The basis for computing voting strength shall be the total number of votes cast for the leading Democratic-Farmer-Labor candidate at the last general state election or the last presidential election whichever election produced the largest Democratic-Farmer-Labor vote. Each county shall be allocated one vote for each 2,000 Democratic-Farmer-Labor votes cast in the election serving as the basis for computation, provided, however, that each county shall be allocated at least three delegates.

In taking the vote within each county, the number of votes to which such county is entitled shall be pro-rated among the delegates present from that county, and each delegate shall cast his own vote independently of the other delegates from that county, and with a secret ballot provided whenever requested by any delegate. No county shall send to the State Convention an instructed delegation. Any action to endorse or support any candidate for any public office shall require at least a two-thirds vote of the State Convention.

Section 4. The relevant sections of the Minnesota Election Laws are made a part of this Constitution. Under the direction of the State Central Committee or the State Executive Committee, the State Chairman may vary the conditions

and requirements of the holding of Primary caucuses, but the holding of such caucuses shall in no case be less than 20 days after the receipt of the call of the convention from the State Chairman. Notice shall be given of the holding of Precinct Caucuses or Primaries, County Conventions, and of the State Convention, which notice shall be given at least 20 days prior to the holding of the Precinct Caucuses. Additional notice shall be given by the widest practicable publicity through the news channels of the daily press, and on the newscasts of the leading radio stations of the State. As much publicity as possible shall be given in the period prior to Precinct Caucuses in the rural press of Minnesota.

Section 5. The State Chairman shall, subject to the advice and consent of the State Executive Committee, appoint a Credentials Committee, a Rules Committee, a Platform Committee, and such other pre-convention committees as may be necessary or desirable, at least fifteen days prior to the State Convention. All such appointments shall be made after consideration of recommendations made by the District Convention as provided in Article 5, Section 2. Such committees shall perform their respective duties before the Convention opens, and shall be subject to the confirmation of the State Convention.

Section 6. The Liberal members of the State Legislature may be certified by the Credentials Committee as non-voting members of the State Convention.
