Dear Suzy Nuetzman:

HealthPartners, Inc. has received and processed your letter of interest in participating in our contracted network of providers.

HealthPartners utilizes criteria to determine if there is a need to add a provider to our network. The criteria are designed to assess our needs based on multiple factors, including geographic necessity, service and cultural competencies. In addition, we conduct a membership and saturation analysis per provider type to ensure adequate access to services.

Upon review of the services provided by your organization and our criteria, HealthPartners has determined that our current network of providers presently meets our needs. HealthPartners is not offering a contract at this time.

HealthPartners will keep your letter of interest on file for 12 months from the date that it was received. In the event there is a change to our network, HealthPartners will review the request at that time. HealthPartners encourages your facility to re-apply each year to ensure that your facility continues to be considered for a possible contract.

Respectfully,

Provider Relations & Network Management
