OFFICE OF THE
COMMISSIONER

Hon. Richard W. Fitzsimons, Chairman
House Appropriations Committee
122 State Capitol
St. Paul, Minnesota 55101

Dear Mr. Fitzsimons:

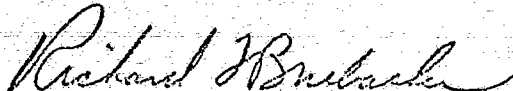

Transmitted herewith is a copy of Administrative Reorganization Order No. 6 executed pursuant to Minnesota Statutes 1969, Sections 16.125, and 16.135.

In summary, the order transfers two vacant positions from the Department of Highways to the Department of Public Safety together with sufficient moneys to provide for an account technician and an accounting officer for the balance of fiscal year 1971.

These positions were previously identified as being subject to transfer in the report accompanying Reorganization Order No. 3 dated July 31, 1970. They will be funded for the balance of the year; 75% from the Trunk Highway Fund, which corresponds to the percentage charged to the Trunk Highway Fund for other Public Safety Administrative salaries.

The transfer will enable the finance section of Public Safety to both meet its immediate needs and free the director from day-to-day routine sufficiently for him to work on developing a comprehensive and integrated financial control and information system for the Department.

Respectfully submitted,

Richard L. Brubacher
Commissioner of Administration

REORGANIZATION ORDER NO. 6

Pursuant to Minnesota Statutes 1969, Sections 16.125, 16.13 and 16.135.

I, Richard L. Brubacher, as Commissioner of Administration do hereby order the transfer of employees and appropriations as set forth below and as approved by the Governor, such order to become effective on January 27, 1971.

The following vacant positions are hereby transferred from the Department of Highways to the Department of Public Safety:

1. Visual Aid Illustrator (#3 Government and Community Relations)
2. Clerk Typist (#6 Finance Office)

The following amount is hereby transferred from the Department of Highways salaries appropriation, as set forth in Laws 1969, Chapter 800, Section 2, Subdivision 1, to the Department of Public Safety salaries account.

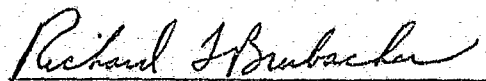

\$5,218.86

This transfer is intended to provide positions and funding for the Department of Public Safety to assist it in assuming and fully carrying out its administrative responsibilities formerly under the jurisdiction of the Department of Highways. It is a continuation of the process begun under Reorganization Order No. 3 dated July 31, 1970.

The positions are drawn from the five "position savings" identified in the report and recommendation accompanying Reorganization Order No. 3.

This transfer provides sufficient funds for 75% of the salaries of an Account Technician and an Accounting Officer but it does not imply the allocation of any specific position or positions; such approval must be obtained through established Civil Service procedure.

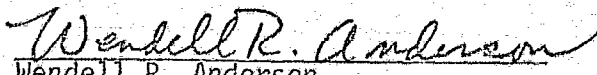

In testimony whereof I hereunto set my hand this 26 day of January, 1971.

Pursuant to Minnesota Statutes 1969, Section 16.125, 16.13, and 16.135.

REORGANIZATION ORDER NO. 6

Attached is a copy of Reorganization Order No. 6 executed on January 27, 1971 and transferring positions and appropriations from Highways to Public Safety.

The purpose of the order is to provide positions and funds for an account technician and an accounting officer to assist your finance section. However, I want to point out that the reallocation and filling of these positions must be processed and approved by the Department of Civil Service.

More importantly, this transfer is intended to provide sufficient assistance to your finance director so that he can spend the greater part of his time on the development of a central integrated financial control and information system for the department. To that end, we expect the Department of Public Safety Finance Section to commence whatever actions are necessary to develop a consolidated accounting and financial information system for the department as a whole which will be able to absorb increases in workload without requiring additional personnel.

This is related directly to the prior approval of financial personnel for the B.C.A. and the conditions that were attached at that time.

The Budget/CPAO divisions will do a follow-up study in about six months to determine what progress has been made, and a decision will be made at that time about whether or not additional reorganizations ought to be made.
