TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

Be it known that on the 17th day of March, 1953, a petition for the inclusion of additional territory within the Marshall-Beltrami Soil Conservation District, signed by more than twenty-five land occupiers was duly filed in the office of the State Soil Conservation Committee;

That on the 17th day of March, 1953, the State Soil Conservation Committee did duly determine that there is need in the interest of the public health, safety and welfare, for including the additional territory within the Marshall-Beltrami Soil Conservation District and did define the boundaries of such additional territory;

That thereafter due notice was given of a referendum to be held within the territory so defined by the Committee on the question of inclusion of said territory within the said district;

That the said referendum was held within the said defined boundaries on the 7th day of April, 1953.

That the result of the said referendum showed that a majority of the votes cast in the said referendum were in favor of the inclusion of said additional territory within the said district;

That thereafter on the 20th day of April, 1953, the State Soil Conservation Committee did duly determine that inclusion of the said additional territory within the said district is administratively practicable and feasible;

That the boundaries of the said additional territory were defined by the State Soil Conservation Committee as follows:

The townships of Whiteford and Moose River in Marshall County,  
Minnesota.

There shall be exempted from the area bounded by the above described boundaries all lands used exclusively for religious, school or burial purposes; and all parts and parcels of lands in cities, towns and villages which lands are used principally for residential purposes or for business purposes other than farming.

IN WITNESS WHEREOF, The State Soil Conservation Committee has caused these presents to be executed by its secretary this 27th day of May, 1953.

Certificate of the Organization of  
Marshall-Beltrami Soil Conservation District

To All To Whom These Presents Shall Come, Greeting:

Whereas, Oliver P. Howland, of Crystal, Minnesota, and J. E. Olsson, of Condrige, Minnesota, the duly appointed supervisors of the Marshall-Beltrami Soil Conservation District, acting pursuant to the Minnesota Soil Conservation Districts Law, Laws of Minnesota for 1937, Chapter 441, approved April 26, 1937, and Laws of Minnesota 1943, Chapter 274, approved April 2, 1943, have filed in this office an application subscribed and sworn to by each of them before an officer authorized by law to take and certify oaths, setting forth: (1) That a petition for the creation of the district was filed with the State Soil Conservation Committee, pursuant to the provisions of the State Soil Conservation Districts Law, and the proceedings specified in said Act were taken pursuant to such petition, that said application was filed in order to complete the organization of the district as a governmental subdivision and public body, corporate and politic and that the State Committee has appointed them as supervisors; (2) The name and official residence of the district supervisors, together with a certified copy of the appointments evidencing their right to office; (3) Their term of office; (4) The name which is proposed for the district; and (5) The location and principal office of the supervisors of the district; and

Whereas, a statement by the State Conservation Committee accompanying the above-mentioned application, has been filed in this office, setting forth that a petition for the creation of the Marshall-Beltrami Soil Conservation District was filed with the State Soil Conservation Committee; that, after due notice, a hearing was held, and the Committee duly determined that there is need, in the interest of public health, safety and welfare, for a soil conservation district to function in the proposed territory, and that the Committee defined the boundaries thereof; that then, after due notice, a referendum was held on the question of the creation of said district, and the results of said referendum showed a majority of the votes cast to be in favor of the creation of said district; and that thereafter the Committee duly determined that the operation of the proposed district is administratively practicable and feasible. Said referendum also set forth the boundaries of the district as defined by the State Committee.

Now, therefore, I, Mike Holm, Secretary of State of the State of Minnesota, by virtue of the authority vested in me by law, do hereby find, after examination of the application and statement referred to above, that the name proposed for said district is not identical with that of any other soil conservation district of the State or so nearly similar as to lead to confusion or uncertainty; and

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

Be it known that on the 18th day of April, 1950, a petition for the organization of the Marshall-Beltrami Soil Conservation District, signed by more than twenty-five land occupiers was duly filed in the office of the State Soil Conservation Committee;

That on 21st day of July, 1950, at Grygla, public hearing was held after due notice of the said hearing had been given as required by law;

That on the 31st day of August, 1950, the State Soil Conservation Committee did duly determine that there is need in the interest of the public health, safety and welfare, for a soil conservation district to function in the proposed territory and did define the boundaries thereof;

That thereafter due notice was given of a referendum to be held within the territory so defined by the Committee on the question of the creation of the said district;

That the said referendum was held within the defined boundaries on the 22nd day of September, 1950;

That the result of the referendum showed that a majority of the votes cast in the said referendum were in favor of the creation of the said district;

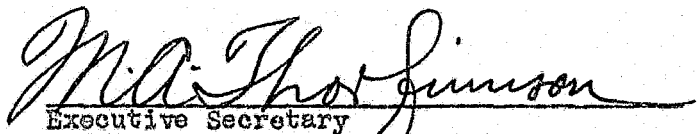

That thereafter on the 27th day of October, 1950, the State Soil Conservation Committee did duly determine that the operation of the said district is administratively practicable and feasible;

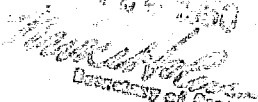

That the boundaries of the said district were defined by the State Soil Conservation Committee as follows:

The townships of Esplee, Moylan, Grand Plain, Adger, Mud Lake, Valley, Veldt and Eckvoll, all in the County of Marshall, Minnesota; and the townships of Lee, Hamre, Steenerson, Benville, Spruce Grove, Minnie, Northwood and Big Grass, all in the County of Beltrami, Minnesota

There shall be exempted from the area bounded by the above described boundaries all lands used exclusively for religious, school or burial purposes; and all parts and parcels of lands in cities, towns and villages which lands are used principally for residential purposes or for business purposes other than farming.

IN WITNESS WHEREOF the State Soil Conservation Committee has caused these presents to be executed by its secretary under the seal of the committee, this 24th day of November, 1950.
