REPUBLICAN STATE PLATFORM.

DECLARATION OF PRINCIPLES ADOPTED JULY 11, 1894, AT THE REPUBLICAN STATE CONVENTION, AT ST. PAUL.

The representatives of the Republican party of the state of Minnesota in convention assembled deplore the depressed conditions of American industries under Democratic misrule by theorists and reckless and dishonest experimenters in statesmanship. Discredited in foreign diplomacy, our home industries prostrate and our people idle, there is no aspect of public affairs which the patriot can contemplate with satisfaction.

We contrast with our present distracted condition the decades when under the guidance of the Republican party we were blessed with honorable consideration abroad and peace and plenty at home; when wages were high and all our people contented and happy because prosperous.

The Republican party which took labor from the auction block and made it honorable, and which bases its greatest economic doctrines on the maintenance of an American standard of wages for American producers, is today, as always, the party of all workingmen. We pledge ourselves in the future as in the past to such care for the interests and rights of all classes of our people that law and order will be maintained; that labor will be assured of its just reward, unrobbed by monopolies and trusts; and industry, secure from danger, shall be again free to resume its activity beneficent alike to employer and wage earner.

First—We favor a protective tariff under which, upon imports competing with the products of American labor, duties are levied equal to the differences between the wages and labor at home and abroad. And as to imports, other than luxuries not so competing, we believe that the same should be admitted free of duty, so far as the requirements of the government may permit. But the principles of reciprocity should be so incorporated in our tariff laws as to give new and enlarged markets for the products of this country.

Second—The Republican party believes in the use of both gold and silver as money, maintaining the substantial parity of value of every dollar in circulation with that of every other dollar. It believes in bimetallism and that the restoration of silver as ultimate money to the currency of the world is absolutely necessary for business prosperity, proper rates of wages and the welfare of the people.

Holding these views, we believe it should be the policy of the United States to do everything in its power to promote the restoration of silver to the world's currency.

Third—We demand a free ballot and a fair count, and for every citizen the right unmolested, to cast one ballot in any election, and to have that ballot honestly counted as cast. The mission of the Republican party will not be ended until in every state of the Union all citizens, black or white, native or foreign born, shall be equal in the courts and at the ballot box.

The Democratic party, united in nothing else, was unanimous in the repeal of the federal election laws, thus openly confessing itself the party of fraud.

Fourth—We are opposed to all trusts and combinations seeking to control or unduly enhance the prices of commodities, and we are in favor of eradicating or repressing the same by suitable and effective laws. The manufacture of twine at our state prison has been and still is a most effective means to protect our farmers against the monopoly of the twine trust.

Fifth—The laboring and industrial classes are entitled to all proper and necessary protection, and therefore we are, and have been, in favor of the following laws: (1) to protect the health, the life and limb of all employees of transportation, mining and manufacturing companies; (2) to establish and maintain boards or tribunals of conciliation or arbitration, whereby the differences between employers and employed may be settled and adjusted by peaceful means, without strikes or lockouts; (3) to reclaim and to preserve the public domain for actual settlers under homestead laws.

Sixth—All proper and necessary measures should be adopted and enforced to exclude from our shores all paupers, criminals, and other dangerous and undesirable classes of immigrants.

Seventh—The farmers and all other producing classes are entitled to cheap and suitable facilities for storing, shipping and marketing their products, and therefore we are and have been in favor of such legislation as is requisite and essential to secure promptly and without discrimination, and at reasonable rates, convenient and ample elevator and warehouse accommodations, and proper and speedy transportation to all accessible and appropriate markets.

Eighth—Telegraph, telephone, railroad and all other transportation companies and all corporations or individuals performing any public service or employment are amenable and subject to public control; and we favor the enactment and enforcement of such laws as will compel them to render efficient and approved service at fair and reasonable rates, without favor or discrimination as to persons or places.

Ninth—The pensions awarded by a generous nation to the disabled and unfortunate veterans of the late war, their widows and orphans, should be given them with a fair and generous hand and not grudgingly and with restraint. We deprecate the parsimonious, super-critical and harrassing attitude of the present Democratic administration in its treatment of the present beneficiaries of our pension laws.

Tenth—The Republican party has always advocated equal rights and privileges for all the people without any distinction whatever as to classes or individuals. We believe in the fullest rights of labor and of laboring men, and are opposed to class privileges of all kinds. The American workmen are the producers of our wealth and greatness and we are and should be solicitous for their welfare and happiness. We earnestly advocate such legislation as will secure the peaceful adjustment by arbitration of differences arising from time to time between employers and employees, and condemn unqualifiedly capitalists and others who refuse to settle such differences along these peaceful lines. The wanton destruction of property—whether private, corporate or public—should be prevented, and mob violence promptly suppressed at all hazards. We stand for law and order, for the punishment of crime, and for the lawful redress of all wrongs.

Eleventh—Whereas, there are now in this state about 4,000,000 acres of railroad lands which are not held or used for railroad purposes and do not contribute to the gross earnings tax or to any other state or local tax, we demand that said lands be taxed by the ordinary method of direct taxation, and that such tax be in addition to the present gross earnings tax upon railroad property.

Twelve—We earnestly and emphatically urge the adoption of an amendment to the national constitution extending the term of office of the president of the United States to six years, and providing that no person who has been president of the United States shall thereafter be eligible to the same office.

We therefore respectfully request congress to propose an amendment to the national constitution that will speedily accomplish this end.

Thirteenth—We commend and indorse the wise, economical and statesman-like administration of the affairs of the state of Minnesota under Gov. Knute Nelson.

We commend the wise and patriotic course of our senators, Cushman K. Davis and William D. Washburn, and our Republican representatives, J. A. Tawney, J. T. McCleary, A. R. Kiefer and Loren Fletcher, in the congress of the United States upon all questions appertaining to the public interests and the welfare of their constituents. They have at all times fully and fearlessly discharged their duty to the people, and we give them our hearty commendation.

DEMOCRATIC STATE PLATFORM.

The Democrats of Minnesota by their delegates represented in state convention do declare our allegiance to the principles of our party as stated in the platform of the national Democratic convention of 1892. We are in entire sympathy with the efforts of the Democratic party to overthrow the oppressive Republican protective tariff system.

We are proud of the splendid battle waged and won against the combined forces of monopolists and trusts created by Republican legislation.

We heartily commend the wise, able and patriotic administration of President Cleveland. We are in favor of the free coinage of silver whenever it can be accomplished consistently with the maintenance of a sound and safe currency.

We favor an amendment of the constitution providing for the election of United States senators by a direct vote of the people.

We demand the enactment of such laws as will permit the investment of public moneys in municipal and school securities of our state.

We demand the most rigid economy in the administration of the public affairs of the state.

We denounce the American Protective association and all secret political organizations as unpatriotic and un-American.

Resolved, That it is the purpose of the Democratic party that every true soldier who served his country in preserving the Union is entitled to the gratitude of the American people and the support by the government under generous pension laws.

We congratulate the workingmen and women of the land on the dawning of a new day of promise by the passage of the Democratic tariff bill.

We reassert the determination of the Democracy of Minnesota to strive in every way to pass laws that will meet the approval and improve the opportunity of all who toil for bread.

We favor the taxation of railroad lands, provided the same can be done without the impairment of the present gross earnings system of taxation. That laws be enacted which will compel the owners of mines and mineral lands to bear a just proportion of taxation with other property of the state.

We believe in the principles of arbitration and conciliation in adjusting the disputes between labor and capital and we condemn any individual or corporation who is unwilling to submit such disputes to a fair and honorable adjustment.

THE PEOPLE'S PARTY PLATFORM OF MINNESOTA.

[ADOPTED JULY 11, 1894.]

Being imbued with supreme faith in the righteousness of our cause, the People's Party of Minnesota, in second state convention assembled, desirous of preserving to ourselves and posterity the blessings of peace, order, law and civilization, do hereby put forth the following declaration of principles and ask the support of all persons therefor,

First—We reaffirm the great principles set forth in the platform the National People's Party, adopted at Omaha, July 4, 1892, to-wit:

(a) We demand a national currency, safe, sound and flexible, a full legal tender for all debts, public and private, not less than \$50 per capita, issued by the general government only, direct to the people by payment of all its obligations and for public improvements.

(b) We demand a free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1.

(c) We demand the establishment of government savings banks for the safe deposit of the savings of the people and to facilitate exchange.

(d) We demand a gradual income and inheritance tax.

(e) We demand the government ownership and operation of railroads, telegraph and telephones.

(f) Land and all natural resources of wealth are the heritage of the people, and should not be monopolized for speculative purposes, nor owned by aliens, therefore we demand all land now held by railroads and other corporations in excess of their actual needs, and all lands held by aliens be re-claimed by the government and held for actual settlers only.

(g) We demand the election of president, vice-president and United States senators by direct vote of the people.

Second—Obedience to and enforcement of law is right. It embodies the best citizenship and the noblest patriotism. We demand nothing more and will be satisfied with nothing less, and we insist that this shall be required of all regardless of their wealth or station in life, and we demand that our officials enforce all laws relating to and governing corporations, prohibit trusts and other unlawful combinations and conspiracies against the public welfare.

Third—We demand such legislation as will break up the great combinations which plundered the farmers for twenty-five years past, and secure to the agricultural population an absolutely free market for their cattle, wheat and other products.

Fourth—While we are ready to defend the general government in all its legitimate functions, nevertheless we regard its powers as limited by its terms of the constitution, and we are opposed to the centralizing tendencies of the age, which are destroying the just powers of the several states.

Fifth—We arraign the Republican party of Minnesota for the immense frauds committed upon the school and other lands of the state, aggregating probably millions of dollars, during the past thirty years, and we demand that a thorough investigation shall be made, and that the work already begun, which has returned thirty thousand dollars (\$30,000) in three cases alone into the treasury of the state, shall be continued, until the last dollar has been recovered of the despoiled patrimony of our children.

Sixth—We demand the most rigid economy in the administration of public affairs, together with such adjustment of taxation that the weight will be least on those who have least; that mortgaged land shall not be subject to double taxation; that concealed wealth shall be made to pay its just share for the support of government; that the ownership of real estate by non-residents and aliens should be discouraged by proper legislation, and that the time of payment of taxes should be semi-annually.

Seventh—We demand the taxation of the mining lands situated in the state, so that they will contribute equally with other property to the support of the state and local governments.

Eighth—Legislation has been attended with such venality, in the interest of corporations, that we demand that the people shall have the right to initiate needed measures of legislative reform, and that they shall have the right, by referendum, to veto, at the ballot box, any law inimical to their interests.

Ninth—That, inasmuch as the extension of the right of suffrage to women in school affairs have been productive of excellent results, we demand that there be no limitation upon suffrage dependant upon sex, believing in the doctrine of 1776, that representation should accompany taxation.

Tenth—We demand the nationalization of the liquor traffic and its management by the state without profit.

Eleventh—That we reaffirm that we are opposed to the use of public revenue or funds for sectarian purposes of any kind whatever.

RESOLUTIONS.

Resolved, That we are in favor of establishing in our state a judicious management of our native forests preventing their further monopolization, preventing fires and conserving our water systems for the benefit of the people at large.

Resolved, That we recognize the injustice and wrong which monopoly has inflicted upon the workingmen and women of this country, and we extend our sympathy to all who are endeavoring to prevent oppression, and to check the downward tendency of wages already too small to sustain life and honor. We extend our sympathy to organized labor in its humane efforts to resist the aggressions of organized monopoly; and while we condemn violence and lawlessness, we believe that organized labor is in no sense responsible for the acts of the mob element with which a hireling press has falsely sought to connect it. We therefore recommend to our suffering countrymen, especially those of the laboring classes, that peaceful and effective remedy for the wrongs which, in this country, the ballot gives to free men, and which destroys no property, except watered stock, and injures no values except those of fiction and fraud.

Resolved, That in the United States it is not a crime for the great mass of the people to unite to improve their material condition by peaceful and lawful means; and we cannot but regard the arrest of Mr. Debs and his associates as an unwise and unjust step; and a dangerous encroachment of the federal judiciary upon the rights and liberties of the people.

PROHIBITION PARTY PLATFORM.

The Prohibition party of Minnesota, in state convention assembled, acknowledging Almighty God as the source of all true government, and His law as the standard to which human enactments must conform to secure the blessings of peace and prosperity, presents the following declaration of principles:

First—We reaffirm our allegiance to the national Prohibition party and the great principles for which it contends; chiefly the abolition of the liquor traffic.

Second—We therefore declare for the abolition of the liquor traffic; the manufacture, sale, transportation, exportation and importation of intoxicating liquors for beverage purposes, in army, navy, state and nation, and as American patriots and Christian citizens, in the name of God; protest against the license system as vicious in principle and powerless as a remedy. In legalizing the traffic in alcoholic beverages the state is bargaining away the public health and public morals, which no community has a right to do according to the decisions of the United States supreme court, and makes a partner and participant in the debauchery of its citizens and the devastation of the home instead of establishing justice and insuring domestic tranquility. We believe that the sale of alcohol for mechanical and other legitimate purposes should be regulated as the sale of other poisons are regulated in the interest of public welfare.

Third—Tariff should be levied only as a defense against foreign governments which levy tariff upon, or bar out, our products from their markets, revenue being incidental. The residue of means necessary to an economical administration of the government should be raised by levying the burden on what the people possess, instead of what they consume; and we favor a non-partisan tariff

commission of experts that shall be empowered to revise the tariff from time to time in accordance with these principles, and for the protection of American labor.

Fourth—(a) The money and currency of the nation should be issued by the federal government alone, and should not be delegated to private individuals or corporations. Every dollar, whether of gold, silver or paper, should be legal tender for the payment of all debts and taxes.

(b) We demand the remonitization of silver in accordance with the laws of the nation as they existed prior to 1873.

(c) The government should establish postal savings banks, so that small deposits can be made without risk to depositors, as has proved beneficial in countries where tried.

(d) In our judgment, the recent increase of \$50,000,000 in the bonded indebtedness of the nation was unwise. We at the same time are positive in our belief that to turn into the legitimate channels of trade the enormous sum of \$1,700,000,000 per annum, which is worse than wasted in the drink bill of the nation, and which amount exceeds the entire circulating medium of gold, silver and paper now in use in the nation; and the partial release of the nation from the direct costs of jails, asylums, etc., which it necessitates, would solve the money question more rapidly than any other method offered to the American people.

Fifth—No citizen should be denied the right to vote on account of sex, and equal labor should receive equal wages without regard to sex.

Sixth—Foreign immigration has become a burden upon industry and one of the factors in depressing wages and causing discontent, and we declare in favor of immigration laws so framed as to exclude the insane, pauper, criminal and anarchist classes.

Seventh—We demand the enactment and enforcement of more rigid laws which will prohibit child labor.

Eighth—Arbitration is wise and Christian, and the most economical and humane method of adjusting differences between nations and between capital and labor, and compulsory laws to that effect should be enacted as far as possible.

Ninth—We demand liberal provision for public instruction in the English language, and are opposed to the appropriation of public funds for any sectarian purposes in the state or nation.

Tenth—Recognizing the value of the services of our patriotic citizens who bravely defended the government and preserved the Union, we favor the liberal pensioning of all needy veterans.

Eleventh—We demand greater economy in the administration of public affairs; the lopping off of useless officials and the cutting down of exorbitant salaries and the payment of all official fees into the public treasury.

Twelfth—We favor the election of the president and vice president of the United States and the United States senators by the direct vote of the people.

Thirteenth—All persons should be protected by law in their rights to one day's rest in seven.

Fourteenth—Speculation in margins, the cornering of grain, money and products, and the formation of pools, trusts and combinations for the arbitrary advancement of prices, and the watering of stocks, should be prohibited by law.

Fifteenth—The recent "strike" on the part of the railroad corporations and their combined employes confirms us in the belief that all railroad, telegraph and other public corporations should be under the entire control of the government, and that, as soon as practicable, the government should own and operate these great lines of commerce of the country in the interests of all the people and without discrimination, under civil service rules.

Sixteenth—We insist that in this state the railroads should be required by statute to resume their common law duties as common carriers, and especially to provide warehouses and elevators for the handling of all kinds of grain and produce for all persons upon equal terms and without discrimination, and thus open to all people a free market for grain and produce.

Seventeenth—Non-resident aliens should not be allowed to acquire land or real estate interests in this country, and we favor the limitation of individual and corporate ownership of land. All unearned grants of land to railroad companies or other corporations should be reclaimed and held as homesteads for the people.

Eighteenth—We favor an amendment to the Australian ballot law of this state, striking out the fee required of candidates for office as unconstitutional; and, if that cannot be done, we insist that the fee shall be reduced at least 75 per cent. We declare in favor of the system known as the Initiative and Referendum. We also favor such constitutional changes or legislation as will secure to political parties proportionate representation.

Nineteenth—We insist that all laws of this country should be observed and obeyed, not only by the laboring men, but by all men, including saloonkeepers and corporation managers, and we unreservedly condemn at all times the wanton destruction of property, whether private or corporate, and insist that riot and mob violence shall be promptly suppressed and punished. No party has the right to ask the vote of law-abiding citizens to help put it in power to make laws that, when in power, refuses or neglects to enforce the laws. We arraign the managers of the Republican and Democratic parties of the past fifteen years as the agents and servile tool of trusts and railroad corporations, of the gold bondocracy and of the saloon combine, and denounce them as the cause of the recent financial disasters, labor riots and disturbances. Their collusion with the lawless, vicious and immoral (for the sake of votes), and their refusal to enforce the laws against vice, crime and immorality, especially in the cities, has bred disrespect for all law and brought reproach upon the whole nation. Their protest against the admission of moral issues into politics is a confession of their moral degeneracy, and we renew our protest against these perilous tendencies, and invite all patriotic citizens to help us build a party that stands for law, order, justice and decency.
