Who We Are

All Square is a nonprofit social enterprise that invests in people impacted by mass incarceration.

Our mission is to heal the harms created by the legal system by changing the way criminal records are used and viewed.

What We Do

We work humbly and unapologetically to channel resources to people who, by virtue of their criminal record or active incarceration, face significant barriers to freedom.

How We Do It

- A Craft Grilled Cheese Restaurant & Food Truck that provide a safe space & competitive jobs for those returning home.
- A Fellowship Program and Fellow Fund dedicated exclusively to justice-impacted leaders.
- A Legal Revolution that ensures those most impacted by the law lead the way in transforming the law.

The Restaurant & Food Truck

Our nonprofit restaurant & food truck serve three purposes:

1. A Home for our People.

Competitive jobs in powerful, welcoming environment are hard to come by for folks who come home from prison. Offering this for our people is the most vital function of our restaurant. Included with employment is access to no-cost therapy with Creative Kuponya and no-cost civil legal services with our Legal Revolution Law Firm.

2. A Hub for our Community.

In order to build, to seek, to commune, to understand—we need safe places to break bread.

3. An Economic Engine.

Proceeds from our restaurant & food truck help fuel All Square's programs.

The Fellowship & Fellow Fund

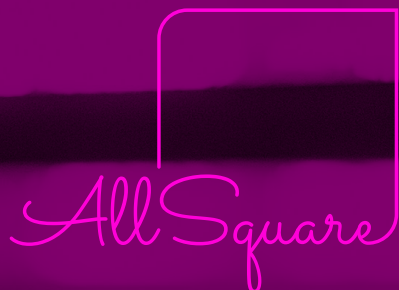

Investing in leaders impacted by mass incarceration.

All Square's annual Fellowship program, which exists exclusively for individuals whose criminal record is preventing forward momentum, is focused on healing, growth and prosperity as defined by each Fellow. After 12 months of employment in our restaurant & food truck, graduates are eligible for debt relief and seed capital from our Fellow Fund.

The Legal Revolution

Transforming the law with those most impacted by it.

The Legal Revolution is a movement to transform the law through a series of legal initiatives that center racial equity, wellness & the expertise of those most impacted by the law. The Revolution is centered on a Prison to Law Pipeline program that is creating pathways to paralegal and juris doctorate degrees for incarcerated and formerly incarcerated people. And a Law Firm that is eliminating barriers to legal employment and civil liberties for those most impacted by the law.

We are fighting for a world where those who have paid their debts to society are ALL SQUARE, meaning truly unencumbered by their criminal records socially, economically, and politically.
