J. T. Langlais,
Examiner.

The Board notes with great satisfaction your reappointment of Messrs. A. F. Gauger of St. Paul and F. W. McKellip of Faribault to membership on the Board for terms ending January 1, 1927.

During the 1923 session of the Legislature the Bill of amendments to the registration act, mentioned in our last report, was introduced. This bill had the indorsement of this Board and the unanimous support of the professional organizations interested. It passed the Senate, was recommended for passage in the House, but through the efforts of misinformed objectors its consideration by this body was prevented.

Respectfully submitted,

State Board of Registration for Architects,
Engineers and Land Surveyors

Information

on

Reciprocal Registration for Architects.

The Minnesota Board is a member of the National Council of Architectural Registration Boards. The Council constitutes a clearing house for the convenience of the registration authorities of the various states having laws regulating the practice of architecture. The control of the Council is in the hands of the architectural registration authorities of the various states that are members of the Council.

The Minnesota Board of Registration recommends that architects not residents of the State of Minnesota desiring registration in Minnesota or reciprocal transfer of registration from their state to Minnesota make application for said registration or transfer through the medium of the National Council of Architectural Registration Boards. For in most cases where this method is followed, the applicant will be saved the necessity of a personal appearance and examination before any examining committee other than that of his home state. While the Council does not guarantee the acceptance of all applicants who apply for transfer of registration through the Council, it is in a position to and does furnish state examining committees with the results of an unprejudiced and disinterested investigation of the applicant's credentials, moral, educational, and legal. With this data in hand the examining authorities in the state to which the applicant desires transfer are furnished evidence which is usually considered sufficient upon which to predicate judgment as to the applicant's availability for registration in accordance with the laws of that state.

For full information in regard to the above mentioned Council address Emery S. Hall, Secretary-Treasurer, 1107-64 East Van Buren St., Chicago, Illinois.

The Minnesota Board is also a member of the Council of State Boards of Engineering Examiners. In order to set up standard methods of determining engineering qualifications for registration purposes the Council of Engineering Examiners has adopted the following articles of agreement:

ARTICLES OF AGREEMENT ON RECIPROCAL REGISTRATION OF ENGINEERS

ARTICLE 1. Reciprocal registration shall be granted only to an applicant who is already licensed in a state which is a member of this council. A detailed professional record, properly attested, and accompanied by references as to character and qualifications from three registered, practicing engineers shall be filed with the board of registration of the state in which the applicant is originally licensed. Qualifications for reciprocal registration shall be determined upon the basis of such professional record, thorough consideration of which shall constitute examination.

ARTICLE 2. Engineering experience gained by the applicant prior to his reaching the age of eighteen years shall not be counted as a part of his professional experience.

ARTICLE 3. Professional experience shall be considered as beginning when the applicant shall have entered upon a position in professional engineering work which requires original thought and responsibility. For example:

- (a) In the field, experience shall begin to count when the applicant reaches a position of responsibility equivalent to that of actual transitman.
- (b) In the shop, or laboratory, experience shall begin to count only after apprenticeship, foremanship, inspectorship, or other subordinate position; unless the work done specifically shows that the applicant possesses originality of design, and has had responsibility in his subordinate position.
- (c) In the office, or drafting room, experience shall begin to count when the applicant ceases to do purely mechanical work, such as tracing, or lettering, requiring only manual dexterity for its performance, and enters a position of responsibility where he begins actual design.
- (d) Experience in the teaching of engineering shall begin to count when the applicant is a full-time instructor in engineering in an engineering school of recognized standing; and each year of teaching shall be considered equivalent to one year of practice.

ARTICLE 4. As evidence of qualification for reciprocal registration, the applicant shall have had ten years of experience in professional engineering; and in addition shall show that he is qualified to design, as well as to direct, engineering operations; and his experience record shall show progressive advancement in the character of the work performed.

Each case shall be considered on its own merits; and the experience record must be given in such complete detail that the board of examiners will be able to determine the character of the work performed by the applicant.

ARTICLE 5. Graduation from an engineering school of recognized standing shall be accepted as equivalent to four years of practice.

An engineering school of recognized standing shall be one which requires the equivalent of a high school, or preparatory school, diploma as an entrance requirement; and demands the equivalent of a four-year course in engineering for graduation.

ARTICLE 6. Reciprocal registration between states shall be made operative by means of certification of the applicant's qualification from one state to another. This certification shall be by means of a card, or form, bearing the date, serial number, signature of the officers and seal of the board of the state issuing same. These cards shall be printed and distributed by the Council of State Boards of Engineering Examiners.

ARTICLE 7. An applicant shall be granted this certificate of reciprocal registration by his own board if his qualifications fully comply with the standard herein provided.

ARTICLE 8. The aforesaid reciprocal registration certificate shall be prima facie evidence of qualification for license in any state which is a member of this Council. Upon presentation thereof, together with the legal fee required, and such information (other than evidence of qualification) as may be requested for the records of the board to whom application is made, such board shall issue license or registration to the applicant.

ARTICLE 9. Any reciprocal certificate may be revoked by the state issuing same upon presentation to its board of examiners of good and sufficient evidence of incompetency, or proof that the applicant's character warrants such revocation.

ARTICLE 10. Should any questions or disagreements arise, or should any points in the above agreement appear to require interpretation, such questions shall be referred to the Council for action at its next regular meeting; or in case more expeditious action shall be necessary, they may be acted upon by the Council by letter ballot.

If action is taken by letter ballot, such action shall be conducted through the office of the Secretary of the Council in the customary manner; and the votes shall be counted not later than sixty days after forwarding from his office, by registered mail, of questions at issue. The Secretary of the Council shall thereupon immediately certify to the various member boards the roll call and results of the vote, and the determination of the questions at issue; and consequent actions shall be in accordance with the majority of the votes recorded.

TO THE HONORABLE VILLAGE COUNCIL OF THE VILLAGE OF HIBBING,

IN ST. LOUIS COUNTY, MINNESOTA.

THE UNDERSIGNED represent and show to your Honorable Body that they are legal voters residing in the territory hereinafter described, and they respectfully petition your Honorable Body to have all of the Southeast Quarter of the Southeast Quarter (S.E. $\frac{1}{4}$ of S.E. $\frac{1}{4}$); and the North One Half of the Southeast Quarter (N. $\frac{1}{2}$ of S.E. $\frac{1}{4}$), and the Northeast Quarter of the Southwest Quarter (N.E. $\frac{1}{4}$ of S.W. $\frac{1}{4}$), of Section Thirty-two (32), in Township Fifty-eight (58), North, Range Twenty (20) West; also, the Northeast Quarter of the Northeast Quarter (N.E. $\frac{1}{4}$ of N.E. $\frac{1}{4}$) of Section Five (5), in Township Fifty-seven (57), North, Range Twenty (20), West; in St. Louis County, Minnesota, annexed to the said Village of Hibbing to become a part thereof, and ask that your Honorable Body call an election for the qualified voters of said territory to determine such proposed annexation according to law.

Your petitioners further represent and show that said territory above described contains a population of more than Seventy-five (75) persons, and is not included in any incorporated city or village, and that it adjoins the said Village of Hibbing, and that no part thereof is situated more than one and one-half miles from the present limits of the said village of Hibbing, and have a part of said territory platted into lots and blocks, streets and allies, and has been sold and is now settled and occupied by a resident population as a village.

Your petitioners further show that there are Two Hundred (200) acres of land embraced within the said territory they ask to have annexed to the said Village of Hibbing.

Your petitioners further show that they have caused to be taken a true and correct census of the resident population of said territory, which census was taken on the 16th and 17th day of October, 1923, and that the said territory was found by said census to be and is Five Hundred and Fifteen (515); and that said census, verified by the oaths of three of your petitioners, declaring that such census was actually taken at the time aforesaid and that the statements

within this petition are true, is hereto annexed and presented to you.

Ralph Politano, Margaret Spinelli, and Mary Oberstar, being each first duly sworn, upon their several oaths do each and all say that they have on to-wit the 16th, and 17th day of October A.D., 1923, taken true and accurate census of the resident population residing on the within described Southeast Quarter (S.E. $\frac{1}{4}$) of the Southeast quarter (S.E. $\frac{1}{4}$); and the North One Half of the Southeast Quarter (N. $\frac{1}{2}$ of S.E. $\frac{1}{4}$); and the Northeast Quarter of the Southwest Quarter (N.E. $\frac{1}{4}$ of S.W. $\frac{1}{4}$), of Section Thirty-two (32), in Township Fifty-eight (58), North, Range Twenty, West; also the Northeast Quarter of the Northeast Quarter (N.E. $\frac{1}{4}$ of N.E. $\frac{1}{4}$) of Section Five (5), in Township Fifty-seven (57), North, Range Twenty (20), West; in St. Louis County, Minnesota, and the same is annexed hereto. That the said census was actually taken by these affiants at the dates above stated and is true and correct, and that the resident population of said territory at said time was and is Five Hundred and Fifteen (515). And that the statements contained in the petition for the annexation of said territory to the Village of Hibbing, St. Louis County, Minnesota, which petition is presented herewith are true. That the undersigned are also among the petitioners, whose petition is hereto attached and are legal voters residing upon said territory.
