

STATE OF MINNESOTA

DEPARTMENT OF ADMINISTRATION  
Reorganization Order Number 136

Pursuant to Minnesota Statutes, Section 16B.37 (1984), the following reorganization order is made with the prior approval of the Governor.

In order to improve efficiency and in order that certain youth assistance programs be administered by a department which has a substantial existing commitment to the economic and social development of Minnesota's youth, all responsibilities, powers, duties, rights, obligations, and other authority imposed by law upon the Department of Energy and Economic Development for the following state and federal grant programs will be transferred from the Department of Energy and Economic Development to the Department of Jobs and Training.

Federal Juvenile Justice and Delinquency Prevention Act Grants  
State Youth Intervention Act Grants

The Juvenile Justice and Delinquency Prevention Act Grants assist local and statewide organizations with programs designed to work with juveniles, primarily those who are, or have the potential to be, involved as an offender in the juvenile justice system. Funded programs assist juveniles by correcting circumstances which have led them to the juvenile justice system. The Youth Intervention Program awards grants to non-residential community-based programs providing advocacy, education, and counseling to youth and their families experiencing personal, familial, school, legal, or chemical problems. Both of these programs closely parallel existing goals of the Department of Jobs and Training, specifically its effort to focus youth employment programs on preventing disadvantaged youth from dropping out of high school and to serve youth who have dropped out of school and are involved in the juvenile justice system.

The authority in Minnesota Statutes 116J.404 (1984), as amended by Minnesota Laws 1986, Chapter 319, to receive and administer the Juvenile Justice and Delinquency Prevention Act Grant program authorized by the Congress under the Juvenile Justice and Delinquency Prevention Act of 1974, as amended, is transferred from the Department of Energy and Economic Development to the Department of Jobs and Training. The Department of Jobs and Training shall be the sole agency responsible for supervising the preparation and administration of the state plan for juvenile justice required by the Juvenile Justice and Delinquency Prevention Act of 1974, as amended. The Juvenile Justice Advisory Committee currently serving as the supervisory board for the Department of Energy and Economic Development with respect to preparation and administration of the state plan and award of grants shall now serve in the same capacity for the Department of Jobs and Training.

The authority to administer the Youth Intervention Program authorized by the Minnesota State Legislature under Minnesota Statutes, Section 116J.405 (1984), is transferred from the Department of Energy and Economic Development to the Department of Jobs and Training. All duties of "the commissioner" set forth in Minnesota Statutes, Section 116J.405 (1984) are duties of the Commissioner of Jobs and Training.

The Department of Jobs and Training shall concurrently submit applications to the U.S. Department of Justice for receipt of grants and letters of credit equal to those to be terminated by the Department of Energy and Economic Development.

The Department of Energy and Economic Development shall transfer Sixty-two Thousand, Three Hundred Sixty-four dollars (\$62,364) from its account, for payment of Youth Intervention Grants that have already been awarded, to the Department of Jobs and Training.
