TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

Be it known that on the 11th day of November, 1953, a petition for the inclusion of additional territory within the Lac qui Parle Soil Conservation District, signed by more than twenty-five land occupiers was duly filed in the office of the State Soil Conservation Committee;

That on the 17th day of December, 1953, in the City Hall Basement at Madison, Minnesota, a public hearing was held after due notice of the said hearing had been given as required by law;

That on the 29th day of December, 1953, the State Soil Conservation Committee did duly determine that there is need in the interest of the public health, safety, and welfare, for including the additional territory within the Lac qui Parle Soil Conservation District and did define the boundaries of such additional territory;

That thereafter due notice was given of a referendum to be held within the territory so defined by the Committee on the question of inclusion of said territory within the said district;

That the said referendum was held within the said defined boundaries on the 14th day of January, 1954;

That the result of the said referendum showed that a majority of the votes cast in the said referendum were in favor of the inclusion of said additional territory within the said district;

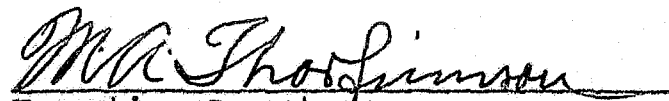

That thereafter on the 11th day of February, 1954, the State Soil Conservation Committee did duly determine that inclusion of the said additional territory within the said district is administratively practicable and feasible;

That the boundaries of the said additional territory were defined by the State Soil Conservation Committee as follows:

All of the townships of Augusta, Agassiz, Madison, Lake Shore, Arena, Yellow Bank, Manfred, and Perry, in the county of Lac qui Parle, Minnesota.

There shall be exempted from the area bounded by the above described boundaries all lands used exclusively for religious, school or burial purposes; and all parts and parcels of lands in cities, towns and villages which lands are used principally for residential purposes or for business purposes other than farming.

IN WITNESS WHEREOF, the State Soil Conservation Committee has caused these presents to be executed by its secretary this 10th day of March, 1954.
