DCYF Overview

Department of Children, Youth, and Families

On July 1, Minnesota launched a new state agency to create a sustainable, public face for children's issues in state government with aligned outcomes and policy, improving the front door for services, easing access and navigation for families, and improving services overall.

Agency Vision

Agency Vision

A Minnesota where all children, youth and families are valued, treated equitably and thriving.

One Minnesota Vision

To make Minnesota the best state in the country for children to grow up in – those of all races, ethnicities, religions, economic statuses, gender identities, sexual orientations, (dis)abilities, and zip codes.

Placing Children at the Center of Government

DCYF Budget

SFY 2025 Transition Year Accounting Structure

- Relying on the existing departmental accounting structures will provide more flexibility during the transition year as programs and staff move to the new agency.
- While funding will remain in the existing account structures, DCYF leadership will manage spending and priorities.
- Interagency agreements and approval structures in the financial system are used to manage operations and processes.
