissioner may, after consultation with health plan companies likely to be
241.18 affected, modify the rate of assessment, as set forth in paragraphs (a) to (d), as necessary
241.19 to:

241.20 (1) comply with federal law, obtain or maintain a waiver under Code of Federal
241.21 Regulations, title 42, section 433.72, or to otherwise maximize under this section federal

241.29 determine the following for each health plan company:

241.30 (1) total enrollment for the calendar year;

- 242.1 (2) total Medicare enrollment for the calendar year;
- 242.2 (3) total medical assistance enrollment for the calendar year;
- 242.3 (4) total plan-to-plan enrollment for the calendar year;
- 242.4 (5) total enrollment through the Federal Employees Health Benefits Act of 1959, Public
- 242.5 Law 86-382, as amended, for the calendar year; and
- 242.6 (6) total other enrollment for the calendar year that is not otherwise counted in clauses
- 242.7 (2) to (5).
- 242.8 (b) Health plan companies must provide any information requested by the commissioner
- 242.9 for the purpose of this subdivision, provided that the commissioner determines such
- 242.10 information is necessary to accurately determine the information in paragraph (a).
- 242.11 (c) The commissioner may correct errors in data provided to the commissioner by a
- 242.12 health plan company to the extent necessary to accurately determine the information in

- 242.14 (d) For purposes of calculating the information in paragraph (a) for a health plan company,
- 242.15 the commissioner must count any individual that was an enrollee of a health plan at any
- 242.16 point of the calendar year, regardless of the enrollee's duration as an enrollee of the health
- 242.17 plan.
- 242.18 (e) The commissioner must annually use the information in paragraph (a) to compute
- 242.19 the assessment for each health plan company.

- 242.21 in four equal installments, in the manner and on the schedule determined by the
- 242.22 commissioner. The commissioner is prohibited from collecting any amount under this section
- 242.23 until 20 days after the commissioner has notified the health plan company of:
- 242.24 (1) the effective date of this section;
- 242.25 (2) the assessment due dates for the applicable calendar year; and
- 242.26 (3) the annual assessment amount.
- 242.27 (g) The commissioner may waive all or part of the interest or penalty imposed on a
- 242.28 health plan company under subdivision 2, paragraph (f), if the commissioner determines
- 242.29 the interest or penalty is likely to create an undue financial hardship on the health plan
- 242.30 company or a significant financial difficulty in providing necessary services to medical
- 242.31 assistance enrollees. A waiver under this paragraph must be contingent on the health plan
- 242.32 company's agreement to make assessment payments on an alternative schedule, determined

243.1 by the commissioner, that accounts for the health plan company's finances and the potential
243.2 impact on the delivery of services to medical assistance enrollees.

243.3 (h) In the event of a merger, acquisition, or other transaction that results in the transfer
243.4 of health plan responsibility to another health plan company or similar entity during calendar
243.5 years 2026 to 2029, the surviving, acquiring, or controlling health plan company or similar
243.6 entity shall be responsible for paying the full assessment amount as provided in this section
243.7 that would have been the responsibility of the health plan company to which that full
243.8 assessment amount was assessed upon the effective date of the transaction. If a transaction
243.9 results in the transfer of health plan responsibility for only some of a health plan's enrollees
243.10 under this section but not all enrollees, the full assessment amount as provided in this section
243.11 remains the responsibility of that health plan company to which that full assessment amount
243.12 was assessed.

243.13 Subd. 4. **MCO assessment expenditures.** (a) All amounts collected by the commissioner
243.14 under this section must be deposited in the health care access fund.

243.15 (b) All amounts collected by the commissioner under this section are annually
243.16 appropriated to the commissioner to provide nonfederal money for medical assistance and

243.20 (3) mental health services under section 256B.761;

243.21 (4) services reimbursed under the resource-based relative value scale and with a
243.22 corresponding rate and procedural code in the Medicare Physician Fee Schedule under
243.23 section 256B.768; and

243.24 (5) inpatient behavioral health services provided by hospitals paid under the DRG
243.25 methodology.

243.26 (c) The assessment money must be used to supplement money for medical assistance
243.27 from the general fund.

243.28 (d) The commissioner must provide an annual report to all health plan companies, in a
243.29 time and manner determined by the commissioner. The report must identify the assessments

243.31 by the MCO assessment, and provide an itemized accounting of expenditures from the fund.

244.1 **EFFECTIVE DATE.** This section is effective January 1, 2026, or upon federal approval
244.2 for the assessment established in this section to be considered a permissible health
244.3 care-related tax under Code of Federal Regulations, title 42, section 433.68, eligible for
244.4 federal financial participation, including but not limited to federal approval of a waiver
244.5 under Code of Federal Regulations, title 42, section 433.72, if such waiver is necessary to
244.6 receive health care-related taxes without a reduction in federal financial participation,
244.7 whichever is later. The commissioner of human services shall notify the revisor of statutes
244.8 when federal approval is obtained.

244.21 (b) The commissioner of human services, in consultation with the Minnesota Hospital
244.22 Association, must submit to the Centers for Medicare and Medicaid Services a request for
244.23 federal approval to implement the hospital assessment described in Minnesota Statutes,
244.24 section 256.9657, subdivision 2b, and the hospital directed payment program under
244.25 Minnesota Statutes, section 256B.1974. At least 15 days before submitting the request for
244.26 approval, the commissioner must make available to the public the draft assessment
244.27 requirements, draft directed payment details, and an estimate of each assessment amount
244.28 for each hospital without an exemption from the assessment pursuant to Minnesota Statutes,
244.29 section 256.9657, subdivision 2b, paragraph (k).

244.30 (c) During the design and prior to submission of the request for approval under paragraph
244.31 (b), the commissioner of human services must consult with the Minnesota Hospital
244.32 Association and any hospitals without an exemption from the assessment pursuant to

245.1 Minnesota Statutes, section 256.9657, subdivision 2b, paragraph (k), and that are not

245.14 (b) To obtain the federal approval under paragraph (a), the commissioner may apply for
245.15 a waiver of the federal broad-based requirement for health care-related taxes, uniform
245.16 requirement for health-care-related taxes, and any other provision of federal law necessary
245.17 to implement Minnesota Statutes, section 295.525.

245.18 **EFFECTIVE DATE.** This section is effective the day following final enactment.

245.19 **Sec. 31. BUDGET NEUTRALITY; RATE ADJUSTMENTS.**

245.20 (a) By October 1 of each year, the commissioner of human services must determine the

245.27 between the actual costs or forecasted costs to the medical assistance and MinnesotaCare
245.28 programs determined under paragraph (a), and report the difference in costs to the
245.29 commissioner of management and budget at least four weeks prior to a forecast under
245.30 Minnesota Statutes, section 16A.103.

245.31 (c) If for any fiscal year, the cumulative costs attributable to the program changes in

246.15 (b) In the November 2025 forecast, the commissioner of human services, in consultation
246.16 with the commissioner of management and budget, must reduce the forecasted trend growth
246.17 in managed care for medical assistance expenditures in fiscal years 2027, 2028, and 2029.
246.18 The reduction must not be less than \$7,784,000 in fiscal year 2027, \$8,219,000 in fiscal
246.19 year 2028, and \$8,446,000 in fiscal year 2029.

246.20 Sec. 33. **APPROPRIATION.**

324.3 family functioning if clinically appropriate to the child's needs, and to reduce the need for
324.4 and use of placements more intensive, costly, or restrictive both in the number of admissions
324.5 and lengths of stay than indicated by the child's diagnostic assessment.

324.6 The commissioner of human services shall work with mental health professionals to

324.15 (1) provide a structured environment for treatment;

324.16 (2) provide support for residing in the community;

324.17 (3) prevent placements that are more intensive, costly, or restrictive than necessary to

324.19 (4) coordinate with or be offered in conjunction with the child's education program;

324.20 (5) provide therapy and family intervention for children that are coordinated with
324.21 education services provided and funded by schools; and

324.23 (b) County boards may request a waiver from including day treatment services if they
324.24 can document that:

324.25 (1) alternative services exist through the county's family community support services
324.26 for each child who would otherwise need day treatment services; and

324.27 (2) county demographics and geography make the provision of day treatment services
324.28 cost ineffective and unfeasible.

324.29 Subd. 3. **Professional home-based family treatment provided.** (a) By January 1, 1991,
324.30 county boards must provide or contract for sufficient professional home-based family
324.31 treatment within the county to meet the needs of each child with ~~severe emotional disturbance~~

325.5 family treatment set fee schedules approved by the county board that are based on the child's
325.6 or family's ability to pay. The professional home-based family treatment must be designed
325.7 to assist each child with ~~severe emotional disturbance~~ serious mental illness who is at risk
325.8 of or who is returning from ~~out-of-home placement~~ residential treatment or therapeutic
325.9 foster care and the child's family to:

325.10 (1) improve overall family functioning in all areas of life;

325.11 (2) treat the child's symptoms of ~~emotional disturbance~~ mental illness that contribute to
325.12 a risk of ~~out-of-home placement~~ residential treatment or therapeutic foster care;

325.13 (3) provide a positive change in the emotional, behavioral, and mental well-being of
325.14 children and their families; and

325.15 (4) reduce risk of ~~out-of-home placement~~ residential treatment or therapeutic foster care
325.16 for the identified child with ~~severe emotional disturbance~~ serious mental illness and other
325.17 siblings or successfully reunify and reintegrate into the family a child returning from

325.27 the family. Professional home-based family treatment providers shall coordinate services
325.28 and service needs with case managers assigned to children and their families. The treatment
325.29 team must develop an individual treatment plan that identifies the specific treatment
325.30 objectives for both the child and the family.

325.31 Subd. 4. **Therapeutic support of foster care.** By January 1, 1992, county boards must

326.9 serious mental illness in a treatment foster care setting, residential treatment facility, or
326.10 informally admitted to a regional treatment center shall undergo an assessment to determine
326.11 the appropriate level of care if county funds are used to pay for the child's services. An
326.12 emergency includes when a child is in need of and has been referred for crisis stabilization
326.13 services under section 245.4882, subdivision 6. A child who has been referred to residential

326.15 undergo an assessment under this section.

326.16 (b) The county board shall determine the appropriate level of care for a child when

326.27 care determination activities for the child to the extent possible.

326.28 (c) The child's level of care determination shall determine whether the proposed treatment:

326.29 (1) is necessary;

326.30 (2) is appropriate to the child's individual treatment needs;

326.31 (3) cannot be effectively provided in the child's home; and

326.32 (4) provides a length of stay as short as possible consistent with the individual child's
326.33 needs.

(d) When a level of care determination is conducted, the county board or other entity may not determine that a screening of a child, referral, or admission to a residential treatment facility is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals in the less restrictive setting. The level of care determination must be based on a diagnostic assessment of a child that evaluates the child's family, school, and community living situations; and an assessment of the child's need for care out of the home using a validated tool which assesses a child's functional status and assigns an appropriate level of care to the child. The validated tool must be approved by the commissioner of human services and may be the validated tool approved for the child's assessment under section 260C.704 if the juvenile treatment screening team recommended placement of the child in a qualified residential treatment program. If a diagnostic assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether these services are available and accessible to the child and the child's family. The child and the child's family must be invited to any meeting where the level of care determination is discussed and decisions regarding residential treatment are made. The child and the child's family may invite other relatives, friends, or advocates to attend these meetings.

(e) During the level of care determination process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family community support plan is being developed by the case manager, if assigned.

(f) The level of care determination, placement decision, and recommendations for mental health services must be documented in the child's record and made available to the child's family, as appropriate.

342.20 for medical, behavioral, or habilitation needs. For purposes of this subdivision, a child
342.21 requires a level of care provided in an ICF/DD if the commissioner finds that the child has
342.22 a developmental disability in accordance with section 256B.092, is in need of a 24-hour
342.23 plan of care and active treatment similar to persons with developmental disabilities, and

343.6 1382c(a), and would be eligible for medical assistance if residing in a medical institution;
343.7 and

343.8 (2) the cost of medical assistance services for the child, if eligible under this subdivision,
343.9 would not be more than the cost to medical assistance if the child resides in a medical
343.10 institution to be determined as follows:

343.11 (i) for a child who requires a level of care provided in an ICF/DD, the cost of care for
343.12 the child in an institution shall be determined using the average payment rate established
343.13 for the regional treatment centers that are certified as ICF's/DD;

343.21 up to the amount medical assistance would pay for a child referred to the commissioner by
343.22 the preadmission screening team under section 256B.0911.

347.21 to implement each client's individual treatment plan; and

347.22 (3) a day treatment program is provided to a group of clients by a team under the treatment
347.23 supervision of a mental health professional. The day treatment program must be provided

348.1 client's individual treatment plan. Day treatment programs are not part of inpatient or
348.2 residential treatment services. When a day treatment group that meets the minimum group
348.3 size requirement temporarily falls below the minimum group size because of a member's
348.4 temporary absence, medical assistance covers a group session conducted for the group
348.5 members in attendance. A day treatment program may provide fewer than the minimally
348.6 required hours for a particular child during a billing period in which the child is transitioning
348.7 into, or out of, the program.

348.10 following requirements:

348.11 (1) psychotherapy to address the child's underlying mental health disorder must be
348.12 documented as part of the child's ongoing treatment. A provider must deliver or arrange for
348.13 medically necessary psychotherapy unless the child's parent or caregiver chooses not to
348.14 receive it or the provider determines that psychotherapy is no longer medically necessary.
348.15 When a provider determines that psychotherapy is no longer medically necessary, the
348.16 provider must update required documentation, including but not limited to the individual
348.17 treatment plan, the child's medical record, or other authorizations, to include the
348.18 determination. When a provider determines that a child needs psychotherapy but
348.19 psychotherapy cannot be delivered due to a shortage of licensed mental health professionals
348.20 in the child's community, the provider must document the lack of access in the child's
348.21 medical record;

348.22 (2) individual, family, or group skills training is subject to the following requirements:

348.23 (i) a mental health professional, clinical trainee, or mental health practitioner shall provide
348.24 skills training;

348.25 (ii) skills training delivered to a child or the child's family must be targeted to the specific
348.26 deficits or maladaptations of the child's mental health disorder and must be prescribed in
348.27 the child's individual treatment plan;

348.28 (iii) group skills training may be provided to multiple recipients who, because of the
348.29 nature of their emotional, behavioral, or social dysfunction, can derive mutual benefit from
348.30 interaction in a group setting, which must be staffed as follows:

348.31 (A) one mental health professional, clinical trainee, or mental health practitioner must
348.32 work with a group of three to eight clients; or

(B) any combination of two mental health professionals, clinical trainees, or mental health practitioners must work with a group of nine to 12 clients;

(iv) a mental health professional, clinical trainee, or mental health practitioner must have taught the psychosocial skill before a mental health behavioral aide may practice that skill with the client; and

(v) for group skills training, when a skills group that meets the minimum group size requirement temporarily falls below the minimum group size because of a group member's temporary absence, the provider may conduct the session for the group members in attendance;

(3) crisis planning to a child and family must include development of a written plan that anticipates the particular factors specific to the child that may precipitate a psychiatric crisis for the child in the near future. The written plan must document actions that the family should be prepared to take to resolve or stabilize a crisis, such as advance arrangements for direct intervention and support services to the child and the child's family. Crisis planning must include preparing resources designed to address abrupt or substantial changes in the functioning of the child or the child's family when sudden change in behavior or a loss of usual coping mechanisms is observed, or the child begins to present a danger to self or others;

(4) mental health behavioral aide services must be medically necessary treatment services, identified in the child's individual treatment plan.

To be eligible for medical assistance payment, mental health behavioral aide services must be delivered to a child who has been diagnosed with ~~an emotional disturbance or~~ a mental illness, as provided in subdivision 1, paragraph (a). The mental health behavioral aide must document the delivery of services in written progress notes. Progress notes must reflect implementation of the treatment strategies, as performed by the mental health behavioral aide and the child's responses to the treatment strategies; and

(5) mental health service plan development must be performed in consultation with the child's family and, when appropriate, with other key participants in the child's life by the child's treating mental health professional or clinical trainee or by a mental health practitioner and approved by the treating mental health professional. Treatment plan drafting consists of development, review, and revision by face-to-face or electronic communication. The provider must document events, including the time spent with the family and other key participants in the child's life to approve the individual treatment plan. Medical assistance covers service plan development before completion of the child's individual treatment plan.

350.1 Service plan development is covered only if a treatment plan is completed for the child. If
350.2 upon review it is determined that a treatment plan was not completed for the child, the
350.3 commissioner shall recover the payment for the service plan development.

350.4 Sec. 65. Minnesota Statutes 2024, section 256B.0943, subdivision 12, is amended to read:

350.21 covered by medical assistance, including:

350.22 (i) a service that is primarily recreation oriented or that is provided in a setting that is
350.23 not medically supervised. This includes sports activities, exercise groups, activities such as

354.4 Subd. 23. **Alternative services; elderly persons and persons with a disability.** (a) The

354.7 as defined in section 256B.77, subdivision 7a, that provide increased coordination, improve
354.8 access to quality services, and mitigate future cost increases. The commissioner may seek
354.9 federal authority to combine Medicare and Medicaid capitation payments for the purpose
354.10 of such demonstrations and may contract with Medicare-approved special needs plans that
354.11 are offered by a demonstration provider or by an entity that is directly or indirectly wholly
354.12 owned or controlled by a demonstration provider to provide Medicaid services. Medicare
354.13 funds and services shall be administered according to the terms and conditions of the federal
354.14 contract and demonstration provisions. For the purpose of administering medical assistance
354.15 funds, demonstrations under this subdivision are subject to subdivisions 1 to 22. The
354.16 provisions of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations,
354.17 with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1, items
354.18 B and C, which do not apply to persons enrolling in demonstrations under this section. All
354.19 enforcement and rulemaking powers available under chapters 62D, 62M, and 62Q are hereby
354.20 granted to the commissioner of health with respect to Medicare-approved special needs
354.21 plans with which the commissioner contracts to provide Medicaid services under this section.
354.22 An initial open enrollment period may be provided. Persons who disenroll from
354.23 demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450
354.24 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and
354.25 the health plan's participation is subsequently terminated for any reason, the person shall
354.26 be provided an opportunity to select a new health plan and shall have the right to change
354.27 health plans within the first 60 days of enrollment in the second health plan. Persons required
354.28 to participate in health plans under this section who fail to make a choice of health plan
354.29 shall not be randomly assigned to health plans under these demonstrations. Notwithstanding
354.30 section 256L.12, subdivision 5, and Minnesota Rules, part 9505.5220, subpart 1, item A,
354.31 if adopted, for the purpose of demonstrations under this subdivision, the commissioner may
354.32 contract with managed care organizations, including counties, to serve only elderly persons
354.33 eligible for medical assistance, elderly persons with a disability, or persons with a disability
354.34 only. For persons with a primary diagnosis of developmental disability, serious and persistent
354.35 mental illness, or serious ~~emotional disturbance~~ mental illness in children, the commissioner

355.1 must ensure that the county authority has approved the demonstration and contracting design.
355.2 Enrollment in these projects for persons with disabilities shall be voluntary. The
355.3 commissioner shall not implement any demonstration project under this subdivision for
355.4 persons with a primary diagnosis of developmental disabilities, serious and persistent mental
355.5 illness, or serious ~~emotional disturbance~~, mental illness in children without approval of the
355.6 county board of the county in which the demonstration is being implemented.

355.7 (b) MS 2009 Supplement [Expired, 2003 c 47 s 4; 2007 c 147 art 7 s 60]

355.8 (c) Before implementation of a demonstration project for persons with a disability, the
355.9 commissioner must provide information to appropriate committees of the house of
355.10 representatives and senate and must involve representatives of affected disability groups in
355.11 the design of the demonstration projects.

355.12 (d) A nursing facility reimbursed under the alternative reimbursement methodology in
355.13 section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity
355.14 provide services under paragraph (a). The commissioner shall amend the state plan and seek
355.15 any federal waivers necessary to implement this paragraph.

355.16 (e) The commissioner, in consultation with the commissioners of commerce and health,
355.17 may approve and implement programs for all-inclusive care for the elderly (PACE) according
355.18 to federal laws and regulations governing that program and state laws or rules applicable
355.19 to participating providers. A PACE provider is not required to be licensed or certified as a
355.20 health plan company as defined in section 62Q.01, subdivision 4. Persons age 55 and older
355.21 who have been screened by the county and found to be eligible for services under the elderly
355.22 waiver or community access for disability inclusion or who are already eligible for Medicaid
355.23 but meet level of care criteria for receipt of waiver services may choose to enroll in the
355.24 PACE program. Medicare and Medicaid services will be provided according to this
355.25 subdivision and federal Medicare and Medicaid requirements governing PACE providers
355.26 and programs. PACE enrollees will receive Medicaid home and community-based services
355.27 through the PACE provider as an alternative to services for which they would otherwise be
355.28 eligible through home and community-based waiver programs and Medicaid State Plan
355.29 Services. The commissioner shall establish Medicaid rates for PACE providers that do not
355.30 exceed costs that would have been incurred under fee-for-service or other relevant managed
355.31 care programs operated by the state.

355.32 (f) The commissioner shall seek federal approval to expand the Minnesota disability
355.33 health options (MnDHO) program established under this subdivision in stages, first to
355.34 regional population centers outside the seven-county metro area and then to all areas of the

state. Until July 1, 2009, expansion for MnDHO projects that include home and community-based services is limited to the two projects and service areas in effect on March 1, 2006. Enrollment in integrated MnDHO programs that include home and community-based services shall remain voluntary. Costs for home and community-based services included under MnDHO must not exceed costs that would have been incurred under the fee-for-service program. Notwithstanding whether expansion occurs under this paragraph, in determining MnDHO payment rates and risk adjustment methods, the commissioner must consider the methods used to determine county allocations for home and community-based program participants. If necessary to reduce MnDHO rates to comply with the provision regarding MnDHO costs for home and community-based services, the commissioner shall achieve the reduction by maintaining the base rate for contract year 2010 for services provided under the community access for disability inclusion waiver at the same level as for contract year 2009. The commissioner may apply other reductions to MnDHO rates to implement decreases in provider payment rates required by state law. Effective January 1, 2011, enrollment and operation of the MnDHO program in effect during 2010 shall cease. The commissioner may reopen the program provided all applicable conditions of this section are met. In developing program specifications for expansion of integrated programs, the commissioner shall involve and consult the state-level stakeholder group established in subdivision 28, paragraph (d), including consultation on whether and how to include home and community-based waiver programs. Plans to reopen MnDHO projects shall be presented to the chairs of the house of representatives and senate committees with jurisdiction over health and human services policy and finance prior to implementation.

(g) Notwithstanding section 256B.0621, health plans providing services under this section are responsible for home care targeted case management and relocation targeted case management. Services must be provided according to the terms of the waivers and contracts approved by the federal government.

357.25 (1) for the primary purpose of treatment for ~~an emotional disturbance~~ mental illness,
357.26 and residential placement is consistent with section 260.012, a developmental disability, or
357.27 chemical dependency in a residential treatment facility out of state or in one which is within
357.28 the state and licensed by the commissioner of human services under chapter 245A; or

358.1 (i) screen and evaluate the child and file its recommendations with the court within 14
358.2 days of receipt of the notice; or

358.3 (ii) elect not to screen a given case, and notify the court of that decision within three
358.4 working days.

358.5 (c) If the screening team has elected to screen and evaluate the child, the child may not
358.6 be placed for the primary purpose of treatment for ~~an emotional disturbance~~ mental illness,
358.7 a developmental disability, or chemical dependency, in a residential treatment facility out
358.8 of state nor in a residential treatment facility within the state that is licensed under chapter

358.11 child in a facility within the state;

358.12 (2) the screening team has evaluated the child and recommended that a residential
358.13 placement is necessary to meet the child's treatment needs and the safety needs of the
358.14 community, that it is a cost-effective means of meeting the treatment needs, and that it will
358.15 be of therapeutic value to the child; or

358.16 (3) the court, having reviewed a screening team recommendation against placement,
358.17 determines to the contrary that a residential placement is necessary. The court shall state
358.18 the reasons for its determination in writing, on the record, and shall respond specifically to

359.8 Department of Health and Human Services;

359.9 (4) if it is in the child's best interests, facilitates participation of the child's family members

359.10 in the child's treatment programming consistent with the child's out-of-home placement

359.11 plan under sections 260C.212, subdivision 1, and 260C.708;

359.12 (5) facilitates outreach to family members of the child, including siblings;

359.13 (6) documents how the facility facilitates outreach to the child's parents and relatives,

359.14 as well as documents the child's parents' and other relatives' contact information;

359.15 (7) documents how the facility includes family members in the child's treatment process,

359.16 including after the child's discharge, and how the facility maintains the child's sibling

359.17 connections; and

359.18 (8) provides the child and child's family with discharge planning and family-based

359.19 aftercare support for at least six months after the child's discharge. Aftercare support may

359.20 include clinical care consultation under section 256B.0671, subdivision 7, and mental health

359.21 certified family peer specialist services under section 256B.0616.

359.22 Sec. 75. Minnesota Statutes 2024, section 260C.007, subdivision 27b, is amended to read:

359.23 Subd. 27b. **Residential treatment facility.** "Residential treatment facility" means a

359.24 24-hour-a-day program that provides treatment for children with ~~emotional disturbance~~

359.25 mental illness, consistent with section 245.4871, subdivision 32, and includes a licensed

359.26 residential program specializing in caring 24 hours a day for children with a developmental

359.27 delay or related condition. A residential treatment facility does not include a psychiatric

359.28 residential treatment facility under section 256B.0941 or a family foster home as defined

359.29 in section 260C.007, subdivision 16b.

360.1 Sec. 76. Minnesota Statutes 2024, section 260C.157, subdivision 3, is amended to read:

360.2 Subd. 3. **Juvenile treatment screening team.** (a) The responsible social services agency
360.3 shall establish a juvenile treatment screening team to conduct screenings under this chapter
360.4 and chapter 260D, for a child to receive treatment for ~~an emotional disturbance~~ a mental
360.5 illness, a developmental disability, or related condition in a residential treatment facility
360.6 licensed by the commissioner of human services under chapter 245A, or licensed or approved
360.7 by a tribe. A screening team is not required for a child to be in: (1) a residential facility
360.8 specializing in prenatal, postpartum, or parenting support; (2) a facility specializing in
360.9 high-quality residential care and supportive services to children and youth who have been
360.10 or are at risk of becoming victims of sex trafficking or commercial sexual exploitation; (3)
360.11 supervised settings for youth who are 18 years of age or older and living independently; or
360.12 (4) a licensed residential family-based treatment facility for substance abuse consistent with
360.13 section 260C.190. Screenings are also not required when a child must be placed in a facility
360.14 due to an emotional crisis or other mental health emergency.

360.15 (b) The responsible social services agency shall conduct screenings within 15 days of a
360.16 request for a screening, unless the screening is for the purpose of residential treatment and
360.17 the child is enrolled in a prepaid health program under section 256B.69, in which case the
360.18 agency shall conduct the screening within ten working days of a request. The responsible
360.19 social services agency shall convene the juvenile treatment screening team, which may be
360.20 constituted under section 245.4885, 254B.05, or 256B.092. The team shall consist of social
360.21 workers; persons with expertise in the treatment of juveniles who are emotionally disturbed,
360.22 chemically dependent, or have a developmental disability; and the child's parent, guardian,
360.23 or permanent legal custodian. The team may include the child's relatives as defined in section
360.24 260C.007, subdivisions 26b and 27, the child's foster care provider, and professionals who
360.25 are a resource to the child's family such as teachers, medical or mental health providers,
360.26 and clergy, as appropriate, consistent with the family and permanency team as defined in
360.27 section 260C.007, subdivision 16a. Prior to forming the team, the responsible social services
360.28 agency must consult with the child's parents, the child if the child is age 14 or older, and,
360.29 if applicable, the child's tribe to obtain recommendations regarding which individuals to
360.30 include on the team and to ensure that the team is family-centered and will act in the child's
360.31 best interests. If the child, child's parents, or legal guardians raise concerns about specific
360.32 relatives or professionals, the team should not include those individuals. This provision
360.33 does not apply to paragraph (c).

360.34 (c) If the agency provides notice to tribes under section 260.761, and the child screened
360.35 is an Indian child, the responsible social services agency must make a rigorous and concerted

361.1 effort to include a designated representative of the Indian child's tribe on the juvenile
361.2 treatment screening team, unless the child's tribal authority declines to appoint a
361.3 representative. The Indian child's tribe may delegate its authority to represent the child to
361.4 any other federally recognized Indian tribe, as defined in section 260.755, subdivision 12.
361.5 The provisions of the Indian Child Welfare Act of 1978, United States Code, title 25, sections
361.6 1901 to 1963, and the Minnesota Indian Family Preservation Act, sections 260.751 to
361.7 260.835, apply to this section.

361.8 (d) If the court, prior to, or as part of, a final disposition or other court order, proposes
361.9 to place a child with ~~an emotional disturbance or~~ a mental illness, developmental disability,
361.10 or related condition in residential treatment, the responsible social services agency must
361.11 conduct a screening. If the team recommends treating the child in a qualified residential
361.12 treatment program, the agency must follow the requirements of sections 260C.70 to
361.13 260C.714.

361.14 The court shall ascertain whether the child is an Indian child and shall notify the
361.15 responsible social services agency and, if the child is an Indian child, shall notify the Indian
361.16 child's tribe as paragraph (c) requires.

361.17 (e) When the responsible social services agency is responsible for placing and caring
361.18 for the child and the screening team recommends placing a child in a qualified residential
361.19 treatment program as defined in section 260C.007, subdivision 26d, the agency must: (1)
361.20 begin the assessment and processes required in section 260C.704 without delay; and (2)
361.21 conduct a relative search according to section 260C.221 to assemble the child's family and
361.22 permanency team under section 260C.706. Prior to notifying relatives regarding the family
361.23 and permanency team, the responsible social services agency must consult with the child's
361.24 parent or legal guardian, the child if the child is age 14 or older, and, if applicable, the child's
361.25 tribe to ensure that the agency is providing notice to individuals who will act in the child's
361.26 best interests. The child and the child's parents may identify a culturally competent qualified
361.27 individual to complete the child's assessment. The agency shall make efforts to refer the
361.28 assessment to the identified qualified individual. The assessment may not be delayed for
361.29 the purpose of having the assessment completed by a specific qualified individual.

361.30 (f) When a screening team determines that a child does not need treatment in a qualified
361.31 residential treatment program, the screening team must:

361.32 (1) document the services and supports that will prevent the child's foster care placement
361.33 and will support the child remaining at home;

362.1 (2) document the services and supports that the agency will arrange to place the child
362.2 in a family foster home; or

362.3 (3) document the services and supports that the agency has provided in any other setting.

362.4 (g) When the Indian child's tribe or tribal health care services provider or Indian Health
362.5 Services provider proposes to place a child for the primary purpose of treatment for ~~an~~
362.6 ~~emotional disturbance~~ mental illness, a developmental disability, or co-occurring ~~emotional~~
362.7 ~~disturbance~~ mental illness and chemical dependency, the Indian child's tribe or the tribe
362.8 delegated by the child's tribe shall submit necessary documentation to the county juvenile
362.9 treatment screening team, which must invite the Indian child's tribe to designate a
362.10 representative to the screening team.

362.11 (h) The responsible social services agency must conduct and document the screening in
362.12 a format approved by the commissioner of human services.

362.13 Sec. 77. Minnesota Statutes 2024, section 260C.201, subdivision 1, is amended to read:

362.14 Subdivision 1. **Dispositions.** (a) If the court finds that the child is in need of protection
362.15 or services or neglected and in foster care, the court shall enter an order making any of the
362.16 following dispositions of the case:

362.17 (1) place the child under the protective supervision of the responsible social services
362.18 agency or child-placing agency in the home of a parent of the child under conditions
362.19 prescribed by the court directed to the correction of the child's need for protection or services:

362.20 (i) the court may order the child into the home of a parent who does not otherwise have
362.21 legal custody of the child, however, an order under this section does not confer legal custody
362.22 on that parent;

362.23 (ii) if the court orders the child into the home of a father who is not adjudicated, the
362.24 father must cooperate with paternity establishment proceedings regarding the child in the
362.25 appropriate jurisdiction as one of the conditions prescribed by the court for the child to
362.26 continue in the father's home; and

362.27 (iii) the court may order the child into the home of a noncustodial parent with conditions
362.28 and may also order both the noncustodial and the custodial parent to comply with the
362.29 requirements of a case plan under subdivision 2; or

362.30 (2) transfer legal custody to one of the following:

362.31 (i) a child-placing agency; or

363.1 (ii) the responsible social services agency. In making a foster care placement of a child
363.2 whose custody has been transferred under this subdivision, the agency shall make an
363.3 individualized determination of how the placement is in the child's best interests using the
363.4 placement consideration order for relatives and the best interest factors in section 260C.212,
363.5 subdivision 2, and may include a child colocated with a parent in a licensed residential
363.6 family-based substance use disorder treatment program under section 260C.190; or

363.7 (3) order a trial home visit without modifying the transfer of legal custody to the
363.8 responsible social services agency under clause (2). Trial home visit means the child is
363.9 returned to the care of the parent or guardian from whom the child was removed for a period
363.10 not to exceed six months. During the period of the trial home visit, the responsible social
363.11 services agency:

363.12 (i) shall continue to have legal custody of the child, which means that the agency may
363.13 see the child in the parent's home, at school, in a child care facility, or other setting as the
363.14 agency deems necessary and appropriate;

363.15 (ii) shall continue to have the ability to access information under section 260C.208;

363.16 (iii) shall continue to provide appropriate services to both the parent and the child during
363.17 the period of the trial home visit;

363.18 (iv) without previous court order or authorization, may terminate the trial home visit in
363.19 order to protect the child's health, safety, or welfare and may remove the child to foster care;

363.20 (v) shall advise the court and parties within three days of the termination of the trial
363.21 home visit when a visit is terminated by the responsible social services agency without a
363.22 court order; and

363.23 (vi) shall prepare a report for the court when the trial home visit is terminated whether
363.24 by the agency or court order that describes the child's circumstances during the trial home
363.25 visit and recommends appropriate orders, if any, for the court to enter to provide for the
363.26 child's safety and stability. In the event a trial home visit is terminated by the agency by
363.27 removing the child to foster care without prior court order or authorization, the court shall
363.28 conduct a hearing within ten days of receiving notice of the termination of the trial home
363.29 visit by the agency and shall order disposition under this subdivision or commence
363.30 permanency proceedings under sections 260C.503 to 260C.515. The time period for the
363.31 hearing may be extended by the court for good cause shown and if it is in the best interests
363.32 of the child as long as the total time the child spends in foster care without a permanency
363.33 hearing does not exceed 12 months;

(4) if the child has been adjudicated as a child in need of protection or services because the child is in need of special services or care to treat or ameliorate a physical or mental disability or ~~emotional disturbance~~ mental illness as defined in section 245.4871, subdivision 15, the court may order the child's parent, guardian, or custodian to provide it. The court may order the child's health plan company to provide mental health services to the child. Section 62Q.535 applies to an order for mental health services directed to the child's health plan company. If the health plan, parent, guardian, or custodian fails or is unable to provide this treatment or care, the court may order it provided. Absent specific written findings by the court that the child's disability is the result of abuse or neglect by the child's parent or guardian, the court shall not transfer legal custody of the child for the purpose of obtaining special treatment or care solely because the parent is unable to provide the treatment or care. If the court's order for mental health treatment is based on a diagnosis made by a treatment professional, the court may order that the diagnosing professional not provide the treatment to the child if it finds that such an order is in the child's best interests; or

(5) if the court believes that the child has sufficient maturity and judgment and that it is in the best interests of the child, the court may order a child 16 years old or older to be allowed to live independently, either alone or with others as approved by the court under supervision the court considers appropriate, if the county board, after consultation with the court, has specifically authorized this dispositional alternative for a child.

(b) If the child was adjudicated in need of protection or services because the child is a runaway or habitual truant, the court may order any of the following dispositions in addition to or as alternatives to the dispositions authorized under paragraph (a):

(1) counsel the child or the child's parents, guardian, or custodian;

(2) place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court, including reasonable rules for the child's conduct and the conduct of the parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child;

(3) subject to the court's supervision, transfer legal custody of the child to one of the following:

(i) a reputable person of good moral character. No person may receive custody of two or more unrelated children unless licensed to operate a residential program under sections 245A.01 to 245A.16; or

(ii) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;

(4) require the child to pay a fine of up to \$100. The court shall order payment of the fine in a manner that will not impose undue financial hardship upon the child;

(5) require the child to participate in a community service project;

(6) order the child to undergo a chemical dependency evaluation and, if warranted by the evaluation, order participation by the child in a drug awareness program or an inpatient or outpatient chemical dependency treatment program;

(7) if the court believes that it is in the best interests of the child or of public safety that the child's driver's license or instruction permit be canceled, the court may order the commissioner of public safety to cancel the child's license or permit for any period up to the child's 18th birthday. If the child does not have a driver's license or permit, the court may order a denial of driving privileges for any period up to the child's 18th birthday. The court shall forward an order issued under this clause to the commissioner, who shall cancel the license or permit or deny driving privileges without a hearing for the period specified by the court. At any time before the expiration of the period of cancellation or denial, the court may, for good cause, order the commissioner of public safety to allow the child to apply for a license or permit, and the commissioner shall so authorize;

(8) order that the child's parent or legal guardian deliver the child to school at the beginning of each school day for a period of time specified by the court; or

(9) require the child to perform any other activities or participate in any other treatment programs deemed appropriate by the court.

To the extent practicable, the court shall enter a disposition order the same day it makes a finding that a child is in need of protection or services or neglected and in foster care, but in no event more than 15 days after the finding unless the court finds that the best interests of the child will be served by granting a delay. If the child was under eight years of age at the time the petition was filed, the disposition order must be entered within ten days of the finding and the court may not grant a delay unless good cause is shown and the court finds the best interests of the child will be served by the delay.

(c) If a child who is 14 years of age or older is adjudicated in need of protection or services because the child is a habitual truant and truancy procedures involving the child were previously dealt with by a school attendance review board or county attorney mediation program under section 260A.06 or 260A.07, the court shall order a cancellation or denial of driving privileges under paragraph (b), clause (7), for any period up to the child's 18th birthday.

(d) In the case of a child adjudicated in need of protection or services because the child has committed domestic abuse and been ordered excluded from the child's parent's home, the court shall dismiss jurisdiction if the court, at any time, finds the parent is able or willing to provide an alternative safe living arrangement for the child as defined in paragraph (f).

(e) When a parent has complied with a case plan ordered under subdivision 6 and the child is in the care of the parent, the court may order the responsible social services agency to monitor the parent's continued ability to maintain the child safely in the home under such terms and conditions as the court determines appropriate under the circumstances.

(f) For the purposes of this subdivision, "alternative safe living arrangement" means a living arrangement for a child proposed by a petitioning parent or guardian if a court excludes the minor from the parent's or guardian's home that is separate from the victim of domestic abuse and safe for the child respondent. A living arrangement proposed by a petitioning parent or guardian is presumed to be an alternative safe living arrangement absent information to the contrary presented to the court. In evaluating any proposed living arrangement, the court shall consider whether the arrangement provides the child with necessary food, clothing, shelter, and education in a safe environment. Any proposed living arrangement that would place the child in the care of an adult who has been physically or sexually violent is presumed unsafe.

Sec. 78. Minnesota Statutes 2024, section 260C.201, subdivision 2, is amended to read:

Subd. 2. **Written findings.** (a) Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition and case plan ordered and shall also set forth in writing the following information:

(1) why the best interests and safety of the child are served by the disposition and case plan ordered;

(2) what alternative dispositions or services under the case plan were considered by the court and why such dispositions or services were not appropriate in the instant case;

(3) when legal custody of the child is transferred, the appropriateness of the particular placement made or to be made by the placing agency using the relative and sibling placement considerations and best interest factors in section 260C.212, subdivision 2, or the appropriateness of a child colocated with a parent in a licensed residential family-based substance use disorder treatment program under section 260C.190;

(4) whether reasonable efforts to finalize the permanent plan for the child consistent with section 260.012 were made including reasonable efforts:

367.1 (i) to prevent the child's placement and to reunify the child with the parent or guardian
367.2 from whom the child was removed at the earliest time consistent with the child's safety.
367.3 The court's findings must include a brief description of what preventive and reunification
367.4 efforts were made and why further efforts could not have prevented or eliminated the
367.5 necessity of removal or that reasonable efforts were not required under section 260.012 or
367.6 260C.178, subdivision 1;

367.7 (ii) to identify and locate any noncustodial or nonresident parent of the child and to
367.8 assess such parent's ability to provide day-to-day care of the child, and, where appropriate,
367.9 provide services necessary to enable the noncustodial or nonresident parent to safely provide
367.10 day-to-day care of the child as required under section 260C.219, unless such services are
367.11 not required under section 260.012 or 260C.178, subdivision 1. The court's findings must
367.12 include a description of the agency's efforts to:

367.13 (A) identify and locate the child's noncustodial or nonresident parent;

367.14 (B) assess the noncustodial or nonresident parent's ability to provide day-to-day care of
367.15 the child; and

367.16 (C) if appropriate, provide services necessary to enable the noncustodial or nonresident
367.17 parent to safely provide the child's day-to-day care, including efforts to engage the
367.18 noncustodial or nonresident parent in assuming care and responsibility of the child;

367.19 (iii) to make the diligent search for relatives and provide the notices required under
367.20 section 260C.221; a finding made pursuant to a hearing under section 260C.202 that the
367.21 agency has made diligent efforts to conduct a relative search and has appropriately engaged
367.22 relatives who responded to the notice under section 260C.221 and other relatives, who came
367.23 to the attention of the agency after notice under section 260C.221 was sent, in placement
367.24 and case planning decisions fulfills the requirement of this item;

367.25 (iv) to identify and make a foster care placement of the child, considering the order in
367.26 section 260C.212, subdivision 2, paragraph (a), in the home of an unlicensed relative,
367.27 according to the requirements of section 142B.06, a licensed relative, or other licensed foster
367.28 care provider, who will commit to being the permanent legal parent or custodian for the
367.29 child in the event reunification cannot occur, but who will actively support the reunification
367.30 plan for the child. If the court finds that the agency has not appropriately considered relatives
367.31 for placement of the child, the court shall order the agency to comply with section 260C.212,
367.32 subdivision 2, paragraph (a). The court may order the agency to continue considering
367.33 relatives for placement of the child regardless of the child's current placement setting; and

(v) to place siblings together in the same home or to ensure visitation is occurring when siblings are separated in foster care placement and visitation is in the siblings' best interests under section 260C.212, subdivision 2, paragraph (d); and

(5) if the child has been adjudicated as a child in need of protection or services because the child is in need of special services or care to treat or ameliorate a mental disability or ~~emotional disturbance~~ mental illness as defined in section 245.4871, subdivision 15, the written findings shall also set forth:

(i) whether the child has mental health needs that must be addressed by the case plan;

(ii) what consideration was given to the diagnostic and functional assessments performed by the child's mental health professional and to health and mental health care professionals' treatment recommendations;

(iii) what consideration was given to the requests or preferences of the child's parent or guardian with regard to the child's interventions, services, or treatment; and

(iv) what consideration was given to the cultural appropriateness of the child's treatment or services.

(b) If the court finds that the social services agency's preventive or reunification efforts have not been reasonable but that further preventive or reunification efforts could not permit the child to safely remain at home, the court may nevertheless authorize or continue the removal of the child.

(c) If the child has been identified by the responsible social services agency as the subject of concurrent permanency planning, the court shall review the reasonable efforts of the agency to develop a permanency plan for the child that includes a primary plan that is for reunification with the child's parent or guardian and a secondary plan that is for an alternative, legally permanent home for the child in the event reunification cannot be achieved in a timely manner.

Sec. 79. Minnesota Statutes 2024, section 260C.301, subdivision 4, is amended to read:

Subd. 4. **Current foster care children.** Except for cases where the child is in placement due solely to the child's developmental disability or ~~emotional disturbance~~ mental illness, where custody has not been transferred to the responsible social services agency, and where the court finds compelling reasons to continue placement, the county attorney shall file a termination of parental rights petition or a petition to transfer permanent legal and physical custody to a relative under section 260C.515, subdivision 4, for all children who have been in out-of-home care for 15 of the most recent 22 months. This requirement does not apply

if there is a compelling reason approved by the court for determining that filing a termination of parental rights petition or other permanency petition would not be in the best interests of the child or if the responsible social services agency has not provided reasonable efforts necessary for the safe return of the child, if reasonable efforts are required.

Sec. 80. Minnesota Statutes 2024, section 260D.01, is amended to read:

260D.01 CHILD IN VOLUNTARY FOSTER CARE FOR TREATMENT.

(a) Sections 260D.01 to 260D.10, may be cited as the "child in voluntary foster care for treatment" provisions of the Juvenile Court Act.

(b) The juvenile court has original and exclusive jurisdiction over a child in voluntary foster care for treatment upon the filing of a report or petition required under this chapter. All obligations of the responsible social services agency to a child and family in foster care contained in chapter 260C not inconsistent with this chapter are also obligations of the agency with regard to a child in foster care for treatment under this chapter.

(c) This chapter shall be construed consistently with the mission of the children's mental health service system as set out in section 245.487, subdivision 3, and the duties of an agency under sections 256B.092 and 260C.157 and Minnesota Rules, parts 9525.0004 to 9525.0016, to meet the needs of a child with a developmental disability or related condition. This chapter:

(1) establishes voluntary foster care through a voluntary foster care agreement as the means for an agency and a parent to provide needed treatment when the child must be in foster care to receive necessary treatment for ~~an emotional disturbance or~~ a mental illness, developmental disability, or related condition;

(2) establishes court review requirements for a child in voluntary foster care for treatment due to ~~emotional disturbance or~~ a mental illness, developmental disability, or a related condition;

(3) establishes the ongoing responsibility of the parent as legal custodian to visit the child, to plan together with the agency for the child's treatment needs, to be available and accessible to the agency to make treatment decisions, and to obtain necessary medical, dental, and other care for the child;

(4) applies to voluntary foster care when the child's parent and the agency agree that the child's treatment needs require foster care either:

(i) due to a level of care determination by the agency's screening team informed by the child's diagnostic and functional assessment under section 245.4885; or

(ii) due to a determination regarding the level of services needed by the child by the responsible social services agency's screening team under section 256B.092, and Minnesota Rules, parts 9525.0004 to 9525.0016; and

(5) includes the requirements for a child's placement in sections 260C.70 to 260C.714, when the juvenile treatment screening team recommends placing a child in a qualified residential treatment program, except as modified by this chapter.

(d) This chapter does not apply when there is a current determination under chapter 260E that the child requires child protective services or when the child is in foster care for any reason other than treatment for the child's ~~emotional disturbance or~~ mental illness, developmental disability, or related condition. When there is a determination under chapter 260E that the child requires child protective services based on an assessment that there are safety and risk issues for the child that have not been mitigated through the parent's engagement in services or otherwise, or when the child is in foster care for any reason other than the child's ~~emotional disturbance or~~ mental illness, developmental disability, or related condition, the provisions of chapter 260C apply.

(e) The paramount consideration in all proceedings concerning a child in voluntary foster care for treatment is the safety, health, and the best interests of the child. The purpose of this chapter is:

(1) to ensure that a child with a disability is provided the services necessary to treat or ameliorate the symptoms of the child's disability;

(2) to preserve and strengthen the child's family ties whenever possible and in the child's best interests, approving the child's placement away from the child's parents only when the child's need for care or treatment requires out-of-home placement and the child cannot be maintained in the home of the parent; and

(3) to ensure that the child's parent retains legal custody of the child and associated decision-making authority unless the child's parent willfully fails or is unable to make decisions that meet the child's safety, health, and best interests. The court may not find that the parent willfully fails or is unable to make decisions that meet the child's needs solely because the parent disagrees with the agency's choice of foster care facility, unless the agency files a petition under chapter 260C, and establishes by clear and convincing evidence that the child is in need of protection or services.

(f) The legal parent-child relationship shall be supported under this chapter by maintaining the parent's legal authority and responsibility for ongoing planning for the child and by the agency's assisting the parent, when necessary, to exercise the parent's ongoing right and obligation to visit or to have reasonable contact with the child. Ongoing planning means:

(1) actively participating in the planning and provision of educational services, medical, and dental care for the child;

(2) actively planning and participating with the agency and the foster care facility for the child's treatment needs;

(3) planning to meet the child's need for safety, stability, and permanency, and the child's need to stay connected to the child's family and community;

(4) engaging with the responsible social services agency to ensure that the family and permanency team under section 260C.706 consists of appropriate family members. For purposes of voluntary placement of a child in foster care for treatment under chapter 260D, prior to forming the child's family and permanency team, the responsible social services agency must consult with the child's parent or legal guardian, the child if the child is 14 years of age or older, and, if applicable, the child's Tribe to obtain recommendations regarding which individuals to include on the team and to ensure that the team is family-centered and will act in the child's best interests. If the child, child's parents, or legal guardians raise concerns about specific relatives or professionals, the team should not include those individuals unless the individual is a treating professional or an important connection to the youth as outlined in the case or crisis plan; and

(5) for a voluntary placement under this chapter in a qualified residential treatment program, as defined in section 260C.007, subdivision 26d, for purposes of engaging in a relative search as provided in section 260C.221, the county agency must consult with the child's parent or legal guardian, the child if the child is 14 years of age or older, and, if applicable, the child's Tribe to obtain recommendations regarding which adult relatives the county agency should notify. If the child, child's parents, or legal guardians raise concerns about specific relatives, the county agency should not notify those relatives.

(g) The provisions of section 260.012 to ensure placement prevention, family reunification, and all active and reasonable effort requirements of that section apply.

Sec. 81. Minnesota Statutes 2024, section 260D.02, subdivision 5, is amended to read:

Subd. 5. **Child in voluntary foster care for treatment.** "Child in voluntary foster care for treatment" means a child with ~~emotional disturbance~~ a mental illness or developmental

376.6 in section 260D.02, subdivision 10, for 13 months from the date of the voluntary foster care

376.29 returning the child to the care of the child's family;

376.30 (7) a citation to this chapter as the basis for the petition; and

377.1 (8) evidence as specified in section 260C.712 when a child is placed in a qualified

377.16 (g) At the permanency review hearing, the court shall:

377.17 (1) inquire of the parent if the parent has reviewed the "Petition for Permanency Review
377.18 Regarding a Child in Voluntary Foster Care for Treatment," whether the petition is accurate,
377.19 and whether the parent agrees to the continued voluntary foster care arrangement as being
377.20 in the child's best interests;

377.21 (2) inquire of the parent if the parent is satisfied with the agency's reasonable efforts to
377.22 finalize the permanent plan for the child, including whether there are services available and
377.23 accessible to the parent that might allow the child to safely be with the child's family;

377.24 (3) inquire of the parent if the parent consents to the court entering an order that:

377.25 (i) approves the responsible agency's reasonable efforts to finalize the permanent plan
377.26 for the child, which includes ongoing future planning for the safety, health, and best interests
377.27 of the child; and

377.28 (ii) approves the responsible agency's determination that there are compelling reasons
377.29 why the continued voluntary foster care arrangement is in the child's best interests; and

377.30 (4) inquire of the child's guardian ad litem and any other party whether the guardian or
377.31 the party agrees that:

378.1 (i) the court should approve the responsible agency's reasonable efforts to finalize the
378.2 permanent plan for the child, which includes ongoing and future planning for the safety,
378.3 health, and best interests of the child; and

378.4 (ii) the court should approve of the responsible agency's determination that there are
378.5 compelling reasons why the continued voluntary foster care arrangement is in the child's
378.6 best interests.

378.7 (h) At a permanency review hearing under this section, the court may take the following
378.8 actions based on the contents of the sworn petition and the consent of the parent:

378.9 (1) approve the agency's compelling reasons that the voluntary foster care arrangement
378.10 is in the best interests of the child; and

378.11 (2) find that the agency has made reasonable efforts to finalize the permanent plan for
378.12 the child.

378.13 (i) A child, age 12 or older, may object to the agency's request that the court approve its
378.14 compelling reasons for the continued voluntary arrangement and may be heard on the reasons
378.15 for the objection. Notwithstanding the child's objection, the court may approve the agency's
378.16 compelling reasons and the voluntary arrangement.

378.17 (j) If the court does not approve the voluntary arrangement after hearing from the child
378.18 or the child's guardian ad litem, the court shall dismiss the petition. In this case, either:

378.19 (1) the child must be returned to the care of the parent; or

378.20 (2) the agency must file a petition under section 260C.141, asking for appropriate relief
378.21 under sections 260C.301 or 260C.503 to 260C.521.

378.22 (k) When the court approves the agency's compelling reasons for the child to continue
378.23 in voluntary foster care for treatment, and finds that the agency has made reasonable efforts
378.24 to finalize a permanent plan for the child, the court shall approve the continued voluntary
378.25 foster care arrangement, and continue the matter under the court's jurisdiction for the purposes
378.26 of reviewing the child's placement every 12 months while the child is in foster care.

378.27 (l) A finding that the court approves the continued voluntary placement means the agency
378.28 has continued legal authority to place the child while a voluntary placement agreement
378.29 remains in effect. The parent or the agency may terminate a voluntary agreement as provided
378.30 in section 260D.10. Termination of a voluntary foster care placement of an Indian child is
378.31 governed by section 260.765, subdivision 4.

~~(e)~~ (b) The provider entity must make reasonable and good faith efforts to report individual client outcomes to the commissioner, using instruments and protocols approved by the commissioner.

Sec. 2. Minnesota Statutes 2024, section 256B.0622, subdivision 8, is amended to read:

Subd. 8. **Medical assistance payment for assertive community treatment and intensive residential treatment services.** (a) Payment for ~~intensive residential treatment services and~~ assertive community treatment in this section shall be based on one daily rate per provider inclusive of the following services received by an eligible client in a given calendar day: all rehabilitative services under this section, staff travel time to provide rehabilitative services under this section, and nonresidential crisis stabilization services under section 256B.0624.

(b) Except as indicated in paragraph ~~(d)~~ (c), payment will not be made to more than one entity for each client for services provided under this section on a given day. If services under this section are provided by a team that includes staff from more than one entity, the team must determine how to distribute the payment among the members.

~~(e) Payment must not be made based solely on a court order to participate in intensive residential treatment services. If a client has a court order to participate in the program or to obtain assessment for treatment and follow treatment recommendations, payment under this section must only be provided if the client is eligible for the service and the service is determined to be medically necessary.~~

~~(d)~~ (c) The commissioner shall determine ~~one rate for each provider that will bill medical assistance for residential services under this section and one rate for each assertive community treatment provider~~ under this section. If a single entity provides both ~~services~~ intensive

382.1 residential treatment services under section 256B.0632 and assertive community treatment
382.2 under this section, one rate is established for the entity's intensive residential treatment
382.3 services under section 256B.0632 and another rate for the entity's ~~nonresidential~~ assertive
382.4 community treatment services under this section. A provider is not eligible for payment
382.5 under this section without authorization from the commissioner. The commissioner shall
382.6 develop rates using the following criteria:

382.7 (1) the provider's cost for services shall include direct services costs, other program
382.8 costs, and other costs determined as follows:

382.9 (i) the direct services costs must be determined using actual costs of salaries, benefits,
382.10 payroll taxes, and training of direct service staff and service-related transportation;

382.11 (ii) other program costs not included in item (i) must be determined as a specified
382.12 percentage of the direct services costs as determined by item (i). The percentage used shall
382.13 be determined by the commissioner based upon the average of percentages that represent
382.14 the relationship of other program costs to direct services costs among the entities that provide
382.15 similar services;

382.16 (iii) physical plant costs calculated based on the percentage of space within the program
382.17 that is entirely devoted to treatment and programming. This does not include administrative
382.18 or residential space;

382.19 (iv) assertive community treatment physical plant costs must be reimbursed as part of
382.20 the costs described in item (ii); and

382.21 (v) subject to federal approval, up to an additional five percent of the total rate may be
382.22 added to the program rate as a quality incentive based upon the entity meeting performance
382.23 criteria specified by the commissioner;

382.24 (2) ~~actual cost~~ actual costs are defined as costs which are allowable, allocable, and reasonable,
382.25 and consistent with federal reimbursement requirements under Code of Federal Regulations,
382.26 title 48, chapter 1, part 31, relating to for-profit entities, and Office of Management and
382.27 Budget Circular Number A-122, relating to nonprofit entities;

382.28 (3) the number of service units;

382.29 (4) the degree to which clients will receive services other than services under this section
382.30 or section 256B.0632; and

382.31 (5) the costs of other services that will be separately reimbursed.

383.1 ~~(e)~~ (d) The rate for ~~intensive residential treatment services~~ and assertive community
383.2 treatment must exclude the medical assistance room and board rate, as defined in section
383.3 256B.056, subdivision 5d, and services not covered under this section, such as partial
383.4 hospitalization, home care, and inpatient services.

383.5 ~~(f) Physician services that are not separately billed may be included in the rate to the~~
383.6 ~~extent that a psychiatrist, or other health care professional providing physician services~~
383.7 ~~within their scope of practice, is a member of the intensive residential treatment services~~
383.8 ~~treatment team. Physician services, whether billed separately or included in the rate, may~~
383.9 ~~be delivered by telehealth. For purposes of this paragraph, "telehealth" has the meaning~~
383.10 ~~given to "mental health telehealth" in section 256B.0625, subdivision 46, when telehealth~~
383.11 ~~is used to provide intensive residential treatment services.~~

383.12 ~~(g)~~ (e) When services under this section are provided by an assertive community treatment
383.13 provider, case management functions must be an integral part of the team.

383.14 ~~(h)~~ (f) The rate for a provider must not exceed the rate charged by that provider for the
383.15 same service to other payors.

383.16 ~~(i)~~ (g) The rates for existing programs must be established prospectively based upon the
383.17 expenditures and utilization over a prior 12-month period using the criteria established in
383.18 paragraph ~~(d)~~ (c). The rates for new programs must be established based upon estimated
383.19 expenditures and estimated utilization using the criteria established in paragraph ~~(d)~~ (c).

383.20 ~~(j)~~ (h) Effective for the rate years beginning on and after January 1, 2024, rates for
383.21 assertive community treatment, adult residential crisis stabilization services, and intensive
383.22 residential treatment services must be annually adjusted for inflation using the Centers for
383.23 Medicare and Medicaid Services Medicare Economic Index, as forecasted in the third quarter
383.24 of the calendar year before the rate year. The inflation adjustment must be based on the
383.25 12-month period from the midpoint of the previous rate year to the midpoint of the rate year
383.26 for which the rate is being determined. This paragraph expires upon federal approval.

383.27 (i) Effective upon the expiration of paragraph (h), and effective for the rate years
383.28 beginning on and after January 1, 2024, rates for assertive community treatment services
383.29 must be annually adjusted for inflation using the Centers for Medicare and Medicaid Services
383.30 Medicare Economic Index, as forecasted in the third quarter of the calendar year before the
383.31 rate year. The inflation adjustment must be based on the 12-month period from the midpoint
383.32 of the previous rate year to the midpoint of the rate year for which the rate is being
383.33 determined.

384.1 ~~(k)~~ (j) Entities who discontinue providing services must be subject to a settle-up process
384.2 whereby actual costs and reimbursement for the previous 12 months are compared. In the
384.3 event that the entity was paid more than the entity's actual costs plus any applicable
384.4 performance-related funding due the provider, the excess payment must be reimbursed to
384.5 the department. If a provider's revenue is less than actual allowed costs due to lower
384.6 utilization than projected, the commissioner may reimburse the provider to recover its actual
384.7 allowable costs. The resulting adjustments by the commissioner must be proportional to the
384.8 percent of total units of service reimbursed by the commissioner and must reflect a difference
384.9 of greater than five percent.

384.10 ~~(h)~~ (k) A provider may request of the commissioner a review of any rate-setting decision
384.11 made under this subdivision.

384.12 Sec. 3. Minnesota Statutes 2024, section 256B.0622, subdivision 11, is amended to read:

384.13 Subd. 11. **Sustainability grants.** The commissioner may disburse grant funds directly
384.14 to ~~intensive residential treatment services providers and~~ assertive community treatment
384.15 providers to maintain access to these services.

384.16 Sec. 4. Minnesota Statutes 2024, section 256B.0622, subdivision 12, is amended to read:

384.17 Subd. 12. **Start-up grants.** The commissioner may, within available appropriations,
384.18 disburse grant funding to counties, Indian tribes, or mental health service providers to
384.19 establish additional assertive community treatment teams, ~~intensive residential treatment~~
384.20 ~~services, or crisis residential services.~~

384.21 Sec. 5. **[256B.0632] INTENSIVE RESIDENTIAL TREATMENT SERVICES.**

384.22 Subdivision 1. **Scope.** (a) Subject to federal approval, medical assistance covers medically
384.23 necessary, intensive residential treatment services when the services are provided by an
384.24 entity licensed under and meeting the standards in section 245I.23.

384.25 (b) The provider entity must make reasonable and good faith efforts to report individual
384.26 client outcomes to the commissioner, using instruments and protocols approved by the
384.27 commissioner.

384.28 Subd. 2. **Provider entity licensure and contract requirements for intensive residential**
384.29 **treatment services.** (a) The commissioner shall develop procedures for counties and
384.30 providers to submit other documentation as needed to allow the commissioner to determine
384.31 whether the standards in this section are met.

(b) A provider entity must specify in the provider entity's application what geographic area and populations will be served by the proposed program. A provider entity must document that the capacity or program specialties of existing programs are not sufficient to meet the service needs of the target population. A provider entity must submit evidence of ongoing relationships with other providers and levels of care to facilitate referrals to and from the proposed program.

(c) A provider entity must submit documentation that the provider entity requested a statement of need from each county board and Tribal authority that serves as a local mental health authority in the proposed service area. The statement of need must specify if the local mental health authority supports or does not support the need for the proposed program and the basis for this determination. If a local mental health authority does not respond within 60 days of the receipt of the request, the commissioner shall determine the need for the program based on the documentation submitted by the provider entity.

Subd. 3. Medical assistance payment for intensive residential treatment services. (a) Payment for intensive residential treatment services in this section shall be based on one daily rate per provider inclusive of the following services received by an eligible client in a given calendar day: all rehabilitative services under this section, staff travel time to provide rehabilitative services under this section, and nonresidential crisis stabilization services under section 256B.0624.

(b) Except as indicated in paragraph (d), payment will not be made to more than one entity for each client for services provided under this section on a given day. If services under this section are provided by a team that includes staff from more than one entity, the team must determine how to distribute the payment among the members.

(c) Payment must not be made based solely on a court order to participate in intensive residential treatment services. If a client has a court order to participate in the program or to obtain assessment for treatment and follow treatment recommendations, payment under this section must only be provided if the client is eligible for the service and the service is determined to be medically necessary.

(d) The commissioner shall determine one rate for each provider that will bill medical assistance for intensive residential treatment services under this section. If a single entity provides both intensive residential treatment services under this section and assertive community treatment under section 256B.0622, one rate is established for the entity's intensive residential treatment services under this section and another rate for the entity's assertive community treatment services under section 256B.0622. A provider is not eligible

386.1 for payment under this section without authorization from the commissioner. The
386.2 commissioner shall develop rates using the following criteria:

386.3 (1) the provider's cost for services shall include direct services costs, other program
386.4 costs, and other costs determined as follows:

386.5 (i) the direct services costs must be determined using actual costs of salaries, benefits,
386.6 payroll taxes, and training of direct service staff and service-related transportation;

386.7 (ii) other program costs not included in item (i) must be determined as a specified
386.8 percentage of the direct services costs as determined by item (i). The percentage used shall
386.9 be determined by the commissioner based upon the average of percentages that represent
386.10 the relationship of other program costs to direct services costs among the entities that provide
386.11 similar services;

386.12 (iii) physical plant costs calculated based on the percentage of space within the program
386.13 that is entirely devoted to treatment and programming. This does not include administrative
386.14 or residential space; and

386.15 (iv) subject to federal approval, up to an additional five percent of the total rate may be
386.16 added to the program rate as a quality incentive based upon the entity meeting performance
386.17 criteria specified by the commissioner;

386.18 (2) actual costs are defined as costs which are allowable, allocable, and reasonable, and
386.19 consistent with federal reimbursement requirements under Code of Federal Regulations,
386.20 title 48, chapter 1, part 31, relating to for-profit entities, and Office of Management and
386.21 Budget Circular Number A-122, relating to nonprofit entities;

386.22 (3) the number of services units;

386.23 (4) the degree to which clients will receive services other than services under this section
386.24 or section 256B.0622; and

386.25 (5) the costs of other services that will be separately reimbursed.

386.26 (e) The rate for intensive residential treatment services must exclude the medical
386.27 assistance room and board rate, as defined in section 256B.056, subdivision 5d, and services
386.28 not covered under this section, such as partial hospitalization, home care, and inpatient
386.29 services.

386.30 (f) Physician services that are not separately billed may be included in the rate to the
386.31 extent that a psychiatrist, or other health care professional providing physician services
386.32 within their scope of practice, is a member of the intensive residential treatment services

387.1 treatment team. Physician services, whether billed separately or included in the rate, may
387.2 be delivered by telehealth. For purposes of this paragraph, "telehealth" has the meaning
387.3 given to "mental health telehealth" in section 256B.0625, subdivision 46, when telehealth
387.4 is used to provide intensive residential treatment services.

387.5 (g) The rate for a provider must not exceed the rate charged by that provider for the
387.6 same service to other payors.

387.7 (h) The rates for existing programs must be established prospectively based upon the
387.8 expenditures and utilization over a prior 12-month period using the criteria established in
387.9 paragraph (d). The rates for new programs must be established based upon estimated
387.10 expenditures and estimated utilization using the criteria established in paragraph (d).

387.11 (i) Effective upon the expiration of section 256B.0622, subdivision 8, paragraph (h),
387.12 and effective for rate years beginning on and after January 1, 2024, rates for intensive
387.13 residential treatment services and adult residential crisis stabilization services must be
387.14 annually adjusted for inflation using the Centers for Medicare and Medicaid Services
387.15 Medicare Economic Index, as forecasted in the third quarter of the calendar year before the
387.16 rate year. The inflation adjustment must be based on the 12-month period from the midpoint
387.17 of the previous rate year to the midpoint of the rate year for which the rate is being
387.18 determined.

387.19 (j) Entities who discontinue providing services must be subject to a settle-up process
387.20 whereby actual costs and reimbursement for the previous 12 months are compared. In the
387.21 event that the entity was paid more than the entity's actual costs plus any applicable
387.22 performance-related funding due the provider, the excess payment must be reimbursed to
387.23 the department. If a provider's revenue is less than actual allowed costs due to lower
387.24 utilization than projected, the commissioner may reimburse the provider to recover its actual
387.25 allowable costs. The resulting adjustments by the commissioner must be proportional to the
387.26 percent of total units of service reimbursed by the commissioner and must reflect a difference
387.27 of greater than five percent.

387.28 (k) A provider may request of the commissioner a review of any rate-setting decision
387.29 made under this subdivision.

387.30 Subd. 4. **Provider enrollment; rate setting for county-operated entities.** Counties
387.31 that employ their own staff to provide services under this section shall apply directly to the
387.32 commissioner for enrollment and rate setting. In this case, a county contract is not required.

Subd. 5. **Provider enrollment; rate setting for specialized program.** A county contract is not required for a provider proposing to serve a subpopulation of eligible clients under the following circumstances:

(1) the provider demonstrates that the subpopulation to be served requires a specialized program which is not available from county-approved entities; and

(2) the subpopulation to be served is of such a low incidence that it is not feasible to develop a program serving a single county or regional group of counties.

Subd. 6. **Sustainability grants.** The commissioner may disburse grant funds directly to intensive residential treatment services providers to maintain access to these services.

Subd. 7. **Start-up grants.** The commissioner may, within available appropriations, disburse grant funding to counties, Indian Tribes, or mental health service providers to establish additional intensive residential treatment services and residential crisis services.

Sec. 6. REPEALER.

Minnesota Statutes 2024, section 256B.0622, subdivision 4, is repealed.

(5) to provide notices required or permitted by statute.

The data referred to in this subdivision shall be classified as public data upon submission to an administrative law judge or court in an administrative or judicial proceeding. Inactive welfare investigative data shall be treated as provided in section 13.39, subdivision 3.

(b) Notwithstanding any other provision in law, the commissioner of human services shall provide all active and inactive investigative data, including the name of the reporter of alleged maltreatment under section 626.557 or chapter 260E, to the ombudsman for mental health and developmental disabilities upon the request of the ombudsman.

(c) Notwithstanding paragraph (a) and section 13.39, the existence of an investigation by the commissioner of human services of possible overpayments of public funds to a service provider or recipient or the reduction or withholding of payments may be disclosed if the commissioner determines that it will not compromise the investigation.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 2. Minnesota Statutes 2024, section 245.095, subdivision 5, is amended to read:

Subd. 5. **Withholding of payments.** (a) Except as otherwise provided by state or federal law, the commissioner may withhold payments to a provider, vendor, individual, associated individual, or associated entity in any program administered by the commissioner if the commissioner determines:

(1) there is a credible allegation of fraud for which an investigation is pending for a program administered by a Minnesota state or federal agency;

(2) the individual, the entity, or an associated individual or entity was convicted of a crime charged in state or federal court with an offense that involves fraud or theft against a program administered by the commissioner or another Minnesota state or federal agency. For purposes of this subdivision, "convicted" means a judgment of conviction has been entered by a federal, state, or local court, regardless of whether an appeal from the judgment is pending, and includes a stay of adjudication, a court-ordered diversion program, or a plea of guilty or nolo contendere;

400.1 (3) the provider is operating after a Minnesota state or federal agency orders the
400.2 suspension, revocation, or decertification of the provider's license;

400.3 (4) the provider, vendor, associated individual, or associated entity, including those
400.4 receiving funds under any contract or registered program, has a background study
400.5 disqualification under chapter 245C that has not been set aside and for which no variance
400.6 has been issued, except for a disqualification under sections 245C.14, subdivision 5, and
400.7 245C.15, subdivision 4c; or

400.8 (5) by a preponderance of the evidence that the provider, vendor, individual, associated
400.9 individual, or associated entity intentionally provided materially false information on the
400.10 provider's billing forms.

400.11 (b) For purposes of this subdivision, "credible allegation of fraud" means an allegation
400.12 that has been verified by the commissioner from any source, including but not limited to:

400.13 (1) fraud hotline complaints;

400.14 (2) claims data mining;

400.20 of taking such action. The notice must:

400.21 (1) state that payments are being withheld according to this subdivision;

400.22 (2) set forth the general allegations related to the withholding action, except the notice
400.23 need not disclose specific information concerning an ongoing investigation;

400.24 (3) state that the withholding is for a temporary period and cite the circumstances under
400.25 which the withholding will be terminated; and

400.26 (4) inform the provider, vendor, individual, associated individual, or associated entity
400.27 of the right to submit written evidence to contest the withholding action for consideration
400.28 by the commissioner.

400.29 (d) If the commissioner withholds payments under this subdivision, the provider, vendor,
400.30 individual, associated individual, or associated entity has a right to request administrative
400.31 reconsideration. A request for administrative reconsideration must be made in writing, state
400.32 with specificity the reasons the payment withholding decision is in error, and include

documents to support the request. Within 60 days from receipt of the request, the commissioner shall judiciously review allegations, facts, evidence available to the commissioner, and information submitted by the provider, vendor, individual, associated individual, or associated entity to determine whether the payment withholding should remain in place.

(e) The commissioner shall stop withholding payments if the commissioner determines there is insufficient evidence of fraud by the provider, vendor, individual, associated individual, or associated entity or when legal proceedings relating to the alleged fraud are completed, unless the commissioner has sent notice under subdivision 3 to the provider, vendor, individual, associated individual, or associated entity.

(f) The withholding of payments is a temporary action and is not subject to appeal under section 256.045 or chapter 14.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 3. Minnesota Statutes 2024, section 245.095, is amended by adding a subdivision to read:

Subd. 6. Data practices. The commissioner may exchange information, including claims data, with state or federal agencies, professional boards, departments, or programs for the purpose of investigating or prosecuting a criminal, civil, or administrative proceeding related to suspected fraud or exclusion from any program administered by a state or federal agency.

Sec. 4. Minnesota Statutes 2024, section 245A.04, subdivision 1, is amended to read:

Subdivision 1. **Application for licensure.** (a) An individual, organization, or government entity that is subject to licensure under section 245A.03 must apply for a license. The application must be made on the forms and in the manner prescribed by the commissioner. The commissioner shall provide the applicant with instruction in completing the application and provide information about the rules and requirements of other state agencies that affect the applicant. An applicant seeking licensure in Minnesota with headquarters outside of Minnesota must have a program office located within 30 miles of the Minnesota border. An applicant who intends to buy or otherwise acquire a program or services licensed under this chapter that is owned by another license holder must apply for a license under this chapter and comply with the application procedures in this section and section 245A.043.

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or

departments, counties, municipalities, or other political subdivisions. The commissioner shall not consider an application to be complete until the commissioner receives all of the required information. If the applicant or a controlling individual is the subject of a pending administrative, civil, or criminal investigation, the application is not complete until the investigation has closed or the related legal proceedings are complete.

When the commissioner receives an application for initial licensure that is incomplete because the applicant failed to submit required documents or that is substantially deficient because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially deficient. In the written notice to the applicant the commissioner shall identify documents that are missing or deficient and give the applicant 45 days to resubmit a second application that is substantially complete. An applicant's failure to submit a substantially complete application after receiving notice from the commissioner is a basis for license denial under section 245A.043.

(b) An application for licensure must identify all controlling individuals as defined in section 245A.02, subdivision 5a, and must designate one individual to be the authorized agent. The application must be signed by the authorized agent and must include the authorized agent's first, middle, and last name; mailing address; and email address. By submitting an application for licensure, the authorized agent consents to electronic communication with the commissioner throughout the application process. The authorized agent must be authorized to accept service on behalf of all of the controlling individuals. A government entity that holds multiple licenses under this chapter may designate one authorized agent for all licenses issued under this chapter or may designate a different authorized agent for each license. Service on the authorized agent is service on all of the controlling individuals. It is not a defense to any action arising under this chapter that service was not made on each controlling individual. The designation of a controlling individual as the authorized agent under this paragraph does not affect the legal responsibility of any other controlling individual under this chapter.

(c) An applicant or license holder must have a policy that prohibits license holders, employees, subcontractors, and volunteers, when directly responsible for persons served by the program, from abusing prescription medication or being in any manner under the influence of a chemical that impairs the individual's ability to provide services or care. The license holder must train employees, subcontractors, and volunteers about the program's drug and alcohol policy.

(d) An applicant and license holder must have a program grievance procedure that permits persons served by the program and their authorized representatives to bring a grievance to the highest level of authority in the program.

(e) The commissioner may limit communication during the application process to the authorized agent or the controlling individuals identified on the license application and for whom a background study was initiated under chapter 245C. Upon implementation of the provider licensing and reporting hub, applicants and license holders must use the hub in the manner prescribed by the commissioner. The commissioner may require the applicant, except for child foster care, to demonstrate competence in the applicable licensing requirements by successfully completing a written examination. The commissioner may develop a prescribed written examination format.

(f) When an applicant is an individual, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Social Security number or Minnesota tax identification number, and federal employer identification number if the applicant has employees;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, if any;

(3) if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(4) if applicable, the applicant's National Provider Identifier (NPI) number and Unique Minnesota Provider Identifier (UMPI) number; and

(5) at the request of the commissioner, the notarized signature of the applicant or authorized agent.

(g) When an applicant is an organization, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, and if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(3) the first, middle, and last name, and address for all individuals who will be controlling individuals, including all officers, owners, and managerial officials as defined in section

404.1 245A.02, subdivision 5a, and the date that the background study was initiated by the applicant
404.2 for each controlling individual;

404.3 (4) if applicable, the applicant's NPI number and UMPI number;

404.4 (5) the documents that created the organization and that determine the organization's
404.5 internal governance and the relations among the persons that own the organization, have
404.6 an interest in the organization, or are members of the organization, in each case as provided
404.7 or authorized by the organization's governing statute, which may include a partnership
404.8 agreement, bylaws, articles of organization, organizational chart, and operating agreement,
404.9 or comparable documents as provided in the organization's governing statute; and

404.10 (6) the notarized signature of the applicant or authorized agent.

404.11 (h) When the applicant is a government entity, the applicant must provide:

404.12 (1) the name of the government agency, political subdivision, or other unit of government
404.13 seeking the license and the name of the program or services that will be licensed;

404.14 (2) the applicant's taxpayer identification numbers including the Minnesota tax
404.15 identification number and federal employer identification number;

404.16 (3) a letter signed by the manager, administrator, or other executive of the government
404.17 entity authorizing the submission of the license application; and

404.18 (4) if applicable, the applicant's NPI number and UMPI number.

404.19 (i) At the time of application for licensure or renewal of a license under this chapter, the
404.20 applicant or license holder must acknowledge on the form provided by the commissioner
404.21 if the applicant or license holder elects to receive any public funding reimbursement from
404.22 the commissioner for services provided under the license that:

404.23 (1) the applicant's or license holder's compliance with the provider enrollment agreement
404.24 or registration requirements for receipt of public funding may be monitored by the
404.25 commissioner as part of a licensing investigation or licensing inspection; and

404.26 (2) noncompliance with the provider enrollment agreement or registration requirements

Sec. 6. Minnesota Statutes 2024, section 245A.07, subdivision 2, is amended to read:

Subd. 2. **Temporary immediate suspension.** (a) The commissioner shall act immediately to temporarily suspend a license issued under this chapter if:

(b) No state funds shall be made available or be expended by any agency or department of state, county, or municipal government for use by a license holder regulated under this chapter while a license issued under this chapter is under immediate suspension. A notice stating the reasons for the immediate suspension and informing the license holder of the right to an expedited hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612, must be delivered by personal service to the address shown on the application

or the last known address of the license holder. The license holder may appeal an order immediately suspending a license. The appeal of an order immediately suspending a license must be made in writing by certified mail, personal service, or other means expressly set forth in the commissioner's order. If mailed, the appeal must be postmarked and sent to the commissioner within five calendar days after the license holder receives notice that the license has been immediately suspended. If a request is made by personal service, it must be received by the commissioner within five calendar days after the license holder received the order. A license holder and any controlling individual shall discontinue operation of the program upon receipt of the commissioner's order to immediately suspend the license.

Sec. 7. Minnesota Statutes 2024, section 254B.06, is amended by adding a subdivision to read:

Subd. 5. **Prohibition of duplicative claim submission.** (a) For time-based claims, submissions must follow the guidelines in the Centers for Medicare and Medicaid Services' Healthcare Common Procedure Coding System and the American Medical Association's Current Procedural Terminology to determine the appropriate units of time to report.

(b) More than half the duration of a time-based code must be spent performing the service to be eligible under this section. Any provision of service during the remaining balance of the unit of time is not eligible for any other claims submission and would be considered a duplicative claim submission.

(c) A provider may only round up to the next whole number of service units on a submitted claim when more than one and one-half times the defined value of the code has occurred and no additional time increment code exists.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 8. Minnesota Statutes 2024, section 256.983, subdivision 4, is amended to read:

Subd. 4. **Funding.** (a) County and Tribal agency reimbursement shall be made through the settlement provisions applicable to the Supplemental Nutrition Assistance Program (SNAP), MFIP, child care assistance programs, the medical assistance program, and other federal and state-funded programs.

(b) The commissioners will maintain program compliance if for any ~~three consecutive month period~~ quarter, a county or Tribal agency fails to comply with fraud prevention investigation program guidelines, or fails to meet the cost-effectiveness standards developed by the commissioners. This result is contingent on the commissioners providing written notice, including an offer of technical assistance, within 30 days of the end of the ~~third or subsequent month~~ quarter of noncompliance. The county or Tribal agency shall be required to submit a corrective action plan to the commissioners within 30 days of receipt of a notice of noncompliance. Failure to submit a corrective action plan or, continued deviation from standards of more than ten percent after submission of a corrective action plan, will result in denial of funding for each subsequent month, or billing the county or Tribal agency for fraud prevention investigation (FPI) service provided by the commissioners, or reallocation of program grant funds, or investigative resources, or both, to other counties or Tribal agencies. The denial of funding shall apply to the general settlement received by the county or Tribal agency on a quarterly basis and shall not reduce the grant amount applicable to the FPI project.

EFFECTIVE DATE. This section is effective July 1, 2025.

Sec. 9. Minnesota Statutes 2024, section 256B.04, subdivision 21, is amended to read:

Subd. 21. **Provider enrollment.** (a) The commissioner shall enroll providers and conduct screening activities as required by Code of Federal Regulations, title 42, section 455, subpart E. A provider must enroll each provider-controlled location where direct services are provided. The commissioner may deny a provider's incomplete application if a provider fails to respond to the commissioner's request for additional information within 60 days of the request. The commissioner must conduct a background study under chapter 245C, including a review of databases in section 245C.08, subdivision 1, paragraph (a), clauses (1) to (5), for a provider described in this paragraph. The background study requirement may be satisfied if the commissioner conducted a fingerprint-based background study on the provider that includes a review of databases in section 245C.08, subdivision 1, paragraph (a), clauses (1) to (5).

(b) The commissioner shall revalidate ~~each~~:

(1) each provider under this subdivision at least once every five years; ~~and~~

(2) each personal care assistance agency under this subdivision once every three years;

and

409.1 (3) at the commissioner's discretion, any other Medicaid-only provider type the
409.2 commissioner deems "high risk" under this subdivision.

409.3 (c) The commissioner shall conduct revalidation as follows:

409.4 (1) provide 30-day notice of the revalidation due date including instructions for
409.5 revalidation and a list of materials the provider must submit;

409.6 (2) if a provider fails to submit all required materials by the due date, notify the provider
409.7 of the deficiency within 30 days after the due date and allow the provider an additional 30
409.8 days from the notification date to comply; and

409.9 (3) if a provider fails to remedy a deficiency within the 30-day time period, give 60-day
409.10 notice of termination and immediately suspend the provider's ability to bill. The provider
409.11 does not have the right to appeal suspension of ability to bill.

409.12 (d) If a provider fails to comply with any individual provider requirement or condition
409.13 of participation, the commissioner may suspend the provider's ability to bill until the provider
409.14 comes into compliance. The commissioner's decision to suspend the provider is not subject
409.15 to an administrative appeal.

409.16 (e) Correspondence and notifications, including notifications of termination and other
409.17 actions, may be delivered electronically to a provider's MN-ITS mailbox. This paragraph
409.18 does not apply to correspondences and notifications related to background studies.

409.19 (f) If the commissioner or the Centers for Medicare and Medicaid Services determines
409.20 that a provider is designated "high-risk," the commissioner may withhold payment from
409.21 providers within that category upon initial enrollment for a 90-day period. The withholding
409.22 for each provider must begin on the date of the first submission of a claim.

409.23 (g) An enrolled provider that is also licensed by the commissioner under chapter 245A,
409.24 is licensed as a home care provider by the Department of Health under chapter 144A, or is
409.25 licensed as an assisted living facility under chapter 144G and has a home and
409.26 community-based services designation on the home care license under section 144A.484,
409.27 must designate an individual as the entity's compliance officer. The compliance officer
409.28 must:

409.29 (1) develop policies and procedures to assure adherence to medical assistance laws and
409.30 regulations and to prevent inappropriate claims submissions;

409.31 (2) train the employees of the provider entity, and any agents or subcontractors of the
409.32 provider entity including billers, on the policies and procedures under clause (1);

410.1 (3) respond to allegations of improper conduct related to the provision or billing of
410.2 medical assistance services, and implement action to remediate any resulting problems;

410.3 (4) use evaluation techniques to monitor compliance with medical assistance laws and
410.4 regulations;

410.5 (5) promptly report to the commissioner any identified violations of medical assistance
410.6 laws or regulations; and

410.7 (6) within 60 days of discovery by the provider of a medical assistance reimbursement
410.8 overpayment, report the overpayment to the commissioner and make arrangements with
410.9 the commissioner for the commissioner's recovery of the overpayment.

410.10 The commissioner may require, as a condition of enrollment in medical assistance, that a
410.11 provider within a particular industry sector or category establish a compliance program that
410.12 contains the core elements established by the Centers for Medicare and Medicaid Services.

410.13 (h) The commissioner may revoke the enrollment of an ordering or rendering provider
410.14 for a period of not more than one year, if the provider fails to maintain and, upon request
410.15 from the commissioner, provide access to documentation relating to written orders or requests
410.16 for payment for durable medical equipment, certifications for home health services, or
410.17 referrals for other items or services written or ordered by such provider, when the
410.18 commissioner has identified a pattern of a lack of documentation. A pattern means a failure
410.19 to maintain documentation or provide access to documentation on more than one occasion.
410.20 Nothing in this paragraph limits the authority of the commissioner to sanction a provider
410.21 under the provisions of section 256B.064.

410.22 (i) The commissioner shall terminate or deny the enrollment of any individual or entity
410.23 if the individual or entity has been terminated from participation in Medicare or under the
410.24 Medicaid program or Children's Health Insurance Program of any other state. The
410.25 commissioner may exempt a rehabilitation agency from termination or denial that would
410.26 otherwise be required under this paragraph, if the agency:

410.27 (1) is unable to retain Medicare certification and enrollment solely due to a lack of billing
410.28 to the Medicare program;

410.29 (2) meets all other applicable Medicare certification requirements based on an on-site
410.30 review completed by the commissioner of health; and

410.31 (3) serves primarily a pediatric population.

410.32 (j) As a condition of enrollment in medical assistance, the commissioner shall require
410.33 that a provider designated "moderate" or "high-risk" by the Centers for Medicare and

411.1 Medicaid Services or the commissioner permit the Centers for Medicare and Medicaid
411.2 Services, its agents, or its designated contractors and the state agency, its agents, or its
411.3 designated contractors to conduct unannounced on-site inspections of any provider location.
411.4 The commissioner shall publish in the Minnesota Health Care Program Provider Manual a
411.5 list of provider types designated "limited," "moderate," or "high-risk," based on the criteria
411.6 and standards used to designate Medicare providers in Code of Federal Regulations, title
411.7 42, section 424.518. The list and criteria are not subject to the requirements of chapter 14.
411.8 The commissioner's designations are not subject to administrative appeal.

411.9 (k) As a condition of enrollment in medical assistance, the commissioner shall require
411.10 that a high-risk provider, or a person with a direct or indirect ownership interest in the
411.11 provider of five percent or higher, consent to criminal background checks, including
411.12 fingerprinting, when required to do so under state law or by a determination by the
411.13 commissioner or the Centers for Medicare and Medicaid Services that a provider is designated
411.14 high-risk for fraud, waste, or abuse.

411.15 (l)(1) Upon initial enrollment, reenrollment, and notification of revalidation, all durable
411.16 medical equipment, prosthetics, orthotics, and supplies (DMEPOS) medical suppliers
411.17 meeting the durable medical equipment provider and supplier definition in clause (3),
411.18 operating in Minnesota and receiving Medicaid funds must purchase a surety bond that is
411.19 annually renewed and designates the Minnesota Department of Human Services as the
411.20 obligee, and must be submitted in a form approved by the commissioner. For purposes of
411.21 this clause, the following medical suppliers are not required to obtain a surety bond: a
411.22 federally qualified health center, a home health agency, the Indian Health Service, a
411.23 pharmacy, and a rural health clinic.

411.24 (2) At the time of initial enrollment or reenrollment, durable medical equipment providers
411.25 and suppliers defined in clause (3) must purchase a surety bond of \$50,000. If a revalidating
411.26 provider's Medicaid revenue in the previous calendar year is up to and including \$300,000,
411.27 the provider agency must purchase a surety bond of \$50,000. If a revalidating provider's
411.28 Medicaid revenue in the previous calendar year is over \$300,000, the provider agency must
411.29 purchase a surety bond of \$100,000. The surety bond must allow for recovery of costs and
411.30 fees in pursuing a claim on the bond. Any action to obtain monetary recovery or sanctions
411.31 from a surety bond must occur within six years from the date the debt is affirmed by a final
411.32 agency decision. An agency decision is final when the right to appeal the debt has been
411.33 exhausted or the time to appeal has expired under section 256B.064.

411.34 (3) "Durable medical equipment provider or supplier" means a medical supplier that can
411.35 purchase medical equipment or supplies for sale or rental to the general public and is able

412.1 to perform or arrange for necessary repairs to and maintenance of equipment offered for
412.2 sale or rental.

412.3 (m) The Department of Human Services may require a provider to purchase a surety
412.4 bond as a condition of initial enrollment, reenrollment, reinstatement, or continued enrollment
412.5 if: (1) the provider fails to demonstrate financial viability, (2) the department determines
412.6 there is significant evidence of or potential for fraud and abuse by the provider, or (3) the
412.7 provider or category of providers is designated high-risk pursuant to paragraph (f) and as
412.8 per Code of Federal Regulations, title 42, section 455.450. The surety bond must be in an
412.9 amount of \$100,000 or ten percent of the provider's payments from Medicaid during the
412.10 immediately preceding 12 months, whichever is greater. The surety bond must name the
412.11 Department of Human Services as an obligee and must allow for recovery of costs and fees
412.12 in pursuing a claim on the bond. This paragraph does not apply if the provider currently
412.13 maintains a surety bond under the requirements in section 256B.0659 or 256B.85.

412.14 **EFFECTIVE DATE.** This section is effective July 1, 2025.

412.15 Sec. 10. Minnesota Statutes 2024, section 256B.0659, subdivision 21, is amended to read:

412.28 commissioner, must be renewed annually, and must allow for recovery of costs and fees in
412.29 pursuing a claim on the bond. Any action to obtain monetary recovery or sanctions from a
412.30 surety bond must occur within six years from the date the debt is affirmed by a final agency

413.13 course of daily business including, but not limited to:

413.14 (i) a copy of the personal care assistance provider agency's time sheet if the time sheet
413.15 varies from the standard time sheet for personal care assistance services approved by the
413.16 commissioner, and a letter requesting approval of the personal care assistance provider
413.17 agency's nonstandard time sheet;

413.18 (ii) the personal care assistance provider agency's template for the personal care assistance

413.21 in subdivision 20 for recipients using the personal care assistance choice option, if applicable;

413.22 (8) a list of all training and classes that the personal care assistance provider agency
413.23 requires of its staff providing personal care assistance services;

413.24 (9) documentation that the personal care assistance provider agency and staff have

414.1 employee personal care assistant wages and benefits: 72.5 percent of revenue in the personal
414.2 care assistance choice option and 72.5 percent of revenue from other personal care assistance
414.3 providers. The revenue generated by the qualified professional and the reasonable costs
414.4 associated with the qualified professional shall not be used in making this calculation; and

414.5 (13) effective May 15, 2010, documentation that the agency does not burden recipients'
414.6 free exercise of their right to choose service providers by requiring personal care assistants
414.7 to sign an agreement not to work with any particular personal care assistance recipient or
414.8 for another personal care assistance provider agency after leaving the agency and that the
414.9 agency is not taking action on any such agreements or requirements regardless of the date
414.10 signed.

414.11 (b) Personal care assistance provider agencies shall provide the information specified
414.12 in paragraph (a) to the commissioner at the time the personal care assistance provider agency
414.13 enrolls as a vendor or upon request from the commissioner. The commissioner shall collect
414.14 the information specified in paragraph (a) from all personal care assistance providers
414.15 beginning July 1, 2009.

414.23 supervisory positions and owners who are active in the day-to-day operations of an agency
414.24 who have completed the required training as an employee with a personal care assistance
414.25 provider agency do not need to repeat the required training if they are hired by another
414.26 agency, if they have completed the training within the past three years. By September 1,
414.27 2010, the required training must be available with meaningful access according to title VI
414.28 of the Civil Rights Act and federal regulations adopted under that law or any guidance from
414.29 the United States Health and Human Services Department. The required training must be

415.1 in the day-to-day operations are required to complete mandatory training as a requisite of
415.2 working for the agency. Personal care assistance provider agencies certified for participation

415.4 subdivision. When available, Medicare-certified home health agency owners, supervisors,
415.5 or managers must successfully complete the competency test.

415.6 (d) All surety bonds, fidelity bonds, workers' compensation insurance, and liability
415.7 insurance required by this subdivision must be maintained continuously. After initial
415.8 enrollment, a provider must submit proof of bonds and required coverages at any time at
415.9 the request of the commissioner. Services provided while there are lapses in coverage are
415.10 not eligible for payment. Lapses in coverage may result in sanctions, including termination.
415.11 The commissioner shall send instructions and a due date to submit the requested information
415.12 to the personal care assistance provider agency.

415.13 **EFFECTIVE DATE.** This section is effective July 1, 2025.

415.14 Sec. 11. Minnesota Statutes 2024, section 256B.85, subdivision 12, is amended to read:

415.20 number, and email address;

415.21 (2) proof of surety bond coverage. Upon new enrollment, or if the agency-provider's
415.22 Medicaid revenue in the previous calendar year is less than or equal to \$300,000, the
415.23 agency-provider must purchase a surety bond of \$50,000. If the agency-provider's Medicaid
415.24 revenue in the previous calendar year is greater than \$300,000, the agency-provider must
415.25 purchase a surety bond of \$100,000. The surety bond must be in a form approved by the
415.26 commissioner, must be renewed annually, and must allow for recovery of costs and fees in
415.27 pursuing a claim on the bond. Any action to obtain monetary recovery or sanctions from a
415.28 surety bond must occur within six years from the date the debt is affirmed by a final agency
415.29 decision. An agency decision is final when the right to appeal the debt has been exhausted
415.30 or the time to appeal has expired under section 256B.064;

415.31 (3) proof of fidelity bond coverage in the amount of \$20,000 per provider location;

415.32 (4) proof of workers' compensation insurance coverage;

415.33 (5) proof of liability insurance;

416.1 (6) a copy of the CFSS agency-provider's organizational chart identifying the names
416.2 and roles of all owners, managing employees, staff, board of directors, and additional
416.3 documentation reporting any affiliations of the directors and owners to other service
416.4 providers;

416.5 (7) proof that the CFSS agency-provider has written policies and procedures including:
416.6 hiring of employees; training requirements; service delivery; and employee and consumer
416.7 safety, including the process for notification and resolution of participant grievances, incident
416.8 response, identification and prevention of communicable diseases, and employee misconduct;

416.9 (8) proof that the CFSS agency-provider has all of the following forms and documents:

416.10 (i) a copy of the CFSS agency-provider's time sheet; and

416.11 (ii) a copy of the participant's individual CFSS service delivery plan;

416.12 (9) a list of all training and classes that the CFSS agency-provider requires of its staff
416.13 providing CFSS services;

416.14 (10) documentation that the CFSS agency-provider and staff have successfully completed
416.15 all the training required by this section;

416.16 (11) documentation of the agency-provider's marketing practices;

416.17 (12) disclosure of ownership, leasing, or management of all residential properties that
416.18 are used or could be used for providing home care services;

416.19 (13) documentation that the agency-provider will use at least the following percentages
416.20 of revenue generated from the medical assistance rate paid for CFSS services for CFSS

416.22 100 percent of the revenue generated by a medical assistance rate increase due to a collective
416.23 bargaining agreement under section 179A.54 must be used for support worker wages and
416.24 benefits. The revenue generated by the worker training and development services and the
416.25 reasonable costs associated with the worker training and development services shall not be
416.26 used in making this calculation; and

416.27 (14) documentation that the agency-provider does not burden participants' free exercise
416.28 of their right to choose service providers by requiring CFSS support workers to sign an
416.29 agreement not to work with any particular CFSS participant or for another CFSS
416.30 agency-provider after leaving the agency and that the agency is not taking action on any
416.31 such agreements or requirements regardless of the date signed.

(b) CFSS agency-providers shall provide to the commissioner the information specified in paragraph (a).

(c) All CFSS agency-providers shall require all employees in management and supervisory positions and owners of the agency who are active in the day-to-day management and operations of the agency to complete mandatory training as determined by the commissioner. Employees in management and supervisory positions and owners who are active in the day-to-day operations of an agency who have completed the required training as an employee with a CFSS agency-provider do not need to repeat the required training if they are hired by another agency and they have completed the training within the past three years. CFSS agency-provider billing staff shall complete training about CFSS program financial management. Any new owners or employees in management and supervisory positions involved in the day-to-day operations are required to complete mandatory training as a requisite of working for the agency.

(d) Agency-providers shall submit all required documentation in this section within 30 days of notification from the commissioner. If an agency-provider fails to submit all the required documentation, the commissioner may take action under subdivision 23a.

EFFECTIVE DATE. This section is effective July 1, 2025.

ARTICLE 15

DEPARTMENT OF HUMAN SERVICES OFFICE OF THE INSPECTOR GENERAL POLICY

Section 1. Minnesota Statutes 2024, section 142E.51, subdivision 5, is amended to read:

Subd. 5. **Administrative disqualification of child care providers caring for children receiving child care assistance.** (a) The department shall pursue an administrative disqualification, if the child care provider is accused of committing an intentional program violation, in lieu of a criminal action when it has not been pursued. Intentional program violations include intentionally making false or misleading statements; receiving or providing a kickback, as defined in subdivision 6, paragraph (b); intentionally misrepresenting, concealing, or withholding facts; and repeatedly and intentionally violating program regulations under this chapter. Intent may be proven by demonstrating a pattern of conduct that violates program rules under this chapter.

(b) To initiate an administrative disqualification, the commissioner must send written notice using a signature-verified confirmed delivery method to the provider against whom the action is being taken. Unless otherwise specified under this chapter or Minnesota Rules, chapter 3400, the commissioner must send the written notice at least 15 calendar days before

418.1 the adverse action's effective date. The notice shall state (1) the factual basis for the agency's
418.2 determination, (2) the action the agency intends to take, (3) the dollar amount of the monetary
418.3 recovery or recoupment, if known, and (4) the provider's right to appeal the agency's proposed
418.4 action.

418.5 (c) The provider may appeal an administrative disqualification by submitting a written
418.6 request to the state agency. A provider's request must be received by the state agency no
418.7 later than 30 days after the date the commissioner mails the notice.

418.8 (d) The provider's appeal request must contain the following:

418.9 (1) each disputed item, the reason for the dispute, and, if applicable, an estimate of the
418.10 dollar amount involved for each disputed item;

418.11 (2) the computation the provider believes to be correct, if applicable;

418.12 (3) the statute or rule relied on for each disputed item; and

418.13 (4) the name, address, and telephone number of the person at the provider's place of
418.14 business with whom contact may be made regarding the appeal.

418.15 (e) On appeal, the issuing agency bears the burden of proof to demonstrate by a
418.16 preponderance of the evidence that the provider committed an intentional program violation.

418.17 (f) The hearing is subject to the requirements of section 142A.20. The human services
418.18 judge may combine a fair hearing and administrative disqualification hearing into a single
418.19 hearing if the factual issues arise out of the same or related circumstances and the provider
418.20 receives prior notice that the hearings will be combined.

418.21 (g) A provider found to have committed an intentional program violation and is
418.22 administratively disqualified must be disqualified, for a period of three years for the first
418.23 offense and permanently for any subsequent offense, from receiving any payments from
418.24 any child care program under this chapter.

418.25 (h) Unless a timely and proper appeal made under this section is received by the
418.26 department, the administrative determination of the department is final and binding.

418.27 Sec. 2. Minnesota Statutes 2024, section 142E.51, subdivision 6, is amended to read:

418.28 Subd. 6. **Prohibited hiring ~~practice~~ practices.** (a) It is prohibited to hire a child care
418.29 center employee when, as a condition of employment, the employee is required to have one
418.30 or more children who are eligible for or receive child care assistance, if:

(1) the individual hiring the employee is, or is acting at the direction of or in cooperation with, a child care center provider, center owner, director, manager, license holder, or other controlling individual; and

(2) the individual hiring the employee knows or has reason to know the purpose in hiring the employee is to obtain child care assistance program funds.

(b) Program applicants, participants, and providers are prohibited from receiving or providing a kickback or payment in exchange for obtaining or attempting to obtain child care assistance benefits for their own financial gain. This paragraph does not apply to:

(1) marketing or promotional offerings that directly benefit an applicant or recipient's child or dependent for whom the child care provider is providing child care services; or

(2) child care provider discounts, scholarships, or other financial assistance allowed under section 142E.17, subdivision 7.

(c) An attempt to buy or sell access to a family's child care subsidy benefits to an unauthorized person by an applicant, a participant, or a provider is a kickback, an intentional program violation under subdivision 5, and wrongfully obtaining assistance under section 256.98.

Sec. 3. Minnesota Statutes 2024, section 245A.04, subdivision 1, is amended to read:

Subdivision 1. **Application for licensure.** (a) An individual, organization, or government entity that is subject to licensure under section 245A.03 must apply for a license. The application must be made on the forms and in the manner prescribed by the commissioner. The commissioner shall provide the applicant with instruction in completing the application and provide information about the rules and requirements of other state agencies that affect the applicant. An applicant seeking licensure in Minnesota with headquarters outside of Minnesota must have a program office located within 30 miles of the Minnesota border. An applicant who intends to buy or otherwise acquire a program or services licensed under this chapter that is owned by another license holder must apply for a license under this chapter and comply with the application procedures in this section and section 245A.043.

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or departments, counties, municipalities, or other political subdivisions. The commissioner shall not consider an application to be complete until the commissioner receives all of the required information.

When the commissioner receives an application for initial licensure that is incomplete because the applicant failed to submit required documents or that is substantially deficient because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially deficient. In the written notice to the applicant the commissioner shall identify documents that are missing or deficient and give the applicant 45 days to resubmit a second application that is substantially complete. An applicant's failure to submit a substantially complete application after receiving notice from the commissioner is a basis for license denial under section 245A.043.

(b) An application for licensure must identify all controlling individuals as defined in section 245A.02, subdivision 5a, and must designate one individual to be the authorized agent. The application must be signed by the authorized agent and must include the authorized agent's first, middle, and last name; mailing address; and email address. By submitting an application for licensure, the authorized agent consents to electronic communication with the commissioner throughout the application process. The authorized agent must be authorized to accept service on behalf of all of the controlling individuals. A government entity that holds multiple licenses under this chapter may designate one authorized agent for all licenses issued under this chapter or may designate a different authorized agent for each license. Service on the authorized agent is service on all of the controlling individuals. It is not a defense to any action arising under this chapter that service was not made on each controlling individual. The designation of a controlling individual as the authorized agent under this paragraph does not affect the legal responsibility of any other controlling individual under this chapter.

(c) An applicant or license holder must have a policy that prohibits license holders, employees, subcontractors, and volunteers, when directly responsible for persons served by the program, from abusing prescription medication or being in any manner under the influence of a chemical that impairs the individual's ability to provide services or care. The license holder must train employees, subcontractors, and volunteers about the program's drug and alcohol policy before the employee, subcontractor, or volunteer has direct contact, as defined in section 245C.02, subdivision 11, with a person served by the program.

(d) An applicant and license holder must have a program grievance procedure that permits persons served by the program and their authorized representatives to bring a grievance to the highest level of authority in the program.

(e) The commissioner may limit communication during the application process to the authorized agent or the controlling individuals identified on the license application and for

421.1 whom a background study was initiated under chapter 245C. Upon implementation of the
421.2 provider licensing and reporting hub, applicants and license holders must use the hub in the
421.3 manner prescribed by the commissioner. The commissioner may require the applicant,
421.4 except for child foster care, to demonstrate competence in the applicable licensing
421.5 requirements by successfully completing a written examination. The commissioner may
421.6 develop a prescribed written examination format.

421.7 (f) When an applicant is an individual, the applicant must provide:

421.8 (1) the applicant's taxpayer identification numbers including the Social Security number
421.9 or Minnesota tax identification number, and federal employer identification number if the
421.10 applicant has employees;

421.11 (2) at the request of the commissioner, a copy of the most recent filing with the secretary
421.12 of state that includes the complete business name, if any;

421.13 (3) if doing business under a different name, the doing business as (DBA) name, as
421.14 registered with the secretary of state;

421.15 (4) if applicable, the applicant's National Provider Identifier (NPI) number and Unique
421.16 Minnesota Provider Identifier (UMPI) number; and

421.17 (5) at the request of the commissioner, the notarized signature of the applicant or
421.18 authorized agent.

421.19 (g) When an applicant is an organization, the applicant must provide:

421.20 (1) the applicant's taxpayer identification numbers including the Minnesota tax
421.21 identification number and federal employer identification number;

421.22 (2) at the request of the commissioner, a copy of the most recent filing with the secretary
421.23 of state that includes the complete business name, and if doing business under a different
421.24 name, the doing business as (DBA) name, as registered with the secretary of state;

421.25 (3) the first, middle, and last name, and address for all individuals who will be controlling
421.26 individuals, including all officers, owners, and managerial officials as defined in section
421.27 245A.02, subdivision 5a, and the date that the background study was initiated by the applicant
421.28 for each controlling individual;

421.29 (4) if applicable, the applicant's NPI number and UMPI number;

421.30 (5) the documents that created the organization and that determine the organization's
421.31 internal governance and the relations among the persons that own the organization, have
421.32 an interest in the organization, or are members of the organization, in each case as provided

422.1 or authorized by the organization's governing statute, which may include a partnership
422.2 agreement, bylaws, articles of organization, organizational chart, and operating agreement,
422.3 or comparable documents as provided in the organization's governing statute; and

422.4 (6) the notarized signature of the applicant or authorized agent.

422.5 (h) When the applicant is a government entity, the applicant must provide:

422.6 (1) the name of the government agency, political subdivision, or other unit of government
422.7 seeking the license and the name of the program or services that will be licensed;

422.8 (2) the applicant's taxpayer identification numbers including the Minnesota tax
422.9 identification number and federal employer identification number;

422.10 (3) a letter signed by the manager, administrator, or other executive of the government
422.11 entity authorizing the submission of the license application; and

422.12 (4) if applicable, the applicant's NPI number and UMPI number.

422.13 (i) At the time of application for licensure or renewal of a license under this chapter, the
422.14 applicant or license holder must acknowledge on the form provided by the commissioner
422.15 if the applicant or license holder elects to receive any public funding reimbursement from
422.16 the commissioner for services provided under the license that:

422.17 (1) the applicant's or license holder's compliance with the provider enrollment agreement
422.18 or registration requirements for receipt of public funding may be monitored by the
422.19 commissioner as part of a licensing investigation or licensing inspection; and

422.20 (2) noncompliance with the provider enrollment agreement or registration requirements
422.21 for receipt of public funding that is identified through a licensing investigation or licensing
422.22 inspection, or noncompliance with a licensing requirement that is a basis of enrollment for
422.23 reimbursement for a service, may result in:

422.24 (i) a correction order or a conditional license under section 245A.06, or sanctions under
422.25 section 245A.07;

422.26 (ii) nonpayment of claims submitted by the license holder for public program
422.27 reimbursement;

422.28 (iii) recovery of payments made for the service;

422.29 (iv) disenrollment in the public payment program; or

422.30 (v) other administrative, civil, or criminal penalties as provided by law.

423.1 Sec. 4. Minnesota Statutes 2024, section 245A.04, subdivision 7, is amended to read:

423.2 Subd. 7. **Grant of license; license extension.** (a) If the commissioner determines that
423.3 the program complies with all applicable rules and laws, the commissioner shall issue a
423.4 license consistent with this section or, if applicable, a temporary change of ownership license
423.5 under section 245A.043. At minimum, the license shall state:

423.6 (1) the name of the license holder;

423.7 (2) the address of the program;

423.8 (3) the effective date and expiration date of the license;

423.9 (4) the type of license;

423.10 (5) the maximum number and ages of persons that may receive services from the program;

423.11 and

423.12 (6) any special conditions of licensure.

423.13 (b) The commissioner may issue a license for a period not to exceed two years if:

423.14 (1) the commissioner is unable to conduct the observation required by subdivision 4,
423.15 paragraph (a), clause (3), because the program is not yet operational;

423.16 (2) certain records and documents are not available because persons are not yet receiving
423.17 services from the program; and

423.18 (3) the applicant complies with applicable laws and rules in all other respects.

423.19 (c) A decision by the commissioner to issue a license does not guarantee that any person
423.20 or persons will be placed or cared for in the licensed program.

423.21 (d) Except as provided in paragraphs (i) and (j), the commissioner shall not issue a
423.22 license if the applicant, license holder, or an affiliated controlling individual has:

423.23 (1) been disqualified and the disqualification was not set aside and no variance has been
423.24 granted;

423.25 (2) been denied a license under this chapter or chapter 142B within the past two years;

423.26 (3) had a license issued under this chapter or chapter 142B revoked within the past five
423.27 years; or

423.28 (4) failed to submit the information required of an applicant under subdivision 1,
423.29 paragraph (f), (g), or (h), after being requested by the commissioner.

424.1 When a license issued under this chapter or chapter 142B is revoked, the license holder
424.2 and each affiliated controlling individual with a revoked license may not hold any license
424.3 under chapter 245A for five years following the revocation, and other licenses held by the
424.4 applicant or license holder or licenses affiliated with each controlling individual shall also
424.5 be revoked.

424.6 (e) Notwithstanding paragraph (d), the commissioner may elect not to revoke a license
424.7 affiliated with a license holder or controlling individual that had a license revoked within
424.8 the past five years if the commissioner determines that (1) the license holder or controlling
424.9 individual is operating the program in substantial compliance with applicable laws and rules
424.10 and (2) the program's continued operation is in the best interests of the community being
424.11 served.

424.12 (f) Notwithstanding paragraph (d), the commissioner may issue a new license in response
424.13 to an application that is affiliated with an applicant, license holder, or controlling individual
424.14 that had an application denied within the past two years or a license revoked within the past
424.15 five years if the commissioner determines that (1) the applicant or controlling individual
424.16 has operated one or more programs in substantial compliance with applicable laws and rules
424.17 and (2) the program's operation would be in the best interests of the community to be served.

424.18 (g) In determining whether a program's operation would be in the best interests of the
424.19 community to be served, the commissioner shall consider factors such as the number of
424.20 persons served, the availability of alternative services available in the surrounding
424.21 community, the management structure of the program, whether the program provides
424.22 culturally specific services, and other relevant factors.

424.23 (h) The commissioner shall not issue or reissue a license under this chapter if an individual
424.24 living in the household where the services will be provided as specified under section
424.25 245C.03, subdivision 1, has been disqualified and the disqualification has not been set aside
424.26 and no variance has been granted.

424.27 (i) Pursuant to section 245A.07, subdivision 1, paragraph (b), when a license issued
424.28 under this chapter has been suspended or revoked and the suspension or revocation is under
424.29 appeal, the program may continue to operate pending a final order from the commissioner.
424.30 If the license under suspension or revocation will expire before a final order is issued, a
424.31 temporary provisional license may be issued provided any applicable license fee is paid
424.32 before the temporary provisional license is issued.

424.33 (j) Notwithstanding paragraph (i), when a revocation is based on the disqualification of
424.34 a controlling individual or license holder, and the controlling individual or license holder

is ordered under section 245C.17 to be immediately removed from direct contact with persons receiving services or is ordered to be under continuous, direct supervision when providing direct contact services, the program may continue to operate only if the program complies with the order and submits documentation demonstrating compliance with the order. If the disqualified individual fails to submit a timely request for reconsideration, or if the disqualification is not set aside and no variance is granted, the order to immediately remove the individual from direct contact or to be under continuous, direct supervision remains in effect pending the outcome of a hearing and final order from the commissioner.

(k) Unless otherwise specified by statute, all licenses issued under this chapter expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must ~~apply for and be granted~~ comply with the requirements in section 245A.10 and be reissued a new license to operate the program or the program must not be operated after the expiration date. Adult foster care, family adult day services, child foster residence setting, and community residential services license holders must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date. Upon implementation of the provider licensing and reporting hub, licenses may be issued each calendar year.

(l) The commissioner shall not issue or reissue a license under this chapter if it has been determined that a Tribal licensing authority has established jurisdiction to license the program or service.

(m) The commissioner of human services may coordinate and share data with the commissioner of children, youth, and families to enforce this section.

Sec. 5. Minnesota Statutes 2024, section 245A.16, subdivision 1, is amended to read:

The following variances are excluded from the delegation of variance authority and may be issued only by the commissioner:

(b) Once the respective responsibilities transfer from the commissioner of human services to the commissioner of children, youth, and families, under Laws 2023, chapter 70, article 12, section 30, the commissioners of human services and children, youth, and families must both approve a variance for dual licensure of family child foster care and family adult foster care or family adult foster care and family child care. Variances under this paragraph are excluded from the delegation of variance authority and may be issued only by both commissioners.

~~(e) For family adult day services programs, the commissioner may authorize licensing reviews every two years after a licensee has had at least one annual review.~~

~~(d)~~ (c) An adult foster care, family adult day services, child foster residence setting, or community residential services license issued under this section may be issued for up to two years until implementation of the provider licensing and reporting hub. Upon implementation of the provider licensing and reporting hub, licenses may be issued each calendar year.

~~(e)~~ (d) During implementation of chapter 245D, the commissioner shall consider:

(1) the role of counties in quality assurance;

(2) the duties of county licensing staff; and

(3) the possible use of joint powers agreements, according to section 471.59, with counties through which some licensing duties under chapter 245D may be delegated by the commissioner to the counties.

A license holder must require staff to undergo training in the specific mode of administration used at the program, which may include intranasal administration, intramuscular injection, or both, before the staff has direct contact, as defined in section 245C.02, subdivision 11, with a person served by the program.

(b) Notwithstanding any requirements to the contrary in Minnesota Rules, chapters 2960 and 9530, and Minnesota Statutes, chapters 245F, 245G, and 245I:

(1) emergency opiate antagonist medications are not required to be stored in a locked area and staff and adult clients may carry this medication on them and store it in an unlocked location;

(2) staff persons who only administer emergency opiate antagonist medications only require the training required by paragraph (a), which any knowledgeable trainer may provide. The trainer is not required to be a registered nurse or part of an accredited educational institution; and

(3) nonresidential substance use disorder treatment programs that do not administer client medications beyond emergency opiate antagonist medications are not required to have the policies and procedures required in section 245G.08, subdivisions 5 and 6, and

428.1 must instead describe the program's procedures for administering opiate antagonist
428.2 medications in the license holder's description of health care services under section 245G.08,
428.3 subdivision 1.

428.4 Sec. 7. Minnesota Statutes 2024, section 245C.05, is amended by adding a subdivision to

For new background studies required under section 245C.04, subdivision 1, paragraph (h), if an individual's disqualification was previously set aside for the license holder's program and the new background study results in no new information that indicates the individual may pose a risk of harm to persons receiving services from the license holder, the previous set-aside shall remain in effect.

(b) If the commissioner has previously set aside an individual's disqualification for one or more programs or agencies, and the individual is the subject of a subsequent background study for a different program or agency, the commissioner shall determine whether the disqualification is set aside for the program or agency that initiated the subsequent background study. A notice of a set-aside under paragraph (c) shall be issued within 15 working days if all of the following criteria are met:

(1) the subsequent background study was initiated in connection with a program licensed or regulated under the same provisions of law and rule for at least one program for which the individual's disqualification was previously set aside by the commissioner;

430.7 substance use disorder field, if the commissioner has previously set aside an individual's
430.8 disqualification for one or more programs or agencies in the substance use disorder treatment

430.12 field that initiated the subsequent background study when the criteria under paragraph (b),
430.13 clauses (1), (3), and (4), are met and the individual is not disqualified for an offense specified
430.14 in section 245C.15, subdivision 1. A notice of a set-aside under paragraph (d) shall be issued

430.17 study results issued under section 245C.17, in addition to the requirements under section
430.18 245C.17, shall state that the disqualification is set aside for the program or agency that
430.19 initiated the subsequent background study. The notice must inform the individual that the
430.20 individual may request reconsideration of the disqualification under section 245C.21 on the

(5) improving the connection between the department's programs and the kindergarten through grade 12 and higher education systems; and

(6) minimizing and streamlining the effort required of youth and families to receive services to which the youth and families are entitled.

(e) The commissioner shall administer and supervise the forms of public assistance and other activities or services that are vested in the commissioner. Administration and supervision of activities or services includes but is not limited to assuring timely and accurate distribution of benefits, completeness of service, and quality program management. In addition to administering and supervising activities vested by law in the department, the commissioner has the authority to:

(1) require county agency participation in training and technical assistance programs to promote compliance with statutes, rules, federal laws, regulations, and policies governing the programs and activities administered by the commissioner;

(2) monitor, on an ongoing basis, the performance of county agencies in the operation and administration of activities and programs; enforce compliance with statutes, rules, federal laws, regulations, and policies governing welfare services; and promote excellence of administration and program operation;

441.1 (3) develop a quality control program or other monitoring program to review county
441.2 performance and accuracy of benefit determinations;

441.3 (4) require county agencies to make an adjustment to the public assistance benefits issued
441.4 to any individual consistent with federal law and regulation and state law and rule and to
441.5 issue or recover benefits as appropriate;

441.6 (5) delay or deny payment of all or part of the state and federal share of benefits and
441.7 administrative reimbursement according to the procedures set forth in section 142A.10;

441.8 (6) make contracts with and grants to public and private agencies and organizations,
441.9 both for-profit and nonprofit, and individuals, using appropriated funds; and

441.10 (7) enter into contractual agreements with federally recognized Indian Tribes with a
441.11 reservation in Minnesota to the extent necessary for the Tribe to operate a federally approved
441.12 family assistance program or any other program under the supervision of the commissioner.
441.13 The commissioner shall consult with the affected county or counties in the contractual
441.14 agreement negotiations, if the county or counties wish to be included, in order to avoid the
441.15 duplication of county and Tribal assistance program services. The commissioner may
441.16 establish necessary accounts for the purposes of receiving and disbursing funds as necessary
441.17 for the operation of the programs.

441.18 The commissioner shall work in conjunction with the commissioner of human services to
441.19 carry out the duties of this paragraph when necessary and feasible.

441.20 (f) The commissioner shall inform county agencies, on a timely basis, of changes in
441.21 statute, rule, federal law, regulation, and policy necessary to county agency administration
441.22 of the programs and activities administered by the commissioner.

441.23 (g) The commissioner shall administer and supervise child welfare activities, including
441.24 promoting the enforcement of laws preventing child maltreatment and protecting children
441.25 with a disability and children who are in need of protection or services, licensing and
441.26 supervising child care and child-placing agencies, and supervising the care of children in
441.27 foster care. The commissioner shall coordinate with the commissioner of human services
441.28 on activities impacting children overseen by the Department of Human Services, such as
441.29 disability services, behavioral health, and substance use disorder treatment.

441.30 (h) The commissioner shall assist and cooperate with local, state, and federal departments,
441.31 agencies, and institutions.

442.1 (i) The commissioner shall establish and maintain any administrative units reasonably
442.2 necessary for the performance of administrative functions common to all divisions of the
442.3 department.

442.4 (j) The commissioner shall act as designated guardian of children pursuant to chapter
442.5 260C. For children under the guardianship of the commissioner or a Tribe in Minnesota
442.6 recognized by the Secretary of the Interior whose interests would be best served by adoptive
442.7 placement, the commissioner may contract with a licensed child-placing agency or a
442.8 Minnesota Tribal social services agency to provide adoption services. For children in
442.9 out-of-home care whose interests would be best served by a transfer of permanent legal and
442.10 physical custody to a relative under section 260C.515, subdivision 4, or equivalent in Tribal
442.11 code, the commissioner may contract with a licensed child-placing agency or a Minnesota
442.12 Tribal social services agency to provide permanency services. A contract with a licensed
442.13 child-placing agency must be designed to supplement existing county efforts and may not
442.14 replace existing county programs or Tribal social services, unless the replacement is agreed
442.15 to by the county board and the appropriate exclusive bargaining representative, Tribal
442.16 governing body, or the commissioner has evidence that child placements of the county
442.17 continue to be substantially below that of other counties. Funds encumbered and obligated
442.18 under an agreement for a specific child shall remain available until the terms of the agreement
442.19 are fulfilled or the agreement is terminated.

442.20 (k) The commissioner has the authority to conduct and administer experimental projects
442.21 to test methods and procedures of administering assistance and services to recipients or
442.22 potential recipients of public benefits. To carry out the experimental projects, the
442.23 commissioner may waive the enforcement of existing specific statutory program
442.24 requirements, rules, and standards in one or more counties. The order establishing the waiver
442.25 must provide alternative methods and procedures of administration and must not conflict
442.26 with the basic purposes, coverage, or benefits provided by law. No project under this
442.27 paragraph shall exceed four years. No order establishing an experimental project as authorized
442.28 by this paragraph is effective until the following conditions have been met:

442.29 (1) the United States Secretary of Health and Human Services has agreed, for the same
442.30 project, to waive state plan requirements relative to statewide uniformity; and

442.31 (2) a comprehensive plan, including estimated project costs, has been approved by the
442.32 Legislative Advisory Commission and filed with the commissioner of administration.

442.33 (l) The commissioner shall, according to federal requirements and in coordination with
442.34 the commissioner of human services, establish procedures to be followed by local welfare

443.1 boards in creating citizen advisory committees, including procedures for selection of
443.2 committee members.

443.3 (m) The commissioner shall allocate federal fiscal disallowances or sanctions that are
443.4 based on quality control error rates for the aid to families with dependent children (AFDC)
443.5 program formerly codified in sections 256.72 to 256.87 or the Supplemental Nutrition
443.6 Assistance Program (SNAP) in the following manner:

443.7 (1) one-half of the total amount of the disallowance shall be borne by the county boards
443.8 responsible for administering the programs. For AFDC, disallowances shall be shared by
443.9 each county board in the same proportion as that county's expenditures to the total of all
443.10 counties' expenditures for AFDC. For SNAP, sanctions shall be shared by each county
443.11 board, with 50 percent of the sanction being distributed to each county in the same proportion
443.12 as that county's administrative costs for SNAP benefits are to the total of all SNAP
443.13 administrative costs for all counties, and 50 percent of the sanctions being distributed to
443.14 each county in the same proportion as that county's value of SNAP benefits issued are to
443.15 the total of all benefits issued for all counties. Each county shall pay its share of the
443.16 disallowance to the state of Minnesota. When a county fails to pay the amount due under
443.17 this paragraph, the commissioner may deduct the amount from reimbursement otherwise
443.18 due the county, or the attorney general, upon the request of the commissioner, may institute
443.19 civil action to recover the amount due; and

443.20 (2) notwithstanding the provisions of clause (1), if the disallowance results from knowing
443.21 noncompliance by one or more counties with a specific program instruction, and that knowing
443.22 noncompliance is a matter of official county board record, the commissioner may require
443.23 payment or recover from the county or counties, in the manner prescribed in clause (1), an
443.24 amount equal to the portion of the total disallowance that resulted from the noncompliance
443.25 and may distribute the balance of the disallowance according to clause (1).

443.26 (n) The commissioner shall develop and implement special projects that maximize
443.27 reimbursements and result in the recovery of money to the state. For the purpose of recovering
443.28 state money, the commissioner may enter into contracts with third parties. Any recoveries
443.29 that result from projects or contracts entered into under this paragraph shall be deposited
443.30 in the state treasury and credited to a special account until the balance in the account reaches
443.31 \$1,000,000. When the balance in the account exceeds \$1,000,000, the excess shall be
443.32 transferred and credited to the general fund. All money in the account is appropriated to the
443.33 commissioner for the purposes of this paragraph.

444.1 (o) The commissioner has the authority to establish and enforce the following county
444.2 reporting requirements:

444.3 (1) the commissioner shall establish fiscal and statistical reporting requirements necessary
444.4 to account for the expenditure of funds allocated to counties for programs administered by
444.5 the commissioner. When establishing financial and statistical reporting requirements, the
444.6 commissioner shall evaluate all reports, in consultation with the counties, to determine if
444.7 the reports can be simplified or the number of reports can be reduced;

444.8 (2) the county board shall submit monthly or quarterly reports to the department as
444.9 required by the commissioner. Monthly reports are due no later than 15 working days after
444.10 the end of the month. Quarterly reports are due no later than 30 calendar days after the end
444.11 of the quarter, unless the commissioner determines that the deadline must be shortened to
444.12 20 calendar days to avoid jeopardizing compliance with federal deadlines or risking a loss
444.13 of federal funding. Only reports that are complete, legible, and in the required format shall
444.14 be accepted by the commissioner;

444.15 (3) if the required reports are not received by the deadlines established in clause (2), the
444.16 commissioner may delay payments and withhold funds from the county board until the next
444.17 reporting period. When the report is needed to account for the use of federal funds and the
444.18 late report results in a reduction in federal funding, the commissioner shall withhold from
444.19 the county boards with late reports an amount equal to the reduction in federal funding until
444.20 full federal funding is received;

444.21 (4) a county board that submits reports that are late, illegible, incomplete, or not in the
444.22 required format for two out of three consecutive reporting periods is considered
444.23 noncompliant. When a county board is found to be noncompliant, the commissioner shall
444.24 notify the county board of the reason the county board is considered noncompliant and
444.25 request that the county board develop a corrective action plan stating how the county board
444.26 plans to correct the problem. The corrective action plan must be submitted to the
444.27 commissioner within 45 days after the date the county board received notice of
444.28 noncompliance;

444.29 (5) the final deadline for fiscal reports or amendments to fiscal reports is one year after
444.30 the date the report was originally due. If the commissioner does not receive a report by the
444.31 final deadline, the county board forfeits the funding associated with the report for that
444.32 reporting period and the county board must repay any funds associated with the report
444.33 received for that reporting period;

(6) the commissioner may not delay payments, withhold funds, or require repayment under clause (3) or (5) if the county demonstrates that the commissioner failed to provide appropriate forms, guidelines, and technical assistance to enable the county to comply with the requirements. If the county board disagrees with an action taken by the commissioner under clause (3) or (5), the county board may appeal the action according to sections 14.57 to 14.69; and

(7) counties subject to withholding of funds under clause (3) or forfeiture or repayment of funds under clause (5) shall not reduce or withhold benefits or services to clients to cover costs incurred due to actions taken by the commissioner under clause (3) or (5).

(p) The commissioner shall allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample in direct proportion to each county's claim for that period.

(q) The commissioner is responsible for ensuring the detection, prevention, investigation, and resolution of fraudulent activities or behavior by applicants, recipients, and other participants in the programs administered by the department. The commissioner shall cooperate with the commissioner of education to enforce the requirements for program integrity and fraud prevention for investigation for child care assistance under chapter 142E.

(r) The commissioner shall require county agencies to identify overpayments, establish claims, and utilize all available and cost-beneficial methodologies to collect and recover these overpayments in the programs administered by the department.

(s) The commissioner shall develop recommended standards for child foster care homes that address the components of specialized therapeutic services to be provided by child foster care homes with those services.

(t) The commissioner shall authorize the method of payment to or from the department as part of the programs administered by the department. This authorization includes the receipt or disbursement of funds held by the department in a fiduciary capacity as part of the programs administered by the department.

(u) In coordination with the commissioner of human services, the commissioner shall create and provide county and Tribal agencies with blank applications, affidavits, and other forms as necessary for public assistance programs.

(v) The commissioner shall cooperate with the federal government and its public welfare agencies in any reasonable manner as may be necessary to qualify for federal aid for temporary assistance for needy families and in conformity with Title I of Public Law 104-193,

the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 and successor amendments, including making reports that contain information required by the federal Social Security Advisory Board and complying with any provisions the board may find necessary to assure the correctness and verification of the reports.

(w) On or before January 15 in each even-numbered year, the commissioner shall make a biennial report to the governor concerning the activities of the agency.

(x) The commissioner shall enter into agreements with other departments of the state as necessary to meet all requirements of the federal government.

(y) The commissioner may cooperate with other state agencies in establishing reciprocal agreements in instances where a child receiving Minnesota family investment program (MFIP) assistance or its out-of-state equivalent moves or contemplates moving into or out of the state, in order that the child may continue to receive MFIP or equivalent aid from the state moved from until the child has resided for one year in the state moved to.

(z) The commissioner shall provide appropriate technical assistance to county agencies to develop methods to have county financial workers remind and encourage recipients of aid to families with dependent children, the Minnesota family investment program, the Minnesota family investment plan, family general assistance, or SNAP benefits whose assistance unit includes at least one child under the age of five to have each young child immunized against childhood diseases. The commissioner must examine the feasibility of utilizing the capacity of a statewide computer system to assist county agency financial workers in performing this function at appropriate intervals.

(aa) The commissioner shall have the power and authority to accept on behalf of the state contributions and gifts for the use and benefit of children under the guardianship or custody of the commissioner. The commissioner may also receive and accept on behalf of such children money due and payable to them as old age and survivors insurance benefits, veterans benefits, pensions, or other such monetary benefits. Gifts, contributions, pensions, and benefits under this paragraph must be deposited in and disbursed from the social welfare fund provided for in sections 256.88 to 256.92.

(bb) The specific enumeration of powers and duties in this section must not be construed to be a limitation upon the general powers granted to the commissioner.

Sec. 2. Minnesota Statutes 2024, section 260.810, subdivision 1, is amended to read:

Subdivision 1. **Payments.** The commissioner shall make grant payments to each approved program in four quarterly installments a year. The commissioner may certify an advance

Sec. 3. Minnesota Statutes 2024, section 142B.47, is amended to read:

Licensed child foster care providers who are related to the child and who only care for a relative child must document completion of the training required under this section within 30 days after licensure. This section does not apply to emergency relative placement under section 142B.06. The training on reducing the risk of sudden unexpected infant death and abusive head trauma may be provided as:

Subd. 19. **Habitual truant.** (a) "Habitual truant" means a child under the age of 17 years who is absent from attendance at school without lawful excuse for seven school days per school year if the child is in elementary school or for one or more class periods on seven school days per school year if the child is in middle school, junior high school, or high school or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days per school year and who has not lawfully withdrawn from school under section 120A.22, subdivision 8.

(b) For the purposes of educational neglect under section 260C.163, subdivision 11, habitual truant includes a child under 12 years of age who has been absent from school for seven school days without lawful excuse where the presumption of educational neglect is rebutted based on a showing by clear and convincing evidence that the child's absence is not due to the failure of the child's parent, guardian, or custodian to comply with compulsory instruction laws.

Sec. 15. Minnesota Statutes 2024, section 260C.150, subdivision 3, is amended to read:

Subd. 3. Identifying parents of child; diligent efforts; data. (a) The responsible social services agency shall make diligent efforts to inquire about the child's heritage, including the child's Tribal lineage pursuant to section 260.761 and their race, culture, and ethnicity pursuant to section 260.63, subdivision 10, and to identify and locate both parents of any child who is the subject of proceedings under this chapter. Diligent efforts include:

(1) asking the custodial or known parent to identify any nonresident parent of the child and provide information that can be used to verify the nonresident parent's identity including the dates and locations of marriages and divorces; dates and locations of any legal proceedings regarding paternity; date and place of the child's birth; nonresident parent's full legal name; nonresident parent's date of birth, or if the nonresident parent's date of birth is unknown, an approximate age; the nonresident parent's Social Security number; the nonresident parent's whereabouts including last known whereabouts; and the whereabouts of relatives of the nonresident parent. For purposes of this subdivision, "nonresident parent" means a parent who does not reside in the same household as the child or did not reside in the same household as the child at the time the child was removed when the child is in foster care;

(2) obtaining information that will identify and locate the nonresident parent from the county and state of Minnesota child support enforcement information system;

(3) requesting a search of the Minnesota Fathers' Adoption Registry 30 days after the child's birth; and

(4) using any other reasonable means to identify and locate the nonresident parent.

(b) The agency may disclose data which is otherwise private under section 13.46 or chapter 260E in order to carry out its duties under this subdivision.

(c) Upon the filing of a petition alleging the child to be in need of protection or services, the responsible social services agency may contact a putative father who registered with the Minnesota Fathers' Adoption Registry more than 30 days after the child's birth. The social service agency may consider a putative father for the day-to-day care of the child under section 260C.219 if the putative father cooperates with genetic testing and there is a positive test result under section 257.62, subdivision 5. Nothing in this paragraph:

(1) relieves a putative father who registered with the Minnesota Fathers' Adoption Registry more than 30 days after the child's birth of the duty to cooperate with paternity establishment proceedings under section 260C.219;

(2) gives a putative father who registered with the Minnesota Fathers' Adoption Registry more than 30 days after the child's birth the right to notice under section 260C.151 unless the putative father is entitled to notice under sections 259.24 and 259.49, subdivision 1, paragraph (a) or (b), clauses (1) to (7); or

Sec. 16. Minnesota Statutes 2024, section 260C.202, subdivision 2, is amended to read:

Subd. 2. Court review for a child placed in foster care. (a) If the court orders a child placed in foster care, the court shall review the out-of-home placement plan and the child's placement at least every 90 days as required in juvenile court rules to determine whether continued out-of-home placement is necessary and appropriate or whether the child should be returned home.

(b) This review is not required if the court has returned the child home, ordered the child permanently placed away from the parent under sections 260C.503 to 260C.521, or terminated rights under section 260C.301. Court review for a child permanently placed away from a parent, including where the child is under guardianship of the commissioner, is governed by section 260C.607.

(c) When a child is placed in a qualified residential treatment program setting as defined in section 260C.007, subdivision 26d, the responsible social services agency must submit evidence to the court as specified in section 260C.712.

(d) No later than three months after the child's placement in foster care, the court shall review agency efforts to search for and notify relatives pursuant to section 260C.221, and order that the agency's efforts begin immediately, or continue, if the agency has failed to perform, or has not adequately performed, the duties under that section. The court must order the agency to continue to appropriately engage relatives who responded to the notice under section 260C.221 in placement and case planning decisions and to consider relatives for foster care placement consistent with section 260C.221. Notwithstanding a court's finding that the agency has made reasonable efforts to search for and notify relatives under section 260C.221, the court may order the agency to continue making reasonable efforts to search for, notify, engage, and consider relatives who came to the agency's attention after sending the initial notice under section 260C.221.

(e) The court shall review the out-of-home placement plan and may modify the plan as provided under section 260C.201, subdivisions 6 and 7.

(f) When the court transfers the custody of a child to a responsible social services agency resulting in foster care or protective supervision with a noncustodial parent under subdivision 1, the court shall notify the parents of the provisions of sections 260C.204 and 260C.503 to 260C.521, as required under juvenile court rules.

~~(g) When a child remains in or returns to foster care pursuant to section 260C.451 and the court has jurisdiction pursuant to section 260C.193, subdivision 6, paragraph (c), the court shall at least annually conduct the review required under section 260C.203.~~

Sec. 17. Minnesota Statutes 2024, section 260C.204, is amended to read:

260C.204 PERMANENCY PROGRESS REVIEW FOR CHILDREN IN FOSTER CARE FOR SIX MONTHS.

(a) When a child continues in placement out of the home of the parent or guardian from whom the child was removed, no later than six months after the child's placement the court shall conduct a permanency progress hearing to review:

(1) the progress of the case, the parent's progress on the case plan or out-of-home placement plan, whichever is applicable;

(2) the agency's reasonable, or in the case of an Indian child, active efforts for reunification and its provision of services;

(3) the agency's reasonable efforts to finalize the permanent plan for the child under section 260.012, paragraph (e), and to make a placement as required under section 260C.212, subdivision 2, in a home that will commit to being the legally permanent family for the child in the event the child cannot return home according to the timelines in this section; and

(4) in the case of an Indian child, active efforts to prevent the breakup of the Indian family and to make a placement according to the placement preferences under United States Code, title 25, chapter 21, section 1915.

(b) When a child is placed in a qualified residential treatment program setting as defined in section 260C.007, subdivision 26d, the responsible social services agency must submit evidence to the court as specified in section 260C.712.

(c) The court shall ensure that notice of the hearing is sent to any relative who:

(1) responded to the agency's notice provided under section 260C.221, indicating an interest in participating in planning for the child or being a permanency resource for the child and who has kept the court apprised of the relative's address; or

(2) asked to be notified of court proceedings regarding the child as is permitted in section 260C.152, subdivision 5.

(d)(1) If the parent or guardian has maintained contact with the child and is complying with the court-ordered out-of-home placement plan, and if the child would benefit from reunification with the parent, the court may either:

(i) return the child home, if the conditions that led to the out-of-home placement have been sufficiently mitigated that it is safe and in the child's best interests to return home; or

(ii) continue the matter up to a total of six additional months. If the child has not returned home by the end of the additional six months, the court must conduct a hearing according to sections 260C.503 to 260C.521.

(2) If the court determines that the parent or guardian is not complying, is not making progress with or engaging with services in the out-of-home placement plan, or is not maintaining regular contact with the child as outlined in the visitation plan required as part of the out-of-home placement plan under section 260C.212, the court may order the responsible social services agency:

(i) to develop a plan for legally permanent placement of the child away from the parent;

(ii) to consider, identify, recruit, and support one or more permanency resources from the child's relatives and foster parent, consistent with clause (3) and section 260C.212, subdivision 2, paragraph (a), to be the legally permanent home in the event the child cannot be returned to the parent. Any relative or the child's foster parent may ask the court to order the agency to consider them for permanent placement of the child in the event the child cannot be returned to the parent. A relative or foster parent who wants to be considered under this item shall cooperate with the background study required under section 245C.08, if the individual has not already done so, and with the home study process required under chapter 142B for providing child foster care and for adoption under section 259.41. The home study referred to in this item shall be a single-home study in the form required by the commissioner of children, youth, and families or similar study required by the individual's state of residence when the subject of the study is not a resident of Minnesota. The court may order the responsible social services agency to make a referral under the Interstate Compact on the Placement of Children when necessary to obtain a home study for an

469.1 individual who wants to be considered for transfer of permanent legal and physical custody
469.2 or adoption of the child; and

469.3 (iii) to file a petition to support an order for the legally permanent placement plan.

469.4 (3) Consistent with section 260C.223, subdivision 2, paragraph (b), the responsible social
469.5 services agency must not define a foster family as the permanent home for a child until:

469.6 (i) inquiry and Tribal notice requirements under section 260.761, subdivisions 1 and 2,
469.7 are satisfied;

469.8 (ii) inquiry about the child's heritage, including their race, culture, and ethnicity pursuant
469.9 to section 260.63, subdivision 10, has been completed; and

469.10 (iii) the court has determined that reasonable or active efforts toward completing the
469.11 relative search requirements in section 260C.221 have been made.

469.12 (e) Following the review under this section:

469.13 (1) if the court has either returned the child home or continued the matter up to a total
469.14 of six additional months, the agency shall continue to provide services to support the child's
469.15 return home or to make reasonable efforts to achieve reunification of the child and the parent
469.16 as ordered by the court under an approved case plan;

469.17 (2) if the court orders the agency to develop a plan for the transfer of permanent legal
469.18 and physical custody of the child to a relative, a petition supporting the plan shall be filed
469.19 in juvenile court within 30 days of the hearing required under this section and a trial on the
469.20 petition held within 60 days of the filing of the pleadings; or

469.21 (3) if the court orders the agency to file a termination of parental rights, unless the county
469.22 attorney can show cause why a termination of parental rights petition should not be filed,
469.23 a petition for termination of parental rights shall be filed in juvenile court within 30 days
469.24 of the hearing required under this section and a trial on the petition held within 60 days of
469.25 the filing of the petition.

469.26 Sec. 18. Minnesota Statutes 2024, section 260C.212, subdivision 1, is amended to read:

469.27 Subdivision 1. **Out-of-home placement; plan.** ~~(a) An out-of-home placement plan shall~~

469.31 ~~(b)~~ (a) An out-of-home placement plan means a written document individualized to the
469.32 needs of the child and the child's parents or guardians that is prepared by the responsible

470.7 team to be designated as the child's advisor and to advocate with respect to the application
470.8 of the reasonable and prudent parenting standards. The responsible social services agency
470.9 may reject an individual selected by the child if the agency has good cause to believe that
470.10 the individual would not act in the best interest of the child. For a child in voluntary foster
470.11 care for treatment under chapter 260D, preparation of the out-of-home placement plan shall
470.12 additionally include the child's mental health treatment provider. For a child 18 years of

470.28 subdivision 1a.

471.8 least restrictive, most family-like setting available that is in close proximity to the home of
471.9 the child's parents or guardians when the case plan goal is reunification; and how the
471.10 placement is consistent with the best interests and special needs of the child according to
471.11 the factors under subdivision 2, paragraph (b);

After filing the child's ~~initial~~ out-of-home placement plan, the agency shall update and file the child's out-of-home placement plan with the court as follows:

The agency must file the child's updated out-of-home placement plan summary and out-of-home placement plan with the court at the next required review hearing;

(2) when the agency places a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, or moves a child from one qualified residential treatment program to a different qualified residential treatment program, the agency must update the child's out-of-home placement plan within 60 days. 477.10 (2) of their responsibility to keep the responsible social services agency and the court
477.11 informed of their current address in order to receive notice in the event that a permanent
477.12 placement is sought for the child and to receive notice of the permanency progress review
477.13 hearing under section 260C.204. A relative who fails to provide a current address to the
477.14 responsible social services agency and the court forfeits the right to receive notice of the
477.15 possibility of permanent placement and of the permanency progress review hearing under
477.16 section 260C.204, until the relative provides a current address to the responsible social
477.17 services agency and the court. A decision by a relative not to be identified as a potential
477.18 permanent placement resource or participate in planning for the child shall not affect whether
477.19 the relative is considered for placement of, or as a permanency resource for, the child with
477.20 that relative at any time in the case, and shall not be the sole basis for the court to rule out
477.21 the relative as the child's placement or permanency resource;

477.22 (3) that the relative may participate in the care and planning for the child, as specified
477.23 in subdivision 3, including that the opportunity for such participation may be lost by failing
477.24 to respond to the notice sent under this subdivision;

477.25 (4) of the family foster care licensing and adoption home study requirements, including:

477.26 (i) how to complete an application and;

477.27 (ii) how to request a variance from licensing standards that do not present a safety or
477.28 health risk to the child in the home under section 142B.10 and;

477.29 (iii) supports that are available for relatives and children who reside in a family foster
477.30 home, including how to access respite care, strategies for leveraging natural supports for
477.31 the child and family, and ways to include resource or substitute caregivers in the child's
477.32 case plan; and

478.1 (iv) the relative's choice between county or private agency and services provided by that
478.2 agency under section 142B.30, depending on funding available;

478.3 (5) of the relatives' right to ask to be notified of any court proceedings regarding the
478.4 child, to attend the hearings, and of a relative's right to be heard by the court as required
478.5 under section 260C.152, subdivision 5;

478.6 (6) that regardless of the relative's response to the notice sent under this subdivision, the
478.7 agency is required to establish permanency for a child, including planning for alternative
478.8 permanency options if the agency's reunification efforts fail or are not required; ~~and~~

478.9 (7) that by responding to the notice, a relative may receive information about participating
478.10 in a child's family and permanency team if the child is placed in a qualified residential
478.11 treatment program as defined in section 260C.007, subdivision 26d; and

478.12 (8) information advising a relative on access to legal services and support.

478.13 (b) The responsible social services agency shall send the notice required under paragraph
478.14 (a) to relatives who become known to the responsible social services agency, except for
478.15 relatives that the agency does not contact due to safety reasons under subdivision 5, paragraph
478.16 (b). The responsible social services agency shall continue to send notice to relatives
478.17 notwithstanding a court's finding that the agency has made reasonable efforts to conduct a
478.18 relative search.

478.19 (c) The responsible social services agency is not required to send the notice under
478.20 paragraph (a) to a relative who becomes known to the agency after an adoption placement
478.21 agreement has been fully executed under section 260C.613, subdivision 1. If the relative
478.22 wishes to be considered for adoptive placement of the child, the agency shall inform the
478.23 relative of the relative's ability to file a motion for an order for adoptive placement under
478.24 section 260C.607, subdivision 6.

478.25 Sec. 21. Minnesota Statutes 2024, section 260C.223, subdivision 1, is amended to read:

478.31 disabled or emotionally disabled under section 260C.212, subdivision 9. The responsible
478.32 social services agency shall develop an alternative permanency plan while making reasonable

479.1 efforts for reunification of the child with the family, if required by section 260.012. The
479.2 goals of concurrent permanency planning are to:

479.3 (1) achieve early permanency for children;

479.10 guidelines and protocols for social services agencies involved in concurrent permanency
479.11 planning, including criteria for conducting concurrent permanency planning based on relevant

484.3 assessment.

484.4 (c) In cases of alleged child maltreatment resulting in death, the local agency may rely

484.17 comprehensive assessment pursuant to section 245G.05.

484.18 (h) The agency may use either a family assessment or investigation to determine whether
484.19 the child is safe when responding to a report resulting from birth match data under section
484.20 260E.03, subdivision 23, paragraph (c). If the child subject of birth match data is determined
484.21 to be safe, the agency shall consult with the county attorney to determine the appropriateness
484.22 of filing a petition alleging the child is in need of protection or services under section
484.23 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is

The local welfare agency must document the information collected under section 260E.20, subdivision 3, related to the completed family assessment or noncaregiver human trafficking assessment in the child's or family's case notes.

Sec. 30. **[260E.291] REPORTING OF SCHOOL ATTENDANCE CONCERNS.**

Subdivision 1. **Reports required.** (a) A person mandated to report under this chapter must immediately report to the local welfare agency, Tribal social services agency, or designated partner if the person knows or has reason to believe that a child required to be enrolled in school under section 120A.22 has at least seven unexcused absences in the current school year and is at risk of educational neglect under section 260C.163, subdivision 11.

(b) Any person may voluntarily report to the local welfare agency, Tribal social services agency, or designated partner if the person knows or has reason to believe that a child required to be enrolled in school under section 120A.22 has at least seven unexcused absences in the current school year and is at risk of educational neglect under section 260C.163, subdivision 11.

(c) An oral report must be made immediately by telephone or otherwise. An oral report made by a person required to report under paragraph (a) must be followed within 72 hours, exclusive of weekends and holidays, by a report in writing to the local welfare agency. A report must sufficiently identify the child and the child's parent or guardian, the actual or estimated number of the child's unexcused absences in the current school year, the efforts made by school officials to resolve attendance concerns with the family, and the name and address of the reporter. A voluntary reporter under paragraph (b) may refuse to provide their name or address if the report is otherwise sufficient, and such a report must be accepted by the local welfare agency.

Subd. 2. **Local welfare agency.** (a) The local welfare agency or partner designated to provide child welfare services must provide a child welfare response for a report that alleges

a child enrolled in school has seven or more unexcused absences. When providing a child welfare response under this paragraph, the local welfare agency or designated partner must offer services to the child and the child's family to address school attendance concerns or may partner with a county attorney's office, a community-based organization, or other community partner to provide the services. The services must be culturally and linguistically appropriate and tailored to the needs of the child and the child's family. This section is subject to all requirements of the Minnesota Indian Family Preservation Act under sections 260.751 to 260.835, and the Minnesota African American Family Preservation and Child Welfare Disproportionality Act under sections 260.61 to 260.693.

(b) If the child's unexcused absences continue and the family has not engaged with services under paragraph (a) after the local welfare agency, Tribal social services agency, or partner designated to provide child welfare services has made multiple varied attempts to engage the child's family, a report of educational neglect must be made regardless of the number of unexcused absences the child has accrued. The local welfare agency must determine the response path assignment pursuant to section 260E.17 and may proceed with the process outlined in section 260C.141.

Sec. 31. **REVISOR INSTRUCTION.**

The revisor of statutes shall change paragraphs to subdivisions, clauses to paragraphs, and items to clauses in Minnesota Statutes, sections 260C.203 and 260C.204. ARTICLE 20**CHILDREN AND FAMILIES LICENSING POLICY**

Section 1. Minnesota Statutes 2024, section 142B.10, subdivision 14, is amended to read:

Subd. 14. **Grant of license; license extension.** (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license consistent with this section or, if applicable, a temporary change of ownership license under section 142B.11. At minimum, the license shall state:

(1) the name of the license holder;

(2) the address of the program;

(3) the effective date and expiration date of the license;

(4) the type of license;

(5) the maximum number and ages of persons that may receive services from the program; and

(6) any special conditions of licensure.

(b) The commissioner may issue a license for a period not to exceed two years if:

(1) the commissioner is unable to conduct the observation required by subdivision 11, paragraph (a), clause (3), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

(c) A decision by the commissioner to issue a license does not guarantee that any person or persons will be placed or cared for in the licensed program.

(d) Except as provided in paragraphs (i) and (j), the commissioner shall not issue a license if the applicant, license holder, or an affiliated controlling individual has:

(1) been disqualified and the disqualification was not set aside and no variance has been granted;

(2) been denied a license under this chapter or chapter 245A within the past two years;

(3) had a license issued under this chapter or chapter 245A revoked within the past five years; or

(4) failed to submit the information required of an applicant under subdivision 1, paragraph (f), (g), or (h), after being requested by the commissioner.

When a license issued under this chapter or chapter 245A is revoked, the license holder and each affiliated controlling individual with a revoked license may not hold any license under chapter 142B for five years following the revocation, and other licenses held by the applicant or license holder or licenses affiliated with each controlling individual shall also be revoked.

(e) Notwithstanding paragraph (d), the commissioner may elect not to revoke a license affiliated with a license holder or controlling individual that had a license revoked within the past five years if the commissioner determines that (1) the license holder or controlling individual is operating the program in substantial compliance with applicable laws and rules and (2) the program's continued operation is in the best interests of the community being served.

(f) Notwithstanding paragraph (d), the commissioner may issue a new license in response to an application that is affiliated with an applicant, license holder, or controlling individual that had an application denied within the past two years or a license revoked within the past five years if the commissioner determines that (1) the applicant or controlling individual has operated one or more programs in substantial compliance with applicable laws and rules and (2) the program's operation would be in the best interests of the community to be served.

(g) In determining whether a program's operation would be in the best interests of the community to be served, the commissioner shall consider factors such as the number of persons served, the availability of alternative services available in the surrounding community, the management structure of the program, whether the program provides culturally specific services, and other relevant factors.

(h) The commissioner shall not issue or reissue a license under this chapter if an individual living in the household where the services will be provided as specified under section 245C.03, subdivision 1, has been disqualified and the disqualification has not been set aside and no variance has been granted.

(i) Pursuant to section 142B.18, subdivision 1, paragraph (b), when a license issued under this chapter has been suspended or revoked and the suspension or revocation is under appeal, the program may continue to operate pending a final order from the commissioner. If the license under suspension or revocation will expire before a final order is issued, a temporary provisional license may be issued provided any applicable license fee is paid before the temporary provisional license is issued.

(j) Notwithstanding paragraph (i), when a revocation is based on the disqualification of a controlling individual or license holder, and the controlling individual or license holder is ordered under section 245C.17 to be immediately removed from direct contact with persons receiving services or is ordered to be under continuous, direct supervision when providing direct contact services, the program may continue to operate only if the program complies with the order and submits documentation demonstrating compliance with the order. 521.17 submitted to the commissioner for provision of employment and training services. Beginning
521.18 April 15, 1991, and by April 15 of each second year thereafter, the Indian tribe shall prepare
521.19 and submit to the commissioner a plan that covers the next two state fiscal years. Beginning
521.20 April 15, 1992, and by April 15 of each second year thereafter, the Indian tribe shall prepare
521.21 and submit to the commissioner an interim year plan update that deals with performance
521.22 during the past state fiscal year and that covers changes anticipated for the second year of
521.23 the biennium. The commissioner shall notify the Indian tribe of approval or disapproval of
521.24 the plans and updates for existing programs within 60 days of submission.

521.25 (b) A plan for a new tribal program must be submitted at least 45 days before the program

522.3 Sec. 10. Minnesota Statutes 2024, section 125A.15, is amended to read:

522.4 **125A.15 PLACEMENT IN ANOTHER DISTRICT; RESPONSIBILITY.**

522.5 The responsibility for special instruction and services for a child with a disability
522.6 temporarily placed in another district for care and treatment shall be determined in the
522.7 following manner:

522.8 (a) The district of residence of a child shall be the district in which the child's parent
522.9 resides, if living, or the child's guardian. If there is a dispute between school districts
522.10 regarding residency, the district of residence is the district designated by the commissioner.

522.11 (b) If a district other than the resident district places a pupil for care and treatment, the
522.12 district placing the pupil must notify and give the resident district an opportunity to participate
522.13 in the placement decision. When an immediate emergency placement of a pupil is necessary
522.14 and time constraints foreclose a resident district from participating in the emergency
522.15 placement decision, the district in which the pupil is temporarily placed must notify the
522.16 resident district of the emergency placement within 15 days. The resident district has up to
522.17 five business days after receiving notice of the emergency placement to request an
522.18 opportunity to participate in the placement decision, which the placing district must then
522.19 provide.

522.20 (c) When a child is temporarily placed for care and treatment in a day program located
522.21 in another district and the child continues to live within the district of residence during the
522.22 care and treatment, the district of residence is responsible for providing transportation to
522.23 and from the care and treatment program and an appropriate educational program for the
522.24 child. The resident district may establish reasonable restrictions on transportation, except
522.25 if a Minnesota court or agency orders the child placed at a day care and treatment program
522.26 and the resident district receives a copy of the order, then the resident district must provide
522.27 transportation to and from the program unless the court or agency orders otherwise.
522.28 Transportation shall only be provided by the resident district during regular operating hours
522.29 of the resident district. The resident district may provide the educational program at a school
522.30 within the district of residence, at the child's residence, or in the district in which the day
522.31 treatment center is located by paying tuition to that district. If a child's district of residence,
522.32 district of open enrollment under section 124D.03, or charter school of enrollment under
522.33 section 124E.11 is authorized to provide online learning instruction under state statutes, the
522.34 child's district of residence may utilize that online learning program in fulfilling its

523.1 educational program responsibility under this section if the child, or the child's parent or
523.2 guardian for a pupil under the age of 18, agrees to that form of instruction.

523.3 (d) When a child is temporarily placed in a residential program for care and treatment,
523.4 the nonresident district in which the child is placed is responsible for providing an appropriate
523.5 educational program for the child and necessary transportation while the child is attending
523.6 the educational program; and must bill the district of the child's residence for the actual cost
523.7 of providing the program, as outlined in section 125A.11, except as provided in paragraph
523.8 (e). However, the board, lodging, and treatment costs incurred in behalf of a child with a
523.9 disability placed outside of the school district of residence by the commissioner of human
523.10 services; the commissioner of children, youth, and families; or the commissioner of
523.11 corrections or their agents; for reasons other than providing for the child's special educational
523.12 needs must not become the responsibility of either the district providing the instruction or
523.13 the district of the child's residence. For the purposes of this section, the state correctional
523.14 facilities operated on a fee-for-service basis are considered to be residential programs for
523.15 care and treatment. If a child's district of residence, district of open enrollment under section
523.16 124D.03, or charter school of enrollment under section 124E.11 is authorized to provide
523.17 online learning instruction under state statutes, the nonresident district may utilize that
523.18 online learning program in fulfilling its educational program responsibility under this section
523.19 if the child, or the child's parent or guardian for a pupil under the age of 18, agrees to that
523.20 form of instruction.

523.21 (e) A privately owned and operated residential facility may enter into a contract to obtain
523.22 appropriate educational programs for special education children and services with a joint
523.23 powers entity. The entity with which the private facility contracts for special education
523.24 services shall be the district responsible for providing students placed in that facility an
523.25 appropriate educational program in place of the district in which the facility is located. If a
523.26 privately owned and operated residential facility does not enter into a contract under this
523.27 paragraph, then paragraph (d) applies.

523.28 (f) The district of residence shall pay tuition and other program costs, not including
523.29 transportation costs, to the district providing the instruction and services. The district of
523.30 residence may claim general education aid for the child as provided by law. Transportation
523.31 costs must be paid by the district responsible for providing the transportation and the state
523.32 must pay transportation aid to that district.

524.1 Sec. 11. Minnesota Statutes 2024, section 125A.744, subdivision 2, is amended to read:

524.2 Subd. 2. **Statewide data management system.** The commissioner of education, in
524.3 cooperation with the ~~commissioner~~ commissioners of human services and children, youth,
524.4 and families, shall develop a statewide data management system using the educational data
524.5 reporting system or other existing data management system for school districts and
524.6 cooperative units to use to maximize medical assistance reimbursement for health and
524.7 health-related services provided under individualized education programs and individual
524.8 family service plans. The system must be appropriately integrated with state and local
524.9 existing and developing human services and education data systems. The statewide data
524.10 management system must enable school district and cooperative unit staff to:

- 524.11 (1) establish medical assistance billing systems or improve existing systems;

524.13 under individualized education programs and individual family service plans;

541.14 and certified by the commissioner of corrections pursuant to section 260B.198, subdivision
541.15 1, paragraph (a), clause (3), item (v), to the extent that the liability is not covered by the
541.16 provisions of the standard homeowner's or automobile insurance policy. The insurance shall
541.17 not cover property owned by the individual foster home provider, damage caused
541.18 intentionally by a person over 12 years of age, or property damage arising out of business

541.20 Sec. 36. Minnesota Statutes 2024, section 245.814, subdivision 3, is amended to read:

541.21 Subd. 3. **Compensation provisions.** If the commissioner of human services or the

The state shall have no other responsibility to provide compensation for any injury or loss caused or sustained by any foster home provider or foster child or foster adult.

This coverage is extended as a benefit to foster home providers to encourage care of persons who need out-of-home care. Nothing in this section shall be construed to mean that foster home providers are agents or employees of the state nor does the state accept any responsibility for the selection, monitoring, supervision, or control of foster home providers which is exclusively the responsibility of the counties which shall regulate foster home providers in the manner set forth in the rules of the ~~commissioner~~ commissioners of human services and children, youth, and families.

The commissioners may set limits on coverage, establish premiums or fees, determine the proportionate share of each provider to be collected in a premium or fee based on the provider's claim experience and other factors the commissioners consider appropriate, establish eligibility and application requirements for coverage, and take other action necessary to accomplish the purposes of this subdivision. A human services risk pool fund is created for the purposes of this subdivision. Fees and premiums collected from providers for risk pool coverage are appropriated to the risk pool fund. Interest earned from the investment of money in the fund must be credited to the fund and money in the fund is appropriated to the ~~commissioner~~ commissioners of human services and children, youth, and families in proportion to the amounts insured by each commissioner to pay administrative costs and covered claims for participating providers. In the event that money in the fund is insufficient to pay outstanding

543.1 claims and associated administrative costs, the ~~commissioner~~ commissioners of human
543.2 services and children, youth, and families may assess providers participating in the risk pool
543.3 amounts sufficient to pay the costs. The ~~commissioner~~ commissioners of human services
543.4 and children, youth, and families may not assess a provider an amount exceeding one year's
543.5 premiums collected from that provider.

546.6 Sec. 44. Minnesota Statutes 2024, section 245C.07, is amended to read:

546.7 **245C.07 STUDY SUBJECT AFFILIATED WITH MULTIPLE FACILITIES.**

546.8 (a) Subject to the conditions in paragraph (d), when a license holder, applicant, or other
546.9 entity owns multiple programs or services that are licensed by the Department of Human

546.11 Department of Corrections, only one background study is required for an individual who
546.12 provides direct contact services in one or more of the licensed programs or services if:

546.13 (1) the license holder designates one individual with one address and telephone number
546.14 as the person to receive sensitive background study information for the multiple licensed
546.15 programs or services that depend on the same background study; and

546.16 (2) the individual designated to receive the sensitive background study information is
546.17 capable of determining, upon request of the department, whether a background study subject
546.18 is providing direct contact services in one or more of the license holder's programs or services
546.19 and, if so, at which location or locations.

546.20 (b) When a license holder maintains background study compliance for multiple licensed
546.21 programs according to paragraph (a), and one or more of the licensed programs closes, the
546.22 license holder shall immediately notify the commissioner which staff must be transferred
546.23 to an active license so that the background studies can be electronically paired with the
546.24 license holder's active program.

546.25 (c) When a background study is being initiated by a licensed program or service or a
546.26 foster care provider that is also licensed under chapter 144G, a study subject affiliated with

547.3 individual.

547.4 (d) If a background study was conducted on an individual related to child foster care
547.5 and the requirements under paragraph (a) are met, the background study is transferable
547.6 across all licensed programs. If a background study was conducted on an individual under
547.7 a license other than child foster care and the requirements under paragraph (a) are met, the
547.8 background study is transferable to all licensed programs except child foster care.

547.9 (e) The provisions of this section that allow a single background study in one or more
547.10 licensed programs or services do not apply to background studies submitted by adoption
547.11 agencies, supplemental nursing services agencies, personnel pool agencies, educational
547.12 programs, professional services agencies, temporary personnel agencies, and unlicensed
547.13 personal care provider organizations.

547.14 (f) For an entity operating under NETStudy 2.0, the entity's active roster must be the

547.18 designated to receive sensitive background study information is the same; and

547.19 (2) the same entity must own or legally control both the roster from which the transfer
547.20 is occurring and the roster to which the transfer is occurring. For an entity that holds or
547.21 controls multiple licenses, or unlicensed personal care provider organizations, there must
547.22 be a common highest level entity that has a legally identifiable structure that can be verified
547.23 through records available from the secretary of state.

548.9 interests. The commissioner of management and budget shall be responsible only to the
548.10 commissioner of human services; the commissioner of children, youth, and families; and
548.11 the Direct Care and Treatment executive board for the sum total of the fund, and shall have
548.12 no duties nor direct obligations toward the beneficiaries thereof individually. Subject to the
548.13 applicable rules of the commissioner of human services; the commissioner of children,
548.14 youth, and families; or the Direct Care and Treatment executive board, money so received
548.15 by a local social services agency may be deposited by the executive secretary of the local
548.16 social services agency in a local bank carrying federal deposit insurance, designated by the
548.17 local social services agency for this purpose. The amount of such deposit in each such bank
548.18 at any one time shall not exceed the amount protected by federal deposit insurance.

548.19 Sec. 47. Minnesota Statutes 2024, section 256.90, is amended to read:

548.20 **256.90 SOCIAL WELFARE FUND; USE; DISPOSITION; DEPOSITORIES.**

548.21 The commissioner of human services, in consultation with the commissioner of children,
548.22 youth, and families and the Direct Care and Treatment executive board, at least 30 days
548.23 before the first day of January and the first day of July in each year shall file with the
548.24 commissioner of management and budget an estimate of the amount of the social welfare
548.25 fund to be held in the treasury during the succeeding six-month period, subject to current
548.26 disbursement. Such portion of the remainder thereof as may be at any time designated by
548.27 the request of the commissioner of human services may be invested by the commissioner
548.28 of management and budget in bonds in which the permanent trust funds of the state of

549.3 provided. Any bond given, or collateral assigned or both, to secure a deposit hereunder may
549.4 be continuous in character to provide for the repayment of any moneys belonging to the
549.5 fund theretofore or thereafter at any time deposited in such bank until its designation as
549.6 such depository is revoked and the security thereof shall be not impaired by any subsequent
549.7 agreement or understanding as to the rate of interest to be paid upon such deposit, or as to
549.8 time for its repayment. The amount of money belonging to the fund deposited in any bank,
549.9 including other state deposits, shall not at any time exceed the amount of the capital stock
549.10 thereof. In the event of the closing of the bank any sum deposited therein shall immediately
549.11 become due and payable.

549.23 any person the principal amount previously received for the benefit of the person, together
549.24 with the increase in it from an equitable apportionment of interest realized from the social
549.25 welfare fund.

549.26 When any such person dies or is finally discharged from the guardianship, care, custody,
549.27 and control of the commissioner of human services; the commissioner of children, youth,
549.28 and families; or the Direct Care and Treatment executive board, the amount then remaining
549.29 subject to use for the benefit of the person shall be paid as soon as may be from the social
549.30 welfare fund to the persons thereto entitled by law.

Sec. 49. Minnesota Statutes 2024, section 256.92, is amended to read:

**~~256.92 COMMISSIONER OF HUMAN SERVICES AND DIRECT CARE AND
TREATMENT COMMISSIONERS AND EXECUTIVE BOARD, ACCOUNTS.~~**

It shall be the duty of the commissioner of human services; the commissioner of children, youth, and families; the Direct Care and Treatment executive board; and the local social services agencies of the several counties of this state to cause to be deposited with the commissioner of management and budget all moneys and funds in their possession or under their control and designated by section 256.91 as and for the social welfare fund; and all such moneys and funds shall be so deposited in the state treasury as soon as received. The commissioner of human services, in consultation with the commissioner of children, youth, and families and the Direct Care and Treatment executive board, shall keep books of account or other records showing separately the principal amount received and deposited in the social welfare fund for the benefit of any person, together with the name of such person, and the name and address, if known to the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board, of the person from whom such money was received; and, at least once every two years, the amount of interest, if any, which the money has earned in the social welfare fund shall be apportioned thereto and posted in the books of account or records to the credit of such beneficiary.

The provisions of sections 256.88 to 256.92 shall not apply to any fund or money now or hereafter deposited or otherwise disposed of pursuant to the lawful orders, decrees, judgments, or other directions of any district court having jurisdiction thereof.

Sec. 50. Minnesota Statutes 2024, section 256G.01, subdivision 1, is amended to read:

Subdivision 1. **Applicability.** This chapter governs the Minnesota human services system. The system includes the Department of Human Services; the Department of Children, Youth, and Families; Direct Care and Treatment; local social services agencies; county welfare agencies; human service boards; community mental health center boards; state hospitals; state nursing homes; and persons, agencies, institutions, organizations, and other entities under contract to any of those agencies to the extent specified in the contract.

Sec. 51. Minnesota Statutes 2024, section 256G.01, subdivision 3, is amended to read:

Subd. 3. **Program coverage.** This chapter applies to all social service programs administered by the commissioner of human services; the commissioner of children, youth, and families; or the Direct Care and Treatment executive board in which residence is the

determining factor in establishing financial responsibility. These include, but are not limited to: commitment proceedings, including voluntary admissions; emergency holds; poor relief funded wholly through local agencies; social services, including title XX, IV-E and section 256K.10; social services programs funded wholly through the resources of county agencies; social services provided under the Minnesota Indian Family Preservation Act, sections 260.751 to 260.781; costs for delinquency confinement under section 393.07, subdivision 2; service responsibility for these programs; and housing support under chapter 256I.

Sec. 52. Minnesota Statutes 2024, section 256G.03, subdivision 2, is amended to read:

Subd. 2. **No durational test.** Except as otherwise provided in sections 142G.12; 142G.78; 256B.056, subdivision 1; and 256D.02, subdivision 12a for purposes of this chapter, no waiting period is required before securing county or state residence. A person cannot, however, gain residence while physically present in an excluded time facility unless otherwise specified in this chapter or in a federal regulation controlling a federally funded human service; children, youth, and families; or direct care and treatment program. Interstate migrants who enter a shelter for battered women directly from another state can gain residency while in the facility provided the person can provide documentation that the person is a victim of domestic abuse and the county determines that the placement is appropriate.

Sec. 53. Minnesota Statutes 2024, section 256G.04, subdivision 2, is amended to read:

Subd. 2. **Moving out of state.** (a) A person retains county and state residence so long as the person's absence from Minnesota is viewed as a temporary absence within the context of the affected program.

(b) Direct entry into a facility in another state does not end Minnesota residence for purposes of this chapter. Financial responsibility does not continue, however, unless placement was initiated by a human service; children, youth, and families; or direct care and treatment agency or another governmental entity that has statutory authority to bind the human service; children, youth, and families; or direct care and treatment agency and is based on a formal, written plan of treatment, or unless federal regulations require payment for an out-of-state resident.

Sec. 54. Minnesota Statutes 2024, section 256G.09, subdivision 2, is amended to read:

Subd. 2. **Financial disputes.** (a) If the county receiving the transmittal does not believe it is financially responsible, it should provide to the commissioner of human services and the initially responsible county a statement of all facts and documents necessary for the

552.1 commissioner to make the requested determination of financial responsibility. The submission
552.2 must clearly state the program area in dispute and must state the specific basis upon which
552.3 the submitting county is denying financial responsibility.

552.4 (b) The initially responsible county then has 15 calendar days to submit its position and
552.5 any supporting evidence to the commissioner of human services. The absence of a submission
552.6 by the initially responsible county does not limit the right of the commissioner of human
552.7 services; the commissioner of children, youth, and families; or Direct Care and Treatment
552.8 executive board to issue a binding opinion based on the evidence actually submitted.

552.9 (c) A case must not be submitted until the local agency taking the application or making
552.10 the commitment has made an initial determination about eligibility and financial
552.11 responsibility, and services have been initiated. This paragraph does not prohibit the
552.12 submission of closed cases that otherwise meet the applicable statute of limitations.

552.13 Sec. 55. Minnesota Statutes 2024, section 256G.09, subdivision 3, is amended to read:

552.14 Subd. 3. **Commissioner of human services obligations.** (a) Except as provided in
552.15 paragraph (b) for matters solely under the jurisdiction of the Direct Care and Treatment
552.16 executive board or the commissioner of children, youth, and families, the commissioner of
552.17 human services shall then promptly decide any question of financial responsibility as outlined
552.18 in this chapter and make an order referring the application to the local agency of the proper
552.19 county for further action. Further action may include reimbursement by that county of
552.20 assistance that another county has provided to the applicant under this subdivision. The
552.21 commissioner shall decide disputes within 60 days of the last county evidentiary submission
552.22 and shall issue an immediate opinion.

552.23 (b) For disputes regarding financial responsibility relating to matters solely under the
552.24 jurisdiction of the Direct Care and Treatment executive board or the commissioner of
552.25 children, youth, and families, the commissioner of human services shall promptly issue an
552.26 advisory opinion on any question of financial responsibility as outlined in this chapter and
552.27 recommend to the executive board or commissioner of children, youth, and families an
552.28 order referring the application to the local agency of the proper county for further action.
552.29 Further action may include reimbursement by that county of assistance that another county
552.30 has provided to the applicant under this subdivision. The commissioner of human services
552.31 shall provide an advisory opinion and recommended order to the executive board or
552.32 commissioner of children, youth, and families within 30 days of the last county evidentiary
552.33 submission. The executive board or commissioner of children, youth, and families shall
552.34 decide to accept or reject the commissioner's advisory opinion and recommended order

553.1 within 60 days of the last county evidentiary submission and shall issue an immediate
553.2 opinion stating the reasons for accepting or rejecting the ~~commissioner's~~ recommendation
553.3 of the commissioner of human services.

553.4 (c) The commissioner of human services may make any investigation it considers proper
553.5 before making a decision or a recommendation to the executive board or commissioner of
553.6 children, youth, and families. The commissioner of human services may prescribe rules it
553.7 considers necessary to carry out this subdivision except that the commissioner of human
553.8 services must not create rules purporting to bind the ~~executive board's~~ decision of the
553.9 executive board or commissioner of children, youth, and families on any advisory opinion
553.10 or recommended order under paragraph (b).

553.11 (d) Except as provided in paragraph (e) for matters solely under the jurisdiction of the
553.12 executive board or the commissioner of children, youth, and families, the order of the
553.13 commissioner of human services binds the local agency involved and the applicant or
553.14 recipient. That agency shall comply with the order unless reversed on appeal as provided
553.15 in section 256.045, subdivision 7. The agency shall comply with the order pending the
553.16 appeal.

553.17 (e) For disputes regarding financial responsibility relating to matters solely under the
553.18 jurisdiction of the Direct Care and Treatment executive board or the commissioner of
553.19 children, youth, and families, the order of the executive board or the commissioner of
553.20 children, youth, and families binds the local agency involved and the applicant or recipient.
553.21 That agency shall comply with the order of the executive board or the commissioner of
553.22 children, youth, and families unless the order is reversed on appeal as provided in section
553.23 142A.20, subdivision 5, or 256.045, subdivision 7. The agency shall comply with the order
553.24 of the executive board or the commissioner of children, youth, and families pending the
553.25 appeal.

553.26 Sec. 56. Minnesota Statutes 2024, section 256G.09, subdivision 4, is amended to read:

553.27 Subd. 4. **Appeals.** A local agency that is aggrieved by the order of the ~~department~~
553.28 commissioner of human services, executive board, or commissioner of children, youth, and
553.29 families under subdivision 3, paragraph (e), may appeal the opinion to the district court of
553.30 the county responsible for furnishing assistance or services by serving a written copy of a
553.31 notice of appeal on the commissioner of human services and any adverse party of record
553.32 within 30 days after the date the department issued the opinion, and by filing the original
553.33 notice and proof of service with the court administrator of district court. Service may be
553.34 made personally or by mail. Service by mail is complete upon mailing.

554.1 The commissioner of human services; the commissioner of children, youth, and families;
554.2 or the executive board may elect to become a party to the proceedings in district court. The
554.3 court may consider the matter in or out of chambers and shall take no new or additional
554.4 evidence.

554.5 Sec. 57. Minnesota Statutes 2024, section 256G.09, subdivision 5, is amended to read:

554.6 Subd. 5. **Payment pending appeal.** After the ~~department~~ commissioner of human
554.7 services, or the executive board or commissioner of children, youth, and families under
554.8 subdivision 3, paragraph (e), issues an opinion in any submission under this section, the
554.9 service or assistance covered by the submission must be provided or paid pending or during
554.10 an appeal to the district court.

554.11 Sec. 58. Minnesota Statutes 2024, section 256G.10, is amended to read:

554.12 **256G.10 DERIVATIVE SETTLEMENT.**

554.13 (a) The residence of the parent of a minor child, with whom that child last lived in a
554.14 nonexcluded time setting, or guardian of a ward shall determine the residence of the child
554.15 or ward for all social services governed by this chapter.

554.16 (b) For purposes of this chapter, a minor child is defined as being under 18 years of age
554.17 unless otherwise specified in a program administered by the commissioner of human services;
554.18 the commissioner of children, youth, and families; or the Direct Care and Treatment executive
554.19 board.

554.20 (c) Physical or legal custody has no bearing on residence determinations. This section
554.21 does not, however, apply to situations involving another state, limit the application of an
554.22 interstate compact, or apply to situations involving state wards where the commissioner of
554.23 human services or children, youth, and families is defined by law as the guardian.

554.24 Sec. 59. Minnesota Statutes 2024, section 256G.11, is amended to read:

554.25 **256G.11 NO RETROACTIVE EFFECT.**

554.26 (a) This chapter is not retroactive and does not require redetermination of financial
554.27 responsibility for cases existing on January 1, 1988. This chapter applies only to applications
554.28 and redeterminations of eligibility taken or routinely made after January 1, 1988.

554.29 (b) Notwithstanding this section, existing social services cases shall be treated in the
554.30 same manner as cases for those programs outlined in section 256G.02, subdivision 4,

555.1 paragraph (g), for which an application is taken or a redetermination is made after January
555.2 1, 1988.

555.3 (c) The requirement under section 256G.09, subdivision 3, for the Direct Care and
555.4 Treatment executive board or the commissioner of children, youth, and families to accept
555.5 or reject the recommendation of the commissioner of human services regarding the county
555.6 of financial responsibility for matters solely under the jurisdiction of the executive board
555.7 or the commissioner of children, youth, and families is not retroactive and does not require
555.8 redetermination of financial responsibility for cases existing prior to the effective date of
555.9 the transfer of all authorities and responsibilities from the Department of Human Services
555.10 to Direct Care and Treatment.

555.11 (d) Notwithstanding paragraph (c), existing cases relating to matters under the jurisdiction
555.12 of the executive board must be treated in the same manner as cases relating to matters under
555.13 the jurisdiction of the executive board opened or redetermined after the effective date of
555.14 the transfer of all authorities and responsibilities from the Department of Human Services
555.15 to Direct Care and Treatment or the Department of Children, Youth, and Families.

555.16 Sec. 60. Minnesota Statutes 2024, section 256G.12, subdivision 1, is amended to read:

555.17 Subdivision 1. **Limitation.** A submission to the commissioner of human services; the
555.18 commissioner of children, youth, and families; or the Direct Care and Treatment executive
555.19 board for a determination of financial responsibility must be made within three years from
555.20 the date of application for the program in question or from the date of admission or
555.21 commitment to state or other institutions.

555.22 Sec. 61. Minnesota Statutes 2024, section 260.762, subdivision 2a, is amended to read:

555.23 Subd. 2a. **Required findings that active efforts were provided.** (a) A court shall not
555.24 order a child placement, termination of parental rights, guardianship to the commissioner
555.25 of children, youth, and families under section 260C.325, or temporary or permanent change
555.26 in custody of an Indian child unless the court finds that the child-placing agency or petitioner
555.27 demonstrated that active efforts were made to preserve the Indian child's family. Active
555.28 efforts to preserve the Indian child's family include efforts to prevent placement of the Indian
555.29 child to correct the conditions that led to the placement by ensuring remedial services and
555.30 rehabilitative programs designed to prevent the breakup of the family were provided in a
555.31 manner consistent with the prevailing social and cultural conditions of the Indian child's
555.32 Tribe and in partnership with the Indian child, the Indian child's parents, the Indian custodian,
555.33 extended family members, and Tribe, and that these efforts have proved unsuccessful.

(b) The court, in determining whether active efforts were made to preserve the Indian child's family for purposes of child placement or permanency, shall ensure the provision of active efforts designed to correct the conditions that led to the placement of the Indian child and shall make findings regarding whether the following activities were appropriate and necessary, and whether the child-placing agency or petitioner ensured appropriate and meaningful services were available based upon the family's specific needs, whether listed in this paragraph or not:

(1) whether active efforts were made at the earliest point possible to inquire into the child's heritage, to identify any federally recognized Indian Tribe the child may be affiliated with, to notify all potential Tribes at the earliest point possible, and to request participation of the Indian child's Tribe;

(2) whether a Tribally designated representative with substantial knowledge of the prevailing social and cultural standards and child-rearing practices within the Tribal community was provided an opportunity to consult with and be involved in any investigations or assessments of the family's circumstances, participate in identifying the family's needs, and participate in development of any plan to keep the Indian child safely in the home, identify services designed to prevent the breakup of the Indian child's family, and to reunify the Indian child's family as soon as safety can be assured if out-of-home placement has occurred;

(3) whether the Tribal representative was provided with all information available regarding the proceeding, and whether it was requested that the Tribal representative assist in identifying services designed to prevent the breakup of the Indian child's family and to reunify the Indian child's family as soon as safety can be assured if out-of-home placement has occurred;

(4) whether, before making a decision that may affect an Indian child's safety and well-being or when contemplating placement of an Indian child, guidance from the Indian child's Tribe was sought regarding family structure, how the family can seek help, what family and Tribal resources are available, and what barriers the family faces that could threaten the family's preservation;

(5) whether a Tribal representative was consulted to determine and arrange for visitation in the most natural setting that ensures the Indian child's safety, when the Indian child's safety requires supervised visitation;

(6) whether early and ongoing efforts occurred to identify, locate, and include extended family members as supports for the Indian child and the Indian child's family;

557.1 (7) whether continued active efforts were made to identify and place the Indian child in
557.2 a home that is compliant with the placement preferences in sections 260.751 to 260.835,
557.3 including whether extended family members were consulted to provide support to the Indian
557.4 child and Indian child's parents; to inform the child-placing agency, petitioner, and court
557.5 as to cultural connections and family structure; to assist in identifying appropriate cultural
557.6 services and supports for the Indian child and Indian child's parents; and to identify and
557.7 serve as placement and permanency resources for the Indian child. If there was difficulty
557.8 contacting or engaging extended family members, whether assistance was sought from the
557.9 Tribe; the Department of Human Services; the Department of Children, Youth, and Families;
557.10 or other agencies with expertise in working with Indian families;

557.11 (8) whether services and resources were provided to extended family members who are
557.12 considered the primary placement option for an Indian child, as agreed upon by the
557.13 child-placing agency or petitioner and the Tribe, to overcome licensing and other barriers
557.14 to providing care to an Indian child. The need for services or resources shall not be a basis
557.15 to exclude an extended family member from consideration as a primary placement. Services
557.16 and resources include but are not limited to child care assistance, financial assistance,
557.17 housing resources, emergency resources, and foster care licensing assistance and resources;

557.18 (9) whether concrete services and access to both Tribal and non-Tribal services were
557.19 provided to the Indian child's parents and Indian custodian and, where necessary, members
557.20 of the Indian child's extended family members who provide support to the Indian child and
557.21 the Indian child's parents; and whether these services were provided in an ongoing manner
557.22 throughout the child-placing agency or petitioner's involvement with the Indian family to
557.23 directly assist the Indian family in accessing and utilizing services to maintain the Indian
557.24 family, or to reunify the Indian family as soon as safety can be assured if out-of-home
557.25 placement has occurred. Services include but are not limited to financial assistance, food,
557.26 housing, health care, transportation, in-home services, community support services, and
557.27 specialized services; and

557.28 (10) whether visitation occurred whenever possible in the home of the Indian child's
557.29 parent, Indian custodian, or extended family member or in another noninstitutional setting
557.30 in order to keep the Indian child in close contact with the Indian child's parents, siblings,
557.31 and other relatives regardless of the Indian child's age and to allow the Indian child and
557.32 those with whom the Indian child visits to have natural, unsupervised interaction when
557.33 consistent with protecting the child's safety.

558.1 Sec. 62. Minnesota Statutes 2024, section 260B.171, subdivision 4, is amended to read:

558.2 Subd. 4. **Public inspection of records.** (a) Legal records arising from proceedings or
558.3 portions of proceedings that are public under section 260B.163, subdivision 1, are open to
558.4 public inspection.

558.5 (b) Except as otherwise provided by this section, none of the records of the juvenile
558.6 court and none of the records relating to an appeal from a nonpublic juvenile court
558.7 proceeding, except the written appellate opinion, shall be open to public inspection or their
558.8 contents disclosed except:

558.9 (1) by order of a court; or

558.10 (2) as required by chapter 245C or sections 142B.10, 245A.04, 611A.03, 611A.04,
558.11 611A.06, and 629.73.

558.12 (c) The victim of any alleged delinquent act may, upon the victim's request, obtain the
558.13 following information, unless it reasonably appears that the request is prompted by a desire
558.14 on the part of the requester to engage in unlawful activities:

558.15 (1) the name and age of the juvenile;

558.16 (2) the act for which the juvenile was petitioned and date of the offense; and

558.17 (3) the disposition, including, but not limited to, dismissal of the petition, diversion,
558.18 probation and conditions of probation, detention, fines, or restitution.

558.19 (d) The records of juvenile probation officers and county home schools are records of
558.20 the court for the purposes of this subdivision. Court services data relating to delinquent acts
558.21 that are contained in records of the juvenile court may be released as allowed under section
558.22 13.84, subdivision 6. This subdivision applies to all proceedings under this chapter, including
558.23 appeals from orders of the juvenile court, except that this subdivision does not apply to
558.24 proceedings under section 260B.335 or 260B.425 when the proceeding involves an adult
558.25 defendant. The court shall maintain the confidentiality of adoption files and records in
558.26 accordance with the provisions of laws relating to adoptions. In juvenile court proceedings
558.27 any report or social history furnished to the court shall be open to inspection by the attorneys
558.28 of record and the guardian ad litem a reasonable time before it is used in connection with
558.29 any proceeding before the court.

558.30 (e) When a judge of a juvenile court, or duly authorized agent of the court, determines
558.31 under a proceeding under this chapter that a child has violated a state or local law, ordinance,
558.32 or regulation pertaining to the operation of a motor vehicle on streets and highways, except
558.33 parking violations, the judge or agent shall immediately report the violation to the

559.1 commissioner of public safety. The report must be made on a form provided by the
559.2 Department of Public Safety and must contain the information required under section 169.95.

559.3 (f) A county attorney may give a law enforcement agency that referred a delinquency
559.4 matter to the county attorney a summary of the results of that referral, including the details
559.5 of any juvenile court disposition.

559.6 Sec. 63. Minnesota Statutes 2024, section 260E.03, subdivision 6, is amended to read:

559.7 Subd. 6. **Facility.** "Facility" means:

559.8 (1) a licensed or unlicensed day care facility, certified license-exempt child care center,
559.9 residential facility, agency, hospital, sanitarium, or other facility or institution required to
559.10 be licensed under sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16, or chapter
559.11 142B, 142C, 144H, or 245D;

559.12 (2) a school as defined in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E;
559.13 or

559.14 (3) a nonlicensed personal care provider organization as defined in section 256B.0625,
559.15 subdivision 19a.

559.16 Sec. 64. Minnesota Statutes 2024, section 260E.11, subdivision 1, is amended to read:

559.17 Subdivision 1. **Reports of maltreatment in facility.** A person mandated to report child
559.18 maltreatment occurring within a licensed facility shall report the information to the agency
559.19 responsible for licensing or certifying the facility under sections 144.50 to 144.58, 241.021,
559.20 and 245A.01 to 245A.16; or chapter 142B, 142C, 144H, or 245D; or to a nonlicensed
559.21 personal care provider organization as defined in section 256B.0625, subdivision 19a.

559.22 Sec. 65. Minnesota Statutes 2024, section 260E.30, subdivision 4, is amended to read:

559.23 Subd. 4. **Mitigating factors in investigating facilities.** (a) When determining whether
559.24 the facility or individual is the responsible party or whether both the facility and the individual
559.25 are responsible for determined maltreatment in a facility, the investigating agency shall
559.26 consider at least the following mitigating factors:

559.27 (1) whether the actions of the facility or the individual caregivers were according to,
559.28 and followed the terms of, an erroneous physician order, prescription, individual care plan,
559.29 or directive; however, this is not a mitigating factor when the facility or caregiver was
559.30 responsible for the issuance of the erroneous order, prescription, individual care plan, or

560.1 directive or knew or should have known of the errors and took no reasonable measures to
560.2 correct the defect before administering care;

560.3 (2) comparative responsibility between the facility, other caregivers, and requirements
560.4 placed upon an employee, including the facility's compliance with related regulatory standards
560.5 and the adequacy of facility policies and procedures, facility training, an individual's
560.6 participation in the training, the caregiver's supervision, and facility staffing levels and the
560.7 scope of the individual employee's authority and discretion; and

560.8 (3) whether the facility or individual followed professional standards in exercising
560.9 professional judgment.

560.10 (b) The evaluation of the facility's responsibility under paragraph (a), clause (2), must
560.11 not be based on the completeness of the risk assessment or risk reduction plan required
560.12 under section ~~245A.66~~ 142B.54, but must be based on the facility's compliance with the
560.13 regulatory standards for policies and procedures, training, and supervision as cited in
560.14 Minnesota Statutes and Minnesota Rules.

560.15 (c) Notwithstanding paragraphs (a) and (b), when maltreatment is determined to have
560.16 been committed by an individual who is also the facility license holder, both the individual
560.17 and the facility must be determined responsible for the maltreatment, and both the background
560.18 study disqualification standards under section 245C.15, subdivision 4, and the licensing or
560.19 certification actions under section 142B.16, 142B.18, 142C.06, 142C.07, 245A.06, or
560.20 245A.07 apply.

560.21 Sec. 66. Minnesota Statutes 2024, section 260E.33, subdivision 6, is amended to read:

560.22 Subd. 6. **Contested case hearing.** If a maltreatment determination or a disqualification
560.23 based on serious or recurring maltreatment is the basis for a denial of a license under section
560.24 142B.15 or 245A.05 or a licensing sanction under section 142B.18 or 245A.07, the license
560.25 holder has the right to a contested case hearing under chapter 14 and Minnesota Rules, parts
560.26 1400.8505 to 1400.8612. As provided for under section 142B.20, subdivision 3, or 245A.08,
560.27 subdivision 2a, the scope of the contested case hearing shall include the maltreatment
560.28 determination, disqualification, and licensing sanction or denial of a license. In such cases,
560.29 a fair hearing regarding the maltreatment determination and disqualification shall not be
560.30 conducted under section 256.045. Except for family child care and child foster care,
560.31 reconsideration of a maltreatment determination as provided under this subdivision and
560.32 reconsideration of a disqualification as provided under section 245C.22 shall also not be
560.33 conducted when:

(1) a denial of a license under section 142B.15 or 245A.05 or a licensing sanction under section 142B.18 or 245A.07 is based on a determination that the license holder is responsible for maltreatment or the disqualification of a license holder based on serious or recurring maltreatment;

(2) the denial of a license or licensing sanction is issued at the same time as the maltreatment determination or disqualification; and

(3) the license holder appeals the maltreatment determination or disqualification and denial of a license or licensing sanction.

Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under subdivision 2 and section 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under subdivision 2 and sections 245C.27 and 626.557, subdivision 9d.

If the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under chapter 245C, the hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge.

Subd. 2. **Underperforming county; more than one-half of services.** If the ~~commissioner~~
~~determines~~ commissioners determine that a county or service delivery authority is deficient
in achieving minimum performance thresholds for more than one-half of the defined essential
human services programs, the ~~commissioner~~ commissioners may impose the following
remedies:

(1) voluntary incorporation of the administration and operation of essential human
services programs with an existing service delivery authority or another county. A service
delivery authority or county incorporating an underperforming county shall not be financially
liable for the costs associated with remedying performance outcome deficiencies;

(2) mandatory incorporation of the administration and operation of essential human
services programs with an existing service delivery authority or another county. A service
delivery authority or county incorporating an underperforming county shall not be financially
liable for the costs associated with remedying performance outcome deficiencies; or

(3) transfer of authority for administration and operation of essential human services
programs to the commissioner that oversees each program.

Sec. 81. Minnesota Statutes 2024, section 402A.18, subdivision 3, is amended to read:

Subd. 3. **Conditions prior to imposing remedies.** (a) The commissioner shall notify a
county or service delivery authority that it must submit a performance improvement plan
if:

(1) the county or service delivery authority does not meet the minimum performance
threshold for a measure; or

(2) the county or service delivery authority has a performance disparity for a racial or
ethnic subgroup, even if the county or service delivery authority met the threshold for the
overall population. The council shall make recommendations on performance disparities,
and the commissioner shall make the final determination.

(b) When the ~~department~~ commissioner determines that a county or service delivery
authority does not meet the minimum performance threshold for a given measure, the
commissioner must advise the county or service delivery authority that fiscal penalties may
result if the performance does not improve. The ~~department~~ commissioner must offer
technical assistance to the county or service delivery authority. Within 30 days of the initial
advisement from the ~~department~~ commissioner, the county or service delivery authority
may claim and the ~~department~~ commissioner may approve an extenuating circumstance

570.1 that relieves the county or service delivery authority of any further remedy. If a county or
570.2 service delivery authority has a small number of participants in an essential human services
570.3 program such that reliable measurement is not possible, the commissioner may approve
570.4 extenuating circumstances.

570.5 (c) If there are no extenuating circumstances, the county or service delivery authority
570.6 must submit a performance improvement plan to the commissioner within 60 days of the
570.7 initial advisement from the ~~department~~ commissioner. The term of the performance
570.8 improvement plan must be two years, starting with the date the plan is approved by the
570.9 commissioner. This plan must include a target level for improvement for each measure that
570.10 did not meet the minimum performance threshold. The commissioner must approve the
570.11 performance improvement plan within 60 days of submittal.

570.12 (d) The ~~department~~ commissioner must monitor the performance improvement plan for
570.13 two years. After two years, if the county or service delivery authority meets the minimum
570.14 performance threshold, there is no further remedy. If the county or service delivery authority
570.15 fails to meet the minimum performance threshold, but meets the improvement target in the
570.16 performance improvement plan, the county or service delivery authority shall modify the
570.17 performance improvement plan for further improvement and the ~~department~~ commissioner
570.18 shall continue to monitor the plan.

570.19 (e) If, after two years of monitoring, the county or service delivery authority fails to
570.20 meet both the minimum performance threshold and the improvement target identified in
570.21 the performance improvement plan, the next step of the remedies process shall be invoked
570.22 by the commissioner. This phase of the remedies process may include:

570.23 (1) fiscal penalties for the county or service delivery authority that do not exceed one
570.24 percent of the county's human services expenditures and that are negotiated in the
570.25 performance improvement plan, based on what is needed to improve outcomes. Counties
570.26 or service delivery authorities must reinvest the amount of the fiscal penalty into the essential
570.27 human services program that was underperforming. A county or service delivery authority
570.28 shall not be required to pay more than three fiscal penalties in a year; and

570.29 (2) the ~~department's~~ commissioner's provision of technical assistance to the county or
570.30 service delivery authority that is targeted to address the specific performance issues.

570.31 The commissioner shall continue monitoring the performance improvement plan for a third
570.32 year.

570.33 (f) If, after the third year of monitoring, the county or service delivery authority meets
570.34 the minimum performance threshold, there is no further remedy. If the county or service

571.1 delivery authority fails to meet the minimum performance threshold, but meets the
571.2 improvement target for the performance improvement plan, the county or service delivery
571.3 authority shall modify the performance improvement plan for further improvement and the
571.4 ~~department~~ commissioner shall continue to monitor the plan.

571.5 (g) If, after the third year of monitoring, the county or service delivery authority fails to
571.6 meet the minimum performance threshold and the improvement target identified in the
571.7 performance improvement plan, the Human Services Performance Council shall review the
571.8 situation and recommend a course of action to the commissioner.

571.9 (h) If the commissioner has determined that a program has a balanced set of program
571.10 measures and a county or service delivery authority is subject to fiscal penalties for more
571.11 than one-half of the measures for that program, the commissioner may apply further remedies
571.12 as described in subdivisions 1 and 2.

571.13 Sec. 82. Minnesota Statutes 2024, section 402A.18, is amended by adding a subdivision

571.16 means the commissioner of human services or the commissioner of children, youth, and
571.17 families, whichever oversees the program or service at issue. If programs or services overseen
571.18 by both commissioners are at issue, commissioner means both commissioners jointly. A
571.19 commissioner must not take action under this section for a program or service that the
571.20 commissioner does not oversee.

571.21 Sec. 83. Minnesota Statutes 2024, section 402A.35, subdivision 1, is amended to read:

571.22 Subdivision 1. **Requirements for establishing a service delivery authority.** (a) A
571.23 county, tribe, or consortium of counties is eligible to establish a service delivery authority
571.24 if:

571.25 (1) the county, tribe, or consortium of counties is:

571.26 (i) a single county with a population of 55,000 or more;

571.27 (ii) a consortium of counties with a total combined population of 55,000 or more;

571.28 (iii) a consortium of four or more counties in reasonable geographic proximity without
571.29 regard to population; or

571.30 (iv) one or more tribes with a total combined population of 25,000 or more.

572.1 The council may recommend that the ~~commissioner of human services~~ commissioners
572.2 exempt a single county, tribe, or consortium of counties from the minimum population
572.3 standard if the county, tribe, or consortium of counties can demonstrate that it can otherwise
572.4 meet the requirements of this chapter.

572.5 (b) A service delivery authority shall:

572.6 (1) comply with current state and federal law, including any existing federal or state
572.7 performance measures when they are enacted into law, except where waivers are approved
572.8 by the ~~commissioner~~ commissioners;

572.9 (2) define the scope of essential services over which the service delivery authority has
572.10 jurisdiction;

572.11 (3) designate a single administrative structure to oversee the delivery of those services
572.12 included in a proposal for a redesigned service or services and identify a single administrative
572.13 agent for purposes of contact and communication with the department;

572.14 (4) identify the waivers from statutory or rule program requirements that are needed to
572.15 ensure greater local control and flexibility to determine the most cost-effective means of
572.16 achieving specified measurable goals that the participating service delivery authority is
572.17 expected to achieve;

572.18 (5) set forth a reasonable level of targeted reductions in overhead and administrative
572.19 costs for each service delivery authority participating in the service delivery redesign;

572.20 (6) set forth the terms under which a county, tribe, or consortium of counties may
572.21 withdraw from participation. In the case of withdrawal of any or all parties or the dissolution
572.22 of the service delivery authority, the employees shall continue to be represented by the same
572.23 exclusive representative or representatives and continue to be covered by the same collective
572.24 bargaining union agreement until a new agreement is negotiated or the collective bargaining
572.25 agreement term ends; and

572.26 (7) set forth a structure for managing the terms and conditions of employment of the
572.27 employees as provided in section 402A.40.

572.28 (c) Once a county, tribe, or consortium of counties establishes a service delivery authority,
572.29 no county, tribe, or consortium of counties that is a member of the service delivery authority
572.30 may participate as a member of any other service delivery authority. The service delivery
572.31 authority may allow an additional county, a tribe, or a consortium of counties to join the
572.32 service delivery authority subject to the approval of the council and the ~~commissioner~~
572.33 commissioners.

573.1 (d) Nothing in this chapter precludes local governments from using sections 465.81 and
573.2 465.82 to establish procedures for local governments to merge, with the consent of the
573.3 voters. Nothing in this chapter limits the authority of a county board or tribal council to
573.4 enter into contractual agreements for services not covered by the provisions of a
573.5 memorandum of understanding establishing a service delivery authority with other agencies
573.6 or with other units of government.

The eligible health carrier must submit this information as part of its rate filing. The commissioner must consider this information as part of the rate review.

62E.23 MINNESOTA PREMIUM SECURITY PLAN.

Subdivision 1. **Administration of plan.** (a) The association is Minnesota's reinsurance entity to administer the state-based reinsurance program referred to as the Minnesota premium security plan.

(b) The association may apply for any available federal funding for the plan. All funds received by or appropriated to the association shall be deposited in the premium security plan account in section 62E.25, subdivision 1. The association shall notify the chairs and ranking minority members

APPENDIX
Repealed Minnesota Statutes: S2669-2

of the legislative committees with jurisdiction over health and human services and insurance within ten days of receiving any federal funds.

(c) The association must collect or access data from an eligible health carrier that are necessary to determine reinsurance payments, according to the data requirements under subdivision 5, paragraph (c).

(d) The board must not use any funds allocated to the plan for staff retreats, promotional giveaways, excessive executive compensation, or promotion of federal or state legislative or regulatory changes.

(e) For each applicable benefit year, the association must notify eligible health carriers of reinsurance payments to be made for the applicable benefit year no later than June 30 of the year following the applicable benefit year.

(f) On a quarterly basis during the applicable benefit year, the association must provide each eligible health carrier with the calculation of total reinsurance payment requests.

(g) By August 15 of the year following the applicable benefit year, the association must disburse all applicable reinsurance payments to an eligible health carrier.

Subd. 2. **Payment parameters.** (a) The board must design and adjust the payment parameters to ensure the payment parameters:

- (1) will stabilize or reduce premium rates in the individual market;
- (2) will increase participation in the individual market;
- (3) will improve access to health care providers and services for those in the individual market;
- (4) mitigate the impact high-risk individuals have on premium rates in the individual market;
- (5) take into account any federal funding available for the plan; and
- (6) take into account the total amount available to fund the plan.

(b) The attachment point for the plan is the threshold amount for claims costs incurred by an eligible health carrier for an enrolled individual's covered benefits in a benefit year, beyond which the claims costs for benefits are eligible for reinsurance payments. The attachment point shall be set by the board at \$50,000 or more, but not exceeding the reinsurance cap.

(c) The coinsurance rate for the plan is the rate at which the association will reimburse an eligible health carrier for claims incurred for an enrolled individual's covered benefits in a benefit year above the attachment point and below the reinsurance cap. The coinsurance rate shall be set by the board at a rate between 50 and 80 percent.

(d) The reinsurance cap is the threshold amount for claims costs incurred by an eligible health carrier for an enrolled individual's covered benefits, after which the claims costs for benefits are no longer eligible for reinsurance payments. The reinsurance cap shall be set by the board at \$250,000 or less.

(e) The board may adjust the payment parameters to the extent necessary to secure federal approval of the state innovation waiver request in Laws 2017, chapter 13, article 1, section 8.

Subd. 3. **Operation.** (a) The board shall propose to the commissioner the payment parameters for the next benefit year by January 15 of the year before the applicable benefit year. The commissioner shall approve or reject the payment parameters no later than 14 days following the board's proposal. If the commissioner fails to approve or reject the payment parameters within 14 days following the board's proposal, the proposed payment parameters are final and effective.

(b) If the amount in the premium security plan account in section 62E.25, subdivision 1, is not anticipated to be adequate to fully fund the approved payment parameters as of July 1 of the year before the applicable benefit year, the board, in consultation with the commissioner and the commissioner of management and budget, shall propose payment parameters within the available appropriations. The commissioner must permit an eligible health carrier to revise an applicable rate filing based on the final payment parameters for the next benefit year.

(c) Notwithstanding paragraph (a), the payment parameters for benefit years 2023 through 2027 are:

- (1) an attachment point of \$50,000;

(2) a coinsurance rate of 80 percent; and

(3) a reinsurance cap of \$250,000.

Subd. 4. Calculation of reinsurance payments. (a) Each reinsurance payment must be calculated with respect to an eligible health carrier's incurred claims costs for an individual enrollee's covered benefits in the applicable benefit year. If the claims costs do not exceed the attachment point, the reinsurance payment is \$0. If the claims costs exceed the attachment point, the reinsurance payment shall be calculated as the product of the coinsurance rate and the lesser of:

(1) the claims costs minus the attachment point; or

(2) the reinsurance cap minus the attachment point.

(b) The board must ensure that reinsurance payments made to eligible health carriers do not exceed the total amount paid by the eligible health carrier for any eligible claim. "Total amount paid of an eligible claim" means the amount paid by the eligible health carrier based upon the allowed amount less any deductible, coinsurance, or co-payment, as of the time the data are submitted or made accessible under subdivision 5, paragraph (c).

Subd. 5. Eligible carrier requests for reinsurance payments. (a) An eligible health carrier may request reinsurance payments from the association when the eligible health carrier meets the requirements of this subdivision and subdivision 4.

(b) An eligible health carrier must make requests for reinsurance payments in accordance with any requirements established by the board.

(c) An eligible health carrier must provide the association with access to the data within the dedicated data environment established by the eligible health carrier under the federal risk adjustment program under United States Code, title 42, section 18063. Eligible health carriers must submit an attestation to the board asserting compliance with the dedicated data environments, data requirements, establishment and usage of masked enrollee identification numbers, and data submission deadlines.

(d) An eligible health carrier must provide the access described in paragraph (c) for the applicable benefit year by April 30 of each year of the year following the end of the applicable benefit year.

(e) An eligible health carrier must maintain documents and records, whether paper, electronic, or in other media, sufficient to substantiate the requests for reinsurance payments made pursuant to this section for a period of at least six years. An eligible health carrier must also make those documents and records available upon request from the commissioner for purposes of verification, investigation, audit, or other review of reinsurance payment requests.

(f) An eligible health carrier may follow the appeals procedure under section 62E.10, subdivision 2a.

(g) The association may have an eligible health carrier audited to assess the health carrier's compliance with the requirements of this section. The eligible health carrier must ensure that its contractors, subcontractors, or agents cooperate with any audit under this section. If an audit results in a proposed finding of material weakness or significant deficiency with respect to compliance with any requirement of this section, the eligible health carrier may provide a response to the proposed finding within 30 days. Within 30 days of the issuance of a final audit report that includes a finding of material weakness or significant deficiency, the eligible health carrier must:

(1) provide a written corrective action plan to the association for approval;

(2) implement the approved plan; and

(3) provide the association with written documentation of the corrective action once taken.

Subd. 6. Data. Government data of the association under this section are private data on individuals, or nonpublic data, as defined under section 13.02, subdivision 9 or 12.

For purposes of this section, "state agency" includes prepaid health plans under contract with the commissioner according to sections 256B.69, 256L.01, subdivision 7, 256L.03, subdivision 6, and 256L.12, and Minnesota Statutes 2009 Supplement, section 256D.03, subdivision 4, paragraph (c); children's mental health collaboratives under section 245.493; demonstration projects for persons with disabilities under section 256B.77; nursing homes reimbursed under chapter 256R; and county-based purchasing entities under section 256B.692.

(b) This section does not affect the priority of any attorney's lien. The state agency is not subject to any limitations period referred to in section 514.69 or 514.71 and has one year from the date notice is first received by it under subdivision 4, paragraph (c), even if the notice is untimely, or one year from the date medical bills are first paid by the state agency, whichever is later, to file its verified lien statement. The state agency may commence an action to enforce the lien within one year of (1) the date the notice required by subdivision 4, paragraph (c), is received, or (2) the date the person's cause of action is concluded by judgment, award, settlement, or otherwise, whichever is later.

(c) If the notice required in subdivision 4 is not provided by any of the parties to the claim at any stage of the claim, the state agency will have one year from the date the state agency learns of the lack of notice to commence an action. If amounts on the claim or cause of action are paid and the amount required to be paid to the state agency under subdivision 5 is not paid to the state agency, the state agency may commence an action to recover on the lien against any or all of the parties or entities that have either paid or received the payments.

Subd. 3. **Prosecutor.** (a) The attorney general shall represent the commissioner to enforce the lien created under this section or, if no action has been brought, may initiate and prosecute an independent action on behalf of the commissioner against a person, firm, or corporation that may be liable to the person to whom the care or payment was furnished.

(e) Every party involved in any stage of a claim under this subdivision is required to provide notice to the state agency at that stage of the claim. However, when one of the parties to the claim provides notice at that stage, every other party to the claim is deemed to have provided the required notice at that stage of the claim. If the required notice under this paragraph is not provided to the state agency, every party will be deemed to have failed to provide the required notice. A party to a claim includes the injured person or the person's legal representative, the plaintiff, the defendants, or persons alleged to be responsible for compensating the injured person or plaintiff, and any other party to the cause of action or claim, regardless of whether the party knows the state agency has a potential or actual lien claim.

(f) Notice given to the county agency is not sufficient to meet the requirements of paragraphs (c) and (d).

Subd. 5. **Costs deducted.** Upon any judgment, award, or settlement of a cause of action, or any part of it, upon which the state agency has filed its lien, including compensation for liquidated, unliquidated, or other damages, reasonable costs of collection, including attorney fees, must be deducted first. The full amount of public assistance paid to or on behalf of the person as a result of the injury must be deducted next, and paid to the state agency. The rest must be paid to the public assistance recipient or other plaintiff. The plaintiff, however, must receive at least one-third of the net recovery after attorney fees and other collection costs.

6800.5400 TRAINING.

Subp. 5. **Competencies.** Upon registration, interns and preceptors will be furnished a copy of the board's internship manual, which lists the minimum competencies that should be the focus of internship training. The competencies are furnished to suggest appropriate types and order of training experience and shall be used to ensure that the intern's practical experiences are commensurate with the intern's educational level, and broad in scope.

Subp. 6. **Evidence of completion.** Applicants for licensure as pharmacists who are examined and licensed after September 17, 1973, shall submit evidence that they have successfully completed not less than 1,500 hours of internship under the instruction and supervision of a preceptor. Effective May 1, 2003, candidates for licensure shall submit evidence that they have successfully completed not less than 1,600 hours of internship under the direction and supervision of a preceptor. Credit for internship shall be granted only to registered interns who have completed the third year of the five-year or six-year pharmacy curriculum, provided, however, that:

A. no more than 400 hours of concurrent time internship will be granted to an intern; and

B. 800 hours of internship credit may be acquired through experiential education program experiences that do not have as their focus traditional compounding, dispensing, and related patient counseling activities. The remaining 800 hours of the 1,600 hour total requirement must focus on traditional compounding, dispensing, and related patient counseling activities.

9100.0400 APPLICATION AND EXAMINATION FEES FOR LICENSURE TO PRACTICE VETERINARY MEDICINE.

Subpart 1. Application fee.

A. A person applying for a license to practice veterinary medicine in Minnesota or applying for a permit to take the national veterinary medical examination must pay a \$50 nonrefundable application fee to the board. Persons submitting concurrent applications for licensure and a national examination permit shall pay only one application fee.

B. The application fee received supports only the application with which the fee was submitted. A person who applies more than once must submit the full application fee with each subsequent application.

Subp. 3. Examination fees.

A. All applicants for veterinary licensure in Minnesota must successfully pass the Minnesota Veterinary Jurisprudence Examination. The fee for this examination is \$50, payable to the board.

B. An applicant participating in the national veterinary licensing examination must complete a separate application for the national examination and submit the application to the board for approval. Payment for the national examination must be made by the applicant to the national board examination committee after the application for examination has been approved by the board.

9100.0500 INITIAL AND RENEWAL FEE.

Subpart 1. **Required for licensure.** Each person now licensed to practice veterinary medicine in this state, or who becomes licensed by the Board of Veterinary Medicine to engage in the practice, shall pay an initial fee or a biennial license renewal fee if the person wishes to practice veterinary medicine in the coming two-year period or remain licensed as a veterinarian. A licensure period begins on March 1 and expires the last day of February two years later. A licensee with an even-numbered license shall renew by March 1 of even-numbered years and a licensee with an odd-numbered license shall renew by March 1 of odd-numbered years. For 1996 license renewals, licensees with an even-numbered license shall renew for two years. Licensees with an odd-numbered license shall renew for one year and commence renewal for a two-year period in 1997.

Subp. 2. **Amount.** The initial licensure fee and the biennial renewal fee is \$200 and must be paid to the executive director of the board on or before March 1 of the first year of the biennial license period. By January 1 of the first year for which the biennial renewal fee is due, the board shall issue a renewal application to each current licensee to the last address maintained in the board file. Failure to receive this notice does not relieve the licensee of the obligation to pay renewal fees so that they are received by the board on or before the renewal date of March 1.

Initial licenses issued after the start of the licensure renewal period are valid only until the end of the period.

Subp. 3. **Date due.** A licensee must apply for a renewal license on or before March 1 of the first year of the biennial license renewal period. A renewal license is valid from March 1 through the last day of February of the last year of the two-year license renewal period. An application postmarked no later than the last day of February must be considered to have been received on March 1.

Subp. 4. **Late renewal penalty.** An applicant for renewal must pay a late renewal penalty of \$100 in addition to the renewal fee if the application for renewal is received after March 1 of the licensure renewal period. A renewed license issued after March 1 of the licensure renewal period is valid only to the end of the period regardless of when the renewal fee is received.

Subp. 4a. **Reinstatement fee.** An applicant for license renewal whose license has previously been suspended by official board action for nonrenewal must pay a reinstatement fee of \$50 in addition to the \$200 renewal fee and the \$100 late renewal penalty.

Subp. 5. **Penalty for failure to pay.** Within 30 days after the renewal date, a licensee who has not renewed the license must be notified by letter sent to the last known address of the licensee in the file of the board that the renewal is overdue and that failure to pay the current fee and current late fee within 60 days after the renewal date will result in suspension of the license. A second notice must be sent by registered or certified mail at least seven

days before a board meeting occurring 60 days or more after the renewal date to each licensee who has not paid the renewal fee and late fee.

Subp. 6. **Suspension.** The board, by means of a roll call vote, shall suspend the license of a licensee whose license renewal is at least 60 days overdue and to whom notification has been sent as provided in subpart 5. Failure of a licensee to receive notification is not grounds for later challenge by the licensee of the suspension. The former licensee must be notified by registered or certified letter within seven days of the board action. The suspended status placed on a license may be removed only on payment of renewal fees and late penalty fees for each licensure period or part of a period that the license was not renewed. A licensee who fails to renew a license for five years or more must meet the criteria of Minnesota Statutes, section 156.071, for relicensure.

Subp. 7. **Inactive license.** A person holding a current unrestricted license to practice veterinary medicine in Minnesota may, at the time of the person's next biennial license renewal date, renew the license as an inactive license at one-half the renewal fee of an unrestricted license. The license may be continued in an inactive status by renewal on a biennial basis at one-half the regular license fee.

A. A person holding an inactive license is not permitted to practice veterinary medicine in Minnesota and remains under the disciplinary authority of the board.

B. A person may convert a current inactive license to an unrestricted license upon application to and approval by the board. The application must include:

(1) documentation of licensure in good standing and of having met continuing education requirements of current state of practice, or documentation of having met Minnesota continuing education requirements retroactive to the date of licensure inactivation;

(2) certification by the applicant that the applicant is not currently under disciplinary orders or investigation for acts that could result in disciplinary action in any other jurisdiction; and

(3) payment of a fee equal to the full difference between an inactive and unrestricted license if converting during the first year of the biennial license cycle or payment of a fee equal to one-half the difference between an inactive and an unrestricted license if converting during the second year of the license cycle.

C. Deadline for renewal of an inactive license is March 1 of the first year of the biennial license renewal period. A late renewal penalty of one-half the inactive renewal fee must be paid if renewal is received after March 1.

9100.0600 MISCELLANEOUS FEES.

Subpart 1. **Temporary license fee.** A person meeting the requirements for issuance of a temporary permit to practice veterinary medicine under Minnesota Statutes, section 156.072, subdivision 5, pending examination, who desires a temporary permit shall pay a fee of \$50 to the board.

Subp. 2. **Duplicate license.** A person requesting issuance of a duplicate or replacement license shall pay a fee of \$10 to the board.
