Bulletin Number 200

TO: All Departments and Agencies
in the State Office Building

FROM: James L. Ware, Director
Plant Management Division

SUBJECT: Temporary, Scheduled Power Outage for Saturday, September 10, 1983

Plant Management is planning a temporary electric power outage in the State Office Building between the hours of 10:00 a.m. and 11:00 a.m. on Saturday, September 10, 1983. This outage is necessary so that we can ensure that all lighting, equipment, and elevators are properly responding to the emergency power generator systems in the building.

For this reason, please tolerate this inconvenience, since we feel that it will be beneficial to all of the building occupants to know that all of these systems are operational.
