

S.F. No. 2886 – Metropolitan Council transportation financial reporting requirements

Author: Senator Ann M. Johnson Stewart

Prepared by: Tim Greenfield, Senate Counsel (tim.greenfield@mnsenate.gov)

Date: April 1, 2025

S.F. 2886 modifies a variety of required transportation reporting requirements for the Metropolitan Council.

Section 1 strikes a transportation program forecast reporting requirement that is required elsewhere in statute.

Section 2 moves the reporting requirement for replacement service providers as part of the required transportation financial review.

Section 3 strikes an expenditure reporting requirement that is required in other legislatively mandated reports.

Section 4 amends the reporting requirement for the Metropolitan Council's transit cleanliness and ridership experience to (1) require an annual report on February 15, concurrent with other Metro Transit reports; and (2) strikes a requirement that the report require recommended additions to the transit rider code of conduct.

Section 5 repeals the reporting requirement for replacement service providers as part of the reorganization made in **section 2**.
