SF2255 - STARBASE FUNDING - Re: Delete All Amendment to SF2255

Please do whatever you can to preserve STARBASE FUNDING for Education. Our students look forward to the field trip to STARBASE. We are in a rural district and the funding that was provided to enable our students to go meant that they had an opportunity for an incredible experience. Students met former astronauts, increased their interest in STEM and space exploration. Students have come back from this experience energized and remember their time for their lifetime.

If you cut this funding, you will be dimming on education for many students who don't have access to these kinds of opportunities. Please don't harm our children. Please keep the funding intact.

Sincerely,

Cathy Sheetz
2nd Grade Teacher
