

## MINNESOTA CHAPTER

Senator Lindsey Port, Chair  
Housing and Homelessness Prevention  
March 13, 2025

Chair Port and Housing and Homelessness Committee Members,

On behalf of the National Association of Social Workers, MN Chapter (NASW-MN), we are writing in support of SF2231, the Increased Housing Options Act, and SF1268, the People Over Parking Act.

NASW-MN is the largest membership organization of professional social workers in our state, representing about 2000 social workers. The primary mission of the social work profession is to enhance human well-being and help meet the basic needs of all people, with particular attention to the needs and empowerment of people who are vulnerable, oppressed, and living in poverty. We are called to examine and address forces that negatively impact a person's environment (NASW Code of Ethics).

As you can imagine, social workers are often in spaces with clients with insecure housing, and we know that securing housing is the first step in resolving other crises. For example, unstable housing prevents family reunification, contributes to poor academic outcomes, adds anxiety and stress to clients living with mental illness, and is a deterrent to those who want to leave violent households.

We believe that shelter is a basic need, and every human deserves the dignity of housing.

NASW-MN joined the Yes to Home! coalition because we believe that transforming current practices is necessary to address the housing crisis in Minnesota. The Increased Housing Options Act and the People Over Parking Act are two of several immediate policy actions we can take to make it easier to develop housing in every community. The reality is that parking adds to the cost of housing development. Allowing flexibility will not only reduce the overall cost, but it will allow us to more closely respond to the actual demands. Additionally, we need to build smaller homes and duplexes in new developments and re-developments across our state in order to serve the wide variety of housing needs.

We appreciate your service and work on this important issue. Thank you for your consideration.

Sincerely,

Karen E. Goodenough, PhD, LGSW
