Re: Sport Betting 757

Dear Minnesota State Representatives

I'm asking you as a descendant to a
Tribe

Under the Federal Acts and Laws.

They have kept more families out of the communities than in the communities.

We have documents based on the laws, we are Mdewakanton Dakota Descendants Of
Minnesota.

Traced through the Treaties, Department of interior census roll of 1972.

OPINION ON SPORT BETTING

The Minnesota Dakota Tribal Communities of Minnesota
Cannot not be apart of this "Sport Betting".

The Treaties of 1837, to the Pepin Treaty, Fort Laramie Treaties, The Dawes Act, all points to
the 1972 Census of the Mdewakanton Descendants of Minnesota

The State of Minnesota and the Federal government, have let Dakota communities get away far
too long with allowing the wrong persons into to communities, bucking the state of Minnesota
with their so called entitlement of "Sovereignty"

The United States is a Sovereign country

So that's there excuse for bucking the laws

Say "NO" to "Sport Betting" as it stands

Mdewakanton Descendants need to be returned to their parents, grandparents community
stated by congressional laws

Minnesota cannon leave the Descendants out

Our Children of their Parents 1972 census need housing eligibility, health care, and education,
welfare eligible when in Poverty, all by the use of the 1972 census number, from the Federal
rolls for the direct Children and Grandchildren

I thank you for your time
To view my letter for the record.

Sincerely,
Maria Cermak
