

PROVINCIAL GOVERNMENT  
MINISTER OF MINES

PROVINCIAL GOVERNMENT

WHEREAS, the Minister of Mines, in the exercise of his powers, has caused to be prepared a list of the names of the persons who are entitled to receive the coal which is now being distributed to the persons who are entitled to receive the same under the provisions of the Coal Act, 1917, and

AND WHEREAS, the Minister of Mines, in the exercise of his powers, has caused to be prepared a list of the names of the persons who are entitled to receive the coal which is now being distributed to the persons who are entitled to receive the same under the provisions of the Coal Act, 1917, and

AND WHEREAS, the Minister of Mines, in the exercise of his powers, has caused to be prepared a list of the names of the persons who are entitled to receive the coal which is now being distributed to the persons who are entitled to receive the same under the provisions of the Coal Act, 1917, and

AND WHEREAS, the Minister of Mines, in the exercise of his powers, has caused to be prepared a list of the names of the persons who are entitled to receive the coal which is now being distributed to the persons who are entitled to receive the same under the provisions of the Coal Act, 1917, and

FOR WHEREAS, I, the Minister of Mines, do hereby request and urge all the people of this province to take all possible steps to conserve the coal which is now being distributed to the persons who are entitled to receive the same under the provisions of the Coal Act, 1917, and there may be a sufficient supply during the coming winter to prevent suffering and take care of our essential needs.

It is urged that the use of lights in homes, industries and streets be confined to essential and that unnecessary lighting be curtailed and wherever possible extinguished.

It is urged that the use of coal for heating and other purposes in homes, public and private buildings be confined to essential necessities, and that all possible steps be taken to avoid waste.

It is urged that coal and other essential commodities for coal be used economically and that all possible steps be taken to avoid waste.

It is urged that the use of coal for heating and other purposes in homes, public and private buildings be confined to essential necessities, and that all possible steps be taken to avoid waste.

#2846

State immediately to appoint fuel committees and I hereby re-  
quest and urge the legislative bodies of such municipalities  
to pass ordinances giving such committees adequate power to  
take any and all steps necessary to prevent waste of fuel.

The mayor of each municipality is hereby re-  
quested to advise me immediately upon the appointment of these  
committees, and the committees, when appointed, are requested  
to report to Ivan Brown, State Fuel Administrator:

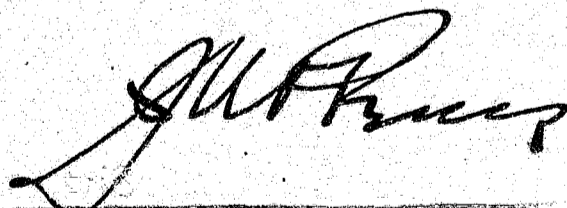

First, the quantity of coal and other fuel  
available, and the prices being charged by such sources to con-  
sumers;

Second, the steps being taken for the re-  
duction of lighting and other non-essential uses of coal;

Third, the measures being taken to bring about  
the use of substitute fuels.

In witness whereof I  
have hereunto set my hand  
and caused the Great Seal  
of the State to be hereunto  
affixed this 6th day of  
September, 1922.
