COUNTY CHAIRMEN — DUTIES — Eighth: County chairmen should see to it that all proper steps are taken for the holding of the delegate election on March 14. In the main said election will be held in the same election districts as was the last November election. Boundaries of a district may not be changed after March 3. In towns the board will act as judges, in villages having but one district the council will act, in other municipalities the council is required, not later than February 16, 1922, to appoint three judges for each district. Vacancies are filled and additional appointments made as at general elections. In towns and villages where an annual election is also being held, the polls will remain open during the hours of such annual election. In other districts the hours of voting are from 12 noon to 9 P. M. Ballots for delegates are cast, counted, returned and canvassed as at general election, except that the county auditor acts in place of the county canvassing board. Candidates elected as delegates to the county convention will receive a certificate so stating from the county auditor. A list of the delegates elected to a county convention will be certified by the county auditor to the county chairman. The place of holding a county convention must be fixed by the county committee, and said committee should notify the county auditor before February 11, 1922, of the place selected for the county convention. No person may file as a candidate at the primary election for a partisan office until after the holding of the state convention to-wit: March 31, 1922.

We, Chas. R. Adams, chairman, and J. F. Gould, secretary, of the Republican State Central Committee, hereby certify that the above is a true and correct copy of a resolution duly adopted by the Republican State Central Committee assembled by order of the chairman on January 7, 1922.

(Signed) *Chas. R. Adams* Chairman.

(Signed) *J. F. Gould* Secretary.
