## REQUEST FOR SALES TAX EXEMPTION

The City of Plymouth requests a sales tax exemption for construction materials needed to complete high-demand infrastructure improvements that will help revitalize Plymouth City Center and benefit other regionally significant projects.

Plymouth's amenities draw thousands of visitors for hockey, major concerts and other recreational activities. Public infrastructure improvements in Plymouth City Center are needed to revitalize the area and cultivate a vibrant downtown.

A tax exemption will have far-reaching benefits – helping satisfy regional demand for amenities and mitigating the tax impact on Plymouth residents to fund regionally significant public infrastructure.

Plymouth infrastructure serves thousands of visitors. A tax exemption would reduce the financial impact to Plymouth residents for regionally beneficial projects.

## **TOTAL PROJECT COSTS: \$98 MILLION REGIONAL STORMWATER REGIONAL ICE CENTER PONDING PARKING RAMP EXPANSION** \$5 MILLION \$10 MILLION \$32 MILLION Modernize infrastructure and Accommodate expanded Satisfy demand for provide redevelopment flexibility transit service and alleviate ice time, support state and parking constraints national tournaments **ROADWAY** COMMUNITY CENTER WATER TREATMENT **IMPROVEMENTS** REALIGNMENT **EXPANSION** \$5 MILLION \$40 MILLION \$6 MILLION Realign roadway Install a permanent fieldhouse Increase water structure to meet demand to accommodate ice treatment efficiency center expansion for recreation activities and bolster conservation
