Sec. 4. ANTLERLESS PERMIT PROCEDURE FOR NOVEMBER FIREARMS SEASON.

(a) Residents and non-residents are eligible for antlerless permits. Application for an antlerless permit must be made on the official antlerless permit application form (card) issued with the applicant's license. No person shall apply for an antlerless deer permit without first purchasing a 1989 firearms deer license. The application must be for one of the permit areas described in Sec. 9, and must be for the zone and dates on the applicant's 1989 deer license. No person shall submit more than one application for an antlerless permit nor shall any person apply for an antlerless permit in more than one antlerless permit area. No person shall apply for a muzzleloader special permit area or a firearms special permit area who has applied for an antlerless permit, and no person shall apply for an antlerless permit who has applied for a muzzleloader special permit area or a firearms special permit area. Any application that is not completed in accordance with the instructions on the application will be rejected.

COMMISSIONER'S ORDER NO. 2348

(b) After the application has been completed, it must be either mailed or delivered to:

Department of Natural Resources  
License Bureau  
500 Lafayette Road  
St. Paul, Minnesota 55155-4026

Applications that are mailed must be postmarked no later than September 7, 1989. Applications that are delivered must be delivered no later than 4:30 p.m., September 7, 1989. Applications postmarked or delivered after these specified times will not be accepted.

(c) If the number of applications for permits in any area exceeds the quota set forth in paragraph (e) of this section, computerized drawings will be held to determine who will be issued permits.

Where drawings are necessary, two types will be used to select permit holders.

(1) Preference Drawing. Anyone 12 years of age or older may enter the preference drawings by supplying his driver's license or official State of Minnesota Identification Number on his application. All applicants who have reached their 18th birthday by September 7, 1989 must provide one of these two numbers in order to qualify. Applicants establish a preference rating based upon the number of times they have applied in previous years, beginning with 1981, and have not obtained an antlerless permit. The preference rating will increase each year the applicant applies unsuccessfully. Persons applying for the

COMMISSIONER'S ORDER NO. 2348

first time have no preference. Applicants receiving permits lose their accrued preference.

(2) Special Youth Drawing (Non-preference Drawing). Any person 12 years of age or older but less than 18 on September 7, 1989 and who elects to supply his Firearms Safety Training Certificate number in lieu of his driver's license or official State of Minnesota Identification number, will be placed in the non-preference drawing. In this drawing there will be no preference gained and all applicants will have equal opportunity of being selected with all other applicants selecting this option in their permit area. The number of antlerless permits available for the non-preference drawing will be that proportion of the total number of permits for each area represented by the ratio of Firearms Safety numbered applicants to the total applicants for that area.

(d) A valid antlerless permit is the computer generated document mailed to applicants successful in the respective permit area drawings. Only successful applicants will be notified. The antlerless permit is only valid for the zone and dates on the applicant's previously purchased firearms deer license.

(e) Antlerless Permit Areas and quotas for 1989 are as follows:

(k) All licensed big game hunters who are hunting with bow and arrow shall have their bows unstrung or cased during the time they are licensed to take big game while in the field from 30 minutes after the close of shooting hours to 30 minutes before the start of shooting hours daily. Sec. 15. BONUS DEER LICENSES.

(a) A Bonus deer license is a license to take a second deer during 1989. The deer taken under a Bonus License must be an antlerless deer. All deer taken under a Bonus deer license must be taken by legal firearm or legal bow and arrow as indicated on the license purchased. Bonus deer licenses are authorized in four situations: (1) by firearms in Antlerless Permit Areas where the number of applications is less than the number of permits available; (2) by firearms in Special Permit Areas consisting of Forestville State Park, Helmer Myre State Park, Lake Bronson State Park, Zippel Bay State Park, Frontenac State Park, Lawrence and Belle Plain State Waysides and O.L. Kipp State Park; (3) by bow and arrow in parts of the seven-county Twin Cities Metro Area, including the Special Permit Areas of Crow-Hassan Park Reserve, Murphy-Hanrahan Park Reserve, and Cleary Lake Regional Park.

(b) In undersubscribed Antlerless Permit Areas, the number of Bonus deer licenses authorized is up to twice the difference between the number of permits available and the number of antlerless permits issued. In firearms Special Permit Areas the number of Bonus deer licenses authorized is equal to the number of special area permits issued for each such area. In the

COMMISSIONER'S ORDER NO. 2348

Metro Bow Bonus Area the number of Bonus deer licenses authorized is unlimited.

(c) The purchase of a Bonus deer license for an undersubscribed area will be authorized by a 3-part certificate issued by the Minnesota Department of Natural Resources by October 26, 1989. These certificates will be issued to hunters randomly drawn from permittees in each undersubscribed area who have checked the Bonus deer option on their antlerless permit applications. A Bonus deer license for an undersubscribed Antlerless Permit Area may be purchased by the person issued a certificate at any Minnesota County Auditor's office by submitting the 3-part certificate. One part of this certificate shall be retained by the County Auditor for his records. The second part of the certificate shall be mailed by the County Auditor to the Wildlife Section, Box 7 DNR Building, 500 Lafayette Road, St. Paul, Minnesota 55155-4007 immediately following receipt of the license fee. The third part of the certificate shall be returned to the Bonus deer license buyer along with a special leg tag provided for Bonus deer. Bonus deer licenses for undersubscribed areas must be purchased on or before November 3, 1989.

(d) Bonus deer licenses for Special Permit Areas may be purchased only at the headquarters for such areas either upon registering at the Special Permit Area or upon attending hunt orientation sessions for such areas. State Park and National

Wildlife Refuge personnel are authorized to sell such Bonus deer licenses to Special Area Permit holders at any time prior to the permit holders hunting on the Special Area.

(e) The purchase of a Metro Bow Bonus Deer License is authorized for any person who has purchased and presents a 1989 Bow and Arrow Deer License. The Metro Bow Bonus License authorizes the taking of a bonus antlerless deer within the Metro Bow Bonus Deer Area as shown on a map provided to all purchasers of this license. This license is also valid in some special hunts as specified in Sec. 2(c). Metro Bow Bonus licenses and maps are available from county auditors in Anoka, Carver, Dakota, Hennepin, Scott and Washington counties and from the DNR License Bureau in St. Paul. No Metro Bow Bonus licenses will be sold after November 3, 1989.

(f) A Bonus deer license for an undersubscribed Antlerless Permit Area is valid for the taking of one antlerless deer only within the Antlerless Permit Area designated on the Bonus deer license.

(g) A Bonus deer license for a Special Permit Area is valid only for the taking of one antlerless deer within the Special Permit Area designated on that Bonus deer license.
