Riley-Purgatory Creek Watershed District
Our File Number 3826-001

Dear Madam Secretary:

Please find enclosed an extract of the minutes of the Board of Managers of the Riley-Purgatory Creek Watershed District for its regularly scheduled meeting of August 5, 1981.

This extract is sent to you for informational purposes inasmuch as it appears from provisions of Chapter 69, Minnesota Session Laws, 1981, that local approval of special laws by this governing body pursuant to Minnesota Statutes, Chapter 645 is not required. The managers, however, wish to reaffirm actions previously taken in regard to local approval for the initial legislation as well as reaffirming this action pertaining to this corrective legislation.

The Managers do intend to implement provisions of these referenced laws in order to levy for its initial water maintenance and repair fund for purposes of funding during calendar year 1982.

In reviewing these materials, should you be of the opinion that a certificate of approval of special law by governing body is required, please advise the undersigned as counsel for the Watershed District so that that certificate may be duly executed as the District has authorized its Secretary to do in the event that such certificate is needed. If not, the Managers do intend to consider during September, 1981, at its budget hearings the authorization for levy of up to \$30,000 for this water maintenance and repair fund.

Very truly yours,

Frederick S. Richards
