

suant to law and the City Charter, it is required that three-fifths (3/5) of all the votes cast at said election shall be in favor of a Proposed Amendment before it is adopted.

Now, Therefore, we find that the total number of votes cast were 3161, of which 2138 voted Yes and 653 voted No, and that there were 370 blank ballots.

And, Whereas from said returns and the canvass of the City Council, it appears that the amendment was duly carried by more than a three-fifths (3/5) vote. Now, Therefore Be It Resolved and the City Council of the City of South St. Paul, has so declared that said proposed amendment did duly carry at said election and was adopted by the people of said City of South St. Paul.

Resolved further that the proper officers be required to cause said proposed amendment to be recorded in the Register of Deeds Office, Dakota County, Minnesota, and placed in the archives of said City and a Certified copy thereof be filed in the Secretary of State's Office of Minnesota, and perform such other duties in the premises as may be required by law.

Adopted by the City Council of the City of South St. Paul, Minnesota, April 8th, 1927. Yeas 6. Nays None.
Approved April 8th, 1927.

Sec. 24E. Whenever the Council shall determine to make the improvement petitioned, for, it may cause plans and specifications thereof to be made and filed with the City Recorder, and may advertise for bids for such improvements in the official paper and such other papers and for such length of time as deemed advisable not less than six (6) days. Such advertisement shall specify the work to be done, shall call for bids on the basis of Cash Payment for such work and shall state the time when the bids will be opened and considered by the Council, and that no bids will be considered unless sealed and filed with the City Recorder and accompanied by a Certified Check made payable to the City Treasurer or a Bidders Bond for such amount as the Council may specify. The Council may thereupon let the contract.

Sec. 24F. After a contract is let as hereinbefore provided the City Recorder, with the assistance of the Engineer or other person selected by the Council to perform the duties of Engineer shall forthwith calculate the proper amount to be specially assessed for such improvement against every lot, piece or parcel of land abutting along the line of said improvement, without regard to Cash Valuation, provided, however, that where the improvement extends along the depth of lot or parcel of land where frontage has already been assessed and where no connections are to be made the cost of the improvement shall be assessed equally against property benefitted thereby on adjacent avenues. If no benefits can be shown, cost of said sewers shall be paid for out of the General Fund and the Council must provide funds for that purpose. The City Recorder shall thereupon under the Council's direction cause notice of the time and place when and where Council will meet to pass upon such proposed assessment, said notice to be published in the official paper at least one week prior to such meeting of the Council.

At such meeting the Council shall hear and pass upon all objections thereto, if any, and may, if it deems it just, amend such proposed assessment as to any lot or lots, and upon the adoption by resolution of such assessment, the same shall constitute the special assessments against the land named therein. Such assessment, with the accruing interest thereon, shall be a lien upon the property included therein, concurrent with general taxes and shall be payable in equal annual installments extending over such period not exceeding twelve (12) years as the Council may by resolution determine the first of said installments to be payable on or before the first day of June following the adoption of the assessment, and any deferred payments to bear interest at the rate of six per cent per annum from the date of the extension on the tax lists of the County.

It shall then be the duty of the City Recorder immediately thereafter to transmit a certified duplicate of such assessment to the County Auditor of the County, to be extended on the proper tax lists of the County, and such assessments shall be collected and paid over in the same manner as other municipal taxes, provided, that the owner of any property, so assessed may, at any time, pay the whole of such assessment, or any annual installment thereof with interest, as to any lot, piece or parcel of land affected thereby.

CERTIFICATE OF INDEBTEDNESS AUTHORIZED

Section 24G. After a contract or contracts for the making of any such improvement shall have been entered into by the City of South St. Paul, it may, acting through its Council, issue its certificates of indebtedness in such amount as may be necessary to defray in whole or in part the expense incurred or to be incurred in making any such improvement. The word "expense" shall be construed to mean and cover fully item of cost of such improvement from its inception to its completion, and all fees and expenses incurred or to be incurred in pursuance thereof. Such certificates shall be payable in annual installments as near equal in amount as conveniently may be, over a period not exceeding ten (10) years from their date, shall bear interest at a rate not to exceed six (6) per cent, payable annually, or semi-annually, which interest may be evidenced by appropriate coupons and shall be in such form and denominations, all as the Council shall by resolution determine, and shall be signed by the Mayor and countersigned by the City Recorder. A separate special assessment fund shall be provided for each improvement and the proceeds from the sale of any certificates issued on its account shall be placed in such fund. The Council shall provide moneys for the payment of the principal and interest of said certificates, as they severally mature, which moneys shall be placed in such fund and into such fund shall also be paid all moneys received from the payment of any liens created under the provisions of this Section. And the Council shall pay the principal and interest of any such certificates out of any funds in the treasury when the moneys on hand in the appropriate special assessment fund are insufficient to meet the payment of the principal or interest when the same matures, but the fund from which such moneys have been taken or used for the payment of such principal or interest shall be replenished with interest at the rate of six per cent per annum from the collection of unpaid assessments on account of such improvements.

The amount of any such certificates at any time outstanding shall not be included in determining the City of South St. Paul's indebtedness under the provisions of any applicable law.

All provisions inconsistent herewith in the city charter are hereby repealed.

State of Minnesota, County of Dakota,
City of South St. Paul.

I hereby certify that the foregoing proposed amendment of Section No. 24, Chapter No. 10 of the Charter of the City of South St. Paul was duly submitted and presented to the Mayor by the Charter Commission of the City of South St. Paul, at a special meeting of the City Council held March 3rd, 1927, and said City Council did then and there according to law order a special election to vote on said proposed amendment to be held at the usual polling places in said city on the 5th day of April, 1927.

SEWERS.
PROPOSED AMENDMENT TO SECTION 24, CHAPTER 10, CITY CHARTER, CITY OF SOUTH ST. PAUL.
Sec. 24C. All applications or petitions for construction of Lateral or Sanitary Sewers shall be made to the City Council of said City; all applications or petitions must be made in writing and said Council shall not be required to proceed with any such improvement unless it is satisfied that the owners of more than fifty percent of the property abutting along the line of said improvement who would probably be assessed for the expense of making such improvement have subscribed to such application or petition. If upon investigation the City Council finds the application or petition sufficient, it shall cause two weeks notice to be given by publication in the official paper of the City that a meeting of all property owners whose property is liable to be assessed for the making of said improvement will be held at the Council Chamber, when the question of ordering the improvement made will be considered and all interested persons heard, but no sewer shall be ordered constructed until an estimate in writing made by the City Engineer as to the probable cost of the improvement shall be filed in the office of the City Recorder, and no improvement shall be ordered unless by at least two-thirds (2-3) members of the City Council.
Sec. 24D. When a Trunk Sewer has been constructed on any avenue, street or alley, by order of the City Council of the City of South St. Paul, and where said trunk sewer can be used as a Lateral or Sanitary Sewer, owners of Real Estate fronting along the line of said improvement shall make a written application or petition to the City Council for permission to use said trunk sewer as a Lateral or Sanitary Sewer, if upon investigation the City Council finds the application proper and that an assessment can be made for the costs and expenses as of a lateral sewer of the necessary size against property abutting along the line of said improvement as hereinafter provided, amount of assessment per foot to be based on size of Lateral Sewer required at a unit price or contract price of other sewers of equal size and similar conditions. The Council may grant the petition and all assessments so made and collected shall be placed in a Sinking Fund to be provided for the payment of principal of Trunk Sewer Bonds at maturity.
