STATE OF MINNESOTA

IN DISTRICT COURT

COUNTY OF NORMAN

NINTH JUDICIAL DISTRICT

IN THE MATTER OF THE WILD RICE-MARSH RIVER DRAINAGE AND CONSERVANCY DISTRICT.) FINDINGS OF FACT AND ORDER ON
PETITION OF FREEHOLDERS TO ATTACH LANDS IN NORMAN AND CLAY
COUNTIES TO SAID DISTRICT.

The above entitled matter came on for hearing before the Court, without a Jury, the Honorable J. H. Sylvestre, Judge of the Ninth Judicial District, and the Honorable Charles W. Kennedy, Judge of the Seventh Judicial District presiding, in the Court Room, in the Court House, at the City of Ade, County of Norman, State of Minnesota, on the 23rd day of September, A.D. 1963, at 2:00 o'clock P.M., numerous petitioners appearing in person, and the petitioners being represented by G. L. Dockland, as their attorney, and the Wild Rice-Marsh River Drainage and Conservancy District being represented by its attorney, Olav E. Vaule, and no one appearing in opposition to said proceedings, and John Mandsager, County Commissioner of Clay County, Minnesota, appearing in person, and requesting that certain lands South and West of the diagonal ditch known as Clay County Ditch No. 45 and Judicial Ditch No. 56 be excluded from the territory to be annexed, and the Court having read and considered said petition, and the files and records in the above entitled matter, and having heard the evidence introduced by the petitioners in behalf of said petition, and the arguments of counsel, and the said Olav E. Vaule, as attorney for the Wild Rice-Marsh River Drainage and Conservancy District, advised the court that said district had no objection to the granting of the prayer of said petition, the Court now makes the following Findings of Fact, to-wit:

FINDINGS OF FACT

I.

That the said petition of freeholders to attach lands to said district in accordance with the statute in such case made

and provided to attach lands to said district in its due form and in accordance with the statute in such case made and provided, and that the same is signed by fifty-four (54) freeholders in the area petitioned to be attached to said district.

II.

That said petition was filed in the office of the Clerk of the above entitled court, on the 26th day of July, A.D. 1963, and that thereafter on the 30th day of July, A.D. 1963, a joint order was entered by the Honorable Byron R. Wilson, Chief Judge of the Seventh Judicial District, acting for the Judges of said District, and the Honorable J.M. Sylvestre, Judge of the Ninth Judicial District, for hearing on said petition, and directing that proper notice for said hearing be given as provided by law, and that due notice thereof was given by publication of said notice in the Norman County Index, a legal newspaper, published in and having general circulation in the County of Norman, and the area petitioned to be annexed to said district, and in the Red River Scene, a legal newspaper published in and having general circulation in the County of Clay and in the area petitioned to be annexed to said district, and that said publications were made in accordance with the statute in such case made and provided, as shown by the affidavits of the respective publishers introduced and received in evidence at the hearing of this matter, and that said publications and notices were given in accordance with the provisions of the statute in such case made and provided.

III.

That the court has jurisdiction to hear and determine said petition.

IV.

That the Wild Rice-Marsh River Drainage and Conservancy District was duly organized under the orders of this court, and has been in existence for approximately ten (10) years, and is a duly organized district. That said district as originally organized consisted of one hundred ten (110) square miles of area. That on the twenty-sixth day of April, A.D. 1963, by

orders of this Court certain additional territory was annexed to said district increasing the size of said district to an area of 114 square miles. That said district then included the main channel of the Wild Rice River from its mouth at the Red River of the North to a point approximately five (5) miles east of the City of Ada, Minnesota.

V.

That within the territory herein proposed to be annexed lies the South Branch of the Wild Rice River, the Felton Pitch, also known as Ditch No. 46, and as Judicial No. 56, and the Daley Coulee, all of which drain the waters from said territory into the Wild Rice River, and that said territory is a part of the drainage basin of said Wild Rice River.

VI.

That from time to time severe flooding and crop damage has occurred in said territory, and that the Clay County Auditor in February of 1958 reported to the Board of County Commissioners of Clay County that from a survey taken by him, and reports received from only one hundred five (105) farmers, constituting about 36% of the area involved, that the crop loss amounted to Thirty-four and 43/100 Dollars (\$34.43) per acre for the acres reported. That as a result thereof the Clay County Board of Commissioners requested a survey by the United States Army Engineering Corps, and which survey was completed and a report made in 1962, which suggested certain improvements along the South Branch of the Wild Rice River, and said Ditch No. 46 and Ditch No. 56, in order to alleviate the recurring flooding conditions. That in order for the federal government to assist in said flood control it is necessary that a central authority for said area be established and that such could be accomplished by annexation of said territory to the Wild Rice-Marsh River Drainage and Conservancy District.

VII.

That the lands herein proposed to be annexed to said Conservancy District are as follows, to-wit:

Norman County:

Winchester Township - Sections 13 to 36, inclusive.

Rockwell Township - Sections 10, 11, 17, 18, 19, 20,
21, 22, 27, 28, 30, 31, 32, 33 and 34.

Clay County:

10, 11, 12, 13, 14, 15, East Half of Section 16,
East Half ($E\frac{1}{2}$) of Section 31, Sections 22, 23, 24,
25 and 26, North Half ($N\frac{1}{2}$) of Section 35 and North
Half ($N\frac{1}{2}$) of Section 36.

Leeton Township - Sections 1 to 36, inclusive.

33 and 34.

Rorkes Township - Sections 1, 12 and 13.

Viding Township - Sections 1 to 36, inclusive.

That the addition of said territory would enlarge said district a
total area of 380 square miles.

VIII.

That such annexation would be a benefit to said Conservancy
District and to the property to be annexed and will permit the better control
of the waters of the Wild Rice River drainage basin.

IX.

That as of March 1st, 1963, the Wild Rice-March River Drainage
and Conservancy District had a fund in the amount of Seventy-four Thousand
Forty-seven and 62/100 Dollars (\$74,047.62) raised by special assessment
against certain property benefited by the improvements heretofore made
by said district, and which fund is held by said district for the purpose of
maintenance of said improvements so constructed and cannot be expended for
any other purposes, and that said funds should be maintained separate and
apart from any funds raised by assessment or otherwise, against the proper-
ties herein annexed.

IT IS THEREFORE ORDERED, That the lands located in the Counties of Norman and Clay, in the State of Minnesota and described as follows, to-wit:

Norman County:

Winchester Township - Sections 13 to 36, inclusive.

32, 33 and 34.

Morken Township - Sections 1, 12 and 13.

Viding Township - Sections 1 to 36, inclusive,

be, and they are hereby annexed to the Wild Rice-Marsh River Drainage and Conservancy District and become and be a part of said district, but shall not participate in any of the funds now held by said district for the maintenance of improvements heretofore made in said district.
