# STATE OF MINNESOTA <br> EXECUTIVE DERARTMENT <br> SAINT PAUL <br> 和要 <br> PROQLAMASIOM 

It is the inherent right and privilege of evexy American attizen to be accorded the opportunity to engege in userul pursuits thet will benetit mankina in general though a fuiler and happier life. With almost unlimited resources et hand, America's ability to produce is only restricted by the ability to malk avallable the products of farm and factory to those in need of such producte.

Because of present economic $111 s$ that beset our state and nation, It is well to pause and considex the plight of the workers of out country, whether these workers be on farms, in factories, in mines, in stores, on in offices. To this end, it is appropriate that at least one day each year be set aside to consider all those who toil for an honest Iivelinood.

When oity workers benefit, those who toll on our farms, our professional clesses, and those engaged in business, benesit because of inoreased purchasing power that results. So all who work, regerdess of where such work may be, have a kindred Interest in the welfare of each other.

NOW, THEREFORE, with these thoughts in mind, I, Elmer A. Benson, Governor of Minnesota, do hereby designate
