FINDINGS OF FACT, CONCLUSIONS OF LAW, ORDER:

FINDINGS OF FACT

I. The Roseau River Drainage and Conservancy District was established by order of the District Court, Roseau County, dated August 13, 1920, under the provisions of Chapter 13, Laws 1919, Special Session, and therein did define the boundary of the Roseau River Drainage and Conservancy District embracing territory in Kittson and Roseau Counties;

II. The governing board of the Roseau River Drainage and Conservancy District did petition the District Court, Roseau County, Ninth Judicial District, for the right to operate under and exercise all the rights and authorities contained in Section 112.34-112.84 of Minnesota Statutes. The Court having heard the evidence adduced by the petitioners in favor of granting of said petition, did order on June 17, 1963, that from and after this date, the Roseau River Drainage and Conservancy District and its Governing Board shall operate and exercise all the rights and authority contained in Sections 112.34-112.84 of Minnesota Statutes, known as the "Minnesota Watershed Act" instead of operating under Section 111.01-111.42 of Minnesota Statutes, known as the "Drainage and Conservancy Act of Minnesota", and shall hereafter be a watershed district in accordance with the terms and provisions of said "Minnesota Watershed Act";

III. That the Roseau River Drainage and Conservancy District territory lies principally within Roseau and Kittson Counties, and that a petition, including a map, executed by the County Boards of Commissioners of Roseau and Kittson Counties and by the Board of

Directors of the Roseau River Drainage and Conservancy District was filed with the Minnesota Water Resources Board. Affidavits of mailing stated that the Director of the Division of Waters and the Commissioner of Conservation received copies of the petition and attached map, and that a copy of the petition and attached map were on file in the offices of the County Auditors affected;

IV. The petition was found sufficient by the Board on January 21, 1964, and a hearing was ordered to be held at 7:30 P.M., February 19, 1964, in the Courtroom of the Courthouse, Roseau, Minnesota;

V. The Director of the Division of Waters examined the petition and filed his report with the Board, which report was received in evidence at the hearing. The Director recommended that the proposed boundary of the petitioners be accepted;

VI. The territory requested to be included within the boundary of the said district, as modified by the Board in view of testimony, is as listed in this order in paragraph XXI below;

VII. The Board found that certain lands embraced within the original boundary of the Roseau River Drainage and Conservancy District were not contained within the territory as requested by the petitioners, and at the hearing the petitioners asked that the following described lands be withdrawn from the said territory:

The Board found that the above described territory in Roseau and Kittson Counties is not, in fact, a part of the Roseau River watershed, but is located within the Two Rivers Watershed and are now included within the boundary of the Two Rivers Watershed District; that this territory has not and will not receive any benefits from the operation of the said District; and, that said district can perform the functions for which it was established without the inclusion of the afore-mentioned lands;

VIII. There appeared before the Board at the hearing interested citizens concerned with the matter of boundary location:

A. A resident land owner who resides in Section 14, Township 159 North, Range 41 West (Poplar Grove) Roseau County informed the Board that the following described territory does belong in the Roseau River watershed rather than in the Two Rivers Watershed:

The landowner stated that he was a life-time resident of his community, that the runoff water from the above-described lands does flow south and east into the Roseau River, and not north and west into the Two Rivers. The landowner did request the release of the lands from the Two Rivers Watershed District.

B. A resident of section 29, Township 159 North, Range 41 West (Poplar Grove) Roseau County testified that the surface runoff from his farm moved south across Section 32 into a branch of Judicial Ditch No. 63 at the south edge of Section 32, thence eastward one mile, thence south in a ditch to Thief Lake, which is located in the Red Lake River Basin. An inspection of the area at the time of spring runoff by a representative of the Board indicates that the testimony was accurate and the following lands do not belong in the Roseau River Watershed:

In its deliberations of the afore-mentioned territory, the Board was made aware of the fact that, the lands are contiguous to the existing district; the lands can be feasibly administered by the Board of Directors of the existing district, the public health will be served and the public welfare will be improved.

X. The change of name of the district sought by the petitioners from the Roseau River Drainage and Conservancy District to the Roseau River Watershed District is appropriate since it indicates that the

district is operating under Minnesota Laws, Chapter 112 - the Minnesota Watershed Act.

XI. That the statute requires that a principal place of business of the district shall be determined and that from the facts the best location for the office of the district is Roseau, Minnesota;

CONCLUSIONS OF LAW

XII. The Minnesota Water Resources Board has jurisdiction over the matter of the proposed boundary change, including withdrawal of land, and enlargement of the Roseau River Drainage and Conservancy District, and the authority to order changes in said boundary, to release territory and to add additional lands; that the Board has jurisdiction and authority to change the name of the said district, and to designate the place within the district where the principal place of business of the district shall be located;

XIII. As stated in paragraphs VII and VIII above, certain lands now in the Roseau River Drainage and Conservancy District are to be withdrawn. The Board concludes that:

- A. Such lands have not and will not receive any benefit from the operation of the said district;
- B. The said district can perform the functions for which it was established without the inclusion of said territory.
- C. That said territory is not, in fact, a part of the watershed.

-14-

XIV. In paragraph IX above, certain lands previously not in the said district are to be added to said district to enlarge the district.

The Board concludes that:

- B. The purposes of the Minnesota Watershed Act, Chapter 112, will be served by the inclusion of said lands;
- C. That the said lands are contiguous to the existing district;
- D. That the said lands can be feasibly administered by the directors of the existing district.

XV. The Board further concludes that it is appropriate to change the name of the said district, as requested, since the said district is now operating under Minnesota Laws Chapter 112.

XVI. The Board concludes that there is a statutory requirement for a known place of business of the district.

IT IS THEREFORE ORDERED,

XVII. That the name of the said district is changed to the Roseau River Watershed District and hence forth the district shall be known as the Roseau River Watershed District.

XVIII. That hereafter the principal place of business of the Roseau River Watershed District shall be in Roseau, Minnesota.
