About Us

Since 2014 we've led our vision to help Foundational Black American Women achieve economic mobility and build generational wealth. We provide training, education, coaching, and capacity building resources to foster financial independence that results in career advancement, and holistic well-being to strengthen families, communities, and society at large.

Our Impact

- 5,000+ individuals to advance economic mobility and wealth creation.
- Distributed over \$2 million in equity capital & capacity building grants to workers, students, and entrepreneurs.
- Facilitated over \$1.5 million in lending to entrepreneurs and co-established over 1,500 Black women-owned businesses.
- Provided financial aid to 300+ students, helping them pursue educational goals.
- Supported 500+ professionals in securing career advancements and job retention.
