St. Croix Valley Riders (SCVR) is a nonprofit Motorcycle Rights Organization that believes in and sponsors motorcycle training, education and representation on the state and national level. The SCVR encourages political involvement of its membership. The SCVR actively works towards motorcycle safety and awareness; it improves motorcyclists' image and welcomes ***all*** motorcyclists regardless of brand or type of bike one rides. The SCVR sponsors charitable events and other events that will further motorcyclists' rights. The SCVR promotes public awareness, motorcycle safety, training and education. It works to protect your motorcycling rights.

Chair Klein, Senator Seeberger and Members of the Committee on Commerce and Consumer Protection

RE: Senate File 2484

St. Croix Valley Riders (SCVR) writes in support of S.F. 2484 in solidarity with our members and supporters who own and operate independent motorcycle repair shops across Minnesota. It is important that our community support small businesses and that this legislation that specifically enhances their opportunity to continue in business be passed by the Legislature.

Passing S.F. 2484 also expands the choice of motorcyclists in need of repair of their motorcycles to include these independent motorcycle repair shops without fear that they may not have the technology available to complete the repairs needed.

SCVR respectfully asks that you support S.F. 2484 including motorcycles in the Digital Fair Repair Act.

Jill Kielblock
SCVR MN Legislative Director
