Minneapolis, Minnesota, December 31, 1925.

I, Harry T. Downs, Secretary-Treasurer of the State Board of Registration for Architects, Engineers and Land Surveyors of Minnesota, do hereby certify that the foregoing financial statement is a correct statement of the finances of the Board for the period covered by this report.

Subscribed and sworn to before me this 31st day of December, 1925.

(Signed) Harry T. Downs
I. M. CLEMENTSON,
Notary Public, Hennepin County, Minnesota.
My commission expires April 16, 1926.

GARFIELD W. BROWN
PUBLIC EXAMINER

GEO. R. OLSON
DEPUTY

Office of the Public Examiner
ST. PAUL

This is to certify that this department
audited the books and records of the State Board of
Registration for Architects, Engineers and Land
Surveyors on the 6th day of January, 1926, and that
the report hereto attached is a complete and correct
record of such audit.

Garfield W. Brown,
Public Examiner.

January 6, 1926.

Report of Examination
of the
State Board of Registration
for
Architects, Engineers and Land Surveyors of Minnesota
For calendar year ended December 31, 1925.

Date of Audit, January 6, 1926
GARFIELD W. BROWN, Public Examiner, St. Paul, Minn.

GARFIELD W. BROWN
Public Examiner

On January 1, 1926 this Board will commence operating under the provisions of Chapter 426, Laws of 1925, known as the Reorganization Act, at which time it will turn over to the State Treasurer all funds in its possession, amounting to Six thousand seven hundred six and 53-100 (\$6,706.53) Dollars, together with its current receipts from that date on.

Respectfully submitted,

State Board of Registration for Architects
Engineers and Land Surveyors

Paul Doty PAUL DOTY
Chairman

Attest: *H. T. Downs*
HARRY T. DOWNS
Secretary-Treasurer

DECEASED

Thomas Gennett Holyoke, St. Paul, Minnesota
L. L. Long, Minneapolis, Minnesota
George H. Smith, Rochester, Minnesota

*This is to certify that
is duly registered as a
in the State of Minnesota and is entitled
to all the rights and privileges of a
while this certificate remains
unrevoked or unexpired*

Information

on

Reciprocal Registration for Architects.

The Minnesota Board is a member of the National Council of Architectural Registration Boards. The Council constitutes a clearing house for the convenience of the registration authorities of the various states having laws regulating the practice of architecture. The control of the Council is in the hands of the architectural registration authorities of the various states that are members of the Council.

The Minnesota Board of Registration recommends that architects (not residents of the State of Minnesota) desiring registration in Minnesota or reciprocal transfer of registration from their state to Minnesota make application for said registration or transfer through the medium of the National Council of Architectural Registration Boards. For in most cases where this method is followed, the applicant will be saved the necessity of a personal appearance and examination before any examining committee other than that of his home state. While the Council does not guarantee the acceptance of all applicants who apply for transfer of registration through the Council, it is in a position to and does furnish state examining committees with the results of an unprejudiced and disinterested investigation of the applicant's credentials, moral, educational, and legal. With this data in hand the examining authorities in the state to which the applicant desires transfer are furnished evidence which is usually considered sufficient upon which to predicate judgment as to the applicant's availability for registration in accordance with the laws of that state.

For full information in regard to the above mentioned Council address Emery S. Hall, Secretary-Treasurer, 5 North La Salle St., Chicago, Illinois.

The Minnesota Board is also a member of the Council of State Boards of Engineering Examiners. In order to set up standard methods of determining engineering qualifications for registration purposes the Council of Engineering Examiners has adopted the following articles of agreement:

ARTICLES OF AGREEMENT ON RECIPROCAL REGISTRATION OF ENGINEERS

ARTICLE 1. Reciprocal registration as provided for in these Articles of Agreement shall be granted only to an applicant who is already registered in some state which is a member of this Council. A detailed professional record, properly attested, and accompanied by references as to character and qualification from three registered practicing engineers shall be filed with the applicant's board of examiners. Qualification for reciprocal registration shall be determined upon the basis of such professional record, thorough consideration of which shall constitute examination.

ARTICLE 2. Engineering experience gained by the applicant prior to his reaching the age of eighteen years shall not be counted as a part of his professional experience.

ARTICLE 3. Professional experience shall be considered as beginning when the candidate has entered upon a position in professional engineering work which requires original thought and responsibility. For example:

- (a) In the field, experience shall begin to count when the applicant reaches a position of responsibility equivalent to that of actual transitman.
- (b) In the shop or laboratory experience shall begin to count only after apprenticeship, foremanship, inspectorship, or other subordinate positions unless the work done specifically shows that the applicant possesses originality of design and has had responsibility in his subordinate positions.
- (c) In the office or drafting room experience shall begin to count when the applicant ceases to do merely tracing, lettering, or purely mechanical work requiring for its performance merely manual dexterity, and enters a position of responsibility where he begins actual design.
- (d) Experience in the teaching of engineering shall begin to count when the applicant is a full-time instructor in engineering in an engineering school of recognized standing, and each year of teaching shall be considered equivalent to one year of practice.

ARTICLE 4. The applicant shall have had ten years of experience in professional engineering, and in addition shall show that he is qualified to design as well as to direct engineering operations, as evidence of qualification for reciprocal registration, and his experience record shall show progressive advancement in the character of the work performed.

Each case shall be considered on its merits, and the experience record must be given in such complete detail that the Board of Examiners can determine the character of work performed by the applicant.

ARTICLE 5. Graduation from an engineering school of recognized standing shall be accepted as the equivalent of four years of such practice.

An engineering school of recognized standing shall be one which requires the equivalent of a high school or preparatory school diploma as an entrance requirement and demands the equivalent of a four years' course in engineering for graduation.

ARTICLE 6. Making reciprocal registration operative between the states shall be done by means of certification from one state to another of the applicant's qualifications. This certification shall be by means of a card or form bearing the date, serial number, and signatures of the officers and the seal of the board of the state issuing same. This card is to be printed and distributed by the Council of State Boards of Engineering Examiners.

ARTICLE 7. Whenever an applicant applies to his own state board for reciprocal registration, if his qualifications fully comply with the standard herein provided, he shall be granted the same.

ARTICLE 8. The aforesaid reciprocal registration certificate shall be *prima facie* evidence of qualification for registration in any state that is a member of this Council and that has subscribed to these Articles of Agreement. When such reciprocal registration certificate is presented, together with the legal fee required and such information (other than evidence of qualification) as may be requested for the records of the Board to which the application is made, such Board shall issue a registration certificate to the applicant.

ARTICLE 9. Any reciprocal certificate may be revoked by the state issuing same upon presentation to its Board of Examiners of good and sufficient evidence of incompetency, or proof that the applicant's character warrants such revocation.

ARTICLE 10. Should any questions or disagreements in the interpretation of these Articles arise, such questions shall be referred to the Council for action at its next regular meeting, or if more expeditious action shall be necessary, they may be acted upon by the Council by letter ballot.

If action is taken by letter ballot, such action shall be conducted through the office of the Secretary of the Council in the customary manner; and the votes shall be counted not later than sixty days after forwarding from his office, by registered mail, of questions at issue. The Secretary of the Council shall thereupon immediately certify to the various member boards the roll call and results of the vote, and the determination of the questions at issue; and consequent actions shall be in accordance with the majority of the votes recorded.

No.	
Council of State Boards of Engineering Examiners	
— THIS IS TO CERTIFY THAT —	
HAS DULY QUALIFIED FOR RECIPROCAL REGISTRATION IN ACCORDANCE WITH THE REGULATIONS OF THE COUNCIL PERTAINING THERETO, AND IS ENTITLED TO REGISTRATION AS	
IN THOSE STATES HAVING RATIFIED AFORESAID REGULATIONS
