

district sewers shall be the designation of such large sewers as may be laid through or be used jointly by two or more sewer districts between a district sewer and a general sewer or independently of general sewers, and for all purposes of construction, maintenance, repairing and taxation or providing for the cost therefor, shall be treated as though in a single district. Lateral sewers shall be the designation of all sewers of whatever size, capacity or length, which may be constructed to drain any portion of a sewer district directly into any district, joint district or general sewer. Sewer districts wherever practicable shall be laid out to include any particular portion of the City which may be drained entirely by itself, or which may be first drained by itself and then through connection with a general sewer.

2. No action shall be taken for the extension of any existing sewer nor for the construction of an entire or partial system, except upon the adoption of an ordinance or resolution by a majority vote of all the members of the City Council. The creation of sewer districts and the alteration of the boundaries thereof shall be by ordinance, and the Council may at all times cause inspections, surveys, plans and profiles to be made by the city engineer, or other competent engineer to be selected by the City Council, and reported to the Council for its guidance in determining the form and extent of any sewer district to be created, enlarged or diminished; and such sewer districts shall be consecutively numbered.

3. The cost of constructing a general sewer shall be paid out of the sewer fund, if any, or, if there be no sufficient sewer fund, then out of the general or permanent improvement fund.

The cost of constructing every district sewer may be assessed against all the land in the sewer district subject to assessment for local improvements, without regard to cash valuation, and each lot, piece or parcel of land in the district so subjected to assessment shall be assessed in the ratio of the square feet area to the total assessable area of the whole district.

The cost of constructing every joint district sewer may be assessed

against all the land in the two or more sewer districts which it drains, and for that purpose all of the districts so drained by any joint district sewer shall be treated as one district, and the same plan, method and means employed as in assessing for the cost of a district sewer.

The entire cost of constructing all lateral sewers may be assessed against each lot, piece or parcel of land abutting thereon, subject to assessment for local improvements, at an equal sum per front foot without regard to cash valuation.

Provided, that no property shall be assessed for the cost of a sewer in excess of the cost of a sewer eighteen inches in diameter, and that whenever any district, joint district or lateral sewer of a larger diameter than eighteen (18) inches shall be laid or relaid the cost thereof in excess of the estimated cost of a like sewer eighteen (18) inches in diameter shall be paid out of the sewer fund, if any, or, in case there is no sufficient sewer fund, then out of the general or permanent improvement fund.

Provided, further, that in calculating the special assessment for any district or joint district sewer, the cost of laying or relaying such sewer in any public ground, street or alley, and all catch basins, manholes, lampholes and flushing valves and tanks, shall be taken as part of such district or joint district sewer, and to be paid for by such special assessment.

4. All moneys collected on any such special assessment shall constitute a fund for the payment of the cost of the improvement in the district for which such assessment was made, and the same shall be credited to the proper sewer district fund under the designation: "Fund of Sewer District No. _____".

5. All private connections shall be made with lateral sewers, unless some insurmountable obstacle of a practical or scientific nature shall prevent, and no private connection with any sewer whatever shall in any event be made without formal permission therefor granted by the Council, and the making of all private connections with any sewer shall

be subject to supervision and control by the City Council; provided, that such supervision and control may be delegated by the Council to the City engineer or other person to be selected by the Council in its discretion,

SPECIAL ASSESSMENTS, HOW PAYABLE.

6. All special assessments levied to pay the cost of local improvements ordered by the Council pursuant to Chapter XII, of the Charter, if the Council shall so declare and direct by resolution adopted by a majority vote of all its members, shall be payable in equal annual installments extending over a period not exceeding five years, and the interest thereon shall not exceed the rate of six (6) per cent per annum, payable annually, and the County Auditor shall extend such special assessment on the proper list covering such period, beginning with the then current year.

Proposed Amendment No. 3.

It is hereby proposed and submitted by the Charter Commission of the City of Breckenridge, Minnesota, that sub-division 2, of Section 98, of Chapter V, of the City Charter of said City, be and the same is hereby amended so as to read as follows:

"2. For the purpose of raising not to exceed Twenty Thousand Dollars, for a permanent improvement revolving fund, provided for in this chapter, in order to provide money for any contemplated local improvement, and such bonds shall constitute a first lien upon all such local improvements, and upon the property benefited thereby and to be assessed therefor."

Dated at Breckenridge, Minnesota, this 2nd day of April, A.D., 1913.

Respectfully Submitted,

Wenatche Howell

I hereby acknowledge receipt of the above proposed Amendments, to the Charter of the said City of Breckenridge, Minnesota, being proposed amendments, No. 1, No. 2, and No. 3, this 2nd day of April, A.D., 1913.

J. C. Kain
Mayor of said City of Breckenridge.

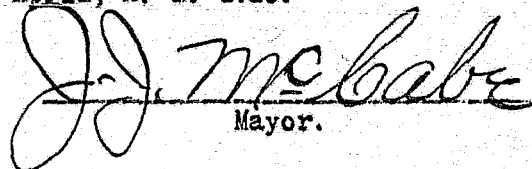

CERTIFICATE OF ADOPTION AND RATIFICATION OF PROPOSED
AMENDMENTS TO THE CHARTER OF THE CITY OF BRECKENRIDGE, MINNESOTA.

STATE OF MINNESOTA)
 ()
COUNTY OF WILKIN) -SS-
 ()
CITY OF BRECKENRIDGE)

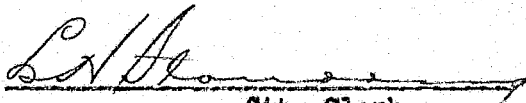

I, J. J. McCabe, Mayor of the City of Breckenridge, Minnesota, do hereby certify that the foregoing and annexed proposed amendments to the charter of said city, being proposed amendments No. 1, 2 and 3, are the full, true and complete proposed amendments No. 1, 2 and 3 to the said charter of said city, which were received by the Mayor of said City from George D. Smith, Secretary of the Board of Charter Commissioners of said city on the 2nd day of April, A. D. 1913, That said proposed amendments No. 1, 2 and 3, aforesaid, were duly submitted to the qualified voters of said City at a duly called special election held for that expressly stated purpose in said city on the 13th day of May, A. D. 1913, at which election 77 votes were cast in favor of the adoption and ratification of said proposed amendment No. 1 to said city charter, and 6 votes were cast against its adoption; that at said election 80 votes were cast in favor of the adoption and ratification of said proposed amendment No. 2 to said city charter, and 7 votes were cast against its adoption; that at said election 76 votes were cast in favor of the adoption and ratification of said proposed amendment No. 3 to said city charter, and 12 votes were cast against its adoption.

That this certificate is made in duplicate and is made and executed pursuant to Section 36 of Article 4, of the Constitution of the State of Minnesota, and the laws of the State of Minnesota authorizing and directing the depositing of one of said certificates in the office of the Secretary of State and the filing for record of the other said certificate in the office of the Register of Deeds of Wilkin County, Minnesota.

In Testimony Whereof, I have set my hand as the Mayor of said City of Breckenridge, Minnesota, and affixed the seal of said City of Breckenridge this 26th day of April, A. D. 1915.

Mayor.

Attest:

City Clerk.
