

ORDERBEFORE THE MUNICIPAL COMMISSION
OF THE STATE OF MINNESOTAIN THE MATTER OF THE PETITION FOR THE DETACH-
MENT OF PROPERTY FROM THE VILLAGE OF DENNISON,
RICE COUNTY, STATE OF MINNESOTA

On the petition of requisite freeholders of the Village of Dennison to detach certain lands from said Village which came regularly on for hearing before the Municipal Commission of the State of Minnesota on November 19, 1968, at 10:00 A.M. in the Village Hall of Dennison at which time evidence was taken, testimony heard, and upon all the files and records, and the Commission being fully advised in the premises.

The Commission having carefully considered all of the evidence and upon all the files and records finds that the requisite number of property owners have filed the petition, that the property is unplatted, and used and occupied exclusively for agricultural purposes, that the property is within the boundaries of the municipality of Dennison and is adjacent to a boundary, that the detachment would not unreasonably affect the symmetry of the settled municipality and that the land is not needed for reasonably anticipated future development.

MEMORANDUM OPINION

The Minnesota Municipal Commission finds that the subject property is occupied and used exclusively for agricultural purposes and is not needed within the reasonably anticipated future for the development of the Village of Dennison.

There is nothing in the record to indicate that the symmetry will be unreasonably affected. The land was undoubtedly included within the village limits at a time when greater growth was anticipated. The Municipal Commission Act and prior law are clear that in Minnesota exclusively agricultural land not needed for development in the reasonably anticipated future cannot be burdened with taxes to support municipal services which do not benefit such property.

We therefore have entered an order detaching the subject property from the Village of Dennison.
