"Sec. 9. Minnesota Statutes 2024, section 252.32, subdivision 3, is amended to read:

Subd. 3. **Amount of support grant; use.** (a) Support grant amounts shall be determined by the county social service agency. Services and items purchased with a support grant must:

(1) be over and above the normal costs of caring for the dependent if the dependent did not have a disability, including adaptive or one-on-one swimming lessons for drowning prevention for a dependent whose disability puts them at a higher risk of drowning according to the Centers for Disease Control Vital Statistics System;

(2) be directly attributable to the dependent's disabling condition; and

(3) enable the family to delay or prevent the out-of-home placement of the dependent.

(b) The design and delivery of services and items purchased under this section must be provided in the least restrictive environment possible, consistent with the needs identified in the individual service plan.

(c) Items and services purchased with support grants must be those for which there are no other public or private funds available to the family. Fees assessed to parents for health or human services that are funded by federal, state, or county dollars are not reimbursable through this program.

(d) In approving or denying applications, the county shall consider the following factors:

(1) the extent and areas of the functional limitations of a child with a disability;

(2) the degree of need in the home environment for additional support; and

(3) the potential effectiveness of the grant to maintain and support the person in the family environment.

(e) The maximum monthly grant amount shall be \$250 per eligible dependent, or \$3,000 per eligible dependent per state fiscal year, within the limits of available funds and as adjusted by any legislatively authorized cost of living adjustment. The county social service agency may consider the dependent's Supplemental Security Income in determining the amount of the support grant.

(f) Any adjustments to their monthly grant amount must be based on the needs of the family and funding availability.

Sec. 10. Minnesota Statutes 2024, section 256.476, subdivision 4, is amended to read:

Subd. 4. Support grants; criteria and limitations. (a) A county board may choose to participate in the consumer support grant program. If a county has not chosen to participate by July 1, 2002, the commissioner shall contract with another county or other entity to provide access to residents of the nonparticipating county who choose the consumer support grant option. The commissioner shall notify the county board in a county that has declined to participate of the commissioner's intent to enter into a contract with another county or other entity at least 30 days in advance of entering into the contract. The local agency shall establish written procedures and criteria to determine the amount and use of support grants. These procedures must include, at least, the availability of respite care, assistance with daily living, and adaptive aids. The local agency may establish monthly or annual maximum amounts for grants and procedures where exceptional resources may be required to meet the health and safety needs of the person on a time-limited basis, however, the total amount awarded to each individual may not exceed the limits established in subdivision 11.

(b) Support grants to a person, a person's legal representative, or other authorized representative will be provided through a monthly subsidy payment and be in the form of cash, voucher, or direct county payment to vendor. Support grant amounts must be determined by the local agency. Each service and item purchased with a support grant must meet all of the following criteria:

(1) it must be over and above the normal cost of caring for the person if the person did not have functional limitations, including adaptive or one-on-one swimming lessons for drowning prevention for a person whose disability puts them at a higher risk of drowning according to the Centers for Disease Control Vital Statistics System;

(2) it must be directly attributable to the person's functional limitations;

(3) it must enable the person, a person's legal representative, or other authorized representative to delay or prevent out-of-home placement of the person; and

(4) it must be consistent with the needs identified in the service agreement, when applicable.

(c) Items and services purchased with support grants must be those for which there are no other public or private funds available to the person, a person's legal representative, or

3.1 other authorized representative. Fees assessed to the person or the person's family for health
3.2 and human services are not reimbursable through the grant.

3.3 (d) In approving or denying applications, the local agency shall consider the following
3.4 factors:

3.5 (1) the extent and areas of the person's functional limitations;

3.6 (2) the degree of need in the home environment for additional support; and

3.7 (3) the potential effectiveness of the grant to maintain and support the person in the
3.8 family environment or the person's own home.

3.9 (e) At the time of application to the program or screening for other services, the person,
3.10 a person's legal representative, or other authorized representative shall be provided sufficient
3.11 information to ensure an informed choice of alternatives by the person, the person's legal
3.12 representative, or other authorized representative, if any. The application shall be made to
3.13 the local agency and shall specify the needs of the person or the person's legal representative
3.14 or other authorized representative, the form and amount of grant requested, the items and
3.15 services to be reimbursed, and evidence of eligibility for medical assistance.

3.16 (f) Upon approval of an application by the local agency and agreement on a support plan
3.17 for the person or the person's legal representative or other authorized representative, the
3.18 local agency shall make grants to the person or the person's legal representative or other
3.19 authorized representative. The grant shall be in an amount for the direct costs of the services
3.20 or supports outlined in the service agreement.

3.21 (g) Reimbursable costs shall not include costs for resources already available, such as
3.22 special education classes, day training and habilitation, case management, other services to
3.23 which the person is entitled, medical costs covered by insurance or other health programs,
3.24 or other resources usually available at no cost to the person or the person's legal representative
3.25 or other authorized representative.

3.26 (h) The state of Minnesota, the county boards participating in the consumer support
3.27 grant program, or the agencies acting on behalf of the county boards in the implementation
3.28 and administration of the consumer support grant program shall not be liable for damages,
3.29 injuries, or liabilities sustained through the purchase of support by the individual, the
3.30 individual's family, or the authorized representative under this section with funds received
3.31 through the consumer support grant program. Liabilities include but are not limited to:
3.32 workers' compensation liability, the Federal Insurance Contributions Act (FICA), or the
3.33 Federal Unemployment Tax Act (FUTA). For purposes of this section, participating county

4.1 boards and agencies acting on behalf of county boards are exempt from the provisions of
4.2 section 268.035."
