Gentlemen:

About a month ago I telephone your office at 296-2803 and talked to a Miss. Dionne regarding local option election of the Village of Independence in December, 1971 and I was advised that the Articles of Incorporation of the Village of Independence are on file in your office but that there is no certification of the 1971 local option election on file with the secretary of state.

Enclosed is a stamped self-addressed envelope to your reply to my inquiry whether or not the certification of the election required by Section 340.323 has been made to your office, and if made, the date of the certification.

Thank you for your attention to this matter.

Very truly yours,

  
Leroy E. Haglund
