BILL SUMMARY

S.F. No. 4429 – Cannabis and Hemp Business License Modifications; Cannabinoid and Lower-Potency Hemp Edibles Labeling Modifications

Author: Senator Lindsey Port

Prepared by: Olivia Syverson, Senate Counsel (olivia.syverson@mnsenate.gov)

Date: March 16, 2026

Senate File 4429 amends cannabis business and hemp business licensing, and the labeling requirements for cannabinoid products and lower-potency hemp edibles.

Section 1 (amends section 342.43, subdivision 2) allows a person who holds a lower-potency hemp edible manufacturer, wholesaler, retailer, or any combination of lower-potency hemp edible licenses to also hold a cannabis business license.

Section 2 (amends section 342.44, subdivision 2) amends who the Office of Cannabis Management (OCM) may issue a hemp license to.

Section 3 (amends section 342.63, subdivision 2) amends the labeling requirements for cannabis flower and hemp-derived consumer products.

Section 4 (amends section 342.63, subdivision 3) excludes lower-potency hemp edibles from the labeling requirements for cannabinoid products.

This section also amends the labeling requirements for cannabinoid products.

Section 5 (amends section 342.63, subdivision 4) makes a technical change.

Section 6 (amends section 342.63, subdivision 5) establishes labeling requirements for hemp-derived products that contain THC.

Section 7 (amends section 342.63) establishes labeling requirements for lower-potency hemp edible products.

Section 8 (amends section 342.66, subdivision 3) clarifies what cannabinoids are approved by OCM and how much THC and hemp concentrate an approved product may contain.
