

STATE OF MINNESOTA, }
COUNTY OF BROWN, } ss

DISTRICT COURT,
NINTH JUDICIAL DISTRICT.

IN THE MATTER OF THE PETITION OF H. C. SHEEMAN AND
OTHERS FOR THE ORGANIZATION OF THE MINNESOTA VALLEY DRAINAGE
AND CONSERVANCY DIDTRICT.

The above entitled matter being before the Court upon
the petition of H. C. Sheeman and others for the organization of
a drainage and conservancy district under and pursuant to Chapter
13, of the General Laws of the special session of 1919, and
amendments thereto, which petition describes as the territory for
such district the greater portion of the Minnesota River Valley
in the State of Minnesota and includes the whole or portions of
the following named counties in the State of Minnesota, namely;
Lac Qui Parle, Big Stone, Traverse, Stevens, Grant, Douglas, Pope,
Swift, Chippewa, Kandiyohi, Sibley, Nicollet, McLeod, Carver,
Scott, LeSueur, Waseca, Freeborn, Blue Earth, Yellow Medicine,
Faribault, Martin, Watonwan, Cottonwood, Brown, Redwood, Lincoln,
Renville and Lyon, and said petition having been regularly presented
to the Judge of said Court, an order for hearing was made thereon,
as provided by statute, to be held at the Court House in the city
of New Ulm, in Brown County, Minnesota, on the 3d day of December
1920, at 2 o'clock, P. M., and due publication and service of notice
of said hearing having been made as required by law, the hearing
upon said petition came on before said court at the time and place

2650

fixed in said order and notice, and it appearing that the territory in said petition described included the whole or a part of the 5th, 6th, 7th, 8th, 9th, 10th, 12th, 13th, 15th, and 17th Judicial Districts of the State of Minnesota, therefore pursuant to the statute, there was present at said hearing and constituting the court at said hearing the Judges of said several Judicial Districts, namely;

Hon. I. M. Olsen, Judge of the Ninth Judicial District,
Hon. Arthur B. Childress, Judge of the Fifth Judicial District,
Hon. W.L. Comstock, Judge of the Sixth Judicial District,
Hon. John W. Roeser, Judge of the Seventh Judicial District,
Hon. C. M. Tiff, Judge of the Eighth Judicial District,
Hon. S. D. Gatherwood, Judge of the 10th Judicial District,
Hon. Richard T. Daly, Judge of the 12th Judicial District,
Hon. L. S. Nelson, Judge of the Thirteenth Judicial District,
Hon. S. A. Flaherty, Judge of the 15th Judicial District,
Hon. E. C. Dean, Judge of the 17th Judicial District.

That upon such hearing the petitioners appeared in person and by their attorneys Cliff & Purcell, A. B. Kaercher and L. C. Kane, and the parties appearing in opposition to said petition appeared in person and by their attorneys, And the Court after hearing evidence on behalf of the respective parties did upon motion and consent of the parties in interest continue said hearing until the 6th day of January 1921, at 2 o'clock P. M., at the Court House in the City of Mankato, in Blue Earth County, Minnesota,

at which time and place the Court again convened and the petitioners and parties in opposition to said petition again appeared in person and by their attorneys, and the court after receiving further evidence on behalf of the petitioners and parties in opposition to said petition did upon motion and consent of the petitioners and parties in opposition to said petition and proper cause shown again continue said hearing until the 25th day of April 1921, at 2 o'clock P. M., at the Court House in the city of Mankato, Minnesota, at which time and place said Court again convened. And after hearing the evidence in behalf of the petitioners and all parties appearing in opposition thereto and it appearing to the satisfaction of the Court that said petition is in due form as required by law and signed by more than fifty citizens of this State who are residents and freeholders within the territory proposed to be organized, and that all the proceedings have been regular and taken as required by law, *and that due notice of hearing had been given as required by law* and after due consideration of the evidence and hearing the arguments of counsel for all parties the Court makes the following findings and order:-

1. That the river basin or watershed of the Minnesota River contains more than ten thousand acres of land, and that the district hereby organized includes the main stream of such basin or watershed, namely, the Minnesota River, and the lands along said main stream that are likely to be affected, benefited or damaged by the proposed improvement in the valley of such main stream together with such territory immediately adjacent thereto as permits the boundary lines of the district

to be given by the lines of the Government survey, and does not include any of the tributaries to said main stream except so much of said tributaries as are in the immediate valley of the main stream and such parts thereof as are likely to be affected by or form a part of any improvement constructed in or connected with said main stream.

2. That there is necessity for the organization of said district and the making of the contemplated improvement. That the Minnesota River Valley proper consists of a valley extending from Big Stone Lake on the Western boundary of the State of Minnesota, thence in a Southeasterly direction to the vicinity of Mankato, thence Northeasterly to the Mississippi River near Fort Snelling, and varying in width from about a mile to several miles. *in said valley are what is known as bottom lands and aggregate* That the lands over one hundred thousand acres. That such lands are rich agricultural lands and very productive and capable of producing large crops of all kinds of grain feed and farm products if relieved and protected from floods and inundation. That in their natural condition such lands were subject to occasional floods and inundations from the Minnesota River, but were nevertheless capable of a reasonable use for agriculture and were so used. That by the reclamation and drainage of the uplands along the Minnesota River and its tributaries and the construction of a very large number of public and private ditches discharging surface water into the Minnesota River and its tributaries the flood conditions in the Minnesota River Valley have been greatly aggravated and the frequency, duration and extent of the flooding and inundation of said bottom lands has greatly increased, and such bottom lands have been rendered

practically useless for agricultural purposes, or for any purpose.

That the Valley of the Minnesota River and adjacent territory is thickly settled and there are located along the Minnesota River many important Cities and Villages, and that parts of such *Cities and Villages have become and are subject to inundation* and over-flow from said river.

That numerous public highways, upon which there is much travel and traffic, cross said bottom lands and river on graded roads ~~xxxxxx~~ said bottom lands and bridges across said river and have become and are subject to overflow and injury and the washing away of road grades and carrying away of bridges, thereby greatly interfering with public travel and traffic upon such highways.

That such floods in the Minnesota Valley are now of almost yearly occurrence and often come in the month of June and as late as July, when the maximum amount of damage is likely to be caused.

That when such floods recede they result in stagnant pools, decaying vegetation and unhealthy conditions along said river valley and in the cities and villages adjacent to such river. And that it is necessary and proper that all of such conditions be remedied.

3. That the general nature, purpose and plans of the proposed improvement are substantially as follows:-

The shortening, deepening, dyking and improvement of the channel of the Minnesota River at suitable places as to increase the capacity thereof and hasten the flow of water therein; the control and retarding of the flood waters therein by the construc-

tion of reservoirs, dams and flood control works thereon at suitable places, and other improvements that may be found practical and beneficial upon further survey and examination of the said river and river valley, including the control and the use of the water therein in the manner authorized by the Drainage and Conservancy Act of Minnesota, under which this proceeding is had.

4. That the facts set forth in the petition herein are found to exist. That from the evidence presented there are reasonable grounds to warrant the conclusion that the proposed improvement is practical, and that the making of such improvements will relieve the flood conditions in the Minnesota Valley included in the district hereby organized and that such improvements will reclaim and improve approximately sixty thousand acres of the bottom lands in said river valley; that it will protect and render more useful a large number of public highways and bridges in said valley and facilitate the construction of other bridges and highways; that it will relieve and remedy unhealthy flood conditions in said river ~~and~~ valley and in the Cities and Villages along said river and that it will be conducive to the public health, safety and convenience and promote the welfare of the inhabitants of said district and be of public benefit. And that the purpose of the said Drainage and Conservancy Act of Minnesota will be subserved by the creation of said district and the making of such improvements.

5. That the territory described in the petition herein which is outside of the Minnesota River Valley proper and out side of the boundaries of such district as hereinafter described,

and fixed should not be included in said district and is hereby excluded therefrom, and only such territory as is contained within the boundaries described and fixed in the next paragraph hereof shall be included in said district.

6. It is therefore ordered that the boundaries of said district be and are hereby designated and fixed as follow:-
