Dear Chair Champion:

Thank you for your continued leadership and dedication in supporting the Minnesota Association of Black Lawyers (MABL). It was such an honor to have our Program Director and current Pathway Scholar testify on SF 3111, the bill that provides scholarships to African American college students in Minnesota to consider applying to law school to explore careers as attorneys. The experience was priceless, and the State of Minnesota will reap the benefits of cultivating this new generation of legal professionals.

Please let us know if you need anything else from us as you head into final negotiations.

Sincerely,

A handwritten signature in blue ink, appearing to read 'K. M. Lindsey', is written over the printed name.

Kevin Lindsey  
MABL President
