CHANGE INC.

April 15, 2026

Dear Chair Klein and Members of the Commerce and Consumer Protection Committee,

On behalf of Change Inc., we write to express our support of SF4365, and our gratitude for the inclusion of the clarification that clinical trainees are part of the mental health workforce – a critical part of status quo service delivery that must sustain into the future to continue to deliver quality care for children and families statewide.

At Change Inc., we are committed to providing support for those on their journeys to become licensed providers by working with employees and contractors to provide clinical supervision and case consultation hours to move towards licensure.

Thank you for supporting and including this important clarification in SF4365.

Sincerely,

Jill Johnson Skalbeck
