Career Pathways HF2479 | SF3088

PUC's Career Pathways program turns young adult's **interests into income**. With the initial investment in 2023, PUC was able to launch a new program to meet the needs of youth needing to enter the workforce, and provide a career pathway and supportive services to help young adults complete their training and enter their career. Youth receive paid training and tuition, one on one guidance, and intensive supports to succeed.

Student journey

1

SHOW INTEREST

Fill out our interest form so we know how to get in contact with you to discuss the program.

2

PATHWAY

Work with the program advisor to identify which pathway is the right fit for you.

3

ENROLL

With the support of an advisor, you'll apply to the school, submit your FAFSA and register for class.

4

CLASSES

Attend classes for your chosen pathway. You'll also attend real world readiness workshops to prepare you for finding a job.

5

START WORKING

Receive job placement, an internship or an apprenticeship.

2023 Appropriation

- \$500K/year, \$950K Total
- Able to launch new "Career Pathways" program, tailored specifically to youth's interests, focused on youth who need to enter the workforce quickly
- '24-'25 Goal served: 50 youth
- Actual Served (as of 11/30/24): 45, on track

Thank you!

Career Pathways is for those who cannot afford **to not** work full time, especially to attend school, because they are the **primary providers in their household**. The result is young people being stuck in minimum wage positions with little opportunity for advancement and wage growth.

We financially support people entering a 2 semester, or less, vocational training program. Program **costs are: the cost of the training program, staff, and wraparound services**. Services may include housing or transportation support, childcare allowance, food access support, tutoring, mental health counseling, debt relief counseling, etc. all supports are to remove barriers so students can take this time in their life to enter a long lasting, and **well paying career**.
