SUBJECT: Notary Public Card Files

SECRETARY OF STATE

As you are aware, the function of issuing notary commissions was transferred from the Governor's Office to the Commerce Department under an administrative order of Commissioner Brubacher.

The employees of this division take the applications for notary commissions down into your office for the purpose of verification of facts such as renewal, new commission, change of county, etc., and after this is completed issue the commissions. Your card file is then brought up to date by your employees.

The Commerce Department is moving to the Metro Square Building, 7th & Robert Streets, St. Paul, Minnesota, 55101, on or about October 1st, 1973. It is because this is a daily function of our office and because of the separation from this building, we are wondering if you would agree to turn over to us your card file record which we will keep current as well as answer questions concerning the notary commissions.

May we have an expression of your feelings in this matter?
Thank you.
