Hello everyone, my name is Ricky J, but I go by *Isabella marie* and I am a 38-year-old transgender woman I have lived in Minnesota my whole life and from the time. I was little till now!!! I have been proud of my state leaders and everything that they have done but I have been really disappointed with the ways things have been going with the killing of two people on our streets by ICE and DHS and one WAS A FRIEND AND THE OTHER WAS A MOTHER who's kids are without a mother and to ME THAT IS NOT OK and that did not need to die!! And now seeing this B.S on the news with this SAVE ACT that everyone with a brain can see that its just a new way for trump and his boot lickers to steal the midterms and stay in power that way they can keep hurting the land and the people that we all know and love so I say this NOW we have to fight to stop THIS and THAT MEANS BOTH SIDES NEED TO STAND UP AND FIGHT him and his bootlickers to keep the country safe and to put a stop to the evil that is in the Whitehouse so I stand here as a American and a human that has lived in the state of Minnesota and as a American Indian who's people have been here all our lifes and who have fight in wars alongside people of different races and now watching as the land that was once a place of peace and love turn in to a war zone with its own people. I stand here now to say that we need to stop fighting each other and help each other to build this place back up and to stand up and fight for the rights of everyone of all races and creed we need to fight to put a end to this B.S that is trying to take away the rights that the people of the past fought for and we can not do it alone we the people of the state of Minnesota and the rest of the country need to stand together and put our state leaders in the hot seat to make they show where they want to be in the book of history will they be the ones to stand with the people that put them in them seats or will they be on the side of a racist dictator that is trying to break this country a part and take away people's rights so he can do whatever he wants we can see that he has almost sent us to war two times now ones with NATO and now with the middle east so I say its time to do the right thing and I'm talking to our leaders in DC too its time to put a end to this B.S ALL RIGHTS ARE HUMAN RIGHTS NO MATTER THE COLOR OF YOUR SKIN OR WHAT YOU HAVE IN YOUR PANTS SO EVERYONE SAY IT WITH ME WHOS COUNTRY "OUR COUNTRY"
