

S.F. No. 2965 – Modifying eligible expenditures from the school food service fund

Author: Senator Mary Kunesh

Prepared by: Bjorn Arneson, Legislative Analyst (bjorn.arneson@mnsenate.gov)

Date: March 24, 2025

S.F. No. 2965 modifies the eligible expenditures from the school food service fund. The bill provides that costs for waste management related to food service activities and costs of serving food, including related technology and systems costs are eligible costs in the food service fund.

Additionally, the bill provides that, if a surplus exists in the food service fund for three successive years, the district may recode certain costs that ordinarily may be charged to the general fund. These costs include certain food service remodeling or reconfiguration, or costs of plumbing, electrical, air handling, ventilation or other building utility work essential for food service activities or to remediate certain health and safety hazards.

The bill is effective for fiscal year 2026 and later.
