

## **S.F. No. 2120 – Community Supervision Appropriation**

**Author:** Senator Judy Seeberger

**Prepared by:** Chris Turner, Fiscal Analyst (chris.turner@mnsenate.gov)

**Date:** March 24, 2025

---

**Section 1** makes changes to the community supervision funding formula by requiring the felony and misdemeanor per diem rates to be multiplied by the three-year average total felony and misdemeanor populations. Under current law the per diem rates are multiplied by the felony and misdemeanor populations as reported in the most recent probation survey.

**Section 2** appropriates \$12,622,000 in fiscal year 2026 from the general fund to the commissioner of corrections for distribution under the community supervision funding formula. This is an ongoing appropriation.
